Features of the Company

UBS (Lux) Investment SICAV (hereinafter called the "Company") offers investors various subfunds ("umbrella structure") which invest in accordance with the investment policy described in the sales prospectus. The specific details on each subfund are defined in the sales prospectus, which will be updated on the launch of each new subfund.

The Company was incorporated on 30 March 2006 as an open-ended undertaking for collective investment ("UCI") in the legal form of a "*Société d'Investissement à Capital Variable*" (SICAV) pursuant to Part II of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as amended ("Law of 2010"). The Company is entered under N° B 115 356 in the Luxembourg Business Register.

UBS Fund Management (Luxembourg) S.A., R.C.S. Luxembourg B 154.210 (the "Management Company") was appointed by the Company with effect 16 May 2011.

The Management Company was incorporated in Luxembourg on 1 July 2010 in the legal form of a public limited company (*Société Anonyme*) for an unlimited duration. Its registered office is located at 33A avenue John F. Kennedy, L-1855 Luxembourg.

The Company was converted from a UCI subject to Part II of the Law of 2010 into a UCITS subject to Part I of the Law of the Law of 2010 with effect as of 15 October 2020. The minutes of the extraordinary general meeting of the Shareholders deciding such conversion have been published in the "*Recueil Electronique des Sociétés et Associations*". The Company is authorised under Part I of the Law of 2010.

The Company is an umbrella structure with multiple compartments (collectively the "subfunds", each being a "subfund"). The Company is a single legal entity. With respect to the shareholders, each subfund is regarded as being separate from the others. The assets of a subfund can only be used to offset the liabilities which the subfund concerned has assumed.

The Company is empowered to establish new subfunds and/or to liquidate existing ones at any time or to establish various share classes with specific characteristics within these subfunds. The current sales prospectus shall be updated following the establishing of a new subfund or new share class. The Company is unlimited with regard to duration and total assets.

The sum of the subfunds' net assets forms the total net assets of the Company, which at any time correspond to the share capital of the Company and consist of fully paid in and non-par-value shares (the "shares").

As at 31 January 2022, the following subfund is active:

UBS (Lux) Investment SICAV	Currency of account
– China A Opportunity (USD)	USD

Various share classes can be offered for the subfunds. Information on which share classes are available for which subfund can be obtained from the Administrative Agent or at www.ubs.com/funds.

"P"

Shares in classes with "P" in their name are available to all investors. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100.

"N"

Shares in classes with "N" in their name (shares with restrictions on the distribution partners or countries) are issued exclusively through sales agents domiciled in Spain, Italy, Portugal and Germany authorized by UBS Asset Management Switzerland AG, as well as, where appropriate, through sales agents in further distribution countries, provided this has been decided by the Company. No entry costs shall be charged for these classes, even if they have additional characteristics. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, EUR 100, GBP 100, HKD 1,000, JPY 10,000, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100.

"K-1"

Shares in classes with "K-1" in their name are available to all investors. Their smallest tradable unit is 0.1. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 5 million, CAD 5 million, CHF 5 million, CZK 100 million, DKK 35 million, EUR 3 million, GBP 2.5 million, HKD 40 million, JPY 500 million, NOK 45 million, PLN 25 million, RMB 35 million, RUB 175 million, SEK 35 million, SGD 5 million or USD 5 million.

“K-B”

Shares in classes with “K-B” in their name are exclusively reserved for investors who have signed a written agreement with UBS Asset Management Switzerland AG or one of its authorised distributors on investing in one or more subfunds of this umbrella fund. The costs for asset management are charged to investors under the aforementioned agreements. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, BRL 400, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NZD 100, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100, USD 100 or ZAR 1,000.

“K-X”

Shares in classes with “K-X” in their name are exclusively reserved for investors who have signed a written agreement on investing in one or more subfunds of this umbrella fund with UBS Asset Management Switzerland AG or with one of its authorized counterparties. The costs for asset management, fund administration (comprising the costs of the Company, administration and Custodian Bank) and distribution are charged to investors under the aforementioned agreements. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100.

“F”

Shares in classes with “F” in their name are exclusively available to affiliates of UBS Group AG. The maximum flat fee for this class does not include distribution costs. The shares may be acquired by affiliates of UBS Group AG only for their own account or as part of discretionary asset management mandates concluded with affiliates of UBS Group AG. In the latter case, the shares will be returned to the Company at the prevailing net asset value at no charge upon termination of the mandate. The smallest tradable unit of these shares is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100.

“Q”

Shares of classes containing “Q” in their name are offered exclusively to financial intermediaries who (i) are investing on their own behalf, and/or (ii) who are not allowed to be paid distribution commissions according to regulatory requirements and/or (iii) who under written contracts with their clients may only offer said clients classes without retrocessions, provided they are available in the respective investment fund. If these conditions are no longer met the shares may be redeemed compulsorily

(forced redemption) on the basis of the net asset value at that time or may be converted into shares of another class of the same subfund. The Company and /or the Management Company are not liable for any taxes and duties levied as a result of such forced redemptions or conversions.

The smallest tradable unit of these shares is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, BRL 400, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, NZD 100, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100, USD 100 or ZAR 1,000.

“I-A1”

Shares in classes with “I-A1” in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010. The maximum flat fee for this class does not include distribution costs. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100.

“I-A2”

Shares in classes with “I-A2” in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010. The maximum flat fee for this class does not include distribution costs. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100. The minimum subscription amount for these shares is CHF 10 million (or foreign currency equivalent).

Upon subscription,

- (i) a minimum subscription must be made pursuant to the list above or,
- (ii) based on a written agreement of the institutional investor with UBS Asset Management Switzerland AG (or with one its authorized counterparties) or on the written approval of UBS Asset Management Switzerland AG (or one its authorised contractual partners), the investor's total assets managed by UBS or its portfolio in collective capital investments of UBS must be more than CHF 30 million (or the corresponding currency equivalent), or
- (iii) the institutional investor must be an institution for occupational retirement provision that is part of UBS Group AG or must be one of its wholly-owned group companies.

