Relationship summary for individual UBS Wealth Management clients

How we work with you

At UBS, we believe transparency about our services and fees is central to our relationship with you. Understanding our services and fees allows you to make informed decisions about how you work with us.

UBS Financial Services Inc. is registered with the US Securities and Exchange Commission (SEC) both as a broker-dealer offering brokerage services and as an investment adviser offering investment advisory services.

What investment services and advice can you provide me?
We offer both brokerage and investment advisory services.

About our brokerage services
As a broker-dealer, our services include buying and selling securities at your direction. We also provide investment recommendations, education, research, financial tools and financial planning services for no additional fee.

We offer a wide range of investments and products, including:

- Stocks
- Bonds
- Mutual funds
- Annuities
- Exchange Traded Funds (ETFs)
- Options
- Certificates of Deposit (CDs)
- Structured notes
- Alternative investments
- Insurance products

We also offer cash sweep services, margin lending and other lending and banking services provided by our affiliate, UBS Bank USA (e.g., securities-based credit lines, credit cards, mortgage loans and Core Savings accounts).

We act in our capacity as a broker-dealer when we recommend that you open a brokerage account, make investment recommendations for your brokerage account, recommend that you roll over or transfer assets from a retirement or other account to a brokerage account or provide financial planning services without charging a fee. In a brokerage account, you make the ultimate decisions regarding your investments. You can also ask us to review your brokerage account and provide you with recommendations at any time.

Brokers have no minimums, except that accounts that fall below certain amounts will pay additional annual fees. Learn more about our brokerage products and services in Your Relationship with UBS, which includes a section outlining limitations to our services titled “Important limitations,” and can be found at ubs.com/relationshipwithubs.

About our advisory services
As an investment adviser, our services include advising you on buying and selling investments, investment strategies and choosing investment managers. We offer both “non-discretionary” and “discretionary” advisory services.

Each advisory program offers a menu of services and investments such as stocks, bonds, mutual funds and ETFs.

Non-discretionary advisory services
You receive investment recommendations, account monitoring and reviews, but you make the ultimate decisions about your investments.

Discretionary advisory services
We or a separate investment manager buy and sell investments and make other investment decisions on your behalf without asking you in advance. The type and extent of discretion will vary, depending on the advisory program you select and can include establishing an asset allocation and the selection of a separate investment manager. You also receive account monitoring and periodic reviews.

---

1 “Individual Wealth Management Client” is a natural person, or the legal representative of a natural person, who receives a recommendation from UBS and uses it primarily for personal, family or household purposes.
We act in our capacity as an investment adviser when we recommend that you open an advisory account, provide investment advice in your advisory account, recommend that you roll over or transfer assets from a retirement or other account to an advisory account, or provide financial planning services for a fee.

We will monitor your advisory accounts as appropriate and provide you with an annual review and performance report. You may request these reviews and reports more frequently. You can learn more about how we monitor your wrap fee program advisory accounts in Item 4 of the Wrap Fee Form ADV Brochure at ubs.com/formadv. (Form ADV is required to be submitted to the SEC and updated annually by registered investment advisers.)

To open an advisory account, you must meet certain investment minimums. Current account minimums and descriptions for each wrap fee program are described in Item 4 of the Wrap Fee Form ADV Brochure at ubs.com/formadv. Information about our advisory programs is also summarized in the “Advisory programs and financial planning services” section of Your Relationship with UBS at ubs.com/relationshipwithubs.

To learn more about our advisory programs, including requirements and limitations, please see the Investment advisory brochures at ubs.com/advisorydisclosures.

What fees will I pay?
The fees you pay depend on whether you choose brokerage services, advisory services or both.

Brokerage services fees and costs
The primary fees and costs are “transaction-based fees,” meaning they are charged each time you buy or sell an investment. Depending on the investment you select, these fees can include:
- Up-front commissions (which our Financial Advisors are permitted to discount)
- Additional fees include:
  - Annual account maintenance fees
  - Administrative fees such as processing and handling fees for trades, wire fees, transfer fees and bank charges
  - Fees for margin
  - Other amounts that are included in the expense ratios of certain investments such as mutual funds, ETFs, variable annuities and alternative investments
  - In certain circumstances, “surrender charges” if you sell an investment before a specified period

Because we are compensated for transactions, there is an incentive to encourage you to trade more frequently and in greater amounts. We also have an incentive to trade with you as principal and recommend securities from our inventory, because we earn compensation by marking up the price of the securities we sell to you or by paying you less for the securities we buy from you.

