

BASE PROSPECTUS

UBS (LUXEMBOURG) ISSUER SA

EUR 10,000,000,000 Fiduciary Note Programme

UBS (Luxembourg) Issuer SA, a public limited liability company (*société anonyme*) incorporated under the laws of the Grand Duchy of Luxembourg, having its registered office at 33A, avenue J.F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg trade and companies register (*Registre de commerce et des sociétés, Luxembourg*) under number B.207565 (the "Fiduciary"), may from time to time issue Notes (as defined below) on a fiduciary basis. The Fiduciary is subject, as a regulated securitisation undertaking (*société de titrisation agréée*), to the provisions of the Luxembourg act dated 22 March 2004 on securitisation, as amended (the "Securitisation Act 2004") and to the supervision of the *Commission de Surveillance du Secteur Financier* ("CSSF").

The Fiduciary accepts responsibility for the accuracy of the information contained in this Base Prospectus to the extent that that information relates to the Fiduciary and the relevant Fiduciary Contract (as defined below), and UBS AG, acting through its London Branch (the "Arranger", and together with the Fiduciary, the "Responsible Persons") also accepts responsibility for the accuracy of the information contained in this Base Prospectus to the extent that the information does not relate to the Fiduciary and the Fiduciary Contract. To the best of the knowledge of the Fiduciary and the Arranger, as the case may be (who have taken all reasonable care to ensure that this is the case), such information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information. Information sourced from a third party (if applicable) has been accurately reproduced and no facts have been omitted, which would render the reproduced information inaccurate or misleading.

This document does not comprise a prospectus or a base prospectus for the purposes of Regulation (EU) 2017/1129, as amended (the "Prospectus Regulation"). This Base Prospectus has been prepared solely in order to allow for the Notes to be offered in circumstances which do not impose an obligation on the Fiduciary or any Dealer (as defined herein) to publish or supplement a prospectus under the Prospectus Regulation. This Base Prospectus does not constitute an offer or an invitation to the public or any section thereof to subscribe for or to purchase the Notes.

This Base Prospectus (the "Base Prospectus") is dated 22 November 2023. It was approved by, and registered with SIX Exchange Regulation Ltd. as reviewing body (the "Reviewing Body") within the meaning of article 52 of the Swiss Federal Act on Financial Services of 15 June 2018, as the same may be amended from time to time (*Finanzdienstleistungsgesetz*; the "FinSA"), on 22 November 2023. Further, this Base Prospectus was approved by the Luxembourg Stock Exchange on 22 November 2023 and constitutes a prospectus for purposes of Part IV of the Luxembourg act dated 16 July 2019 relating to prospectuses for securities (the "Prospectus Act 2019"). It is valid for a period of 12 months from 22 November 2023 until 21 November 2024.

Application has been made to the Luxembourg Stock Exchange for certain Notes issued under the Programme to be admitted to listing on the Official List of the Luxembourg Stock Exchange and to trading on the Luxembourg Stock Exchange's Euro MTF Market (the "Euro MTF"). The Euro MTF is not a regulated market pursuant to the provisions of Directive 2014/65/EU, as amended ("MiFID II"). The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or markets as may be agreed between the Fiduciary and the relevant Dealer (other than in respect of an admission to trading on any market in the European Economic Area ("EEA") or in the United Kingdom ("UK") which has been designated as a regulated market for the purposes of the Prospectus Regulation or Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA") (the "UK Prospectus Regulation"), as applicable). The Fiduciary may also issue unlisted Notes and/or Notes not admitted to trading on any market. The applicable Pricing Supplement will specify whether or not Notes are to be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Euro MTF Market or any other or further stock exchange(s) and, if relevant, will include information on the relevant market segment of the stock exchange on which the Notes are to be admitted to trading.

The Notes do not represent a participation in any of the collective investment schemes pursuant to article 7 et seq. of the Swiss Federal Act on Collective Investment Schemes and are not subject to an authorisation of the Swiss Financial Market Supervisory Authority ("FINMA"). Investors in the Notes are subject to the Fiduciary's credit risk. The Notes are not issued, guaranteed or secured in an equivalent manner by a supervised institution within the meaning of article 70 para. 1 of the FinSA.

Under the EUR 10,000,000,000 Fiduciary Note Programme (the "Programme") described in this Base Prospectus the Fiduciary, subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes (the "Notes"), as more fully described in "Overview" on a fiduciary basis in its own name but at the sole risk and for the exclusive benefit of the holders of the Notes (the "Noteholders") pursuant to the Luxembourg act dated 27 July 2003 relating to trust and fiduciary contracts, as amended (the "Law") and in conjunction therewith may from time to time buy or sell securities, commodities and/or other assets and/or enter

into contractual or other rights. Notes of any kind may be issued, including but not limited to Notes relating to a specified index and/or exchange traded fund or a basket of indices and/or exchange traded funds ("**Index/ETF Linked Notes**"), a specified share or a basket of shares, a specified American depositary receipt or global depositary receipt or a basket thereof ("**Equity Linked Notes**") and a specified fund or basket of funds ("**Fund Linked Notes**") or any combination of the foregoing. Each issue of Notes will be issued on the terms set out herein which are relevant to such Notes under "*Terms and Conditions of the Notes*" on pages 96 to 144 (the "**Terms and Conditions of the Notes**" or the "**Conditions**") and any applicable Additional Terms and Conditions on pages 145 to 206 and on such additional terms as will be set out in the relevant Pricing Supplement. For Notes (a) offered to the public in Switzerland pursuant to article 35 of the FinSA (except as specified under article 36(1) or article 37 of the FinSA) or (b) admitted to trading on a trading venue in accordance with article 26(a) of the Swiss Federal Act on Financial Market Infrastructures and Market Conduct in Securities and Derivatives Trading dated 19 June 2015, as the same may be amended from time to time (except as specified under article 38 of the FinSA) ("**Non-Exempt Swiss Notes**"), the Pricing Supplement relating to the specific issue constitutes the final terms (*endgültige Bedingungen*) within the meaning of article 45 para. 3 of the FinSA and article 56 of the Swiss Financial Services Ordinance of 6 November 2019, as the same may be amended from time to time (*Finanzdienstleistungsverordnung*; the "**FinSO**"). Notes will be issued in registered form. The maximum aggregate nominal amount of Notes outstanding will not at any time exceed EUR 10,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as further set out herein.

Each series of Notes (a "**Series**") is issued to fund the acquisition of Fiduciary Assets and/or the entry by the Fiduciary into the Fiduciary Asset Agreements (each as defined in "*Terms and Conditions of the Notes – 4. Fiduciary Assets and the Fiduciary Contract*") in its own name on a fiduciary basis but at the sole risk and for the exclusive benefit of the Noteholders and to pay expenses in connection with the issue of the Notes. Each Note evidences the existence of a fiduciary contract in relation to the relevant Series of Notes governed by the Law between the Fiduciary and the relevant Noteholder under which the Fiduciary has conditional payment obligations to the relevant Noteholder equal to payments of a pro-rata share of principal, interest or any other sums received by the Fiduciary under the Fiduciary Assets and/or the Fiduciary Asset Agreements and/or conditional delivery obligations to the relevant Noteholder as described in the "*Terms and Conditions of the Notes*".

The Fiduciary shall not be liable for or otherwise obliged to pay (a) any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note or (b) any tax, duty, withholding or other payment which arises in respect of any payment due to the Fiduciary under any Fiduciary Assets and/or any Fiduciary Asset Agreements and all payments made by the Fiduciary shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

The Notes do not constitute direct debt obligations of UBS (Luxembourg) Issuer SA or any other entity belonging to the UBS Group (as defined in "*Information Concerning the Swap Counterparty - Description of UBS AG, London Branch*"), including UBS Europe SE, Luxembourg Branch (i.e. obligations that affect the personal estate of UBS (Luxembourg) Issuer SA) but are solely fiduciary obligations of the Fiduciary and may only be satisfied out of the Fiduciary Assets and/or Fiduciary Asset Agreements of the relevant Series. Such payment obligations are conditional upon the due and timely performance by each Fiduciary Asset Obligor (as defined in "*Terms and Conditions of the Notes – 4. Fiduciary Assets and the Fiduciary Contract*") of its obligations, including in respect of payments and deliveries, under the relevant Fiduciary Asset Agreements or Fiduciary Assets. A Noteholder has no direct right of action against any Fiduciary Asset Obligor (as defined in "*Terms and Conditions of the Notes – 4. Fiduciary Assets and the Fiduciary Contract*") to enforce its rights under the Notes or the obligations of the Fiduciary Asset Obligor under the relevant Fiduciary Assets and/or any Fiduciary Asset Agreements.

In respect of each Series, the relevant Fiduciary Assets and/or the relevant Fiduciary Asset Agreements and/or conditional delivery obligations to the Noteholders (as described in the "*Terms and Conditions of the Notes*") and all proceeds thereof and sums arising therefrom and all other assets of the relevant Series will not form part of the general assets of the Fiduciary but are exclusively reserved for the benefit of the creditors whose rights derive from such Series, including the Noteholders. If, in accordance with the Terms and Conditions of the Notes, the amounts receivable or received by the Fiduciary in respect of and/or the proceeds of realisation of, the Fiduciary Assets and/or the Fiduciary Asset Agreements are not sufficient to make all payments otherwise due in respect of the Notes, no other asset of the Fiduciary will be available to meet such shortfall and the Noteholders shall have no claims in respect of such shortfall.

The Fiduciary is not obliged to account to the Noteholders in respect of any fees or expenses paid in respect of its appointment as Fiduciary unless otherwise provided for in the "*Terms and Conditions of the Notes*". The Fiduciary may receive fees or reimbursement of expenses from other entity(ies) in the UBS Group.

The Fiduciary may deduct from any payments made by it to Noteholder(s) or, in the case of a redemption of a Note by physical delivery, from the amount used to calculate the Asset Amount (as defined in "*Terms and Conditions of the Notes – 6. Payments and Physical Delivery*"), a *pro rata* share of an amount that is necessary to indemnify and reimburse the Fiduciary against any charge, loss, liability, cost, claim, action, damage, expense, demand or any withholding or other tax (including, without limitation, legal fees, costs, commissions payable, any stamp, documentary, registration or similar duty or tax and expenses) which the Fiduciary may incur or which may be made against any of the Fiduciary, its Affiliates (as defined in "*Terms and Conditions of the Notes*"), or any of the Fiduciary's or its Affiliates' directors, officers, employees or agents as a result of, or arising out of, or in connection with the Notes or the relevant Fiduciary Contract and the transactions contemplated thereunder, including the entry into the Fiduciary Asset Agreements (if any), all as more fully set out in the "*Terms and Conditions of the Notes*".

The Fiduciary makes no representation or warranty and assumes no liability for or responsibility or obligation in respect of the legality, validity or enforceability of the Fiduciary Assets and/or the Fiduciary Asset Agreements, the performance and observance by any obligor of any of its obligations in respect of any of the Fiduciary Asset Agreements or the recoverability of any monies due or to become due under the Fiduciary Assets and/or the Fiduciary Asset Agreements.

By subscribing for, or otherwise acquiring, the Notes, the Noteholders are entitled to the benefit of, are bound by, and are deemed to have knowledge of, all of the provisions of the Fiduciary Asset Agreements, the Fiduciary Asset Disclosure Documents (if any) (as defined below), the Agency Agreement, the relevant Fiduciary Contract and the Terms and Conditions of the Notes and are deemed to have accepted expressly the Fiduciary Asset Agreements, the Fiduciary Asset Disclosure Documents (if any), the Agency Agreement, the relevant Fiduciary Contract and the Terms and Conditions of the Notes.

This Base Prospectus has not been approved as a prospectus or a base prospectus for the purposes of the Prospectus Regulation or the UK Prospectus Regulation and, accordingly, no offer to the public may be made and no admission to trading may be applied for on any market in the EEA or in the UK designated as a regulated market, in each case for the purposes of the Prospectus Regulation or the UK Prospectus Regulation, as applicable. Notes may only be issued under this Programme in circumstances where no prospectus is required to be published under the Prospectus Regulation (see "*Subscription and Sale*" below).

Details of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes, Fiduciary Assets (if any), Fiduciary Asset Agreements (if any), Fiduciary Asset Obligors (if any) and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will be set forth in the relevant Pricing Supplement which, with respect to Notes to be listed, will be delivered to the relevant stock exchange on or before the issue date of the Notes.

The language of the Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

The rating of certain Series of Notes to be issued under the Programme (if any) may be specified in the applicable Pricing Supplement.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "*Overview*" and any additional Dealer appointed under the Programme from time to time by the Fiduciary (each a "**Dealer**" and together the "**Dealers**"), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the "*relevant Dealer*" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

See "*Risk Factors*" for a discussion of certain factors to be considered in connection with an investment in the Notes.