"I-A3"

Shares in classes with "I-A3" in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010. The maximum flat fee for this class does not include distribution costs. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100. The minimum subscription amount for these shares is CHF 10 million (or foreign currency equivalent).

Upon subscription,

- (i) a minimum subscription must be made pursuant to the list above or,
- (ii) based on a written agreement of the institutional investor with UBS Asset Management Switzerland AG (or with one of its authorized counterparties) or on the written approval of UBS Asset Management Switzerland AG (or one of its authorized contractual partners), the investor's total assets managed by UBS or its portfolio in collective capital investments of UBS must be more than CHF 100 million (or the corresponding currency equivalent), or
- (iii) the institutional investor must be an institution for occupational retirement provision that is part of UBS Group AG or must be one of its wholly-owned group companies.

"I-B"

Shares in classes with "I-B" in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010 who have signed a written agreement on investing in subfunds of this Company with UBS Asset Management Switzerland AG or one of its authorized counterparties. A fee covering the costs for fund administration (comprising the costs of the Company, administration and Custodian Bank) is charged directly to the subfund. The costs for asset management and distribution are charged to investors under the aforementioned agreements. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100.

"I-X"

Shares in classes with "I-X" in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010 who have signed a written agreement on investing in subfunds of this Company with UBS Asset Management Switzerland AG or one of its authorized counterparties. The costs for asset management, fund administration (comprising the costs of the Company, administration and Custodian Bank) and distribution are charged to investors under the

aforementioned agreements. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 100, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100 or USD 100.

"U-X"

Shares in classes with "U-X" in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010 who have signed a written agreement on investing an amount defined in the prospectus in subfunds of this Company with UBS Asset Management Switzerland AG or one of its authorized counterparties. The costs for asset management, fund administration (comprising the costs of the Company, administration and Custodian Bank) and distribution are charged to investors under the aforementioned agreements. Their smallest tradable unit is 0.001. Unless the Company decides otherwise, the initial issue price of these shares amounts to AUD 10,000, CAD 10,000, CHF 10,000, CZK 200,000, DKK 70'000, EUR 10,000, GBP 10,000, HKD 100,000, JPY 1 million, NOK 90'000, PLN 50,000, RMB 100,000, RUB 350,000, SEK 70,000, SGD 10,000 or USD 10,000.

If investors no longer meet the requirements of a share class, the Company is obliged to request that the investors concerned:

- a) return their shares within 30 calendar days in accordance with the provisions on redemption of shares; or
- b) transfer their shares to a person who meets the aforementioned requirements for acquisition in the share class; or
- c) convert their shares into shares in another share class of the relevant subfund whose acquisition requirements they are able to fulfil.

In addition, the Company is empowered:

- a) to refuse purchase orders for shares at its own discretion;
- b) to redeem at any time shares which were purchased or subscribed to in defiance of an exclusion clause.

Additional characteristics of share classes:

"Currency"

The share classes may be denominated in AUD, CAD, CHF, CZK, DKK, EUR, GBP, HKD, JPY, NOK, PLN, RMB, RUB, SEK, SGD or USD. For share classes issued in the currency of account of the respective subfund, the respective currency will not be included in the share class name. The currency of account features in the name of the relevant subfund.

"hedged"

For share classes whose reference currencies are not identical to the currency of account of the subfund ("**share classes in foreign currencies**"), the fluctuation

risk of the reference currency price for those share classes is hedged against the currency of account of the subfund. Provision is made for the amount of the hedging to be between 95% and 105% of the total net assets of the share class in foreign currency.

Changes in the market value of the portfolio, as well as in subscriptions and redemptions of share classes in foreign currencies, can result in the hedging temporarily surpassing the aforementioned range. The Company and the Investment Manager will then take all the necessary steps to bring the hedging back within the aforementioned limits.

The hedging described has no effect on possible currency risks resulting from investments denominated in a currency other than the respective subfund's currency of account.

RMB denominated share classes

Investors should note that the Renminbi (ISO 4217 currency code: CNY), abbreviated RMB, the official currency of the PRC, is traded on two markets, namely as onshore RMB (CNY) in mainland China and offshore RMB (CNH) outside mainland China.

Share classes denominated in RMB are shares whose net asset value is calculated in offshore RMB (CNH). Onshore RMB (CNY) is not a freely convertible currency and is subject to foreign exchange control policies and repatriation restrictions imposed by the PRC government. Offshore RMB (CNH), on the other hand, may be traded freely against other currencies, particularly EUR, CHF and USD. This means the exchange rate between offshore RMB (CNH) and other currencies is determined on the basis of supply and demand relating to the respective currency pair.

RMB convertibility between offshore RMB (CNH) and onshore RMB (CNY) is a regulated currency process subject to foreign exchange control policies and repatriation restrictions imposed by the PRC government in coordination with offshore regulatory or governmental agencies (e.g. the Hong Kong Monetary Authority).

Prior to investing in RMB classes, investors should bear in mind that the requirements relating to regulatory reporting and fund accounting of offshore RMB (CNH) are not clearly regulated. Furthermore, investors should be aware that offshore RMB (CNH) and onshore RMB (CNY) have different exchange rates against other currencies. The value of offshore RMB (CNH) can potentially differ significantly from that of onshore RMB (CNY) due to a number of factors including, without limitation, foreign exchange control policies and repatriation restrictions imposed by the PRC government at certain times, as well as other external market forces. Any devaluation of offshore RMB (CNH) could adversely affect the value of investors' investments in the RMB classes. Investors

should therefore take these factors into account when calculating the conversion of their investments and the ensuing returns from offshore RMB (CNH) into their target currency.

