Introduction and basis for preparation

Scope of Pillar 3 disclosures

UBS Europe SE is a fully authorized credit institution registered at the commercial register in Frankfurt and supervised by the European Central Bank (ECB). This report provides the disclosure information for UBS Europe SE as at 30 June 2025.

The capital adequacy framework consists of three pillars each of which focuses on a different aspect of adequacy. Pillar 1 provides a framework for measuring minimum capital requirements for credit, market, operational and non-counterparty related risks faced by banks. Pillar 2 addresses the principles of the supervisory review process emphasizing the need for a qualitative approach to supervising banks. Pillar 3 aims to encourage market discipline by requiring banks to publish a range of disclosures, mainly on risk and capital.

This document is based upon the Regulation (EU) 575/2013, Regulation (EU) 648/2012 and Directive (EU) 2013/36, the associated delegated and implementing acts and the related Implementing Technical Standards (ITS), as implemented within the Federal Republic of Germany by the Bundesbank. Further, these disclosures have been prepared in accordance with the respective applicable European Banking Authority (EBA) guidelines.

For disclosures according to Section 26a German Banking Act (“Kreditwesengesetz” or “KWG”) please see the respective section in our Annual Financial Statements as of 31 December 2024. For our firm’s sustainability approach and activities please see the Annual Report 2024 – UBS AG for filing in the EU, section “Sustainability Statement”, in particular the section “Additional UBS Europe SE considerations for sustainability and climate risk management”, available at [ubs.com](https://www.ubs.com).

Capital Requirements Regulation 3 (CRR3) and Pillar 3 Disclosure Updates

Effective from 1 January 2025, Capital Requirements Regulation 3 (CRR3) introduces significant changes across the prudential framework. These updates include the implementation of the output floor, a revised approach to operational risk, and new methodologies for calculating Credit Valuation Adjustment (CVA) risk for own funds requirements.

In alignment with these regulatory developments, the European Banking Authority (EBA) has amended the Pillar 3 disclosure templates to reflect the updated requirements. These amendments include the removal of certain rows, remapping of existing data points, and the introduction of new rows in templates that present comparative figures for prior reporting periods.

As the changes are not applied retrospectively, data points that were not previously required will not have comparative figures disclosed. However, these comparative disclosures will be progressively populated in future reporting cycles as the new framework becomes embedded.

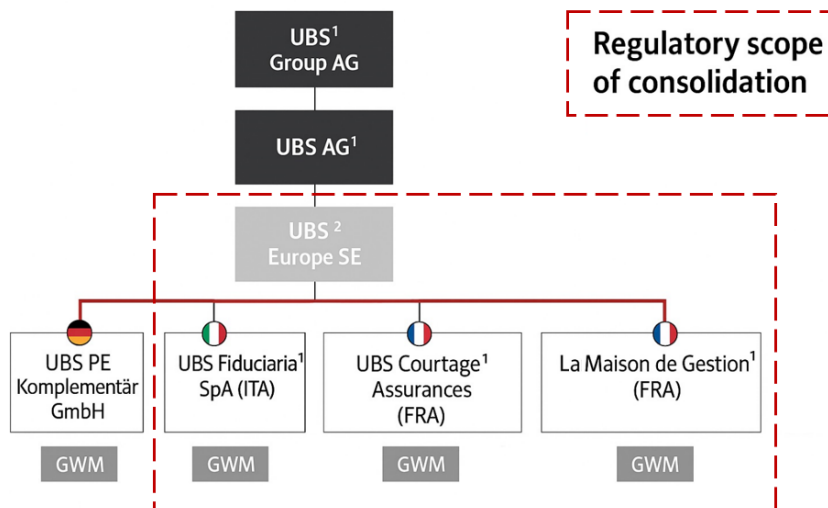

Regulatory consolidation

UBS Europe SE is part of the UBS Group AG consolidated group and a direct, wholly owned subsidiary of UBS AG. The scope of regulatory reporting for UBS Europe SE includes the Italian subsidiary UBS Fiduciaria SpA and French subsidiaries, UBS La Maison de Gestion SAS and UBS Courtage Assurances SAS. As the relevant limits according to Article 19 of the CRR are not exceeded, the German subsidiary UBS Private Equity Komplementär GmbH is not included in the regulatory scope of consolidation.

In Q4 2024, all business of Credit Suisse (Luxembourg) S.A., Luxembourg, and its branches in France, Ireland and Portugal were transferred to UBS Europe SE by way of cross-border merger with effect from 21 October 2024 (merger effective date). Subsequently, Credit Suisse (Italy) S.p.A. was merged into UBS ESE in early 2025. The mergers followed UBS Group AG's acquisition of Credit Suisse Group AG in June 2023 and meets the requirements of the EU's Capital Requirements Directive (2013/36/EU), which requires banks in the EU that are subsidiaries of third-country groups to establish a single EU Intermediate Parent Undertaking (IPU).

In accordance with the principle of materiality specified in Article 432 of the CRR, this report provides Pillar 3 disclosures for UBS Europe SE on the consolidated basis, including all relevant subsidiaries. In this report, “UBS Europe SE” refers to UBS Europe SE and its consolidated subsidiaries, unless stated otherwise.

Scope of regulatory consolidation

1. Not located in Germany
2. Includes foreign branches – Luxembourg, Sweden, Denmark, Italy, Spain, Netherlands, Switzerland, Poland, France, Ireland and Portugal.

Governance over Pillar 3 disclosures

The Management Board and senior management are responsible for establishing and maintaining an effective internal control structure over the disclosure of financial information, including Pillar 3 disclosures. In line with Article 431 of the CRR, UBS Europe SE has a board-approved Pillar 3 disclosure governance policy in place. This Pillar 3 Report has been approved by the Chief Financial Officer of Europe SE, in line with this policy.

The UBS Europe SE Head of Regulatory Reporting formally attests that the disclosures provided in this document meet the requirements of the Part 8 of the CRR in accordance with formal UBS Europe SE policy and company's internal processes, systems and controls.

Format of Pillar 3 disclosures

The format of disclosures is based upon the respective applicable ITS. The comparative figures represent the latest disclosed period where applicable. Disclosures classified as non-material in accordance with Article 432 of the CRR and BaFin Circular 05/2015 in this report have been indicated accordingly in the respective sections. The table on the following page provides an overview of the Pillar 3 disclosures.
