

Consultation Notice on proposed amendments to the methodology of the Credit Suisse Dynamic Risk Allocation 5% CHF Excess Return Index

(Bloomberg Ticker: CSEADRA5)

This Notice is addressed to all users and stakeholders of the Credit Suisse Dynamic Risk Allocation 5% CHF Excess Return Index with Bloomberg Ticker CSEADRA5 (the “**Index**”) and is published by Credit Suisse International (“**CSI**”) in its capacity as Index Administrator (as defined below) of the Index.

CSI is authorised by the Prudential Regulation Authority (“**PRA**”) and regulated by the Financial Conduct Authority (“**FCA**”) and the PRA. CSI is registered with the FCA as a benchmark administrator.

Introduction and scope of Consultation

CSI is the sponsor (the “**Index Sponsor**”) of the Index. CSI also acts as (i) the administrator (the “**Index Administrator**” and “**Index Administration**”) of the Index for the purposes of (i) Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (“**EU BMR**”) as it forms part of the domestic law of the United Kingdom (the “**UK BMR**”) and (ii) the index calculation agent (the “**Index Calculation Agent**”). CSI, as the Index Sponsor and Index Administrator, may, acting through its benchmark governance committee (the “**Index Committee**”), make decisions on any amendments to the Index Methodology (as defined below).

CSI, as Index Sponsor and Index Administrator has proposed amendments to the Index Methodology (as defined below) and as Index Administrator is hereby consulting on those proposed amendments (the “**Consultation**”).

The aim of the Consultation is to provide users and stakeholders with (i) applicable background information, (ii) the rationale for, and clear information on, the proposed amendments, (iii) an opportunity to ask questions or provide comments in respect of the proposed amendments and (iv) practical information on responding to the Consultation and next steps.

Capitalised terms used but not defined herein shall have the meaning ascribed to them in the CS Index Rules (as defined below).

If you do not understand the contents of this Notice or are unsure how this affects you, you should consult an appropriate professional adviser.

Current Index Methodology

The current methodology of the Index (the “**Index Methodology**”) is set out in the Credit Suisse Dynamic Risk Allocation 5% CHF Excess Return Index Rules dated as of 15 December 2014, as amended from time to time (the “**CS Index Rules**”).

Background to the Consultation and rationale for the proposed amendments to the Index Methodology

On 12 June 2023, UBS announced the completion of the acquisition of Credit Suisse. Credit Suisse Group AG was merged into UBS Group AG (the “**UBS/CS Acquisition**”) and the combined entity has since operated as a consolidated banking group. CSI has become a wholly owned indirect subsidiary of UBS Group AG. Following the UBS/CS Acquisition the decision has been taken in conjunction with CSI and the Index Committee, to conduct an orderly exit (the “**Index Administrator Exit**”) from CSI’s role as an administrator under UK BMR and this will impact the Index.

As part of the implementation of the Index Administrator Exit, CSI on a date which is expected to be on or around

11 September 2024 (the “**Transfer Effective Date**”), proposes to transfer its role as Index Sponsor of the Index to UBS AG, London Branch (“**UBS**”)(the “**Index Sponsor Transfer**”), which in turn proposes to appoint Solactive AG (“**Solactive**”) as Index Administrator and Index Calculation Agent (succeeding CSI in those capacities) for the Index (the “**Third Party Administrator Appointment**”) on the Transfer Effective Date.

Solactive was founded in 2007 and is registered as an administrator under Article 34 of EU BMR with the German Federal Supervisory Authority and appears on the register of administrators of the European Securities and Markets Authority. Further information on Solactive can be found at:

<https://www.solactive.com/>

Amendments to the Index Methodology are necessary from the Transfer Effective Date, as a result of the proposed Index Sponsor Transfer, Index Administrator Exit and Third Party Administrator Appointment.

Proposed amendments to the Index Methodology

In the context of the matters outlined above, it is proposed that, in respect of the Index, with effect from the Transfer Effective Date:

- CSI will transfer its role as Index Sponsor to UBS and CSI will cease to be the Index Sponsor, Index Administrator and Index Calculation Agent;
- UBS, as Index Sponsor, will appoint Solactive AG, to act as Index Administrator and Index Calculation Agent, replacing CSI in such roles;
- the name of the Index will be changed to the UBS Dynamic Risk Allocation 5% CHF Excess Return Index;
- Solactive AG will publish and calculate the level of the Index in place of CSI, but with the new name and under the same Bloomberg Ticker;
- the Index Components will be replaced as set out in the table in the Appendix;
- in consideration of the substitution of the Swiss Equity component from the MSCI Daily TR Net Switzerland Local Index (total return equity index) to the UBS Market Beta Switzerland Equity Index (excess return rolling future index), the following changes would apply to this component:
 - annualised Holding Fees set at 0.07% (previously set at 0.25%)
 - Transaction Cost set at 0.05% (previously set at 0.10%)
 - no funding component adjustment (previously applicable), and
 - roll costs applicable (previously not applicable). These costs are derived from the Transaction Cost and are calculated similarly to the other Future Indices in the Index;
- in respect of the Risk Signal:
 - the CDS Component will be sourced via the Markit iTraxx Europe Main Index as published by ICE (ICE Contract Symbol: ITRX EUR), and
 - the Skew Signal will be based on the implied volatility of the Equity Component, derived from the interpolation of listed option prices;

and

- the CS Index Rules for the Index will be replaced by the index rules prepared by Solactive (the “**Solactive Index Rules**”). The Solactive Index Rules will contain the Index Methodology, with amendments to reflect the changes above and certain others to reflect the ongoing roles of Solactive as Index Administrator and Index Calculation Agent of the Index.

Consultation Period and availability of documentation

In order to take into account the views of users and stakeholders of the Index, CSI, as Index Administrator, is conducting the Consultation on the proposed amendments. The Consultation opens on 7 August 2024 and will run until close of business in New York on 4 September 2024 (the “**Consultation Period**”).

Within the Consultation Period, users and stakeholders are invited to send any feedback or comments on the Consultation to: list.qis-consultation@credit-suisse.com, including a reference to the Bloomberg Ticker: CSEADRA5 in their email, along with their name and details of their status as a user or stakeholder.

Copies of the CS Index Rules and draft Solactive Index Rules will be made available to users and stakeholders of the Index upon request to the same email address within the Consultation Period.

Please note that this Notice and any relevant updates on the Consultation will be made accessible on the following website: <https://www.credit-suisse.com/uk/en/investment-banking/financial-regulatory/customer-notices.html?a=32>