Prior to investing in RMB classes, investors should also bear in mind that the availability and tradability of RMB classes, and the conditions under which they may be available or traded, depend to a large extent on the political and regulatory developments in the PRC. Thus, no guarantee can be given that offshore RMB (CNH) or the RMB classes will be offered and/or traded in future, nor can there be any guarantee as to the conditions under which offshore RMB (CNH) and/or RMB classes may be made available or traded. In particular, since the currency of account of the relevant subfunds offering the RMB classes would be in a currency other than offshore RMB (CNH), the ability of the relevant subfund to make redemption payments in offshore RMB (CNH) would be subject to the subfund's ability to convert its currency of account into offshore RMB (CNH), which may be restricted by the availability of offshore RMB (CNH) or other circumstances beyond the control of the Management Company.

The hedging of the fluctuation risk will be carried out as described above under "hedged".

Potential investors should be aware of the risks of reinvestment, which could arise if the RMB class has to be liquidated early due to political and/or regulatory circumstances. This does not apply to the reinvestment risk due to liquidation of a share class and/or the subfund in accordance with the section "Liquidation of the Company, its subfunds and share classes".

"acc"

For share classes with "-acc" in their name, income is not distributed unless the Company decides otherwise.

"dist"

For share classes with "-dist" in their name, income is distributed unless the Company decides otherwise.

"qdist"

Shares in classes with "-qdist" in their name may make quarterly distributions, excluding fees and expenses. They may also make distributions out of the capital (this can contain, inter alia, realised and unrealised net gains in the net asset value) ("capital"). Distributions out of capital result in the reduction of an investor's original capital invested in the subfund. Also, any distributions from the income and/or involving the capital result in an immediate reduction in the net asset value per share of the subfund. Investors in certain countries may be subject to higher tax rates on distributed capital than on any capital gains from the sale of shares. Some investors may therefore prefer to subscribe to accumulating (-acc) rather than distributing (-dist, -qdist) share classes. Investors may be taxed at a later

point in time on income and capital arising on accumulating (-acc) share classes compared to distributing (-dist) share classes. Investors should seek their own tax advice.

“mdist”

Shares in classes with “-mdist” in their name may make monthly distributions excluding fees and expenses. They may also make distributions out of the capital. Distributions out of capital result in the reduction of an investor’s original capital invested in the subfund. Also, any distributions from the income and/or involving the capital result in an immediate reduction of the net asset value per share of the subfund. Investors in certain countries may be subject to higher tax rates on distributed capital than on any capital gains from the sale of Company shares. Some investors may therefore prefer to subscribe to accumulating (-acc) rather than distributing (-dist, -mdist) share classes. Investors may be taxed at a later point in time on income and capital arising on accumulating (-acc) share classes compared to distributing (-dist) share classes. Investors should seek their own tax advice. The maximum entry costs for shares in classes with “-mdist” in their name are 6%.

“UKdist”

For share classes with “UKdist” in their name, the Company intends to distribute a sum which corresponds to 100% of the reportable income within the meaning of the UK reporting fund rules when the share classes are subject to the reporting fund rules. The Company does not intend to make available taxable values in other countries for these share classes, as they are intended for investors whose investment in the share class is liable to tax in the UK.

“2%”, “4%”, “6%”, “8%”

Shares in classes with “2%” / “4%” / “6%” / “8%” in their name may make monthly (-mdist), quarterly (-qdist) or annual (-dist) distributions at the respective aforementioned annual percentage rates, gross of fees and expenses. The distribution amount is calculated based on the net asset value of the respective share class at the end of the month (in the case of monthly distributions), financial quarter (in the case of quarterly distributions) or financial year (in the case of annual distributions). These share classes are suitable for investors who wish for more stable distributions, unrelated to past or expected returns or income.

Distributions can thus also be made out of the capital. Distributions out of capital result in the reduction of an investor’s original capital invested in the subfund. Also, any distributions from the income and/or involving the capital result in an immediate reduction of the net asset value per share of the subfund. Investors in certain countries may be subject to higher tax rates on distributed capital than on any capital gains from the sale of Company shares. Some investors may therefore prefer to subscribe to accumulating (-acc) rather than distributing (-dist, -qdist, -mdist) share classes. Investors may be taxed at a later point in time on income and capital arising on

accumulating (-acc) share classes compared to distributing (-dist, -qdist, -mdist) share classes. Investors should seek their own tax advice.

“Series of shares”

The indication “2”, “3”, or “4” in the name of a share class (other than “I-A2” or “I-A3”) refers to the fact that the shares in question are part of the same series “2”, “3”, or “4” within the share class in question. However, the terms and conditions of all shares of the different series within the same share class are identical.

“Seeding”

Shares in classes with “seeding” in their name are only offered for a limited period of time. At the end of this period, no further subscriptions are permitted unless the Company decides otherwise. However, these shares may still be redeemed in accordance with the conditions for the redemption of shares. Unless the Company decides otherwise, the smallest tradeable unit, the initial issue price and the minimum subscription amount are those of the aforementioned asset classes.

At general meetings, the shareholder has the right to one vote per share held, irrespective of the difference in value of shares in the respective subfunds. Shares of a particular subfund or class carry the right of one vote per share held when voting at meetings affecting this subfund or class.

The annual general meeting takes place once a year at the registered office of the Company or such other place in the Grand Duchy of Luxembourg, as may be specified in the convening notice of such meeting.

The financial year of the Company ends on 31 January.

The shares of the subfunds of the Company are not listed on the Luxembourg Stock Exchange.

The issue and redemption of Company shares are subject to the regulations prevailing in the country concerned.

Only the information contained in the sales prospectus and in one of the documents referred to therein shall be deemed to be valid.

The annual and semi-annual reports shall be available free of charge to shareholders at the registered office of the Company and the Custodian Bank.

No subscription may be accepted on the basis of the financial reports. Subscriptions are accepted only on the basis of the current sales prospectus accompanied by the latest annual report and the latest semi-annual report if available.

The figures stated in this report are historical and not necessarily indicative of future performance.