If the Pricing Supplement includes a legend entitled "*Prohibition of sales to EEA Retail Investors*", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97, as amended (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014, as amended (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

If the Pricing Supplement includes a legend entitled "*Prohibition of sales to UK Retail Investors*", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The Pricing Supplement in respect of any Notes may include a legend entitled "*MiFID II Product Governance*" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any dealer subscribing for any Notes is a

manufacturer in respect of such Notes, but otherwise neither the Arranger nor any of its affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

The Pricing Supplement in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the UK MiFIR Product Governance Rules, any dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor any of its affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Unless otherwise stated in the applicable Pricing Supplement in respect of any Notes, all Notes issued or to be issued under the Programme shall be capital markets products other than prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

The Notes and, in certain cases, the securities (if any) to be delivered when the Notes are redeemed, have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the United States. Trading in the Notes has not been and will not be approved by the U.S. Commodity Futures Trading Commission (the "**CFTC**") under the U.S. Commodity Exchange Act, as amended (the "**CEA**") or by the U.S. Securities and Exchange Commission (the "**SEC**"). Further, no person has registered nor will register as a commodity pool operator of the Fiduciary or the Fiduciary Assets under the CEA and the rules thereunder (the "**CFTC Rules**"), and neither the Fiduciary nor any of the Fiduciary Assets have been registered nor will be registered as an investment company under the U.S. Investment Company Act of 1940, as amended (the "**Investment Company Act**"), nor under any other United States federal laws.

The Notes are being offered and sold in reliance on an exemption from the registration requirements of the Securities Act pursuant to Regulation S under the Securities Act (the "**Regulation S**"). Accordingly, no Notes, or interests therein, may at any time be offered, sold, resold, pledged, delivered or otherwise transferred, directly or indirectly, within the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, pledge, delivery, or transfer, directly or indirectly, within the United States or to, or for the account or benefit of, any U.S. person or under circumstances that will require the Fiduciary or the Fiduciary Assets to register as an "investment company" under the Investment Company Act or under circumstances that will require any person to register as a commodity pool operator of the Fiduciary or the Fiduciary Assets under the CEA and CFTC Rules. Terms used in this paragraph and not otherwise defined herein have the meaning given to them by Regulation S under the Securities Act. See "*Form of the Notes*" for a description of the manner in which Notes will be issued. The Notes are subject to certain restrictions on transfer; see "*Subscription and Sale and Transfer and Selling Restrictions*".

Neither this document nor any copy hereof may be sent, taken into or distributed in the United States or to any U.S. person or in any other jurisdiction except under circumstances that will result in compliance with the applicable laws thereof. This document may not be reproduced either in whole or in part, without the written permission of the Fiduciary.

As used in this Base Prospectus, unless otherwise specified, a "**U.S. person**" means a person that is any one or more of the following: (1) a "U.S. person" as defined in Regulation S, (2) a "U.S. person" as defined in the final rules promulgated pursuant to Section 15G of the Securities Exchange Act of 1934, as amended or (3) a person who comes within any definition of "U.S. person" for the purposes of the CEA or any rule, guidance or order proposed or issued by the CFTC thereunder (including but not limited to any person who is not a "Non-United States person" under CFTC Rule 4.7(a)(1)(iv) (excluding for purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons")) (any person who is not a "U.S. person" as defined immediately above, a "**Permitted Purchaser**").

Investors should review, inter alia, the most recently published documents incorporated by reference into this Base Prospectus when deciding whether or not to purchase any Notes.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Fiduciary and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Fiduciary or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area, the United Kingdom, the Hong Kong Special Administrative Region of the People's Republic of China, Singapore, Australia and Japan, see "Subscription and Sale and Transfer and Selling Restrictions".

*This Base Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area (each, a "**Relevant State**") must be made pursuant to an exemption under the Prospectus Regulation, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant State of Notes which are the subject of an offering contemplated in this Base Prospectus and the Pricing Supplement in relation to the Notes may only do so in circumstances in which no obligation arises for the Fiduciary or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Fiduciary nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Fiduciary or any Dealer to publish or supplement a prospectus for such offer.*

Notwithstanding anything to the contrary in any Programme document, all persons may disclose to any and all persons, without limitation of any kind, the United States federal, state and local tax treatment of the Notes and the Fiduciary, any fact relevant to understanding the United States federal, state and local tax treatment of the Notes and the Fiduciary, and all materials of any kind (including opinions or other tax analyses) relating to such United States federal, state and local tax treatment other than the names of the parties or any other person named herein, or information that would permit identification of the parties or other non-public business or financial information that is unrelated to the United States federal, state or local tax treatment of the Notes or the Fiduciary to the taxpayer and is not relevant to understanding the United States federal, state or local tax treatment of the Notes or the Fiduciary to the taxpayer.

In making an investment decision, investors must rely on their own examination of the Fiduciary, the Fiduciary Assets and/or the Fiduciary Asset Agreements and the terms of the Notes being offered, including the merits and risks involved and the Fiduciary accepts no responsibility in this respect. None of the Dealers or the Fiduciary makes any representation to any investor in the Notes regarding the legality of its investment under any applicable laws. Any investor in the Notes should be able to bear the economic risk of an investment in the Notes for an indefinite period of time.

NOTES MAY BE SUBJECT TO RESTRICTIONS ON TRANSFER AND RESALE AS DESCRIBED FURTHER IN THIS BASE PROSPECTUS.

SUMMARY OF THE BASE PROSPECTUS

This summary (the "Summary") contains all the information required to be included in a summary of a base prospectus pursuant to article 45 of the Swiss Federal Act on Financial Services of 15 June 2018, as the same may be amended from time to time (*Finanzdienstleistungsgesetz*; the "FinSA").

This Summary is relevant to and should be considered only with respect to notes (the "Notes") issued under the Programme and this base prospectus (the "Base Prospectus") that are (a) offered to the public in Switzerland pursuant to article 35 of the FinSA (except as specified under article 36(1) or article 37 of the FinSA) or (b) admitted to trading on a trading venue in accordance with article 26(a) of the Swiss Federal Act on Financial Market Infrastructures and Market Conduct in Securities and Derivatives Trading dated 19 June 2015, as the same may be amended from time to time ("Non-Exempt Swiss Notes").

The Summary is an introduction to and should be read together with the Base Prospectus as a whole.

Any decision to invest in the Notes should be based on consideration of the Base Prospectus in its entirety by the investor (including documents incorporated into the Base Prospectus by reference), and not on the Summary alone. In particular, each investor should consider the risk factors described in the Base Prospectus (including documents incorporated into the Base Prospectus by reference).

ANY LIABILITY FOR THE CONTENT OF THIS SUMMARY IS LIMITED TO CASES WHERE THE INFORMATION CONTAINED IN THIS SUMMARY IS MISLEADING, INACCURATE OR INCONSISTENT WHEN READ TOGETHER WITH THE OTHER PARTS OF THE BASE PROSPECTUS.

See "*Terms and Conditions of the Notes – 10. Acceleration Events*".

Following the occurrence of an Acceleration Event, the Notes will forthwith become due and repayable (See "*Terms and Conditions of the Notes – 10. Acceleration Events*").

Status of Notes and Limited Recourse:

The Fiduciary's obligations under the Notes rank equally and without preference among themselves.

The Notes do not constitute direct debt obligations of UBS (Luxembourg) Issuer SA or any other entity belonging to the UBS Group, including UBS Europe SE, Luxembourg Branch, i.e. obligations that affect the personal estate of UBS (Luxembourg) Issuer SA. The Notes are fiduciary obligations of the Fiduciary in accordance with the Law and may only be satisfied out of the Fiduciary Assets and/or Fiduciary Asset Agreements relating to the relevant Series of Notes. Such obligations are conditional upon the due and timely performance by each Fiduciary Asset Obligor of its obligations, including in respect of payments and deliveries, under the relevant Fiduciary Asset Agreements and/or the relevant Fiduciary Assets.

The entitlement of Noteholders to receive payments and/or deliveries under the Notes is entirely dependent upon the receipt by the Fiduciary of payments and/or deliveries, as the case may be, in respect of the Fiduciary Assets and/or the Fiduciary Asset Agreements.

No other assets of the Fiduciary will be available for payments of any amounts not received and/or deliveries of assets not delivered

under the relevant Fiduciary Asset Agreements or Fiduciary Assets and any shortfall will be borne exclusively by the Noteholders.

Negative Pledge/Restrictions: The terms of the Notes will not contain a negative pledge provision.

Cross Default: The terms of the Notes will not contain a cross default provision.

Withholding Tax: The Fiduciary shall not be liable for or otherwise obliged to pay (a) any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note or (b) any tax, duty, withholding or other payment which arises in respect of any payment due to the Fiduciary under any Fiduciary Assets and all payments made by the Fiduciary shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

In such circumstances the Fiduciary may elect to early redeem the Notes pursuant to Condition 7(b).

Liabilities: The Fiduciary may deduct from any payments made by it to Noteholder(s) or, in the case of a redemption of a Note by physical delivery, from the amount used to calculate the Asset Amount, a *pro rata* share of an amount which is necessary to indemnify and reimburse the Fiduciary against any charge, loss, liability, cost, claim, action, damage, expense, demand or any withholding or other tax (including, without limitation, legal fees, costs, commissions payable, any stamp, documentary, registration or similar duty or tax and expenses) which the Fiduciary may incur or which may be made against any of the Fiduciary, its Affiliates, or any of the Fiduciary's or its Affiliates' directors, officers, employees or agents as a result of, or arising out of, or in connection with the Notes or the relevant Fiduciary Contract and the transactions contemplated thereunder, including entry into the Fiduciary Asset Agreements (if any).

Fungible Issues: Unless otherwise provided in the applicable Pricing Supplement the Fiduciary may from time to time issue further Notes of any Series on the same terms as existing Notes and on terms that such further Notes shall be consolidated and form a single series with such existing Notes of the same Series.

Governing Law of Notes: Luxembourg law and in particular the Luxembourg act dated 27 July 2003 relating to trust and fiduciary contracts, as amended.

Listing and admission to trading: Notes may be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Euro MTF Market (the Euro MTF Market is not a regulated market pursuant to the provisions of MiFID II). In addition or as an alternative, the Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or markets as agreed by the Fiduciary and the relevant Dealer (other than in respect of an admission to trading on any market in the EEA or in the UK which

has been designated as a regulated market for the purposes of the Prospectus Regulation or the UK Prospectus Regulation, as applicable) as may be specified in the applicable Pricing Supplement, and references to listing shall be construed accordingly. The applicable Pricing Supplement will, if relevant, include information on the relevant market segment of the stock exchange on which the Notes are to be listed. A Series of Notes may be unlisted.

Selling and Transfer:

There are restrictions on the offer or sale of Notes and the distribution of offering material – see the section headed "*Subscription and Sale and Transfer Restrictions*" herein. The applicable Pricing Supplement in relation to the Notes of a particular Series or Tranche may contain additional or other restrictions on the offer or sale of, or grant of a participation in, Notes of the relevant Series or Tranche.

RISK FACTORS

There are risks associated with an investment in Notes. Purchasers of Notes should ensure that they fully understand the nature of the Notes, as well as the extent of exposure to risks associated with an investment in the Notes and Noteholders should consider the suitability of an investment in the Notes in light of each Noteholder's own particular financial, fiscal and other circumstances. Noteholders should be aware that the Notes may decline in value and must be prepared to sustain a total loss of investment in the Notes.

UBS AG, acting through its London Branch in its capacity as Arranger believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the failure of the Fiduciary to pay interest, principal or other amounts on or in connection with any Notes may occur or arise for other reasons which may not be considered significant risks by the Fiduciary or the Arranger based on information currently available to them or which they may not currently be able to anticipate and there may be other factors which are material to the market risks associated with the Notes. Purchasers of Notes should also consider all other relevant market and economic factors, and their own personal circumstances. The Pricing Supplement in respect of a Series of Notes may contain additional Risk Factors in respect of such Series. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Terms used in this section and not otherwise defined shall have the meanings given to them in the Conditions.

Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in this Base Prospectus or any applicable supplement and all the information contained in the applicable Pricing Supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes for an indefinite period of time;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate

how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The tax consequences for each investor in the Notes can be different and therefore investors are advised to consult with their tax advisers as to their specific consequences. However, investors should note that under Luxembourg law the Fiduciary is not regarded as the beneficial owner of the Fiduciary Assets. Therefore, it is possible that the Noteholders' tax treatment will depend on the type of income and gains arising from the Fiduciary Assets and the Noteholders' proportionate share of such income and gains. The Fiduciary has no obligation to enquire as to the tax residence or status of the holder of any of the Notes or the tax treatment of such income and gains in the hands of such holders. In particular, the Fiduciary will not be obliged to make any application for treaty relief or claim a refund of tax in relation to tax withheld at source in relation to such income and gains or to record or report the type of income and gains arising on Fiduciary Assets.

