

# Business Solution Centers

## APAC Factsheet

### Strategy

We focus on collaboration and operating the UBS Business Solutions Centers as a globally united portfolio. To achieve our goals, we have built our strategy upon five value principles:

- People
- Place
- Product
- Price
- Risk

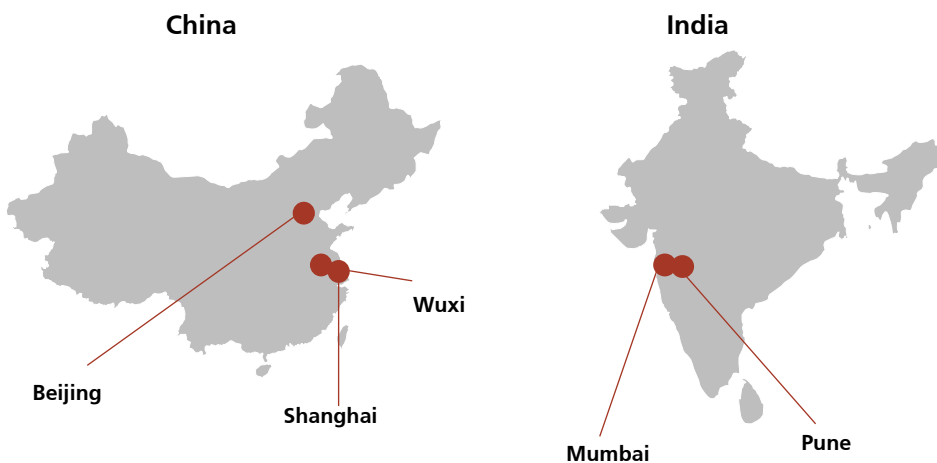

### Our service

UBS-BSCs are the target service providers for UBS businesses offering a comprehensive in-house portfolio aligned with the core needs of:

- Data sensitivity
- Knowledge retention
- Business resiliency
- Legal requirements

### UBS BSCs in Asia

UBS Business Solutions Centers (UBS-BSCs) provide effective, innovative and efficient solutions to all UBS businesses in line with the firm's global location and workforce strategy. UBS-BSCs are part of a global network of services and as an integral part of the bank, they leverage the synergies of pooled expertise to improve service, increase efficiency and reduce risk. There are currently 5 BSCs in APAC, with a total of five locations in two countries.