Audit report

To the Shareholders of
UBS (Lux) Investment SICAV

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of UBS (Lux) Investment SICAV (the “Fund”) as at 31 January 2022, and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund’s financial statements comprise:

- the combined statement of net assets for the Fund and the statement of net assets for its sub-fund as at 31 January 2022;
- the statement of investments in securities and other net assets as at 31 January 2022;
- the combined statement of operations for the Fund and the statement of operations for its sub-fund for the year then ended;
- the combined statement of changes in net assets for the Fund and the statement of changes in net assets for its sub-fund for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

*PricewaterhouseCoopers, Société coopérative, 2 rue Gerhard Mercator, B.P. 1443, L-1014 Luxembourg

*Cabinet de révision agréé. Expert-comptable (autorisation gouvernementale n°10028256)
R.C.S. Luxembourg B 65 477 - TVA LU25482518*

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;

- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report of the Portfolio Manager

In the financial year from 1 February 2021 to 31 January 2022, China A equities fell over the period. Regulatory tightening by the Chinese authorities was the major market driver over the period. Regulators in China have had an increased focus on anti-monopolist policy, financials stability, network/data security, environmental protraction, and common prosperity. This has impacted some business models and companies will need to adopt to the new environment.

The subfund posted negative performance in absolute terms over the financial year in USD terms. Our holdings in Health Care and Consumer Discretionary had strong drawdowns and impacted performance negatively. Cash holdings provided a buffer to the performance.

Notes to the Financial Statements

Note 1 – Summary of significant accounting policies

The financial statements have been prepared in accordance with the generally accepted accounting principles for investment funds in Luxembourg. The significant accounting policies are summarised as follows:

a) Calculation of the net asset value

The net asset value per share of any share class is expressed in the reference currency of the share class concerned and is calculated on every business day (the "Valuation Day"). The net asset value per share is calculated by dividing the overall net assets of the subfund attributable to each share class by the number of shares issued in the particular share class of the subfund.

However, the net asset value of a share may also be calculated on days on which no shares are issued or redeemed as specified in the sales prospectus. Such net asset value may be published but may only be used for performance calculations and statistics or fee calculations, but in no case as a basis for subscription and redemption orders.

In this context, "business day" refers to the normal bank business days (i.e. each day on which banks are open during normal business hours) in Luxembourg, with the exception of 24 and 31 December and of individual, non-statutory rest days as well as days on which exchanges in the main countries in which a subfund invests or in Hong Kong or in China are closed or 50% or more subfund investments cannot be adequately valued.

The percentage of the net asset value which is attributable to each respective share class of a subfund is determined by the ratio of the shares issued in each share class to the total number of shares issued in the subfund, and will change each time shares are issued or redeemed.

b) Valuation principles

- The value of any cash – either in hand or on deposit – as well as bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- Securities, derivatives and other investments listed on an official stock exchange are valued at the last known

market prices. If the same security, derivative or other investment is quoted on several stock exchanges, the last available quotation on the stock exchange that represents the major market for this investment will apply.

In the case of securities, derivatives and other investments where trading of these assets on the stock exchange is thin but which are traded between securities dealers on a secondary market using standard market price formation methods, the Company can use the prices on this secondary market as the basis for their valuation of these securities and other investments. Securities, derivatives and other investments that are not listed on a stock exchange, but that are traded on another regulated market which is recognised, open to the public and operates regularly, in a due and orderly fashion, are valued at the last available price on this market.

- Securities and other investments that are not listed on a stock exchange or traded on any other regulated market, and for which no reliable and appropriate price can be obtained, will be valued by the Company according to other principles chosen by it in good faith on the basis of the likely sales prices.
- The valuation of derivatives that are not listed on a stock exchange (OTC derivatives) is made by reference to independent pricing sources. In case only one independent pricing source of a derivative is available, the plausibility of the valuation price obtained will be verified by employing methods of calculation recognised by the Company, based on the market value of the underlying instrument from which the derivative has been derived.
- Units or shares of other UCITS and/or undertakings for collective investment ("UCIs") will be valued at their last net asset value. Certain units or shares of other UCITS and/or UCIs may be valued based on an estimate of the value provided by a reliable price provider independent from the target fund's investment manager or investment adviser (Estimated Pricing).
- The value of money market instruments which are not listed on a stock exchange or traded on another regulated market open to the public is based on the appropriate curves. The valuation based on the curves refers to the interest rate and credit spread components. The following principles are applied in this process: for each money market instrument, the interest rates nearest the residual maturity are interpolated. The interest rate calculated in this way is converted into a market price by adding a credit spread that reflects the underlying borrower. This credit spread is adjusted if there is a significant change in the credit rating of the borrower.

Interest income earned by subfunds between the Order Date concerned and the respective Settlement Date may be included in the valuation of the assets of the subfunds concerned. The asset value per share on a given valuation date may therefore include projected interest earnings.

- Securities, money market instruments, derivatives and other investments that are denominated in a currency other than the currency of account of the relevant subfund and which are not hedged by means of currency transactions are valued at the middle currency rate (midway between the bid and offer rate) known in Luxembourg or, if not available, on the most representative market for this currency.
- Time deposits and fiduciary investments are valued at their nominal value plus accumulated interest.
- The value of swap transactions is calculated by an external service provider, and a second independent valuation is made available by another external service provider. The calculation is based on the net present value of all cash flows, both inflows and outflows. In some specific cases, internal calculations based on models and market data available from Bloomberg and/or broker statement valuations may be used. The valuation methods depend on the respective security and are determined pursuant to the UBS Valuation Policy.

The actual costs of purchasing or selling assets and investments for a subfund may deviate from the latest available price or net asset value used, as appropriate, in calculating the Net Asset Value per Share due to duties and charges and spreads from buying and selling prices of the underlying investments. These costs have an adverse effect on the value of a subfund and are known as “dilution”. To mitigate the effects of dilution, the Board may, at its discretion, make a dilution adjustment to the Net Asset Value per Share.

