

UBS Vidyarthi

A blueprint of the program, from early education to employment

Ages 0-5

Early care

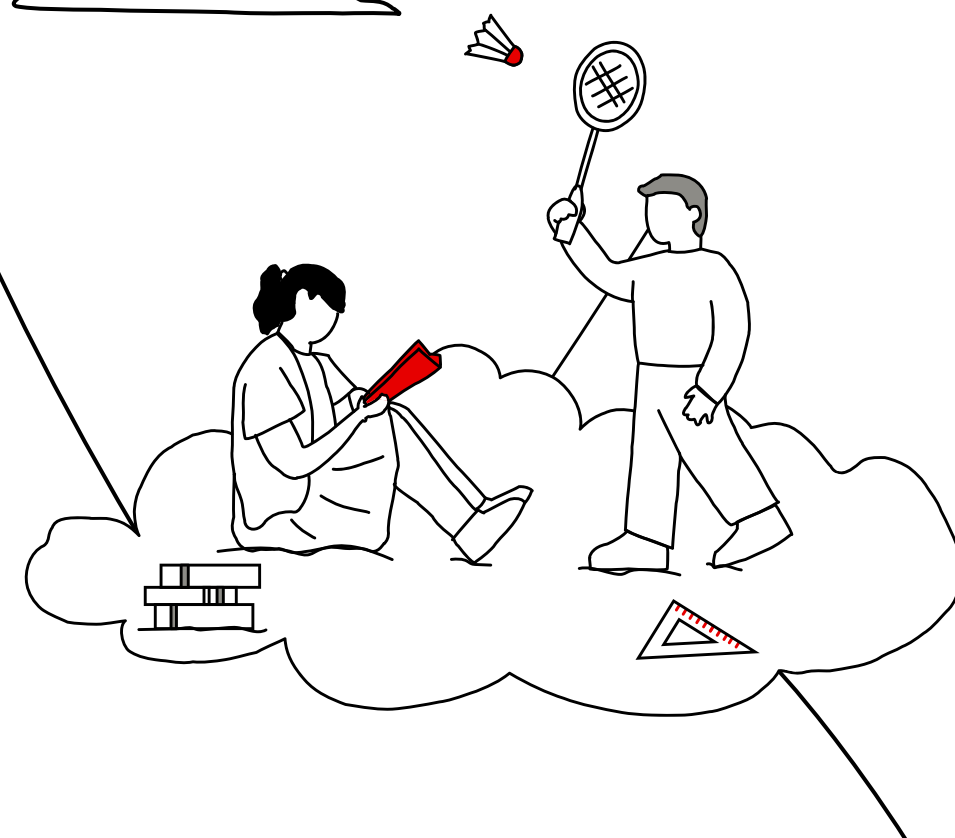

With nutrition, healthcare and protection, the program ensures early care and education for the first thousand days of life till early schooling.

Ages 6-12

Schooling

Supporting children through school entry and ensuring retention from grades K-12 is a critical part of this program. An important way to do this is by creating learning environments that engage and retain students.

Ages 12-18

Skill-building

As children and youth grow up to an employable age, UBS Vidyarthi also facilitates holistic and relevant learning through life skills and STEM education.

Ages 19-25

Transition to employment

Learning and growth are continuous processes. And the final leg of the UBS Vidyarthi program enables youth to access their first employment opportunity, providing them with a professional launchpad.

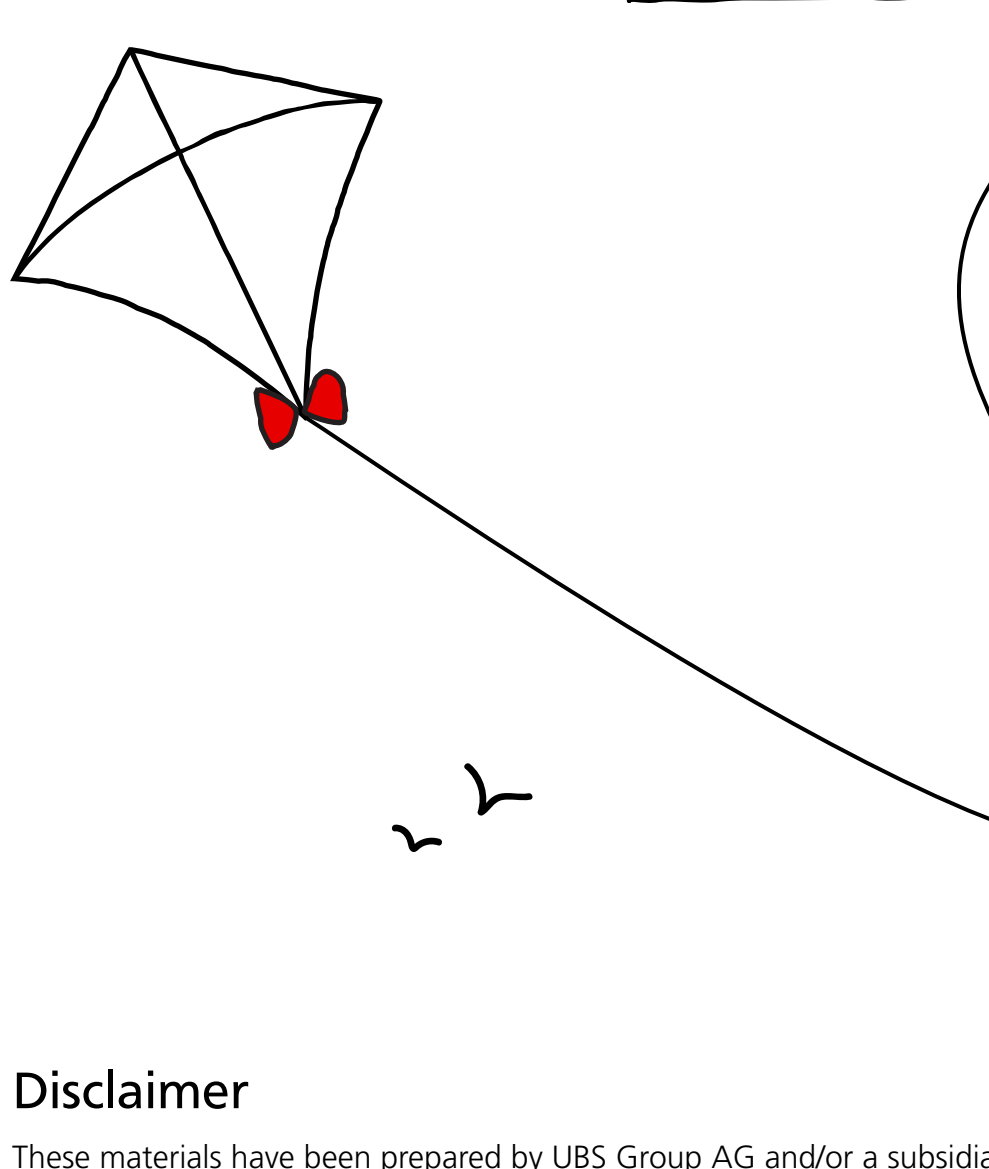

With **UBS Vidyarthi**, we aspire to build a future where opportunities are open to all and where children truly love to learn.
