## INFORMATION REGARDING INVESTMENTS IN MUTUAL FUNDS

Asset Management Companies (AMCs) are mandated by SEBI to risk rate their respective schemes. The aim is to help investors understand and assess the risks involved in investing in a particular mutual fund scheme. Risk-o-meter shall have following six levels of risk for mutual fund schemes:

- Low Risk
- Low to Moderate Risk
- Moderate Risk
- Moderately High Risk
- High Risk
- Very High Risk

Risk Level of a scheme will be depicted by “Risk-o-meter”, as shown below:

The Riskometer has been applied to all the existing schemes. We request you to refer to the Riskometer in the scheme documents and understand the risk of the scheme to decide whether the investments will suit your risk profile.