Shares will in principle be issued and redeemed on the basis of a single price, i.e., the Net Asset Value per Share. However – to mitigate the effect of dilution – the Net Asset Value per Share will be adjusted on any Valuation Day in the manner set out below depending on whether or not a subfund is in a net subscription position or in a net redemption position on such Valuation Day. Where there is no dealing on a subfund or Class of a subfund on any Valuation Day, the applicable price will be the unadjusted Net Asset Value per Share. The Board retains the discretion in relation to the circumstances under which to make such a dilution adjustment and intends to utilise a partial swing pricing mechanism. As a general rule, the requirement to make a dilution adjustment will depend upon the volume of subscriptions or redemptions of Shares in the relevant subfund. The Board may make a dilution adjustment if, in its opinion, the existing Shareholders (in case of subscriptions) or remaining Shareholders (in case of redemptions) might otherwise be adversely affected. In particular, the dilution adjustment may be made where, for example but without limitation:

- (a) a subfund is in continual decline (i.e. is experiencing a net outflow of redemptions);
- (b) a subfund is experiencing large levels of net subscriptions relevant to its size;
- (c) a subfund is experiencing a net subscription position or a net redemption position on any Valuation Day; or
- (d) in any other case where the Board is of the opinion that the interests of Shareholders require the imposition of a dilution adjustment.

The dilution adjustment will involve adding to, when the subfund is in a net subscription position, and deducting from, when the subfund is in a net redemption position, the Net Asset Value per Share such figure as the Board considers represents an appropriate figure to meet duties and charges and spreads. In particular, the Net Asset Value of the relevant subfund will be adjusted (upwards or downwards) by an amount which reflects (i) the estimated fiscal charges, (ii) dealing costs that may be incurred by the subfund and (iii) the estimated bid/offer spread of the assets in which the subfund invests. As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, the resulting adjustment may be different for net inflows than for net outflows. Adjustments will however be limited to a maximum of 2% of the then applicable Net Asset Value per Share.

The Net Asset Value of each Class in the subfund will be calculated separately but any dilution adjustment will in percentage terms affect the Net Asset Value of each Class in an identical manner. The dilution adjustment will be applied on the capital activity at the level of the subfund and will not address the specific circumstances of each individual investor transaction.

For the subfund the Swing Pricing methodology is applied.

If there were Swing Pricing adjustments to the net asset value at the end of the period, this can be seen from the most important figures section of the net asset value information of the subfunds. The issue and redemption price per share represents the adjusted net asset value.

In circumstances where the interests of the Company or its shareholders so justify (avoidance of market timing practices, for example), the Board of Directors of the Management Company may take any appropriate measures, such as applying a fair value pricing methodology to adjust the value of the Company's assets.

The Board of Directors of the Management Company is authorized to apply other generally recognized and auditable valuation criteria chosen in good faith in order to achieve an appropriate valuation of the net asset value if, due to extraordinary circumstances, a valuation

in accordance with the above-mentioned regulations proves to be unfeasible or inaccurate.

In the case of extraordinary circumstances, additional valuations, which will affect the prices of the shares to be subsequently issued or redeemed, may be carried out within one Valuation Day.

c) Valuation of forward foreign exchange contracts

The unrealized gain (loss) of outstanding forward foreign exchange contracts is valued on the basis of the forward exchange rates prevailing at valuation date.

d) Valuation of financial futures contracts

Financial futures contracts are valued based on the latest available published price applicable on the valuation date. Realized gains and losses and the changes in unrealized gains and losses are recorded in the statement of operations. The realized gains and losses are calculated in accordance with the FIFO method, i.e. the first contracts acquired are regarded as the first to be sold.

e) Net realized gains (losses) on sales of securities

The realized gains or losses on the sales of securities are calculated on the basis of the average cost of the securities sold.

f) Conversion of foreign currencies

Bank accounts, other net assets and the valuation of the investments in securities held denominated in currencies other than the reference currency of the different subfunds are converted at the mid closing spot rates on the valuation date. Income and expenses denominated in currencies other than the currency of the different subfunds are converted at the mid closing spot rates at payment date. Gain or loss on foreign exchange is included in the statement of operations.

The cost of securities denominated in currencies other than the reference currency of the different subfunds is converted at the mid closing spot rate on the day of acquisition.

g) Accounting of securities' portfolio transactions

The securities' portfolio transactions are accounted for the bank business day following the transaction day.

h) Combined financial statements

The combined financial statements of the Company are expressed in EUR. The various items of the combined statement of net assets, combined statement of operations and the combined statement of changes in net assets as of 31 January 2022 of the Company are equal to the sum of the corresponding items in the financial statements of each subfund.

The following exchange rate was used for the conversion of the combined financial statements as of 31 January 2022:

Exchange rate		
EUR	1 =	USD 1.121000

i) Income recognition

Dividends, net of withholding tax, are recognized as income on the "ex-dividend" date. Interest on securities is accrued on a daily basis net of withholding tax.

Note 2 – Expenses paid by the Company

The Company pays a maximum monthly flat fee for share classes "P", "N", "K-1", "F", "Q", "I-A1", "I-A2", "I-A3", calculated on the average net asset value of the subfunds as shown in the table below:

UBS (Lux) Investment SICAV
– China A Opportunity (USD)

	"Maximum Flat Fee p.a."	Maximum Flat Fee p.a. for share classes with "hedged"
Share classes with "P" in their name	2.000%	2.050%
Share classes with "N" in their name	2.400%	2.450%
Share classes with "K-1" in their name	1.500%	1.530%
Share classes with "K-B" in their name	0.180%	0.180%
Share classes with "K-X" in their name	0.000%	0.000%
Share classes with "F" in their name	1.100%	1.130%
Share classes with "Q" in their name	1.300%	1.350%
Share classes with "I-A1" in their name	1.200%	1.230%
Share classes with "I-A2" in their name	1.150%	1.180%
Share classes with "I-A3" in their name	1.100%	1.130%
Share classes with "I-B" in their name	0.180%	0.180%
Share classes with "I-X" in their name	0.000%	0.000%
Share classes with "U-X" in their name	0.000%	0.000%

Out of the aforementioned maximum Flat fee the following is included:

1. For the management, administration, investment management and distribution of the Company (if applicable), as well as for all the tasks of the Depositary, such as the safekeeping and supervision of the Company's assets, the handling of payment transactions and all other tasks listed in the section "Depositary and Main Paying Agent", a maximum flat fee based on the net asset value of the Company is paid from the Company's assets, in accordance with the following provisions: this fee is charged to the Company's assets on a pro rata basis upon every calculation of net asset value and paid on a monthly basis (maximum flat fee).
The maximum flat fee for share classes with "hedged" in their name may include foreign exchange risk hedging charges. The actual maximum rate applied to the flat fee can be found in the annual and semi-annual reports.