General

Purchasers of Notes should conduct such independent investigation and analysis regarding the Fiduciary, the Fiduciary Assets, the Notes, each party to any Swap Agreement or other Fiduciary Asset Agreements entered into in respect of any Notes and all other relevant market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Notes. The Dealer disclaims any responsibility to advise purchasers of Notes of the risks and investment considerations associated with the purchase of the Notes as they may exist at the date hereof or from time to time hereafter. However, as part of such independent investigation and analysis, prospective purchasers of Notes should consider all the information set forth in this Base Prospectus or any applicable supplement and all the information contained in the applicable Pricing Supplement, including the considerations set forth below.

Legality of purchase

None of the Fiduciary, the Agents, the Dealer(s) or any of their respective Affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective purchaser of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

However, notwithstanding the lawfulness of any acquisition of the Notes, sales or transfers of Notes that would cause the Fiduciary or any Fiduciary Assets to be required to register as an "investment company" under the Investment Company Act will be void *ab initio* and will not be honoured by the Fiduciary and, where a Note is held by or on behalf of a U.S. Person unless otherwise provided in the relevant Pricing Supplement in respect of a Series, the Fiduciary may, in its discretion and at the expense and risk of such holder, (i) redeem such Notes, in whole or in part, or (ii) compel any such holder to transfer the Notes, or transfer the Notes on behalf of the Noteholder, to a person that is a non-U.S. Person outside the United States.

Taxation

The tax consequences for each investor in the Notes can be different and therefore potential investors are advised to consult with their tax advisers as to their specific consequences. However, investors should note that under Luxembourg law the Fiduciary is not regarded as the economic and beneficial owner of the Fiduciary Assets. Therefore, it is possible that the Noteholders' tax treatment will depend on the type of income and gains arising from the Fiduciary Assets and the Noteholders' proportionate share of such income and gains. The Fiduciary has no obligation to inquire as to tax residence or status of the holder of any of the Notes or the tax treatment of such income and gains in the hands of such holders.

Under Condition 8(a), the Fiduciary shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which arises in relation to transactions involving the Notes or any payment due to the Fiduciary under the Fiduciary Assets. All payments made by the Fiduciary shall be made subject to any such tax, duty, withholding or other payment. The Fiduciary will not be obliged to make any application for treaty relief or claim a refund of tax in relation to any tax withheld at source in relation to any income and gains. Investors should note the provisions of Condition 8. In such circumstances, the Fiduciary may elect to early redeem the Notes pursuant to Condition 7(b).

Anti-Tax Avoidance Directive

The Anti-Tax Avoidance Directive ("**ATAD**") was adopted as Council Directive (EU) 2016/1164 on 12 July 2016 and a second directive amending ATAD was adopted as Council Directive (EU) 2017/952 on 29 May 2017 ("**ATAD 2**"). ATAD has been implemented into Luxembourg law with effect as of 1 January 2019 and most of the provisions of ATAD 2 have been implemented into Luxembourg law with effect as of 1 January 2020, with most provisions applicable as of that date. It is possible that ATAD and ATAD 2 may affect the tax treatment of the Fiduciary / and or the Notes.

U.S. Dividend Equivalent Withholding

Section 871(m) of the Code causes a 30% withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met (such instruments, "**Specified Securities**"). If the Fiduciary or any withholding agent determines that withholding is required, neither the Fiduciary nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "*Taxation - U.S. Dividend Equivalent Withholding*".

For purposes of withholding under U.S. rules commonly known as the U.S. Foreign Account Tax Compliance Act, or FATCA, Specified Securities are subject to a different grandfathering rule than other Notes. Prospective investors should refer to the section "*Taxation - Foreign Account Tax Compliance Act*".

Financial Transactions Tax

On 14 February 2013, the European Commission issued proposals (the "**Commission's Proposal**") for a Directive for a common financial transaction tax ("**FTT**") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**"). Estonia has since stated that it will not participate. The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

Joint statements issued by Participating Member States indicated an intention to implement the FTT by 1 January 2016, but the implementation has since been delayed.

The FTT proposal remains subject to negotiation between the Participating Member States and the scope of any such tax is uncertain. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Early Redemption and Risks Relating to the Fiduciary Assets

The Notes may be subject to early redemption prior to their scheduled maturity and this will mean Noteholders may receive a return (if any) on their investment in the Notes earlier than scheduled. The following circumstances, together with any other events set out in the applicable Pricing Supplement may lead to an early redemption of the Notes:

- (i) the occurrence of certain adverse tax events;
- (ii) the occurrence of an Illegality/Regulatory Event;
- (iii) the occurrence of an Administrator/Benchmark Event;
- (iv) the occurrence of an Early Extinction of a Fiduciary Contract Event;
- (v) an early redemption at the option of the Fiduciary or a Noteholder (although it should be noted that a Fiduciary Asset Settlement pursuant to Condition 7(h) may only be exercised by 100% of Noteholders and may lead to a cash settlement and will be subject to deduction of Global Unwind Costs and potentially also the Selling Agent Settlement Fee (each as described in Condition 7(h));
- (vi) an Acceleration Event (as defined in Condition 10 ("*Acceleration Events*")); or
- (vii) the occurrence of certain events or circumstances in respect of any Reference Item or Reference Item linked Notes, in the case of Reference Item linked Notes.

In such circumstances, the Fiduciary Assets will be subject to realisation in accordance with the Conditions.

In relation to Condition 7(h) (*Fiduciary Asset Settlement*), Noteholders should be aware that this may only be triggered by 100 per cent. of Noteholders acting together who must specify a single nominee for delivery of the Fiduciary Assets and must also pay relevant delivery expenses and taxes. In addition a portion of Fiduciary Assets will be applied to meeting a Global Unwind Cost of the Fiduciary and its Affiliates. Delays may result in the delivery of Fiduciary Assets (including where a Fiduciary Asset Settlement Disruption Event or relevant Swap Agreement Disruption occurs) and this may continue for a long period of time with no amounts being paid in the meantime. Finally, the Selling Agent at its option may require a cash realisation of Fiduciary Assets and will itself seek to realise the Fiduciary Assets for which it will be paid a significant Selling Agent Settlement Fee (to be deducted from Fiduciary Asset and Fiduciary Asset Agreement realisation proceeds). Considering the financial incentive, the Selling Agent is likely to require a cash realisation of Fiduciary Assets, meaning that Noteholders would receive a cash payment instead of the requested delivery of the Fiduciary Assets.

Realisation of the Fiduciary Assets

The Fiduciary Assets relating to any Notes will be subject to a variety of risks including credit, liquidity and interest rate risks, as well as changing market and macroeconomic conditions. In the event of an insolvency of a Fiduciary Asset Obligor, various insolvency and related laws applicable to such Fiduciary Asset Obligor may (directly or indirectly) limit the amount the Fiduciary may recover in respect of such Fiduciary Assets.

Subject as provided in the terms of the Notes, if Notes redeem other than on their Maturity Date, the Fiduciary Assets relating thereto will be sold or otherwise realised (except where otherwise transferred in accordance with the Conditions). Noteholders should be aware that they may be exposed to fluctuations in the market price of the Fiduciary Assets. There can be no assurance as to the amount of proceeds of any sale or realisation of such Fiduciary Assets as the market value of such Fiduciary Assets will be affected by a number of factors including the creditworthiness and financial condition of the Fiduciary Asset Obligor, volatility of financial markets, general economic conditions, domestic and international political events, trends in a particular industry, interest rates, yields and foreign exchange rates, the time remaining to the scheduled maturity of the Fiduciary Assets and the liquidity of the Fiduciary Assets.

The price at which such Fiduciary Assets are sold or realised may therefore be at a substantial discount to the market value of the Fiduciary Assets on the issue date and the proceeds of any such sale or realisation when taken together with the proceeds of termination of any related Swap Agreement and any other assets available to the Fiduciary that relate to the relevant Series of Notes may not be sufficient, following deduction of amounts to be paid to prior ranking claimants in accordance with the Conditions, to repay the full amount of principal of and interest on the relevant Notes that the holders of such Notes would expect to receive in the event that the Notes were redeemed in accordance with their terms on their Maturity Date.

If a maturity liquidation is specified in the applicable Pricing Supplement or where the Notes are to be redeemed other than on the Maturity Date (unless otherwise specified in the applicable Conditions), the Selling Agent (as defined below) is generally required to sell or otherwise liquidate the Fiduciary Assets. The Selling Agent is permitted to sell all or any part of the Fiduciary Assets at any time or at different times during the relevant period or in stages in respect of smaller portions, and shall have no responsibility or liability for any higher price that could have been obtained had such sale taken place at a different time during such specified period.

NOTEHOLDERS SHOULD RECOGNISE THAT NOTEHOLDERS BEAR A RISK OF A DEFAULT OF THE FIDUCIARY ASSETS AS WELL AS ANY DECLINE IN VALUE OF THE FIDUCIARY ASSETS. IF THE VALUE OF ANY FIDUCIARY ASSETS HAS DECLINED SINCE THE DATE OF PURCHASE, THE NOTES MAY DECLINE IN VALUE AND NOTEHOLDERS SHOULD BE PREPARED TO SUSTAIN A TOTAL LOSS OF NOTEHOLDERS' INVESTMENT IN THE NOTES.

Illiquid Fiduciary Assets

The Fiduciary Assets may comprise or include privately placed, unlisted securities or domestic securities or other assets including, without limitation, interests in loans, swaps or other agreements which are not admitted to any trading market and which are not readily realisable.

Credit Risk of Counterparties

The Fiduciary Assets in relation to a Series of Notes are limited to the claims of the Fiduciary against Fiduciary Asset Obligors in respect of that Series of Notes.

Information in respect of the Fiduciary Assets

No investigations, searches or other enquiries have been or will be made by or on behalf of the Fiduciary in respect of the Fiduciary Assets (if any) relating to any Series of Notes. No representations or warranties, express or implied, have been given by the Fiduciary or the Arranger or any other person on their behalf in respect of the Fiduciary Assets relating to any Series of Notes.

Fiduciary Contract

- (1) Any Fiduciary Contract on the terms described herein will be a fiduciary contract governed by the Law and will be evidenced by each Note. The rights of a Noteholder under the Fiduciary Contract and certain duties, rights, powers and discretions of the Fiduciary will be as provided in the terms and conditions set out herein under "*Terms and Conditions of the Notes*". The Fiduciary Assets and all proceeds thereof and sums arising therefrom and all other assets of the relevant Series will not form part of the general assets of the Fiduciary, but are exclusively reserved for the benefit of the creditors whose rights derive from such Series, including the Noteholders. They may be attached only by persons whose rights exist as a result of the creation and existence of the Fiduciary Assets. If, in accordance with the Terms and Conditions, the amounts received by the Fiduciary in respect of, and/or the proceeds of realisation of, the Fiduciary Assets are not sufficient to make any payments otherwise due in respect of the Notes, no other assets of the Fiduciary will be available to meet such shortfall and Noteholders shall have no claims in respect of any such shortfall.
- (2) All payments to be made by the Fiduciary in respect of the Notes will only be due and payable from and to the extent of the sums received or recovered from time to time by or on behalf of the Fiduciary in respect of the Fiduciary Assets.
- (3) Each holder of Notes, by subscribing for or purchasing such Notes, will be deemed to accept and acknowledge that it is fully aware that:
 - (i) the holders of the Notes shall look solely to the sums referred to in paragraph (1), as applied in accordance with paragraphs (1) and (2) above (the "**Relevant Sums**"), for payments to be made by the Fiduciary in respect of Notes,
 - (ii) the obligations of the Fiduciary to make payments in respect of the Notes will be limited to the Relevant Sums and the holders of the Notes shall have no further recourse to the Fiduciary (or any of its other rights, assets or properties) in respect of the Notes; and
 - (iii) the Fiduciary may deduct from any payments made by it to Noteholder(s) or, in the case of a redemption of a Note by physical delivery, from the amount used to calculate the Asset Amount, a pro rata share of an amount which is necessary to indemnify and reimburse the Fiduciary against any charge, loss, liability, cost, claim, action, damage, expense, demand or any withholding or other tax (including, without limitation, legal fees, costs, commissions payable, any stamp, documentary, registration or similar duty or tax and expenses) which the Fiduciary may incur or which may be made against any of the Fiduciary, its Affiliates, or any of the Fiduciary's or its Affiliates' directors, officers, employees or agents as a result of, or arising out of, or in connection with the Notes or the relevant Fiduciary Contract and the transactions contemplated thereunder, including entry into the Fiduciary Asset Agreements (if any), and the rights of the Noteholders to be paid amounts due under the Notes may be subordinated to other parties including the Swap Counterparty, all as more fully set out in the "*Terms and Conditions of the Notes*".
- (4) Under the Law, Noteholders have no direct right of action against any Fiduciary Asset Obligor to enforce their rights under the Notes or to compel any Fiduciary Asset Obligor to comply with its obligations under the Fiduciary Asset Agreements or in relation to the Fiduciary Assets, even in the case of the Fiduciary's failure to act or the insolvency of the Fiduciary. However, if, under the Fiduciary Assets and/or Fiduciary Asset Agreements, the Fiduciary is entitled and, furthermore, has, pursuant to the relevant Fiduciary Contract, become obliged to take legal action against a Fiduciary Asset Obligor and has failed to take such action within a reasonable time, then (if and to the extent such failure is continuing), the Noteholders are entitled to

institute indirect legal action (*action oblique*) in accordance with the relevant provisions of the Luxembourg civil code against the Fiduciary Asset Obligor *in lieu* of the Fiduciary and on its behalf.

