## Reconciliation of equity

A reconciliation of equity for the year ended 31 December 2018 from the former Swiss franc presentation currency to the new US dollar presentation currency is provided in the table below.

<i>In million</i>	Share capital	General reserves	Net profit / (loss)	Total equity
<b>Balance as of 1 January 2018, CHF</b>	<b>0</b>	<b>10</b>	<b>3</b>	<b>13</b>
Dividend distribution			(3)	(3)
Net profit / (loss) for the period before conversion, CHF			4	4
CHF equity at conversion date 1 October 2018 <sup>1</sup>	0	10	4	14
USD equity opening balance at conversion date 1 October 2018	0	10	4	14
Net profit / (loss) for the period after conversion, USD			3	3
<b>Balance as of 31 December 2018, USD</b>	<b>0</b>	<b>10</b>	<b>6</b>	<b>16</b>

<sup>1</sup> Conversion date rate as of 1 October 2018 represents the closing exchange rate as of 30 September 2018 (CHF / USD 1.02).

## Statement of appropriation of total profit / (loss) carried forward

The Board of Directors proposes that the Annual General Meeting of Shareholders (AGM) on 7 March 2019 approve an ordinary dividend distribution of USD 6 million. Dividends are declared and paid in US dollars. The total amount of the dividends will be capped at CHF 8 million (Cap). To the extent that the CHF dividend calculated based on USD 6 million would exceed the Cap on the day of the AGM, due to the exchange

rate determined by the Board of Directors in its reasonable opinion, the USD amount of the dividend will be reduced on a pro-rata basis so that the total CHF amount does not exceed the Cap.

The Board of Directors proposes that the AGM on 7 March 2019 approve the following appropriation of total profit / (loss) carried forward and dividend distribution.

## Proposed appropriation of total profit / (loss) carried forward if the Cap is not triggered

	USD million For the year ended	CHF million For the year ended
	<b>31.12.18</b>	<b>31.12.18</b>
Net profit for the period	6	6
Profit / (loss) carried forward	0	0
<b>Total profit / (loss) carried forward available for appropriation</b>	<b>6</b>	<b>6</b>

## Appropriation of total profit / (loss) carried forward

Dividend distribution	(6)	(6) <sup>1</sup>
<b>Profit / (loss) carried forward</b>	<b>0</b>	<b>0</b>

<sup>1</sup> Translated at closing exchange rate as of 31 December 2018 (CHF / USD 1.02).

## Proposed appropriation of total profit / (loss) carried forward and proposed dividend distribution out of capital contribution reserve if the Cap is triggered

	USD million For the year ended	CHF million For the year ended
	<b>31.12.18</b>	<b>31.12.18</b>
<b>Appropriation of total profit / (loss) carried forward</b>		
Dividend distribution	(6)	(6)
<b>Profit / (loss) carried forward</b>	<b>0</b>	<b>0</b>

## Proposed dividend distribution out of capital contribution reserve

Total capital contribution reserve before distribution	10	10
Dividend distribution	0	(2)
<b>Total capital contribution reserve after distribution</b>	<b>10</b>	<b>8</b>

The total CHF dividend is capped at CHF 8 million. The USD amount (6 million) will be reduced to CHF 8 million multiplied by the exchange rate determined by the Board of Directors on the day of the AGM.

## Note 1 Corporate information

---

UBS Group Funding (Switzerland) AG is incorporated and domiciled in Switzerland and its registered office is at Bahnhofstrasse 45, CH-8001 Zurich, Switzerland. UBS Group Funding (Switzerland) AG operates under article 620ff. of the Swiss Code of Obligations as an *Aktiengesellschaft* (a corporation limited by shares).

### Establishment of UBS Group Funding (Switzerland) AG

UBS Group Funding (Switzerland) AG was incorporated on 14 November 2016 as a wholly owned subsidiary of UBS Group AG. The company was established to issue UBS Group AG guaranteed perpetual capital notes that qualify as Basel III additional tier 1 (AT1) capital and senior unsecured debt that contributes to the total loss-absorbing capacity (TLAC) of UBS.