2. The maximum flat fee does not include the following fees and additional expenses, which are also charged to the Company's assets:
 - a) all additional expenses related to management of the Company's assets for the sale and purchase of assets (bid/offer spread, brokerage fees in line with the market, commissions, fees, taxes, levies, etc.). These expenses are generally calculated upon the purchase or sale of the respective assets. In derogation hereto, these additional expenses, which arise through the sale and purchase of assets in connection with the settlement of the issue and redemption of units, are covered by the application of the swing pricing principle pursuant to the sections "Net asset value" and "Conditions for the issue and redemption of shares";
 - b) fees of the supervisory authority for the establishment, amendment, liquidation and merger of the Company, as well as all fees of the supervisory authorities and any stock exchanges on which the subfunds are listed;
 - c) auditor's fees for the annual audit and certification in connection with the establishment, amendment, liquidation and merger of the Company, as well as any other fees paid to the auditor for the services it provides in relation to the administration of the Company and as permissible by law;
 - d) fees for legal and tax advisers, as well as notaries, in connection with the establishment, registration in distribution countries, amendment, liquidation and merger of the Company, as well as for the general safeguarding of the interests of the Company and its investors, insofar as this is not expressly prohibited by law;
 - e) costs for the publication of the Company's net asset value and all costs for notices to investors, including translation costs;
 - f) costs for the Company's legal documents (prospectuses, KIID, annual and semi-annual reports, as well as all other documents legally required in the countries of domiciliation and distribution);
 - g) costs for the Company's registration with any foreign supervisory authorities, if applicable, including fees, translation costs and fees for the foreign representative or paying agent;
 - h) expenses incurred through use of voting or creditors' rights by the Company, including fees for external advisers;
 - i) costs and fees related to any intellectual property registered in the Company's name;
 - j) all expenses arising in connection with any extraordinary measures taken by the Management Company, Investment Manager or Depositary for protecting the interests of the investors;
 - k) if the Management Company participates in class-action suits in the interests of investors, it may charge the Company's assets for the expenses arising in connection with third parties (e.g. legal and Depositary costs). Furthermore, the Management Company may charge for all administrative costs, provided these are verifiable and disclosed, and taken into account in the disclosure of the Company's total expense ratio;
 - l) fees, costs and expenses payable to the directors of the Company (including reasonable out-of-pocket expenses, insurance coverage and reasonable travel expenses in connection with meetings of the Board and remuneration of directors);
3. The Management Company may pay retrocessions in order to cover the distribution activities of the Company.

For the avoidance of doubt, the Company, and all of its share classes, shall also bear all taxes which may be payable on the net assets or income and especially the "taxe d'abonnement".

For purposes of general comparability with fee rules of different fund providers that do not have a flat fee, the term "maximum management fee" is set at 80% of the flat fee.

For share class "I-B", a fee is charged to cover the costs of fund administration (comprising the costs of the Company, the administrative agent and the Depositary). The costs for asset management and distribution are charged outside of the Company under a separate contract concluded directly between the investor and UBS Asset Management Switzerland AG or one of its authorised representatives.

Costs relating to the services performed for share classes "K-B" for asset management are covered by the compensation to which UBS Asset Management Switzerland AG or one of its authorised distribution partners is entitled to under a separate contract with the investor.

Costs relating to the services performed for share classes "I-X", "K-X" and "U-X" for asset management, fund administration (comprising the costs of the Company, the administrative agent and the Depositary) and distribution are covered by the compensation to which UBS Asset Management Switzerland AG is entitled to under a separate contract with the investor.

All costs that can be allocated to specific subfunds will be charged to those subfunds.

Costs that can be attributed to individual share classes will be charged to these share classes. If costs are incurred in connection with several or all subfunds/share classes, however, these costs will be charged to these subfunds/share classes in proportion to their relative net asset values.

With regard to subfunds that may invest in other UCIs or UCITS under the terms of their investment policies, fees may be incurred both at the level of the subfund as well as at the level of the relevant target fund.

The management fees of the target fund in which the assets of the subfund are invested may amount to a maximum of 3%, taking into account any trailer fees.

Should a subfund invest in units of funds that are managed directly or by delegation by the Management Company or by another company linked to the Management Company through common management or control or through a substantial direct or indirect holding, no issue or redemption charges may be charged to the investing subfund in connection with these target fund units.

Details on the Company's ongoing charges can be found in the KIIDs.

The costs involved in launching new subfunds will be written off over a period of up to five years in the respective subfunds only.

Note 3 – Taxe d'abonnement

The Company is subject to the Grand Duchy of Luxembourg's "taxe d'abonnement", which is payable at the end of every quarter. This tax is calculated on the net assets of each class at the end of every quarter. The tax is levied at a rate of 0.05% of the total net assets. The rate is reduced to 0.01% in respect of classes reserved to institutional investors.

Note 4 – Distribution

The general meeting of shareholders of the respective subfunds or classes of shares shall decide, at the proposal of the Board of Directors and after closing the annual accounts per subfund, whether and to what extent distributions are to be paid out by each subfund or share class, provided that such subfund or share class gives right to distribution payments. The payment of distributions must not result in the net assets of the Company falling below the minimum amount of assets prescribed by law. If a distribution is made, payment will be effected no later than four months after the end of the financial year.

The Board of Directors is authorized to pay interim dividends and to suspend the payment of distributions.

No distributions will be made in relation to classes of shares the features of which provide for an accumulation policy.