Risks Relating to the Notes

No Secondary Market

No secondary market is expected to develop in respect of the Notes. Accordingly, the purchase of Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and the financial and other risks associated with the Notes. Investors must be prepared to hold the Notes for an indefinite period of time or until final maturity.

Even if a Series of Notes is listed on the Official List of the Luxembourg Stock Exchange or on any other stock exchange, it is not possible to predict if and to what extent a secondary market may develop in any Notes or at what price any Notes will trade in the secondary market or whether such market will be liquid or illiquid. If such Notes are listed, no assurance is given that any such listing or quotation will be maintained. The fact that any Notes may be so listed or quoted does not necessarily lead to greater liquidity than if they were not so listed or quoted.

If a Series of Notes is not listed or traded on any exchange, pricing information for such Notes may be more difficult to obtain and the liquidity of such Notes may be adversely affected. The more limited the secondary market is, the more difficult it may be for holders of the Notes to realise value for the Notes prior to the maturity date.

The Arranger may, but is not obliged to, at any time purchase Notes at any price in the open market or by tender or private agreement. Any Notes so purchased may be held or resold or surrendered for cancellation. Since the Arranger may be the only market-makers in the Notes of a Series, the secondary market may be limited.

Furthermore, the liquidity of such Notes may also be affected by restrictions on offers and sales of such Notes in some jurisdictions.

Limited recourse and non-petition

Claims against the Fiduciary by the Noteholders of a Series and by the Swap Counterparty will be limited to the Fiduciary Assets and the Fiduciary Asset Agreements relating to such Series. The proceeds of realisation of such Fiduciary Assets may be less than the sums due to the Noteholders and the Swap Counterparty. Any shortfall will be borne by the Noteholders and by the Swap Counterparty in accordance with the method specified in the applicable Pricing Supplement. Each Noteholder, by subscribing for or purchasing such Notes, will be deemed to accept and acknowledge that it is fully aware that, in the event of a shortfall, (i) the Fiduciary shall be under no obligation to pay, and the other assets (if any) of the Fiduciary including, in particular, assets underlying other Series of Notes will not be available for payment of, such shortfall, (ii) all claims in respect of such shortfall shall be extinguished, and (iii) the Noteholders and the Swap Counterparty shall have no further claim against the Fiduciary in respect of such unpaid amounts and will accordingly not be able to petition for the winding up of the Fiduciary as a consequence of such shortfall.

The Notes of each Series do not constitute direct debt obligations of UBS (Luxembourg) Issuer SA or any other entity belonging to the UBS Group, including UBS Europe SE, Luxembourg Branch, i.e. obligations that affect the personal estate of UBS (Luxembourg) Issuer SA, but are solely fiduciary obligations of the Fiduciary in accordance with the Law and may only be satisfied out of the Fiduciary Assets and/or Fiduciary Asset Agreement of the relevant Series. Such obligations are conditional upon the due and timely performance by each Fiduciary Asset Obligor of its obligations, including in respect

of payments and deliveries, under the relevant Fiduciary Asset Agreements and/or the relevant Fiduciary Assets. Furthermore, they are not obligations of, or guaranteed in any way by, any Dealer(s).

Secured Creditors

If it is specified in the applicable Pricing Supplement that the Fiduciary has granted or will grant in favour of a Fiduciary Asset Obligor a security interest over the Fiduciary Assets or the rights under the Fiduciary Asset Agreements, payments and/or deliveries to the Noteholders under the Notes may be delayed if such secured creditor starts proceedings to enforce its security interest and /or enforces the relevant security interest for an amount exceeding the amount of its claim, in which case the Fiduciary would have to recover such excess.

Impact of Increased Regulation

The events since 2007 have seen increased involvement of governmental and regulatory authorities in the financial sector and in the operation of financial institutions. In particular, governmental and regulatory authorities in a number of jurisdictions have imposed stricter regulatory controls around certain financial activities and/or have indicated that they intend to impose such controls in the future. The United States of America, the European Union, the United Kingdom and other jurisdictions are actively considering or are in the process of implementing various reform measures.

Such continued regulatory changes and the method of their implementation may have a significant impact on the operation of the financial markets. It is uncertain how a changed regulatory environment will affect transaction parties.

If there is a change in the regulatory environment, or a transaction party reasonably anticipates an imminent change in the regulatory environment, that in each case has or is likely to have the effect of altering such party's compliance requirements in respect of any of the transactions under any Fiduciary Asset Agreement in a manner which, in such party's reasonable judgement, materially increases or is likely to materially increase (as the case may be), the regulatory burden on such party, such party may seek to exercise a right to terminate (if any) such Fiduciary Asset Agreement where such Fiduciary Asset Agreement provides for such a right of termination.

Regulatory Risk

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the financial industry. This has resulted in a raft of measures (some of which are outlined below) for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the Fiduciary and/or the Notes.

(a) U.S. Dodd-Frank Act

The U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted on 21 July 2010 (the "**Dodd-Frank Act**") has and will continue to significantly increase the U.S. regulation of the financial services industry. This legislation, among other things: (a) established a Financial Stability Oversight Council (the "**FSOC**") to oversee systemic risk, and provides regulators with the power to require companies deemed "systemically important" to sell or transfer assets and terminate activities if the regulators determine that the size or scope of activities of the company pose a threat to the safety and soundness of the company or the financial stability of the United States; and (b) requires covered entities to provide a credible plan for resolution under the Bankruptcy Code, and provides sanctions that include divestiture of assets or restructuring in the event the plan is deemed insufficient.

In the U.S., the Department of the Treasury, SEC, the FSOC, the CFTC, the Federal Reserve Board, the Office of the Comptroller of the Currency, the Consumer Financial Protection Bureau and the Federal Deposit Insurance Corporation have been, or are, engaged in extensive rule-making mandated by the Dodd-Frank Act that may affect the Fiduciary or the Notes.

In particular, in addition to the regulations referred to above affecting the financial services industry generally, Title VII of the Dodd-Frank Act ("**Title VII**") imposes a new regulatory framework on swap transactions (which are regulated by the CFTC) and security-based swap transactions (which are regulated by the SEC). Many of the key regulations implementing Title VII's regulation of swap transactions are already effective or are in final form. However, in some instances, the interpretation and potential impact of these swaps regulations is not yet entirely clear. The rules and guidance surrounding the application of Title VII outside of the U.S. – continue to be amended and refined on an ongoing basis. In particular, some of the swap regulations could make it more expensive, more difficult, or potentially even impracticable, for the Fiduciary to enter into, replace, novate or amend the terms of certain swap agreements. These include regulations that require certain swap transactions to be cleared on a derivatives clearing organization and regulations that require swap dealers to collect initial and variation margin for many uncleared swap transactions. In addition, it is possible that compliance with other emerging regulations could result in the imposition of higher administration expenses on the Fiduciary.

Prospective investors should be aware that the regulatory risks associated with the Dodd-Frank Act are material and that the Fiduciary and the Notes could be adversely affected thereby. As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by the Dodd-Frank Act and the rules to be promulgated thereunder in making any investment decision in respect of the Notes.

On 10 December 2013, U.S. regulators released the final version of the rules implementing Section 619 of the Dodd-Frank Act (the "**Volcker Rule**"), which regulates "banking entities" (broadly defined to include U.S. banks and bank holding companies and many non-U.S. banking entities, together with their respective subsidiaries and other affiliates). The Volcker Rule generally prohibits banking entities from (i) engaging as principal in proprietary trading activities, (ii) acquiring or retaining an ownership interest in or sponsoring a "covered fund" and (iii) entering into certain relationships with such funds, subject to certain exceptions and inclusions. None of the parties has made any determinations or provides any assurances as to the covered fund status of the Fiduciary under the Volcker Rule. Any prospective investor in the Notes, including a bank or a subsidiary or other affiliate thereof, should consult its own legal advisors regarding the Volcker Rule and its effects.

(b) European Market Infrastructure Regulation

Regulation (EU) No 648/2012 of the European Parliament and Council on OTC Derivatives, Central Counterparties and Trade Repositories dated 4 July 2012, as amended ("**EMIR**") came into force on 16 August 2012. A number of delegated and implementing regulations, as amended and supplemented from time to time, which complement EMIR, are legally binding and directly applicable in Luxembourg.

Luxembourg treatment of EMIR

The Luxembourg act dated 15 March 2016 on OTC derivatives, central counterparties and trade repositories and amending different laws relating to financial services, as amended (the "**OTC Derivatives Act 2016**") implements certain provisions of EMIR and lays down the powers of supervision, intervention, inspection, investigation and sanction granted to the CSSF and the Luxembourg insurance sector supervisory authority (the *Commissariat aux assurances*) (the

“CAA”) as national competent authorities for the implementation of EMIR. In Luxembourg, EMIR is further complemented by, among others, the CSSF Circular 13/557, which clarifies certain provisions of EMIR and the CSSF Circular 19/723 which clarifies the definitions of 'commodity derivatives' under MiFID II used in EMIR, the CSSF Circular 20/739 concerning the orientations of the European Securities and Markets Authority (“ESMA”) for reporting obligations under Regulation (EU) 2015/2365 which have an impact on certain EMIR obligations and the CSSF Circular 20/761 on liquidity risks arising from margin calls.

EMIR was amended by, among others, Regulation (EU) No 2019/834 (“EMIR Refit 2.1”) which came into force on 17 June 2019.

EMIR (as amended by EMIR Refit 2.1., and as complemented by its delegated and implementing regulations), establishes certain regulatory requirements for counterparties (depending on their counterparty categorisation) to derivatives contracts including (i) a mandatory clearing obligation for certain classes of OTC derivatives contracts (the “**Clearing Obligation**”); (ii) collateral exchange, daily valuation and other risk mitigation requirements for OTC derivatives contracts not subject to clearing (the “**Risk Mitigation Requirements**”); and (iii) certain reporting requirements. In general, the application of such regulatory requirements in respect of derivatives contracts entered into by the Fiduciary will depend on the classification of the counterparties to such derivative transaction.

EMIR counterparty classification

EMIR imposes different obligations on entities classified as: (i) financial counterparties (“FCs”) (which, following changes made by EMIR Refit 2.1, includes a sub-category of small FCs (“SFCs”)), and (ii) non-financial counterparties (“NFCs”). The category of “NFC” is further split into: (i) non-financial counterparties above the “clearing threshold” (“NFC+s”), and (ii) non-financial counterparties below the “clearing threshold” (“NFC-s”). FCs other than SFCs and NFC+ entities may be subject to the Clearing Obligation; FCs and NFC+, to the extent that the relevant derivatives transactions are not subject to the Clearing Obligation, may be subject to obligations such as the collateral exchange obligation and the daily valuation obligation under the Risk Mitigation Requirements. Such obligations do not apply to NFC-entities.

The counterparty classification under EMIR is to be assessed at the time at which the Fiduciary enters into contracts in respect of any OTC derivative transaction in connection with any Series of Notes. Although it is expected that an NFC- classification will apply to the relevant entity being covered under such contracts, it cannot be ruled out that this may change and, should a classification of NFC+ be determined, this may result in the application of the Clearing Obligation or the collateral exchange obligation and the daily valuation obligation under the Risk Mitigation Requirements (although it seems unlikely that any derivatives contract entered into by the Fiduciary would be a relevant type of OTC derivative contract that would be subject to the Clearing Obligation under the relevant EMIR implementing measures made to date given the level of standardisation of OTC derivatives subject to the Clearing Obligation). It should also be noted that the collateral exchange obligation should not apply in respect of any derivatives contract entered into prior to the relevant application date for the relevant collateral exchange requirements under EMIR unless such a derivatives contract is materially amended on or after that date.

Collateral exchange obligation

If the relevant EMIR classification changes to NFC+ and, to the extent relevant, one or more of the derivatives contracts comprised in the Fiduciary Asset Agreements is regarded to be in-scope of the Collateral Obligation or other Risk Mitigation Requirements, then such derivatives

contract entered into or materially amended at a relevant time may become subject to the Clearing Obligation or (more likely) to the collateral exchange obligation under the Risk Mitigation Requirements. In such case, initial margin ("IM") and variation margin ("VM") may be required to be posted.

The requirement to post IM and VM will not be applicable to physically settled foreign exchange forwards and swaps. Currency swaps will also be exempt from the requirement to post IM. The requirement to post IM will also not be applicable if one or both counterparties have (or belong to a group which has) an aggregate average notional amount ("AANA") of non-centrally cleared OTC derivatives that is below EUR 8 billion. The AANA threshold is calculated as the average of the total gross notional amount that is recorded on the last business day of March, April and May of the preceding year and includes intra-group contracts.

