Asset Coverage Test

Please note that below is only a summary of the Asset Coverage Test. For a complete description and definitions of defined terms, please refer to the programme's base prospectus.

The Asset Coverage Test is met on a specific Test Date if the Adjusted Aggregate Relevant Mortgage Loan Amount (as defined below) is in an amount at least equal to the CHF Equivalent of the Aggregate Principal Amount Outstanding of all outstanding Covered Bonds as calculated on the relevant Test Date with reference to the immediately previous Cut-off Date.

Adjusted Aggregate Relevant Mortgage Loan Amount means the amount calculated on each Test Date as of the previous Cut-off Date as follows:

A + B + C - (X + Z)

- A = the lower of (i) and (ii), where
- (i) = the sum of the Adjusted Current Balance of each Relevant Mortgage Loan, which, in relation to each Relevant Mortgage Loan, shall be the lower of (1) the actual Current Balance of each Relevant Mortgage Loan as calculated on the Test Date as of the previous Cut-off Date and (2) the related Pro Rata Property Value multiplied by M (where for each Relevant Mortgage Loan that is less than three months in arrears or not in arrears, M = 0.80; for each Relevant Mortgage Loan that is three months or more in arrears and has a related LTV of less than or equal to 80%, M = 0.40 and for each Relevant Mortgage Loan that is three months or more in arrears and has a related LTV of more than 80%, M = 0.25)
- (ii) = the sum of the Arrears Adjusted Current Balance of each Relevant Mortgage Loan, which, in relation to each Relevant Mortgage Loan, shall be the lower of (1) the actual Current Balance of each Relevant Mortgage Loan as calculated on the Test Date as of the previous Cut-off Date and (2) the related Pro Rata Property Value multiplied by N (where for each Relevant Mortgage Loan that is less than three months in arrears or not in arrears, N = 1; for each Relevant Mortgage Loan that is three months or more in arrears and has a related LTV of less than or equal to 80%, N = 0.40 and for each Relevant Mortgage Loan that is three months or more in arrears and has a related LTV of more than 80%, N = 0.25)
- B = the CHF Equivalent of the aggregate cash amount standing to the credit of the General Bank Account and the Cover Pool Bank Account as of the previous Cut-off Date but excluding moneys which have been applied from those Guarantor Bank Accounts on the Guarantor Payment Date immediately following the relevant Cut-off Date (to the extent these moneys exceed the amounts credited to the General Bank Account and the Cover Pool Bank Account between this Cut-off Date and the immediately following Calculation Date)
- C = the CHF Equivalent of the aggregate outstanding principal balance of any Substitute Assets (excluding cash already accounted for under item "B" above)
- X = for as long as the Issuer's long term "Issuer Default Rating" by Fitch is equal or higher than A or its short-term "Issuer Default Rating" rating by Fitch is equal or higher than F1, zero; otherwise an amount equal to the Deposit Set-Off Amount;
- Z = the weighted average remaining maturity (expressed in years) of all Covered Bonds then outstanding multiplied by the CHF Equivalent of the Aggregate Principal Amount Outstanding of the Covered Bonds multiplied by the Negative Carry Factor where the Negative Carry Factor means 0.5% (provided that if the weighted average remaining maturity of all Covered Bonds then outstanding is less than one, the weighted average remaining maturity shall be deemed, for the purposes of this calculation, to be one).

Interest Coverage Test

The Interest Coverage Test is met on a specific Test Date if:

A ≥ B

- A = the aggregate amount of Cover Pool Revenues which are Income Receipts expected to be received in respect of the Cover Pool Assets in the period from and including the previous Cut-off Date to the date which falls 12 months after such Cut-off Date, net of the costs and expenses expected to be paid by the Guarantor during that same period; and
- B = the interest amount due by the Issuer under the Covered Bonds then outstanding for the 12-month period, taking into account any hedging arrangements entered into in relation to the transaction.