Note 5 – Total Expense Ratio (TER)

This ratio was calculated in accordance with the Asset Management Association Switzerland (AMAS) / Swiss Funds & Asset Management Association (SFAMA) "Guidelines on the calculation and disclosure of the TER" in the current version and expresses the sum of all

costs and commissions charged on an ongoing basis to the net assets (operating expenses) taken retrospectively as a percentage of the net assets.

TER for the last 12 months:

UBS (Lux) Investment SICAV	Total Expense Ratio (TER)
– China A Opportunity (USD) F-acc	1.13%
– China A Opportunity (USD) I-A1-acc	1.23%
– China A Opportunity (USD) (EUR) I-A1-acc	1.23%
– China A Opportunity (USD) (EUR) I-A3-acc	1.13%
– China A Opportunity (USD) I-A2-acc	1.18%
– China A Opportunity (USD) I-B-acc	0.20%
– China A Opportunity (USD) I-X-acc	0.02%
– China A Opportunity (USD) K-1-acc	1.57%
– China A Opportunity (USD) K-B-acc	0.24%
– China A Opportunity (USD) K-X-acc	0.07%
– China A Opportunity (USD) P-acc	2.07%
– China A Opportunity (USD) Q-acc	1.37%

Note 6 – Portfolio Turnover Rate (PTR)

The portfolio turnover has been calculated as follows:

$$\frac{(\text{Total purchases} + \text{total sales}) - (\text{total subscriptions} + \text{total redemptions})}{\text{Average of net assets during the period under review}}$$

The portfolio turnover statistics are the following for the period under review:

UBS (Lux) Investment SICAV	Portfolio Turnover Rate (PTR)
– China A Opportunity (USD)	3.33%

Note 7 – Transaction costs

Transaction costs include brokerage fees, stamp duty, local taxes and other foreign charges if incurred during the period. Transaction costs are included in the cost of securities purchased and sold.

For the financial year ended on 31 January 2022, the fund incurred transaction costs relating to purchase or sale of investments in securities and similar transactions, as follows:

UBS (Lux) Investment SICAV	Transaction costs
– China A Opportunity (USD)	4 090 998.93 USD

Not all transaction costs are separately identifiable. For fixed income investments, forward currency contracts and other derivative contracts, transaction costs will be included in the purchase and sale price of the investment. Whilst not separately identifiable these transaction costs will be captured within the performance of each subfund.

Note 8 – Soft commission arrangements

For the financial year ended on 31 January 2022, no “soft commission arrangements” were entered into on behalf of UBS (Lux) Investment SICAV and “soft commission arrangements” amount to nil.

Note 9 – Subsequent event

The war in Ukraine had and still has a material impact on financial markets, first and foremost on Russian and Ukrainian securities but also on the wider markets globally. The situation remains very volatile and the Fund Management Company is closely monitoring in order to quickly take appropriate action to protect the interest of investors in our funds.

The Management of the Fund regard these events as non-adjusting events after the reporting period for the Fund and any of its subfunds. The Fund has not had any direct or indirect exposure to any sanctioned securities.

Also, further to the assessment made by the Management of the Fund, neither the Fund’s and any of its subfunds’ performance and going concern nor operations, at the date of this report, have been significantly impacted by the above.

Note 10 – Applicable Law, Place of Performance and Authoritative Language

The Luxembourg District Court is the place of performance for all legal disputes between the shareholders, the Company and the Custodian Bank. Luxembourg law applies. However, in matters concerning the claims of investors from other countries, the Company and/or the Custodian Bank can elect to make themselves subject to the jurisdiction of the countries in which Company shares were bought and sold.

The English version of these financial statements is the authoritative version and only this version was audited by the auditor. In the case of Company shares sold to investors from the other countries in which Company shares can be bought and sold, the Company may recognize approved translations (i.e. approved by the Company) into the languages concerned as binding upon itself.

Note 11 – Securities Lending

The Company may lend portions of its securities portfolio to third parties. In general, lendings may only be effected via recognized clearing houses such as Clearstream International or Euroclear, or through the intermediary of prime financial institutions that specialise in such activities and in the modus specified by them. Securities lending income and costs are shown separately in the Statement of Operations.

Collateral is received in relation to securities lent. Collateral is composed of high quality securities in an amount typically at least equal to the market value of the securities loaned.

UBS Europe SE, Luxembourg Branch acts as securities lending agent.

As at 31 January 2022, no securities were lent.

Appendix 1 – Global Exposure (unaudited)

Risk management

Risk management in accordance with the commitment approach is applied pursuant to the applicable laws and regulatory provisions.

Leverage

Leverage is defined pursuant to the applicable ESMA directives as the total of the notional values of the derivatives used by the respective subfund. According to this definition, leverage may result in artificially increased leverage amounts, as some derivatives that can be used for hedging purposes may be included in the calculation. Consequently, this information does not necessarily reflect the precise actual leverage risk that the investor is exposed to.

Appendix 2 – Securities Financing Transaction Regulation (SFTR) (unaudited)

Transparency of securities financing transactions and their reuse

No securities financing transactions or total return swaps within the meaning of Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 ("SFTR") were used in the investment fund's financial year. As a result, no disclosures within the meaning of Article 13 of said Regulation need to be made to investors in the annual report.

Appendix 3 – Remuneration disclosure (unaudited)

The Board of Directors of UBS Fund Management (Luxembourg) S.A. (the “Management Company” or the “AIFM”) has adopted a remuneration policy (the “Policy”) whose objectives are on one hand; to ensure that the remuneration framework is in line with the applicable laws and regulations, and more specifically with provisions defined under:

- (i) the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment in Transferable Securities as amended from time to time (the “UCITS Law”) transposing the UCITS Directive 2009/65/EC (the “UCITS Directive”) as amended by Directive 2014/91/EU (the “UCITS V Directive”);
- (ii) the Alternative Investment Fund Managers Directive (“AIFMD”) 2011/61/EU, transposed into the Luxembourg AIFM Law dated from 12 July 2013, as amended from time to time;
- (iii) the ESMA’s guidelines on sound remuneration policies under the UCITS Directive - ESMA/2016/575 and ESMA’s guidelines on sound remuneration policies under the AIFMD - ESMA/2016/579 both published on 14 October 2016;
- (iv) the CSSF Circular 10/437 on Guidelines concerning the remuneration policies in the financial sector issued on 1 February 2010;
- (v) the Directive 2014/65/EU on markets in financial instruments (MiFID II);
- (vi) the Commission Delegated Regulation 2017/565/EC of 25 April 2016 supplementing Directive 2014/65/EU (MiFID II Level 2);
- (vii) the CSSF Circular 14/585, transposing the ESMA Guidelines 2013/606 on remuneration policies and practices (MiFID ESMA Guidelines).

and on the other hand, to comply with the UBS Group AG (the “UBS Group”) Total Reward Principles.