It is not currently possible to conclude with certainty whether the derivatives contracts entered into by the Fiduciary will be in scope of the requirement to post IM. Such requirement will not be applicable in the event that an NFC-classification applies to the relevant entity being covered under such derivatives contract.

IM must be provided on a gross basis and within the same business day of the calculation date and only certain types of "eligible collateral" may be accepted as IM as provided for in Commission Delegated Regulation (EU) No 2016/2251 supplementing EMIR with regard to regulatory technical standards for risk-mitigation techniques for OTC derivative contracts not cleared by a central counterparty (the "**Margin RTS**").

IM and VM documentation requirements such as separate custody arrangements relating to the safekeeping and valuation of the posted collateral might also be applicable, imposing further costs on the Fiduciary. In order to protect the posted collateral under the IM obligation from the insolvency of the Fiduciary's trade counterparty, IM is required to be segregated on the books or records of a third party holder or custodian or via other legally binding arrangements and must be freely transferable to the Fiduciary in a timely manner in case of the default of the counterparty. The legal arrangements and holding structure must allow access to the received collateral where it is being held by a third party. IM arrangements must further be structured as security collateral arrangements (i.e. the Fiduciary would create a security interest over the collateral in favor of the counterparty).

IM may be substituted if certain conditions are met, namely, (i) the substitution is made in accordance with the contractual terms agreed between the parties, (ii) the alternative collateral qualifies as "eligible collateral" and (iii) the value of the collateral is sufficient to meet IM requirements after applying relevant haircuts in accordance with EMIR.

Risks for investors

Prospective investors should note that there is some uncertainty with respect to the ability of the Fiduciary to comply with these obligations if applicable, which may (i) lead to regulatory sanctions, (ii) adversely affect the ability of the Fiduciary to continue to be party to the relevant derivatives contracts (possibly resulting in a restructuring or termination of such derivatives contracts) or to enter into such derivatives contracts and/or (iii) significantly increase the cost of such arrangements, thereby negatively affecting the ability of the Fiduciary to hedge certain risks. As a result, the amounts available to the Fiduciary to meet its obligations may be reduced, which may in turn result in investors receiving less interest or principal than expected.

It is not currently possible to conclude with certainty whether the Fiduciary will be subject to such requirements or obligations. However, irrespective of becoming subject to such requirements or obligations, and irrespective of it becoming necessary to amend or replace

derivative transactions into which the Fiduciary enters, the Fiduciary may in any event have to bear certain costs or fees arising out of steps it is required to take to comply with the requirements of EMIR.

It should also be noted that further changes may be made to the EMIR framework in the context of the EMIR review process, including in respect of counterparty classification, no assurances can be given that any such changes would not (amongst other things) cause the determined status to change to NFC+ and lead to the potentially adverse consequences outlined above.

Investors should be aware of the risk that the requirements of EMIR may result in the Notes being redeemed early, possibly at an amount less than invested, where an Illegality/Regulatory Event occurs. The Fiduciary expects to enter into agreements, which do not amend or modify the terms of any Notes, with the Swap Counterparty or third parties in order to facilitate compliance with EMIR.

There may also be changes to the regulatory framework, interpretation and/or practice in jurisdictions outside the EU, which may be similar in effect and application to the changes applying as a result of EMIR. Such changes may have a significant impact on the operation of the financial markets and may also affect the value of the Notes.

Potential investors in the Notes should take independent advice and make an independent assessment about these risks in the context of any potential investment decision with respect to the Notes.

(c) SFTR

Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 ("**SFTR**"), along with its supplementing and implementing regulations, as amended from time to time, aims to increase the transparency of securities financing transactions (encompassing repurchase transactions, securities or commodities lending or borrowing, buy-sell back or sell-buy back transactions or margin lending transactions, all as defined in the SFTR, each an "**SFT**"). SFTR is legally binding and directly applicable in Luxembourg when a Luxembourg-established counterparty like the Fiduciary enters into an SFT.

The Fiduciary may enter into such SFTs with counterparties under the Fiduciary Asset Agreements.

Luxembourg treatment of the SFTR

The Luxembourg act dated 6 June 2018 on transparency of SFT and of reuse (the "**SFTR Act 2018**") implements certain provisions of SFTR and lays down the sanction powers granted to the CSSF and the CAA (as regards insurance and re-insurance counterparties) as national competent authorities for the implementation of the SFTR sanction powers in Luxembourg.

SFTR provides, among others, that, when the Fiduciary enters into an SFT, (i) details of SFTs are to be reported to an approved Trade Repository in accordance with Article 4 of SFTR and (ii) the Fiduciary and its counterparty are required to comply with specific rules on reuse of financial instruments received under a collateral arrangement entered into as part of the SFT, as provided under Article 15 of SFTR.

It is expected that the legal liability and responsibility for the reporting obligations in respect of SFTs entered into by the Fiduciary with a counterparty will fall on the other counterparty if

(i) the latter qualifies as an FC (as defined above) established in the EU and (ii) the Fiduciary does not exceed the limits of at least two of the three criteria laid down in Article 3(3) of Directive 2013/34/EU of the European Parliament and of the Council.

The conditions on reuse of financial instruments received by a counterparty as collateral in an SFT apply to FCs and NFCs

The Fiduciary shall keep a record of any SFT that it has concluded, modified or terminated for at least five years following the termination of the transaction.

Risks for investors

If the Fiduciary failed to comply with the various obligations applicable to it under the SFTR, the Fiduciary may be subject to regulatory sanctions as imposed by the CSSF. The CSSF may, among others, issue a stop order, temporarily ban persons discharging managerial responsibilities with the Fiduciary, and issue a monetary fine, resulting in the amounts available to the Fiduciary to meet its obligations being reduced, which may in turn result in investors receiving less interest or principal than expected.

- (d) The European Union Directive on Alternative Investment Fund Managers (EU Directive 2011/61/EU)

The EU Directive 2011/61/EU on Alternative Investment Fund Managers (the "**AIFMD**"), which became effective on 22 July 2013, as amended from time to time, provides, amongst other things, that all alternative investment funds (each, an "**AIF**") must have a designated alternative investment fund manager (an "**AIFM**") with the responsibility for portfolio and risk management. The AIFMD was implemented into Luxembourg law by virtue of the Law of 12 July 2013 on alternative investment fund managers, as amended (the "**AIFM Law**"). The Fiduciary does not operate in the same manner as a typical alternative investment fund. The Fiduciary has been established solely for the purpose of entering into, performing and serving as a vehicle for any securitisation transactions as permitted under the Securitisation Act 2004, as well as in order to issue, on a fiduciary basis, in its own name but at the sole risk and for the exclusive benefit of an investor, fiduciary securities in accordance with the Law. However, the definitions of AIF and AIFM in the AIFMD are broad in scope and there is only limited guidance as to how such definitions should be applied in the context of a securitisation vehicle such as the Fiduciary.

On 23 October 2013, the CSSF issued an update to its Frequently Asked Questions on securitisation vehicles (the "**FAQs**"). The update addresses the consequences of the implementation of the AIFMD into Luxembourg law on securitisation vehicles governed by the Securitisation Act 2004. The AIFM Law provides for an exemption in relation to "securitisation special purpose entities" within the meaning of Regulation (EU) No 1075/2013 of the European Central Bank of 18 October 2013 concerning statistics on the assets and liabilities of financial vehicle corporations engaged in securitisation transactions (recast) (the "**ECB Regulation**") and the guidance note relating thereto. Thus, an undertaking falling within the definition of "securitisation special purpose entities" (*structures de titrisation ad hoc*) of the AIFM Law, meaning an entity whose sole object is to carry out one or more securitisation transactions within the meaning of ECB Regulation, will not constitute an AIF under the AIFM Law.

The Securitisation Act 2004 defines "securitisation" in broader terms than the ECB Regulation. Hence, certain transactions may qualify as securitisation transactions under the Securitisation Act 2004 but not under the ECB Regulation. As a consequence, the undertaking carrying out such a transaction may fall within the scope of the Securitisation Act 2004 but will fail to qualify

as a "securitisation special purpose entity" under the AIFM Law and will not benefit from the exemption.

The CSSF's updated FAQs emphasises that each securitisation undertaking is required to carry out a self-assessment to determine whether it constitutes an AIF by reference to the criteria set out in the AIFM Law or whether it benefits from the exemption provided for by the AIFM Law in relation to "securitisation special purpose entities" as construed by the ECB Regulation.

The CSSF considers that the following undertakings, which may qualify as securitisation undertakings under the Securitisation Act 2004, do not, according to the ECB Regulation, constitute "securitisation special purpose entities" under the AIFM Law. They may, insofar as they meet the AIF criteria, constitute AIFs under the AIFM Law:

- i. securitisation undertakings acting primarily as first lenders (i.e. undertakings that originate new loans) since there is no transfer of assets (and therefore no transfer of credit risk) by such entities;
- ii. securitisation undertakings set up primarily to create or otherwise offer synthetic exposure to non-credit related assets, i.e., where the transfer of credit risk is only accessory to the principal activity of the entity.

The CSSF further considers, in its FAQ nr 19, that securitisation undertakings that issue debt instruments only do not constitute AIFs.

Finally, securitisation undertakings that are not managed in accordance with a defined investment policy do not constitute AIFs. To determine whether they are managed according to an "investment policy" within the meaning of the AIFM Law, reference is made to the "Guidelines on key concepts of the AIFMD" published by the European Securities Markets Authority ("ESMA") on 13 August 2013 (the "**ESMA Guidelines**").

Subject to the criteria laid down in the ESMA Guidelines, securitisation undertakings that issue structured products offering a synthetic exposure to assets (e.g. shares, indices, commodities), based on a pre-established formula, and that acquire underlying assets and/or enter into swap agreements with the sole purpose of hedging their payment obligations under the issued structured products (hedging), may be considered as not being managed according to an "investment policy".

The positions expressed by the CSSF in the FAQs are subject to any future changes and clarifications at European level.

If the Fiduciary is found to be an AIF or an AIFM, or any agent acting in respect of the Notes is found to be acting as an AIFM with respect to the AIF, the AIFM would be subject to the AIFMD. Owing to the special purpose nature of the Fiduciary, it would be unlikely that the AIFM could comply fully with the requirements of the AIFMD. In such circumstance, the Fiduciary would be likely (at its discretion and subject to the Conditions) to exercise its early redemption right as a result of an Illegality/Regulatory Event (as defined in the Conditions).

No assurance can be given as to how the European Securities and Markets Authority or national regulators might, in the future, interpret the AIFMD or whether any such interpretation might find the Fiduciary to be an AIF or an AIFM, or find any agent appointed in connection with the Notes to be acting as an AIFM with respect to the Fiduciary.

(e) Benchmarks Regulation

The Benchmark Regulation referred to below shall mean Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure performance of investments funds, as amended (the "**Benchmark Regulation**").

Interest rates and indices or other figures which are deemed to be "benchmarks" (including, but not limited to the Euro Interbank Offered Rate ("**EURIBOR**"), are the subject of national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. Such regulatory initiatives could include, among other things, reforms to other benchmarks similar to those reforms announced in relation to the London Interbank Offered Rate ("**LIBOR**"). Different interest rate benchmarks are being reformed or discontinued at different speeds and in different ways. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes referencing such a "benchmark".

Among other things, the Benchmark Regulation (i) requires benchmark administrators to be authorised or registered (or, if not based in the European Union, to be subject to an equivalent regulatory regime or otherwise recognised or endorsed) and (ii) prevents certain uses by European Union supervised entities (such as the Fiduciary) of "benchmarks" provided by administrators that are not authorised or registered (or, if not based in the European Union, not deemed equivalent or recognised or endorsed), subject to certain transitional provisions. There are proposals to reform the Benchmark Regulation (and significantly narrow the range of benchmarks to which it applies), but these changes are not in agreed form and are not expected to apply until 2026.

The Benchmark Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. The Benchmark Regulation as it forms part of domestic law in the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmark Regulation**", together with the Benchmark Regulation, the "**Benchmark Regulations**") is the relevant regulatory regime applicable to, among other things, the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The Benchmark Regulations could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmark Regulations. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant "benchmark".

