UBS «Foncipars»: Capital increase with subscription rights

UBS «Foncipars», UBS «Sima», UBS «Swissreal»: Distribution and net asset value

From 29 April to 7 May 2021 UBS Switzerland AG will carry out a capital increase with subscription rights for UBS (CH) Property Fund – Léman Residential «Foncipars».

Basel, 9 April 2021 – UBS «Foncipars» is continuously carrying out acquisitions and commissioning construction projects. The activities of the last few months underline the steady growth of the portfolio and further improve its quality and diversification. Acquisitions and construction projects in excellent locations in the regions of Vaud and Geneva have increased the portfolio volume by approximately CHF 133 million. UBS «Foncipars» has proven its successful investment concept as a Swiss real estate fund with a long-standing growth and diversification in the portfolio of residential buildings generating stable income and sustainable growth in sought-after locations of western Switzerland.

The advantages of UBS «Foncipars»

- A consistently high-yielding Swiss real estate fund with an attractive average ten-year stock market performance of 9.88% p.a. (31 December 2010 to 31 December 2020).
- Broadly diversified residential portfolio in sought-after locations predominantly in western Switzerland, comprising 131 properties and a volume of more than CHF 1.6 billion.
- Attractive distribution yield of 2.2% (as at End of February 2021) and stable distribution amount of CHF 2.55 per unit.
- At 8.2%, the investment return (based on the net asset value) developed positively again in 2020, independent of the market price.

The capital increase

To support the further development of UBS «Foncipars», UBS Switzerland AG is carrying out a capital increase 29 April to 7 May 2021, finishing at 12 noon. Official subscription rights trading will take place on the SIX Swiss Exchange from 29 April to 5 May 2021.

The issue price of the new units is composed of the net asset value (following distribution) as per financial year end as of 31 December 2020 plus accrued income up to the payment date and the issuing commission. The issue is being carried out on a commission basis («best-effort») in the context of a public subscription offer in Switzerland. At the end of the subscription period, subscription rights that have not been exercised will expire as worthless.

The number of new units to be issued is determined by the fund management company UBS Fund Management (Switzerland) AG, on the basis of the exercised subscription rights after expiry of the subscription period. As a result, the actual number of new units issued may fall short of the specified maximum that can be issued. In addition, the value of subscription rights traded on the SIX Swiss Exchange may fluctuate due to supply and demand. Their intrinsic value cannot therefore be guaranteed.

From 29 April 2021 (ex-date of subscription rights), the standard correction of the market price is expected to match the approximate value of the subscription right.

The new units carry a dividend entitlement backdated for the full current financial year as of 1 January 2021. The payment date for the new units will be 14 May 2021.

During the subscription period, existing unit holders are entitled to buy new units in the real estate fund based on their subscription rights. New investors may participate in the capital increase in the course of market trading of subscription rights.

The fund management company already announced the capital increase as of 15 January 2021 in a media release, on the website of Real Estate Switzerland and on Swiss Fund Data and has now defined the terms and conditions of the issue:

- Clear investment guidelines and professional management ensure that new capital is invested carefully.
- The purchase of further properties improves diversification and stability, reduces the age of the portfolio and therefore increases its appeal for tenants and ultimately also for investors.
