UBS (Lux) Fund Solutions (the “**Company**”), a “*Société d’Investissement à Capital Variable (SICAV)*”, wishes to inform you of the decision to merge the sub-fund **UBS (Lux) Fund Solutions – Bloomberg Euro Area Liquid Corporates UCITS ETF** (the “**Merging Sub-Fund**”) into **UBS (Lux) Fund Solutions – Bloomberg MSCI Euro Area Liquid Corporates Sustainable UCITS ETF** (the “**Receiving Sub-Fund**”) (both sub-funds collectively referred to as the “**Sub-Funds**”) on 15 December 2023 (the “**Effective Date**” and the “**Merger**”).

### **I. Background and Rationale**

Given the Merging Sub-Fund’s low and further decreasing assets and in order to rationalise and simplify the fund offering, the board of directors of the Company deems it in the Shareholders’ best interest to merge the Merging Sub-Fund into the Receiving Sub-Fund pursuant to Article 23 of the articles of association of UBS (Lux) Fund Solutions.

As of the Effective Date, Shareholders of the Merging Sub-Fund which are merged into the Receiving Sub-Fund shall in all respects have the same rights as the Shareholders of the Receiving Sub-Fund.

### **II. Type of merger**

The Merger will be based on the net asset value per share as per 14 December 2023 (the “**Reference Date**”). In the context of the Merger, the assets and liabilities of the Merging Sub-Fund will be allocated to the Receiving Sub-Fund. The number of new shares to be so issued shall be calculated on the Effective Date based on the exchange ratio corresponding to the net asset value per share of the Merging Sub-Fund on the Reference Date, calculated in accordance with the relevant provisions mentioned in the section “Net asset value, issue and redemption price” of the Prospectus, in comparison with the net asset value per share of the receiving share class of the Receiving Sub-Fund on the Reference Date. The respective net asset value per share of the Merging Sub-Fund and the Receiving Sub-Fund as at the Reference Date will not necessarily be the same. Therefore, while the overall value of their holding should remain the same, shareholders in the Merging Sub-Fund may receive a different number of shares in the Receiving Sub-Fund than the number of shares they had previously held in the Merging Sub-Fund.

Should the application of the exchange ratio result in an allocation of fractional shares in the Receiving Sub-Fund to a Shareholder of the Merging Sub-Fund, the value of such holding following the application of the exchange ratio will be rounded down to the nearest whole share and the value of the fractional entitlement will be distributed to the relevant shareholder of the Merging Sub-Fund by way of a residual cash payment in the base currency of the Merging Sub-Fund. Residual cash payments, where applicable, will be made to shareholders of the Merging Sub-Fund as soon as reasonably practicable after the Effective Date.

The time(s) at which shareholders of the Merging Sub-Fund receive any such residual cash payments will depend on the timeframes and arrangements agreed between shareholders and their depositary, broker and/or relevant central securities depositary for processing such payments.

### **III. Impact on the shareholders**

The Merger will result in the following changes for the shareholders of the Merging Sub-Fund:

Investment policy	<p>The Merging Sub-Fund seeks to hold a representative selection of components comprising the underlying index selected by the Portfolio Manager using a stratified approach (stratified sampling strategy). To this end, the Merging Sub-Fund invests in a representative sample of components of the underlying index selected by the Portfolio Manager using a "portfolio optimisation" technique. For each security, therefore, a decision is made based on its investment characteristics as to whether it should be considered for inclusion in the Merging Sub-Fund replicating the index. The Merging Sub-Fund will take exposure on the components of the Bloomberg Euro Area Liquid Corporates™ Index (Total Return) either through direct investments in all or substantially all of the component securities and/or through the use of derivatives in particular where it may not be possible or practicable to replicate the index through direct investments or in order to generate efficiencies in gaining exposure to the index.</p> <p>Exposure to the index through direct replication may be affected by rebalancing costs, while exposure to the index through derivatives may be affected by derivative trading costs. The use of OTC derivatives further engenders counterparty risk which is however mitigated by the Company collateral policy.</p> <ul style="list-style-type: none"> <li>• The Merging Sub-Fund will invest its net assets predominantly in bonds, transferable securities, money market instruments, units of undertakings for collective investment, deposits with credit institutions, structured notes listed or dealt in on a regulated market and other assets eligible under the prospectus.</li> <li>• Currency hedged share classes may also be available in the Merging Sub-Fund. Investors other than Authorized Participants may not subscribe shares directly with the Company, but may purchase and sell shares,</li> </ul>	<p>The Receiving Sub-Fund seeks to achieve the objective by tracking the index and, with regard to ESG criteria, giving exposure to European-based companies with high ESG ratings and to exclude the ones with negative social, environmental or governance impact. For each security, therefore, a decision is made based on its investment characteristics as to whether it should be considered for inclusion in the Receiving Sub-Fund replicating the index. The proportionate exposure by the Receiving Sub-Fund to the component securities will be substantially achieved either through direct investment or through the use of derivatives or through a combination of both techniques. The Receiving Sub-Fund must invest its net assets predominantly in bonds, transferable securities, money market instruments, units of UCIs, deposits with credit institutions, structured notes listed or dealt in on a Regulated Market and other assets eligible under the rules set forth in the chapter O "Investment restrictions" of this prospectus.