UBS Group Funding (Switzerland) AG was designated by FINMA as a significant group company according to article 2bis para. 1 lit. b of the Swiss Banking Act.

### Issuance of AT1 capital instruments and TLAC-eligible senior unsecured debt

Throughout 2018 and 2017, UBS Group Funding (Switzerland) AG issued TLAC-eligible senior unsecured debt and perpetual AT1 capital notes. The proceeds from the issuances of those instruments were on-lent to UBS AG.

In May 2018, outstanding perpetual capital notes that qualify as Basel III AT1 capital issued by UBS Group AG were transferred to UBS Group Funding (Switzerland) AG at book value with a retrospective effect as of 1 January 2018. In May 2017

outstanding TLAC-eligible senior unsecured debt issued by UBS Group Funding (Jersey) Limited was transferred to UBS Group Funding (Switzerland) AG. Both transfers were carried out by means of an issuer substitution pursuant to the voluntary substitution provisions provided in the terms and conditions of the relevant instruments. Following the transfers, the outstanding perpetual capital notes and TLAC-eligible senior unsecured debt continue to be guaranteed by UBS Group AG, and investors' seniority of claims against UBS Group AG remains unchanged.

In December 2018, the Swiss Parliament approved changes to the tax treatment of too big to fail (TBTF) instruments issued by the holding companies of Swiss systemically important banks. The new law aims to eliminate the additional tax burden imposed on systemically important banks as a result of required issuances of TBTF instruments at the holding company level. The Swiss Federal Council will announce an effective date for the change after the referendum period closes in April 2019. No referendum has been called at this point. Once effective, new loss-absorbing additional tier 1 capital instruments and total loss-absorbing capacity (TLAC)-eligible senior unsecured debt will be issued directly out of UBS Group AG. It is also expected that UBS Group AG will assume outstanding capital and debt instruments that were previously issued by UBS Group Funding (Switzerland) AG as a means of managing the aforementioned tax burden.

→ **Refer to Note 12 for more information on the main terms and conditions of the perpetual capital notes and TLAC-eligible senior unsecured debt issued**

## Note 2 Accounting policies

---

The UBS Group Funding (Switzerland) AG standalone financial statements are prepared in accordance with the principles of the Swiss Law on Accounting and Financial Reporting (32nd title of the Swiss Code of Obligations).

The functional currency of UBS Group Funding (Switzerland) AG is the US dollar. The significant accounting and valuation principles applied are described below.

### Change in functional and presentation currency

As of 1 October 2018 (the conversion date) UBS Group Funding (Switzerland) AG prospectively changed its functional currency from Swiss francs to US dollars.

UBS Group Funding (Switzerland) AG also prospectively changed the presentation currency of its standalone financial statements from Swiss francs to US dollars. The interim Swiss franc financial information of UBS Group Funding (Switzerland) AG as of 30 September 2018, including the balance sheet, year-to-date income statement and all related notes, was translated

into US dollars at the closing rate on 30 September 2018 (the conversion date rate). This conversion had no impact on the income statement or equity.

As the primary presentation currency of the standalone financial statements of UBS Group Funding (Switzerland) AG is US dollars, amounts in Swiss francs are additionally presented for each component of the financial statements. UBS Group Funding (Switzerland) AG applies the modified closing rate method for translating the US dollar amounts into Swiss francs: assets and liabilities are translated at the closing rate, equity positions at historic rates and income and expense items at the weighted average rate for the period. All resulting currency translation effects are recognized separately in *Voluntary earnings reserve*, amounting to CHF 0 million as of 31 December 2018. Under Swiss Code of Obligations, prior period financial statements are not restated. All comparative prior-period information as of and for the year ended 31 December 2017 is translated at the closing rate as of 31 December 2017.

## Note 2 Accounting policies (continued)

---

### Foreign currency translation

Transactions denominated in foreign currency are translated into US dollars at the spot exchange rate on the date of the transaction. At the balance sheet date, all assets and liabilities that are denominated in a foreign currency are translated into US dollars using the closing exchange rate. Where the asset mirrors the terms of a corresponding liability or the asset and liability otherwise form an economic hedge relationship, the asset and liability are treated as one unit of account for foreign currency translation purposes, with offsetting unrealized foreign currency translation gains and losses based on the closing exchange rate presented net in the income statement. All currency translation effects are recognized in the income statement.