The Policy is meant not to encourage excessive risk taking, to contain measures to avoid conflicts of interest, to be consistent with, and promote, sound and effective risk management, including sustainability risk where applicable, and to be consistent with the UBS Group business strategy, objectives and values.

More details about the Policy of the Management Company/the AIFM, which describes, but not limited to, how remuneration and benefits are determined, are available at <https://www.ubs.com/global/en/asset-management/investment-capabilities/white-labelling-solutions/fund-management-company-services/fml-procedures.html>

The Policy is subject to an annual review by the control functions of the Management Company/the AIFM after review and update by the Human Resources department and is approved by the Board of Directors of the Management Company/the AIFM. In March 2021, the Policy has been updated to integrate sustainability risks. Last approval by the Board of Directors took place on 4 November 2021. No material changes were made to the Policy.

Application of the requirements and remuneration disclosure

In accordance with the Article 151 of the UCITS Law and Article 20 of the AIFM Law, the Management Company/the AIFM is required to disclose at least annually certain information concerning its remuneration policy and the practices for its Identified Staff.

The Management Company/the AIFM complies with the UCITS Directive/AIFMD principles in a way and to the extent that is appropriate to its size, internal organization and the nature, scope and complexity of its activities.

Considering the total size of funds under management, both UCITS and AIFs although a significant portion is not complex or risky investment, the Management Company/the AIFM judges that the proportionality principle may not be applicable at the level of the company but at the level of the Identified Staff.

By application of the proportionality principle for the Identified Staff, the following requirements on pay-out processes for Identified Staff are not applied:

Appendix 3 – Remuneration disclosure (unaudited)

- The payment of variable remuneration in instruments related mainly to the funds in relation to which they perform their activities;
- Deferral requirements;
- Retention periods;
- Incorporation of ex-post risk factors (i.e. malus or clawback arrangements).

The deferral requirements remain however applicable when the employee's total annual compensation is exceeding the threshold defined under the UBS Group Compensation Framework; the variable compensation will be treated in line with the plan rules defined under the UBS Group Compensation Framework.

Remuneration of Management Company/AIFM staff

The table below provides an overview of the aggregate total remuneration to staff of the Management Company/the AIFM in respect of the financial year 2021 and the number of beneficiaries.

EUR 1 000	Fixed remuneration	Variable remuneration	Total remuneration	No of beneficiaries
All staff	9 262	1 338	10 600	95
- whereof Identified Staff	3 761	752	4 513	24
- thereof Senior Management*	1 465	350	1 815	8
- thereof Other Identified Staff	2 296	402	2 698	16

* Senior Management includes the CEO, the Conducting Officers, the Head of Compliance, the Branch Manager and the Independent Director.

Remuneration of delegates staff

As market or regulatory practice develops UBS AM may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other UBS fund disclosures in that same year.

For the year ending 31 December 2021, the aggregate total remuneration paid by the delegated Investment Manager to its Identified Staff in relation to the Fund amounted to EUR 252 855, of which EUR 214 239 represented the variable remuneration (2 beneficiaries).

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

Article 8(1):

UBS (Lux) Investment SICAV – China A Opportunity (USD)

This subfund promotes environmental and social characteristics and is categorised in accordance with article 8(1) of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector.

The Portfolio Manager utilizes a UBS ESG consensus score to identify companies for the investment universe with strong environmental and social performance characteristics, or a strong sustainability profile. This UBS ESG consensus score is a normalized weighted average of ESG score data from internal and recognized external providers. Rather than relying on an ESG score from a single provider, the consensus score approach increases conviction in the validity of the sustainability profile.

The UBS ESG consensus score assesses sustainability factors, such as the performance of the relevant companies with reference to environmental, social and governance (ESG) aspects. These ESG aspects relate to the main areas in which the companies operate and their effectiveness in managing ESG risks. Environmental and social factors can include (amongst others) the following: environmental footprint and operational efficiency, environmental risk management, climate change, natural resource usage, pollution and waste management, employment standards and supply chain monitoring, human capital, diversity within the Board of Directors, occupational health and safety, product safety, as well as anti-fraud and anti-corruption guidelines.

The subfund incorporates the following ESG promotion characteristics criteria:

- The subfund will exclude issuers identified as violating the UN Global Compact principles without credible corrective action.
- The subfund will aim to have a lower weighted average carbon intensity profile than the benchmark and/or a low absolute profile (defined as below 100 tons of CO₂ emissions per million dollars of revenue).
- The subfund aims to maintain a sustainability profile that is higher than its benchmark's sustainability profile and/or aims to have a minimum of 51% of assets invested in companies with sustainability profiles in the top half of the benchmark (ranked by the UBS ESG consensus score). The benchmark is MSCI China A Onshore. The calculations do not take account of cash and unrated investment instruments.

The subfund achieved its objectives stated above during the reference period.

In addition, under Regulation (EU) 2020/852 (the "Taxonomy Regulation") a financial product categorized in accordance with article 8(1) SFDR that promotes environmental characteristics must make additional disclosures as of 1 January 2022 on such objective and a description of how and to what extent its investments are in economic activities that qualify as environmentally sustainable under article 3 of the Taxonomy Regulation. The subfund does not commit to making a minimum proportion of investments which qualify as environmentally sustainable under Article 3 of the Taxonomy Regulation.
