

UBS MTF Trading Notice

Double Volume Cap Resumption

12 February 2019

Dear Member,

Following the delay in the latest ESMA publication of DVC suspensions, UBS MTF would like to inform you of the resumption of trading under the Reference Price Waiver for all instruments that were suspended in August 2018.

Effective immediately, the DVC suspension will end for **52 instruments** and therefore these instruments will again be available for trading under the Reference Price Waiver. An additional DVC update will be published in the next few days as soon as ESMA calculations are finalized.

Our daily Stock Universe file, published on our website at <https://www.ubs.com/global/en/investment-bank/ib/multilateral-trading-facility/reference-data.html> and by SFTP, will be updated to reflect the resumptions on Wednesday morning. A list of the instruments that were reinstated this morning is provided below.
