Distribution of a dividend out of total profit and capital contribution reserve

The Annual General Meeting of Shareholders of UBS Group AG held on **10 April 2025** has approved the payout of USD **0.90** (gross) per dividend-bearing share out of total profit and the other half out of capital contribution reserve for the financial year **2024**. The portion of the dividend paid out of total profit will be subject to a 35% Swiss withholding tax.

The payment will be made on **17 April 2025** to shareholders holding UBS shares on the record date, **16 April 2025**.

The distribution will be credited via the shareholder's custodian bank or the US Share Registrar. Shareholders who keep their titles in an omnibus account at UBS and have issued a payment instruction will likewise have the distribution due to them directly transferred to their bank account.