In addition, the occurrence of an Administrator/Benchmark Event (as defined in the Conditions) may cause early redemption, cancellation or adjustment of the Notes. An Administrator/Benchmark Event may occur in any of the following circumstances: (i) if a benchmark is changed or cancelled, (ii) the relevant authorisation, registration, recognition, endorsement, equivalence or approval in respect of the benchmark or the administrator of the benchmark is not obtained, (iii) an application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register is rejected, (iv) any authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or inclusion in any official register is withdrawn or (v) (a) (unless specified as not applicable in the Pricing Supplement), the administrator of the benchmark makes a public statement that it has ceased publishing such benchmark permanently or indefinitely or that it

will cease to do so at a specified future date, (b) (unless specified as not applicable in the Pricing Supplement) the supervisor of such administrator makes a public statement that the relevant benchmark will be permanently or indefinitely discontinued at a specified future date, (c) if specified as applicable in the Pricing Supplement, the supervisor of the administrator of such benchmark makes a public statement that, in its view, such benchmark is or will be, at a specified future date, no longer representative of an underlying market or the methodology to calculate such benchmark has materially changed, (d) if specified as applicable in the Pricing Supplement, the supervisor of the administrator makes a public statement as a result of which the relevant Benchmark will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case with effect from a specified future date, or (e) if specified as applicable in the Pricing Supplement, it has or will, within the following six months, become unlawful for the Calculation Agent or Issuer to calculate any payments due on the Securities using the relevant benchmark. In relation to (v)(a), (b), (c) and (d), and unless otherwise specified in the Pricing Supplement, if the specified future date is more than six months from the date of the public statement, the Administrator/Benchmark event will occur six months prior to that specified future date.

In the event that the Notes are early redeemed as a result of an Administrator/Benchmark Event, the proceeds of sale or realisation of the relevant Fiduciary Assets and/or the proceeds of termination of any related Fiduciary Asset Agreements, as applicable, may not be sufficient to fund in full the amount payable in respect of each Note in connection with early redemption as a result of an Administrator/Benchmark Event, where such an amount is calculated in accordance with Condition 7(e) or the applicable Pricing Supplement, and investors may receive a return significantly less than their initial investment (or even zero).

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", may have (without limitation) the following effects on certain "benchmarks" (i) increasing the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations and requirements; (ii) discouraging market participants (or prohibiting a particular market participant) from continuing to administer or contribute to a "benchmark"; (iii) triggering changes in the rules or methodologies used in a "benchmarks" and/or (iv) causing certain "benchmarks" to disappear entirely. Any such consequence could have a material adverse effect on the value of and return on any Notes linked to or referencing a "benchmark" and the Fiduciary may be entitled to redeem the Notes prior to their scheduled maturity date or to require the Calculation Agent to make corresponding adjustments to the conditions of the Notes.

As of 1 January 2021, following the end of the transition period in respect of the UK's departure from the EU, UK benchmark administrators have been deleted from the ESMA register. UK benchmark administrators that were originally included in the ESMA register as EU benchmark administrators are now categorised as third country benchmark administrators (for which the Benchmarks Regulation foresees different regimes for inclusion in the ESMA register, being equivalence, recognition or endorsement). EU supervised entities can until 31 December 2025 continue to use benchmarks provided by third country benchmark administrators (including those provided by UK benchmark administrators) even if they are not included in the ESMA register. After this date, if, for any reason a third benchmark country administrator (including a UK benchmark administrator) of a Regulated Benchmark fails to achieve approval for the use of the Regulated Benchmarks it provides in the EU via the means of equivalence, recognition or endorsement, the ability of the Fiduciary or any supervised entities in the EU to use such a Regulated Benchmark (within the meaning given to such term in the Benchmarks Regulation) would be restricted and this may trigger an Administrator/Benchmark Event under the Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a "benchmark".

(f) The EURIBOR Reform

The euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions, among other things, in new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 11 May 2021, the euro risk free rate working group published its recommendations on EURIBOR fallback trigger events and fallback rates. On 11 October 2023 the European Money Markets Institute ("EMMI") released a consultation paper proposing further changes to the EURIBOR methodology. EMMI believes that these enhancements will mean that EMMI continues to provide an accurate and representative benchmark, whilst streamlining operational processes for panel banks.

These developments may cause EURIBOR or any other –IBOR to perform differently than they have done in the past, to disappear entirely or have other consequences which cannot be predicted. This could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon EURIBOR.

(g) The market continues to develop in relation to risk-free rates (including SONIA) as reference rates for Floating Rate Notes

Where the applicable Pricing Supplement for a Series of Notes identifies that the Rate of Interest for such Notes will be determined by reference to SONIA, the Rate of Interest will be determined on the basis of Compounded Daily SONIA, (as defined in the Conditions). Compounded Daily SONIA differs from LIBOR in a number of material respects, including (without limitation) that Compounded Daily SONIA is a backwards-looking, risk-free overnight rate, whereas LIBOR is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending. As such, investors should be aware that LIBOR and SONIA may behave materially differently as interest reference rates for the Notes described in this Base Prospectus. The use of SONIA as a reference rate for Eurobonds is nascent, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing SONIA.

Accordingly, prospective investors in any Notes referencing SONIA should be aware that the market continues to develop in relation to referencing SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. For example, in the context of the backwards-looking SONIA rate, market participants and relevant working groups continue to assess the differences between compounded rates and weighted average rates, and such groups explore and assess alternative reference rates based on SONIA, including forward-looking 'term' reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The adoption of SONIA may also see component inputs into swap rates or other composite rates transferring from LIBOR or another reference rate to SONIA.

The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Conditions of the Notes that reference the SONIA rate issued under this Base Prospectus. Furthermore, the Fiduciary may in future issue Notes referencing SONIA that differ materially in terms of interest determination when compared

with any previous SONIA-referenced Notes issued by it. The nascent development of SONIA as an interest reference rate for the Eurobond markets, as well as continued development of SONIA based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of SONIA referenced Notes issued from time to time.

Furthermore, the Rate of Interest on Notes which reference SONIA is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference SONIA to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which factors could adversely impact the liquidity of such Notes. Further, if the Notes become due and payable under Condition 10 and 11, the Rate of Interest payable shall be determined on the date the Notes became due and payable and shall not be reset thereafter.

In addition, the manner of adoption or application of the SONIA reference rate in the bond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of the SONIA reference rate across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing SONIA.

Investors should carefully consider these matters when making their investment decision with respect to any such Notes.

- (h) The Fiduciary has no control over the determination, calculation or publication of SONIA

The Fiduciary has no control over the determination, calculation or publication of SONIA. There can be no guarantee that such rate will not be discontinued, suspended or fundamentally altered in a manner that is materially adverse to the interests of investors in Notes which reference the relevant rate. In particular, the administrator of SONIA may make methodological or other changes that could change the value of this risk-free rate, including changes related to the method by which SONIA is calculated, eligibility criteria applicable to the transactions used to calculate such rate, or timing related to the publication of such rate. An administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing any such risk-free rate such as SONIA. If the manner in which SONIA is calculated is changed, that change may result in a reduction of the amount of interest payable under the Notes and the trading prices of the Notes.

- (i) U.S. investors in the Notes are not permitted

The Notes and, in certain cases, the securities (if any) to be delivered when the Notes are redeemed, have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States. Trading in the Notes has not been and will not be approved by the CFTC under the CEA or by the SEC. Further, no person has registered nor will register as a commodity pool operator of the Fiduciary or the Fiduciary Assets under the CEA and CFTC Rules, and neither the Fiduciary nor any of the Fiduciary Assets have been registered nor will be registered under the Investment Company Act nor under any other United States federal laws. The Notes are being offered and sold in reliance on an exemption from the registration requirements of the Securities Act pursuant to Regulation S. Accordingly, no Notes, or interests therein, may at any time be offered, sold, resold, pledged, delivered or otherwise transferred, directly or indirectly, within the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, pledge, delivery or transfer, directly or indirectly, within the United States or to, or for the

account or benefit of, any U.S. person or under circumstances that will require the Fiduciary or the Fiduciary Assets to register as an "investment company" under the Investment Company Act or under circumstances that will require any person to register as a commodity pool operator of the Fiduciary or the Fiduciary Assets under the CEA and CFTC Rules.

The foregoing restrictions on the offer, sale, resale, pledge, delivery or other transfer of Notes in the United States or to, or for the account or benefit of, a U.S. person may adversely affect the ability of an investor in the Notes to dispose of the Notes in the secondary market, if any, and significantly reduce the liquidity of the Notes. As a result, the value of the Notes may be materially adversely affected.

Investors should also note that the Fiduciary has the right to compel any beneficial owner of an interest in the Notes to certify periodically that such beneficial owner is not a U.S. person and to refuse to honour the transfer of an interest in the Notes in violation of the transfer restrictions applicable to such Notes. Further the Fiduciary has the right to compel any beneficial owner who is a U.S. person to (i) sell its interests in the Notes to a person who is not a U.S. person in an offshore transaction pursuant to Regulation S under the Securities Act, or (ii) transfer its interests in the Notes to the Fiduciary or an Affiliate of the Fiduciary or redeem the Notes in whole or in part.

Further Issues of Notes by the Fiduciary

Further Notes may be issued pursuant to Condition 17.

Meetings of Noteholders, Modifications and Waiver

The Terms and Conditions of the Notes may be modified or amended from time to time pursuant to meetings of Noteholders held in accordance with the provisions set out in the Agency Agreement. In addition the Fiduciary may agree with the Principal Paying Agent, without the consent of Noteholders, to certain other amendments to the Conditions, or the Agency Agreement or any provisions of the Fiduciary Asset Agreements or Fiduciary Assets, without the consent of Noteholders, in accordance with Condition 16. Any such modifications or amendments may have an adverse effect on the Notes and will be binding on all Noteholders even where (in the case of a meeting of Noteholders) a Noteholder has not voted for the relevant modification or amendment.

Currency risk

An investment in Notes denominated or payable in a currency other than the currency of the jurisdiction of a particular Noteholder, entails significant risks that are not associated with a similar investment in Notes denominated and/or payable in the Noteholder's currency. These risks include, but are not limited to:

- the possibility of significant market changes in rates of exchange between the Noteholder's currency and the currency in which the Notes are denominated and/or payable;
- the possibility of significant changes in rates of exchange between the Noteholder's currency and the currency in which the Notes are denominated and/or payable resulting from the official redenomination or revaluation of the currency; and
- the possibility of the imposition or modification of foreign exchange controls by either the jurisdiction of the purchaser or foreign governments.

Notes in global form

As the Global Notes will be held by or on behalf of Euroclear and/or Clearstream, Luxembourg, as applicable, investors will have to rely on their procedures for transfer, payment and communication with the Fiduciary. Euroclear and/or Clearstream, Luxembourg, as the case may be, will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and/or Clearstream, Luxembourg, as the case may be.

While the Notes are represented by one or more Global Notes, the Fiduciary will discharge its payment obligations under the Notes by making payments to Euroclear and/or Clearstream, Luxembourg, as the case may be, for distribution to their accountholders. A holder of an interest in a Global Notes must rely on the procedures of Euroclear and/or Clearstream, Luxembourg, as the case may be, to receive payments under the relevant Notes. Neither the Fiduciary nor the Swap Counterparty has responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in Global Notes.

Holders of beneficial interests in Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and/or Clearstream, Luxembourg, as the case may be, to appoint appropriate proxies.

Integral multiples of the Specified Denomination

If Notes are issued in one or more integral multiples of the Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of the minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than such minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to the Specified Denomination. If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Credit ratings may not reflect all risks

Notes may or may not be rated. One or more credit rating agencies may assign credit ratings to a Series of Notes, as specified in the applicable Pricing Supplement for such Notes (each a "**Relevant Rating Agency**"). Noteholders should note that where a Series of Notes is to be rated, such rating will not necessarily be the same as any rating assigned to any Notes already issued.

The rating agencies' opinions may not reflect the potential impact of all risks relating to the structural, market and other factors which may affect the value of the Notes. Credit ratings are not a guarantee of quality. The credit ratings of the Notes will represent the rating agencies' opinions regarding their credit quality. Rating agencies attempt to evaluate the safety of principal and, if applicable, interest payments and do not evaluate the risks of fluctuations in market value. Also, rating agencies may fail to make timely changes in credit ratings in response to subsequent events (such as a change in the status of a Fiduciary Asset Obligor or any Swap Counterparty), so that in respect of a Series of Notes which is rated, the risk profile of the Notes at any given time may be better or worse than its credit rating indicates.

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time as a result of changes in or unavailability of information or if, in

the judgement of the Relevant Rating Agencies, circumstances so warrant. A qualification, downgrade or withdrawal of any ratings may have an adverse effect on the value and liquidity of the Notes.

No obligation to gross up payments

All payments by the Fiduciary in respect of the Notes will be subject in all cases to any tax, duty or other relevant fiscal payment (including, where applicable, laws requiring the withholding for, or an account of, any tax, duty or other payment whatsoever).

Purchasers of Notes should conduct such independent investigation and analysis regarding the tax treatment of the Notes, as they deem appropriate to evaluate the merits and risks of an investment in the Notes. Tax risks include, without limitation, a change in any applicable law, treaty, rule or regulation or the interpretation thereof by any relevant authority which may adversely affect payments in respect of the Notes.

