## UBS Announces Redemption of Two ETNs

May 31, 2023 – UBS AG announced today that it will redeem all of the outstanding securities in each of the two series of UBS-issued exchange traded notes set forth in the following table (collectively, the “ETNs”). UBS AG expects to deliver redemption notices with respect to each of the ETNs to holders of the applicable ETNs with Call Settlement Dates as set forth in the table below.

**Table-1**

ETN Ticker	ETN Name and Prospectus Supplement <sup>[1]</sup>	CUSIP	Call Settlement Date
FIEE	<a href="#">UBS AG FI Enhanced Europe 50 ETN due February 12, 2026</a> <sup>[2]</sup>	90274D234	06/16/2023
FIHD	<a href="#">UBS AG FI Enhanced Global High Yield ETN due March 3, 2026</a> <sup>[2]</sup>	90274D218	06/16/2023

<sup>[1]</sup> The table above provides a hyperlink to the relevant prospectus and supplements thereto for each of the ETNs, which are identified by their names. Each of the above ETNs are part of the UBS AG’s Medium Term Notes, Series B, on which UBS AG is sole obligor. Capitalized terms used but not defined in this press release shall have the meanings ascribed to such terms in the relevant prospectus supplement (including, as applicable, any product supplement and pricing supplement (each such supplement, a “prospectus supplement”)) for the ETNs.

<sup>[2]</sup> The prospectus addendum with a link to the updated base prospectus can be accessed [here](#).

With respect to each of the ETNs, the Call Settlement Amount payable on the Call Settlement Date will be calculated as specified in the relevant prospectus supplement. UBS will pay the applicable Call Settlement Amount to investors holding the ETNs on the applicable Call Settlement Date. We expect that the last day of trading for the ETNs will be June 15, 2023.

Additional details regarding the redemption dates and measurement periods are included in Table-2 below.

**Table-2**

ETN Ticker	Call Measurement Period	Call Measurement Period Start Date	Call Measurement Period End Date	Call Settlement Date
FIEE	5 Trading Days	06/07/2023*	06/13/2023*	06/16/2023*
FIHD	5 Trading Days	06/07/2023*	06/13/2023*	06/16/2023*

\*Subject to adjustment as described in the applicable prospectus supplement. Because the Tel-Aviv Stock Exchange is expected to be closed on June 9, 2023 and the Australian Securities Exchange is expected to be closed on June 12, 2023, the Calculation Agent for FIHD expects that it will determine, on those dates, that Market Disruption Events have occurred. Please refer to the applicable prospectus supplement for further details on Market Disruption Events.

UBS AG had previously announced on January 7, 2022 that it would cap the maximum number of UBS AG FI Enhanced Europe 50 ETNs outstanding at any time to 80,000 ETNs and FI Enhanced Global High Yield ETNs outstanding at any time to 130,000 ETNs. At that time, UBS AG expected that its affiliate, UBS Securities LLC, may continue to sell the ETNs that UBS AG had previously issued or that UBS Securities LLC may acquire in the future, subject to the maximum number of the ETNs outstanding as specified previously. UBS AG expected that the ETNs would continue to trade on the NYSE Arca and that its affiliate, UBS Securities LLC, may continue to make markets in the ETNs. UBS AG currently expects to continue to cap the maximum number of ETNs until the applicable Call Settlement Dates.

As disclosed in more detail in the applicable prospectus supplement(s) for the ETNs, the market value of the ETNs may be influenced by, among other things, supply and demand for the ETNs. It is possible that the discontinuance of further issuances of the ETNs by UBS AG, as described above, may influence the market value of the ETNs. The suspension of new issuances of the ETNs could affect the liquidity of the market for the ETNs, potentially leading to insufficient supply and causing the ETNs to trade at a premium above their closing or intraday indicative value. Any such premium may subsequently decrease at any time and for any reason without warning, resulting in financial loss to sellers who paid this premium when they acquired their ETNs. In addition, on the applicable redemption date, holders will receive the Call Settlement Amount as described in each applicable prospectus supplement but will not receive any premium thereto. Accordingly, investors who purchase the ETNs at any time prior to the Call Settlement Date for an amount that is greater than the Call Settlement Amount (including paying any premium to the indicative value of the ETNs) will suffer a loss on their investment if they hold their ETNs until the Call Settlement Date.

If investors elect to redeem any such ETNs, any redemption will be at the redemption value set forth in the applicable prospectus supplement(s) and will not include any premium above that value. Investors should always consult their financial advisors and compare the intraday indicative value of the ETNs with the ETNs' then-prevailing market price before purchasing or selling any such ETNs, especially notes with premium characteristics. The applicable prospectus supplement(s) for the ETNs can be accessed by clicking on the name of the ETN identified in the table above as well as on the SEC's website at [sec.gov](http://sec.gov).

This announcement does not affect the terms of the outstanding ETNs, including the right of holders to require UBS AG to redeem their ETNs on the terms and at the redemption price set forth in the applicable prospectus supplement(s). This news release shall not constitute an offer to sell or the solicitation of an offer to buy any securities nor will there be any sale of these ETNs in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or other jurisdiction.

### **Cautionary Statement Regarding Forward-Looking Statements**

This press release contains statements that constitute "forward-looking statements" that are subject to risks and uncertainties, and actual results may differ materially. These statements could contain words such as "possible," "intend," "will," "may," "intends," "would," "if," "expect," "potentially" or other similar expressions. Forward-looking statements, including those relating to UBS AG's plans for the ETNs, are based on management's current expectations and assumptions, and are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. While these forward-looking statements represent UBS's judgments, expectations and objectives concerning the matters described, a number of risks, uncertainties and other important factors, including whether UBS AG will actually complete the redemption of the ETNs, could cause actual developments and results to differ materially from UBS's expectations. For a discussion of the risks and uncertainties that may affect the ETNs please refer to the "Risk Factors" in the applicable prospectus supplement(s) relating to the ETNs referenced in Table-1. UBS is not under any obligation to (and expressly disclaims any obligation to) update or alter its forward-looking statements, whether as a result of new information, future events, or otherwise.