→ **Refer to Note 17 for information on the main currency translation rates used**

### Financial assets

*Financial assets* include loans granted to UBS AG that substantially mirror the terms of the AT1 perpetual capital notes and the TLAC eligible senior unsecured debt instruments issued. These loans qualify as Basel III AT1 capital and gone concern loss absorbing capacity, respectively, at the UBS AG consolidated level. They are measured at nominal value.

→ **Refer to Note 8 for more information**

### Long-term interest-bearing liabilities

Long-term interest-bearing liabilities include perpetual capital notes that qualify as Basel III AT1 capital and TLAC-eligible senior unsecured debt instruments. They are measured at nominal value. Any difference to nominal value, e.g., premium, discount or external costs that are directly related to the issue, is deferred as *Accrued income and prepaid expenses* or *Accrued expenses and deferred income* and amortized to *Financial expenses* or *Financial income* over the maturity of the instrument, or until the first call date or optional redemption date, where applicable.

→ **Refer to Note 12 for more information**

### Dispensations in the standalone financial statements

As UBS Group AG, the holding company of UBS Group Funding (Switzerland) AG, prepares consolidated financial statements in accordance with IFRS, UBS Group Funding (Switzerland) AG is exempt from various disclosures in the standalone financial statements. The dispensations include the management report and the statement of cash flows, as well as certain note disclosures.

## Income statement notes

### Note 3 Financial income

	USD million		CHF million	
	For the year ended	31.12.17	For the year ended	31.12.17
Interest income on liquid assets	1	0	1	0

Basle, 7 March 2019\*

## Report of the statutory auditor on the financial statements

As statutory auditor, we have audited the accompanying financial statements of UBS Group Funding (Switzerland) AG, which comprise the balance sheet, income statement and notes, for the year ended 31 December 2018.

### Board of Directors' responsibility

The Board of Directors is responsible for the preparation of the financial statements in accordance with the requirements of Swiss law and the company's articles of incorporation. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Directors is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss law and Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements for the year ended 31 December 2018 comply with Swiss law and the company's articles of incorporation.

\* This version of our "Report of the statutory auditor with financial statements as of 31 December 2018 of UBS Group Funding (Switzerland) AG, Zurich", issued as of 7 March 2019, was created on 10 May 2019 to correct a typographical error in the key audit matters (KAM) section "First-time recognition of transferred Additional Tier 1 (AT1) capital instruments". In the year ended 31 December 2018, a nominal value of USD 6.675 billion AT1 capital instruments were transferred to the entity, and not USD 16.675 billion as erroneously stated in the key audit matters section in the initial version of our audit report.

**Report on key audit matters based on the circular 1/2015 of the Federal Audit Oversight Authority**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibility* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

**Changes to functional and presentation currencies**

<b>Risk</b>	<p>Effective 1 October 2018, the functional currency of UBS Group AG and UBS AG's Head Office in Switzerland has changed from Swiss francs to US dollars.</p> <p>Given UBS Group Funding (Switzerland) AG is a finance subsidiary without its own autonomous operating activities, in combination with the existing issuer substitution and keep-well agreements, the functional currency of the entity is aligned to UBS Group AG's and UBS AG's financial statements. As a consequence, the functional and presentation currency of UBS Group Funding (Switzerland) AG changed accordingly from Swiss francs to US dollars as of 1 October 2018.</p> <p>In accordance with Art. 958d para. 3 Swiss Code of Obligation, the financial statements are also presented in Swiss francs and additional disclosures were provided regarding foreign currency translation in note 2.</p> <p>We focused on the functional currency change because of the judgement involved in the determination of a change in functional currency and the effect of changing the functional and presentation to the financial statements as a whole.</p>
<b>Our audit response</b>	<p>We considered the change of functional and presentation currencies and developed an audit plan where we, amongst other things:</p> <ul style="list-style-type: none"> <li>&gt; Involved accounting specialists to review that the prospective application of the change in presentation currency of UBS Group Funding (Switzerland) AG is in accordance with the Swiss Code of Obligations.</li> <li>&gt; Evaluated the implication of the change, recalculated the impact of foreign currency translations and further assessed the completeness and accuracy of the data used in the calculation for retrospective presentation in US dollars and Swiss francs.</li> <li>&gt; Reviewed that the changes in functional and presentation currencies were disclosed in accordance with the Swiss Code of Obligations (refer to note 2).</li> </ul> <p>Our audit procedures did not lead to any reservations concerning the recognition, measurement and presentation of the change in functional and presentation currencies.</p>