Risks relating to Index/ETF Linked Notes, Equity Linked Notes and Fund Linked Notes

*Investing in Index/ETF Linked Notes, Equity Linked Notes and Fund Linked Notes ("**Reference Item Linked Notes**") involves certain risks. Factors which are material for the purpose of assessing the market risks associated with such Notes are described below. The Fiduciary makes no representation that the statements set out below regarding the potential risks of Reference Item Linked Notes are exhaustive.*

Settlement Disruption Event and Failure to Deliver due to Illiquidity

In the case of Reference Item Linked Notes which may be physically settled ("**Physical Delivery Notes**"), if a Settlement Disruption Event occurs or exists, settlement will be postponed until the next date on which no Settlement Disruption Event occurs. For so long as delivery of the Asset Amount is not practicable by reason of a Settlement Disruption Event or because compliance with any laws or regulations applying to the delivery of the Asset Amount is not practicable, the Fiduciary has the right to pay the Disruption Cash Settlement Price in lieu of delivering the Asset Amount. Such a determination may have an adverse effect on the value of the relevant Physical Delivery Notes.

Expenses

Noteholders of Physical Delivery Notes must pay all Delivery Expenses relating to such Physical Delivery Notes. As used in the Conditions, "**Delivery Expenses**" includes any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax and/or other taxes or duties arising from the delivery and/or transfer of any Asset Amount or the delivery and/or transfer of any related amounts in respect of the Fiduciary Assets.

Physical Delivery Requirements and Settlement Risk

In order to receive the Asset Amount in respect of a Physical Delivery Note, the holder of such Physical Delivery Note must (1) submit an Asset Transfer Notice and (2) pay the relevant Delivery Expenses. Physical Delivery Noteholders should review carefully the Pricing Supplement to ascertain the procedures for this.

Calculation Agent's discretion

The Calculation Agent has a broad discretionary authority to make various determinations and adjustments under the Reference Item Linked Notes, any of which may have an adverse effect on the value and/or the amounts payable under the Reference Item Linked Notes. Prospective investors should be aware that any determinations made by the Calculation Agent may have an impact on the value and

financial return of the Reference Item Linked Notes. Where the Calculation Agent is required to make a determination it may do so without taking into account the interests of the Noteholders.

General risks relating to Index/ETF Linked Notes

The Fiduciary may issue several issues of Index/ETF Linked Notes relating to a particular index or indices or exchange traded fund(s). However, no assurance can be given that the Fiduciary will issue any such Index/ETF Linked Notes other than the Index/ETF Linked Notes to which the applicable Pricing Supplement relates. At any given time, the number of Index/ETF Linked Notes outstanding may be substantial. Index/ETF Linked Notes provide opportunities for investment and pose risks to investors as a result of fluctuations in the level or value of the relevant index or indices or exchange traded fund(s).

The Fiduciary may issue Index/ETF Linked Notes where the early or other redemption amount or interest payable is dependent upon the level of an index or indices or exchange traded fund(s). The index or indices may comprise of or exchange traded fund(s) may "track" or relate to an underlying index comprising reference equities, bonds, other securities, property, currency exchange rate or other assets or bases of reference, and which may be a well-known and widely published index or indices or an index or indices established by any member of the UBS Group which may include the Fiduciary or another entity which may not be widely published or available. An investment in Index/ETF Linked Notes will entail significant risks not associated with a conventional fixed rate or floating rate debt security.

Index/ETF Linked Notes may be redeemable by the Fiduciary by payment of the par value amount and/or by payment of an amount determined by reference to the value of the index or indices or exchange traded fund(s). Interest (if any) payable on Index/ETF Linked Notes may be calculated by reference to the value of one or more indices or exchange traded fund(s).

Index/ETF Linked Notes involve a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Purchasers should be prepared to sustain a total loss of the purchase price of the Index/ETF Linked Notes. Prospective purchasers of the Index/ETF Linked Notes should understand the risks of transactions involving the relevant Index/ETF Linked Notes and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Index/ETF Linked Notes in light of their particular financial circumstances, the information set forth herein and the information regarding the Index/ETF Linked Notes and the particular index or indices to which the value of, or payments in respect of, the Index/ETF Linked Notes may relate, as specified in the applicable Pricing Supplement.

Index/ETF Linked Notes will represent an investment linked to the economic performance of the relevant index or indices or exchange traded fund(s) and prospective investors should note that the return (if any) on their investment in such Index/ETF Linked Notes will depend upon the performance of such index or indices or exchange traded fund(s). Potential investors should also note that whilst the market value of such Index/ETF Linked Notes is linked to such index or indices or exchange traded fund(s) and will be influenced (positively or negatively) by such index or indices or exchange traded fund(s), any change may not be comparable and may be disproportionate. It is impossible to predict how the level of the relevant index or indices or exchange traded fund(s) will vary over time. In contrast to a direct investment in the relevant index or indices or exchange traded fund(s), the Index/ETF Linked Notes represent the right to receive payment of the final or other redemption amount, as the case may be, as well as payments of interest (if specified in the applicable Pricing Supplement in respect of the Index/ETF Linked Notes), all or some of which and the value of which will be determined by reference to the performance of the relevant index or indices or exchange traded fund(s).

As the amounts payable in respect of Index/ETF Linked Notes are linked to the performance of the relevant index or indices or exchange traded fund(s), a purchaser of such Index/ETF Linked Notes must generally be correct about the direction, timing and magnitude of an anticipated change in the value of

the relevant index or indices or exchange traded fund(s). Assuming all other factors are held constant, the lower the value of Index/ETF Linked Notes and the shorter the remaining term to redemption the greater the risk that purchasers of such Index/ETF Linked Notes will lose all or part of their investment.

PROSPECTIVE INVESTORS MUST REVIEW THE APPLICABLE PRICING SUPPLEMENT TO ASCERTAIN WHAT THE RELEVANT INDEX OR INDICES OR EXCHANGE TRADED FUND(S) (IF ANY) ARE AND TO SEE HOW THE FINAL OR OTHER REDEMPTION AMOUNT, AS THE CASE MAY BE, AND ANY INTEREST PAYMENTS ARE DETERMINED AND WHEN SUCH AMOUNTS ARE PAYABLE, BEFORE MAKING ANY DECISION TO PURCHASE ANY INDEX/ETF LINKED NOTES.

Fluctuations in the value and/or volatility of the relevant index or indices or exchange traded fund(s) will affect the value of the Index/ETF Linked Notes and such fluctuations may not correlate with changes in interest rates, currencies or other indices or exchange traded fund(s). Other factors which may influence the market value of the Index/ETF Linked Notes include interest rates, potential dividend or interest payments (as applicable) in respect of the relevant index or indices or exchange traded fund(s), changes in the method of calculating the relevant index or indices or exchange traded fund(s) from time to time and market expectations regarding the future performance of the relevant index or indices or exchange traded fund(s), its composition and such Index/ETF Linked Notes. The timing of changes in the relevant index or indices or exchange traded fund(s) may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or exchange traded fund(s) or result of a formula, the greater the effect on yield.

Potential investors in Index/ETF Linked Notes should be aware that depending on the terms of the Index/ETF Linked Notes (i) they may receive no or a limited amount of interest, (ii) payments may occur at a different time than expected and (iii) except in the case of Index/ETF Linked Notes which are principal protected at maturity, they may lose all or a substantial portion of their investment if the value of the index or indices or exchange traded fund(s) do not move in the anticipated direction.

If the final or other redemption amount or interest payable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices or exchange traded fund(s) on the final or other redemption amount or interest payable, will be magnified.

Index/ETF Linked Notes may, if so specified in the applicable Pricing Supplement, be structured to include any of the following features:

- "Knock-in", being the occurrence of a specified knock-in event when the level of the relevant index or indices or exchange traded fund(s) reaches or breaches a pre-defined barrier on a specified date(s) or during an observation period, which results in a certain payout on maturity and/or an interim payment;
- "Knock-out", being the occurrence of a specified knock-out event when the level of the relevant index or indices or exchange traded fund(s) reaches or breaches a pre-defined barrier on a specified date(s) or during an observation period, which results in the deactivation of a certain payout on maturity and/or an interim payment; and
- "Trigger Event", being the occurrence of any index or exchange traded fund(s) being equal to or less than the specified level for such index or exchange traded fund(s) during the relevant observation period or on specified date(s).

In such circumstances, the market value of the Index/ETF Linked Notes may be more volatile than for securities that do not include such features and the timing of changes to the level of the index or

exchange traded fund(s) or indices may affect the return on the Index/ETF Linked Notes even if the level is generally consistent with an investor's expectations.

If "Mandatory Early Redemption Provisions" are specified as applicable in the applicable Pricing Supplement, on the occurrence of a specified event (such as an index or indices or exchange traded fund(s) exceeding or falling below a specified level on an observation date or during an observation period), such Index/ETF Linked Notes will be redeemed prior to their designated Maturity Date at the specified Mandatory Early Redemption Amount and no further amounts will be payable in relation to such Index/ETF Linked Notes.

In such circumstances, investors are subject to reinvestment risk as they may not be able to replace their investment in such Index/ETF Linked Notes with an investment that has a similar profile as the Index/ETF Linked Notes. In addition, investors will only receive the specified Mandatory Early Redemption Amount and will not benefit from any movement in the level of the relevant index or indices or exchange traded fund(s) that would have resulted in a higher return on the Index/ETF Linked Notes if they had not been redeemed prior to their designated Maturity Date.

If the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time, such determination may have an effect on the timing of valuation and consequently the value of the Index/ETF Linked Notes and/or may delay settlement in respect of the Index/ETF Linked Notes. Prospective purchasers should review the relevant Index/ETF Linked Conditions of the Index/ETF Linked Notes and the applicable Pricing Supplement to ascertain whether and how such provisions apply to the Index/ETF Linked Notes.

The market price of Index/ETF Linked Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices or exchange traded fund(s). The level of the index or indices or exchange traded fund(s) may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices or to which the exchange traded fund(s) relate may be traded.

Market Disruption Event and Disrupted Day

If an issue of Index/ETF Linked Notes includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date or an Averaging Date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date or an Averaging Date, any consequential postponement of the Valuation Date or Averaging Date or any alternative provisions for valuation provided in any Index/ETF Linked Notes may have an adverse effect on the value of such Index/ETF Linked Notes and may delay payments or deliveries under the Notes.

No claim against any Index

An Index/ETF Linked Note will not represent a claim against any asset comprised in any index or indices or any exchange traded fund(s) and, in the event of any loss, a Noteholder will not have recourse under an Index/ETF Linked Note to any asset comprised in any index or indices or any exchange traded fund(s).

In the case of Index/ETF Linked Notes linked to exchange traded fund(s) following the declaration by the exchange traded fund(s) of the occurrence of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical relevant ETF Shares and, if so, will (i) make the corresponding adjustment, if any, to any of the terms of the relevant Conditions and/or the applicable Pricing Supplement as the Calculation Agent determines appropriate to account for that diluting or concentrative effect and (ii) determine the

effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Index/ETF Linked Notes.

In addition, in the case of Index/ETF Linked Notes linked to exchange traded funds, if a Merger Event, Tender Offer, De-listing, Material Underlying Event, Nationalisation or Insolvency occurs in relation to any Index/ETF Share, the Fiduciary may, inter alia, take the action described in (i) or (ii) below:

- (i) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the relevant Conditions and/or the applicable Pricing Supplement to account for the Merger Event, Tender Offer, De-listing, Material Underlying Event, Nationalisation or Insolvency and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Index/ETF Linked Notes; or
- (ii) redeem all of the Index/ETF Linked Notes. Following such redemption an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the relevant Notes being redeemed and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

The market price of Index/ETF Linked Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of fund share(s) or unit(s). The price of fund share(s) or unit(s) may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded.

In the case of Index/ETF Linked Notes linked to exchange traded funds, the exchange traded fund(s) may be linked to or otherwise track the price of a commodity, for example precious metals such as gold. Such Index/ETF Linked Notes linked to exchange traded funds will be subject to a number of additional risk factors that may cause price volatility.

General risks and risks relating to Equity Linked Notes

The Fiduciary may issue several issues of Equity Linked Notes relating to a particular share or basket of shares. However, no assurance can be given that the Fiduciary will issue any such Equity Linked Notes other than the Equity Linked Notes to which the applicable Pricing Supplement relates. At any given time, the number of Equity Linked Notes outstanding may be substantial. Equity Linked Notes provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the relevant share or basket of shares.

Equity Linked Notes may be redeemable by the Fiduciary by payment of the par value amount and/or by the physical delivery of a specified number of share(s) and/or by payment of an amount determined by reference to the value of the share(s).

The Fiduciary may issue Equity Linked Notes where the final or other redemption amount or interest payable are dependent upon the price of or changes in the price of shares or a basket of shares or where, depending on the price or change in the price of the shares or basket of shares, the Fiduciary has an obligation to deliver specified assets. Accordingly, an investment in Equity Linked Notes may bear similar market risks to a direct equity investment and investors should take advice accordingly. An investment in Equity Linked Notes will entail significant risks not associated with a conventional debt security.