This compensation is described in the “Fees and Charges” and the “Statement of Credit Practices” sections of our Agreements and Disclosures, which can be found under the Account agreements and disclosures tab at ubs.com/disclosuredocuments. Additional fees and costs are described in Part two of Your Relationship with UBS at ubs.com/relationshipwithubs.

Advisory services fees and costs
The primary fees and costs are generally “wrap” program fees. These fees are “asset-based,” meaning that the fee is calculated as a percentage of the assets in your advisory account (including uninvested cash held through a sweep program).

The more assets you invest in your account, the more you will pay in fees, and there is therefore an incentive to encourage you to increase your advisory account assets.

The wrap program fee you pay is for our investment advice, most trading costs, and custody and performance reporting, but does not include the investment management fee for a separate investment manager, which is additional. We will disclose these fees to you when you enroll. Not all separate investment managers charge an additional fee to clients.

If a separate investment manager uses a broker-dealer other than us to execute a trade (commonly referred to as a “step-out” trade), you will incur additional trading costs. If you custody assets or trade investments at a financial institution other than us, you will pay any additional fees that institution charges.

The wrap program fee is negotiable and is charged each quarter in advance. Learn more about our wrap program fee schedule and billing practices in your advisory agreement and our Wrap Fee Form ADV Brochure (Item 4 and Item 5.C) available at ubs.com/formadv.

About our UBS Wealth Advice Center
The UBS Wealth Advice Center offers both brokerage and advisory services on a limited platform. These limitations are described in detail at ubs.com/wacdisclosure.

Additional information
For additional information, please see our additional Regulation Best Interest disclosures in Your Relationship with UBS at ubs.com/relationshipwithubs and the Form ADV at ubs.com/formadv.

Ask your Financial Advisor
- Given my financial situation, should I choose an investment advisory service? Should I choose a brokerage service? Should I choose both types of services? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?
Advisory accounts are not charged annual account maintenance fees.

Additional fees include:
• Amounts that are included in the expense ratios of certain investments such as mutual funds, ETFs and alternative investments
• Wire fees, transfer fees and bank charges
• Fees for margin

These fees are explained in the applicable prospectuses and offering documents for the particular investments.

Why is it important to understand fees and costs?
You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For additional information, please see Your Relationship with UBS at ubs.com/relationshipwithubs and the Form ADV at ubs.com/formadv.

What are your legal obligations when providing recommendations to me as my broker-dealer or when acting as my investment advisor?

How else does your firm make money and what conflicts of interest do you have?

We address our conflicts of interest by maintaining policies and procedures requiring that Financial Advisors act in your best interest, maintaining reasonable supervisory processes and disclosing these conflicts so that you can make fully informed decisions.

For additional information, please see the “Conflicts disclosure” section of Your Relationship with UBS at ubs.com/relationshipwithubs and the Form ADV at ubs.com/formadv.

How do your financial professionals make money?

Most of our Financial Advisors receive a percentage of the revenue that they generate from our services, which includes transaction-based fees, investment advisory fees, trails and referral fees. The percentage increases as the level of revenue a Financial Advisor generates for UBS increases (known as production).

Financial Advisors are also eligible to receive financial and recognition awards based on their:

- Production
- Length of service with UBS

Financial Advisors that move between financial institutions generally receive a significant amount of additional compensation as an incentive to move. At UBS, this additional compensation is based on a combination of the amount of the Financial Advisor’s annual revenue at the prior firm and the level of assets or accounts that transfer to UBS. Financial Advisors in the Wealth Advice Center are paid on a salary-plus-bonus structure. For additional information, see ubs.com/wacdisclosure.

We and our Financial Advisors also receive non-cash compensation from certain product sponsors that can include occasional gifts, meals, tickets and/or other entertainment, sponsorship of educational or training events, including educational events Financial Advisors arrange for clients and prospective clients.

Do you or your financial professionals have legal or disciplinary history?

Yes. Visit investor.gov/CRS for a free and simple tool to research us and our financial professionals.

For additional information about our services, see ubs.com/relationshipwithubs.

Have more questions? If you would like a copy of this disclosure, please call 888-526-7454. If you have any questions or need additional information about our services, please speak with your UBS Financial Advisor.