**First-time recognition of transferred Additional Tier 1 (AT1) capital instruments**

<b>Risk</b>	<p>As of 25 May 2018, USD 6.675 billion and additional EUR 1 billion nominal value of AT1 capital instruments previously issued by UBS Group AG and the related on-lend loans to UBS Group entities were transferred to UBS Group Funding (Switzerland) AG following the terms of an "Issuer Substitution Agreement".</p> <p>Failure to appropriately set up, transfer and record these instruments could expose the entity to, amongst other things, significant financial reporting, legal, economic and taxation risks that may ultimately require the entity to rely on the support of its parent, UBS Group AG, for its going concern.</p>
<b>Our audit response</b>	<p>We considered the initial recognition of the AT1 capital instruments and developed an audit plan where we, amongst other things:</p> <ul style="list-style-type: none"> <li>&gt; Obtained and reviewed significant contracts to determine whether the key features had been accounted for appropriately and compared the terms between the external instruments and resulting on-lend contracts;</li> <li>&gt; Involved tax specialists to assess the transfer pricing agreements in place and review the significant correspondence with the tax authorities;</li> <li>&gt; Involved accounting specialists to review that the significant accounting policies are in accordance with the Swiss Code of Obligations</li> <li>&gt; We reviewed key terms of the "Issuer Substitution Agreement" and related "On-lend Agreements", recalculated the amortized cost values of the external issuances and resulting on-lend contracts, together with the related accruals, deferrals and liabilities that were taken over after the transfer.</li> </ul> <p>Our audit procedures did not lead to any reservations concerning the contractual set-up as well as the recognition, measurement and presentation of the transferred AT1 instruments.</p>

**Report on other legal requirements**

We confirm that we meet the legal requirements on licensing according to the Auditor Oversight Act (AOA) and independence (article 728 CO and article 11 AOA) and that there are no circumstances incompatible with our independence.

In accordance with article 728a para. 1 item 3 CO and Swiss Auditing Standard 890, we confirm that an internal control system exists, which has been designed for the preparation of financial statements according to the instructions of the Board of Directors.

We further confirm that the proposed appropriation of the total profit carried forward complies with Swiss law and the company's articles of incorporation. We recommend that the financial statements submitted to you be approved.

**Notice to investors** | This document and the information contained herein are provided solely for information purposes, and are not to be construed as solicitation of an offer to buy or sell any securities or other financial instruments in Switzerland, the United States or any other jurisdiction. No investment decision relating to securities of or relating to UBS Group AG, UBS AG or their affiliates should be made on the basis of this document. Refer to UBS's Annual Report 2018 for additional information. This report is available at [www.ubs.com/investors](http://www.ubs.com/investors).

**Rounding** | Numbers presented throughout this report may not add up precisely to the totals provided in the tables and text. Starting in 2018, percentages, percent changes, and adjusted results are calculated on the basis of unrounded figures. Information on absolute changes between reporting periods, which is provided in text and that can be derived from figures displayed in the tables, is calculated on a rounded basis.

**Tables** | Within tables, blank fields generally indicate that the field is not applicable or not meaningful, or that information is not available as of the relevant date or for the relevant period. Zero values generally indicate that the respective figure is zero on an actual or rounded basis. Percentage changes are presented as a mathematical calculation of the change between periods.