Equity Linked Notes involve a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Purchasers should be prepared to sustain a total loss of the purchase price of the Equity Linked Notes. Prospective purchasers of the Equity Linked Notes

should understand the risks of transactions involving the relevant Equity Linked Notes and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Equity Linked Notes in light of their particular financial circumstances, the information set forth herein and the information regarding the Equity Linked Notes and the particular Share or Shares to which the value of, or payments or deliveries in respect of, the Equity Linked Notes may relate, as specified in the applicable Pricing Supplement.

Equity Linked Notes will represent an investment linked to the economic performance of the relevant share or basket of shares and prospective investors should note that the return (if any) on their investment in such Equity Linked Notes will depend upon the performance of such share or basket of shares. Potential investors should also note that whilst the market value of such Equity Linked Notes is linked to such share or basket of shares and will be influenced (positively or negatively) by such share or basket of shares any change may not be comparable and may be disproportionate. It is impossible to predict how the level of the relevant share or basket of shares will vary over time. In contrast to a direct investment in the relevant share or basket of shares, Equity Linked Notes represent the right to receive payment or delivery, as the case may be, of the final or other redemption amount or the Asset Amount, as the case may be, as well as payments of interest (if specified in the applicable Pricing Supplement in respect of Equity Linked Notes), all or some of which and the value of which will be determined by reference to the performance of the relevant share or basket of shares.

As the amounts payable and/or deliverable in respect of Equity Linked Notes are linked to the performance of the relevant share or basket of shares, a purchaser of such Equity Linked Notes must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant share or basket of shares. Assuming all other factors are held constant, the lower the value of such Equity Linked Notes and the shorter the remaining term to redemption the greater the risk that purchasers of such Equity Linked Notes will lose all or part of their investment.

PROSPECTIVE INVESTORS MUST REVIEW THE APPLICABLE PRICING SUPPLEMENT TO ASCERTAIN WHAT THE RELEVANT SHARE OR SHARES (IF ANY) ARE AND TO SEE HOW THE FINAL OR OTHER REDEMPTION AMOUNT OR THE ASSET AMOUNT, AS THE CASE MAY BE, AND ANY INTEREST PAYMENTS ARE DETERMINED AND WHEN SUCH AMOUNTS ARE PAYABLE AND/OR DELIVERABLE, AS THE CASE MAY BE, BEFORE MAKING ANY DECISION TO PURCHASE ANY EQUITY LINKED NOTES.

Fluctuations in the value and/or volatility of the relevant share or basket of shares will affect the value of the Equity Linked Notes and such fluctuations may not correlate with changes in interest rates, currencies or other shares. Other factors which may influence the market value of the Equity Linked Notes include interest rates, potential dividend or interest payments (as applicable) in respect of the relevant share or basket of shares, changes in the method of calculating the relevant share or basket of shares from time to time and market expectations regarding the future performance of the relevant share or basket of shares, its composition and such Equity Linked Notes.

The timing of changes in the relevant share or basket of shares may affect the actual yield to investors, even if the average level is consistent with their expectations.

Risks relating to Equity Linked Notes

Interest payable on Equity Linked Notes may be calculated by reference to the value of one or more shares.

Potential investors in Equity Linked Notes should be aware that depending on the terms of the Equity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment if the value of the share(s) do not move in the anticipated direction.

In addition, the movements in the price of the share or basket of shares may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other shares.

If the early or other redemption amount or interest payable, or Asset Amount deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or basket of shares on the early or other redemption amount or interest payable, or Asset Amount deliverable, will be magnified.

Equity Linked Notes may, if so specified in the applicable Pricing Supplement, be structured to include any of the following features:

- "Knock-in", being the occurrence of a specified knock-in event when the price of the relevant share or basket of shares or breaches a pre-defined barrier on a specified observation date(s) or day during an observation period, which results in a certain payout on maturity and/or interim payment;
- "Knock-out", being the occurrence of a specified knock-out event when the price of the relevant share or basket of shares reaches or breaches a pre-defined barrier on a specified observation date(s) or day during an observation period, which results in the deactivation of a certain payout on maturity and/or interim payment;
- "Trigger Event", being the occurrence of any share being equal to or less than the specified price for such share during the relevant observation period; and
- "Best/Worst Performance", being, in relation to Equity Linked Notes referencing more than one share, that the payout on maturity and/or interim payment can be determined by reference to the share or weighted basket of shares giving the highest performance or lowest performance on a specified observation date or dates.

In such circumstances, the market value of the Equity Linked Notes may be more volatile than for securities that do not include such features and the timing of changes to the price of the share or basket of shares may affect the return on the Equity Linked Notes even if the price is generally consistent with an investor's expectations.

If "Mandatory Early Redemption Provisions" are specified as applicable in the applicable Pricing Supplement, on the occurrence of a specified event (such as a share or basket of shares exceeding or falling below a specified price on an observation date or during an observation period), such Equity Linked Notes will be redeemed prior to their designated Maturity Date at the specified Mandatory Early Redemption Amount and no further amounts will be payable or deliverable in relation to such Equity Linked Notes.

In such circumstances, investors are subject to reinvestment risk as they may not be able to replace their investment in such Equity Linked Notes with an investment that has a similar profile as the Equity Linked Notes. In addition, investors will only receive the specified Mandatory Early Redemption Amount and will not benefit from any movement in the price of the relevant share or basket of shares that would have resulted in a higher return on the Equity Linked Notes if they had not been redeemed prior to their designated Maturity Date.

If the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time any such determination may have an effect on the timing of valuation and consequently the value of the Equity Linked Notes and/or may delay settlement in respect of the Equity Linked Notes. Prospective purchasers should review the relevant Conditions of the Equity Linked Notes and the applicable Pricing Supplement to ascertain whether and how such provisions apply to the Equity Linked Notes.

In the case of Equity Linked Notes following the declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Equity Linked Notes.

In addition, in the case of Equity Linked Notes, if a Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency occurs in relation to any Share, the Fiduciary in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the relevant Conditions and/or the applicable Pricing Supplement to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Equity Linked Notes;
- (ii) redeem part (in the case of Equity Linked Notes relating to a basket of Shares) or all (in any other case) of the Equity Linked Notes. Following such redemption an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the relevant Equity Linked Notes being redeemed and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time; and
- (iii) if the applicable Pricing Supplement provide that "Share Substitution" is applicable, require the Calculation Agent to adjust the basket of Shares to include a share selected by it in accordance with the criteria for share selection set out in the applicable Pricing Supplement in place of the Share(s) which are affected by such Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency and the substitute shares will be deemed to be "Shares" and the relevant issuer of such shares, a "Share Company" for the purposes of the Equity Linked Notes, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate in order to effect the relevant share substitution.

The market price of Equity Linked Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share or basket of shares, the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share or basket of shares as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares may be traded.

No issuer of the relevant share(s) will have participated in the preparation of the applicable Pricing Supplement or in establishing the terms of the Equity Linked Notes and none of the Fiduciary nor any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of shares contained in such Pricing Supplement or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Pricing Supplement) that would affect the trading price of the share will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of shares could affect the trading price of the share and therefore the trading price of the Equity Linked Notes.

Noteholders of Equity Linked Notes will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares to which such Equity Linked Notes relate.

Market Disruption Event and Disrupted Day

If an issue of Equity Linked Notes includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date or an Averaging Date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date or an Averaging Date, any consequential postponement of the Valuation Date or Averaging Date or any alternative provisions for valuation provided in any Equity Linked Notes may have an adverse effect on the value of such Equity Linked Notes and may delay payments or deliveries under the Notes.

No claim against any Share

An Equity Linked Note will not represent a claim against any share or basket of shares and, in the event of any loss, a Noteholder will not have recourse under an Equity Linked Note to any share or basket of shares.

General risks relating to Fund Linked Notes

The Fiduciary may issue Fund Linked Notes where the final or other redemption amount or interest or other interim amounts payable are dependent upon the price or changes in the price of a fund share or unit or a basket of fund shares or units or where, depending on the price or changes in the price of a fund share or unit or basket of fund shares or units, the Fiduciary has an obligation to deliver specified assets. Accordingly, an investment in Fund Linked Notes may bear similar market risks to a direct fund investment and investors should take advice accordingly. An investment in Fund Linked Notes will entail significant risks not associated with a conventional debt security.

Fund Linked Notes may be redeemable by the Fiduciary by payment of the par value amount and/or by the physical delivery of a specified amount of one or more fund shares or units and/or by payment of an amount determined by reference to the value of the fund share(s) or unit(s). The interest payable on Fund Linked Notes may be calculated by reference to the value of one or more fund shares or units.

Potential investors in Fund Linked Notes should be aware that depending on the terms of the Fund Linked Notes (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of Fund Linked Notes which are principally protected at maturity, they may lose all or a substantial portion of their investment if the value of the fund share(s) or unit(s) do not move in the anticipated direction.

In addition, the movements in the price of fund share(s) or unit(s) may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the fund share(s) or unit(s) may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the fund share(s) or unit(s), the greater the effect on yield.

Despite the fact that, in relation to any Fund, a net asset value may be published, potential investors should be aware that in most cases payments on the Fund Linked Notes will be determined by reference to amounts that would be received by a hypothetical investor in the relevant Fund. Any such amounts may be significantly different from amounts calculated by reference to the net asset value of the relevant Fund. In addition, potential investors should be aware that, in relation to payments due on Fund Linked Notes which are determined by reference to amounts that would be received by a hypothetical investor,

where such hypothetical investor would receive payments after their scheduled payment date, corresponding delays may also be made to equivalent payments on the Fund Linked Notes.

As part of its investment policy, a Fund might invest in assets that are largely illiquid. A possible consequence of this is that the Fund is not able to sell these assets at the planned time, or can only do so at a lower price. If the planned sale is delayed, the value of the asset concerned can change substantially between the planned and actual time of sale. In the event of a negative change, the fund's net asset value may also decline. Such a delay may also create difficulties in calculating the fund's net asset value. Any such delayed calculation may entail further unfavourable consequences for the Noteholders.

Investors should be aware that a Fund that pursues "alternative investment strategies" (for example, a hedge fund) also bears the risks specific to such types of investment strategy. These may include one or more of the following: lack of transparency, inadequate investment restrictions, concentration of risks, leverage, use of derivatives, short sales and trading in illiquid instruments. In addition, the fund manager and any trustee are often unable to offer any protection against the risk of fraud or misrepresentation by a trading consultant, asset manager or other service provider of the fund.

Furthermore, investors should be aware that the Fund may either invest directly in the assets or may reference the assets' performance using a multitude of hedging strategies and/or mathematical modelling techniques. These strategies and techniques can change over time. They may also be speculative in nature, prove ineffective, or entail a substantial risk of loss. It may be difficult to obtain valuations of products to which such strategies and/or techniques are applied. Furthermore, the loss in value regarding such products may be greater than with other investments. Alternative investment vehicles are often unregulated, offer only limited information about their activities, may charge high costs, commissions and fees (including fees charged on the basis of unrealised profits), have no minimum credit standards, pursue short-selling strategies, use external resources to a large degree, and offer securities relating to accounts not managed separately.

Valuation errors in calculating the net asset value of investment vehicles contained in a fund of funds affect the calculation of that fund of funds' net asset value and the relevant redemption proceeds. A fund of funds may invest in vehicles that are not quoted in recognised securities markets or are traded over-the-counter. In these cases, the net asset value of the investment vehicle as calculated by its manager is used to calculate the net asset value of the fund of funds. Should the data obtained be erroneous in any way, this can have a substantial impact on the fund of funds' net asset value and the relevant redemption proceeds. The manager of an investment vehicle might calculate the respective net asset value with delays, in which case the calculation of the net asset value per share of the fund of funds can be based on the estimated net asset value per share of such vehicle. The estimated net asset value can differ from the final one published later. Since a Fund may invest in shares of investment vehicles that are not publicly quoted and can only be acquired through the management companies or administrators, obtaining confirmations of the execution of orders to buy or sell investments can also be delayed. The determination of the net asset value can be based on such orders to buy or sell investments even before confirmation of the actual execution has been received. If such a confirmation does not precisely correspond to the orders issued, this can have a substantial impact on the net asset value and thus the relevant redemption proceeds.

The relevant Fund may concentrate its assets on certain countries, industries or investment classes. In this case it can be subject to greater fluctuations in value than if it diversified the risks among lines of business, regions and countries. The value of investments in certain countries, industries and investment classes may be very volatile within brief periods of time.

The relevant Fund may be subject to substantial currency risks. Even a Fund's hedging transactions may not exclude such risks. Funds that invest in lightly regulated, narrow and exotic markets face certain risks. For example, some markets can face government actions resulting in the full or partial loss of the

invested asset or attachment of the asset invested there. These markets might also be regulated less reliably than others.

Funds might be subject to no supervision or may invest in vehicles that are themselves unsupervised. Conversely, the introduction of supervision over previously unregulated funds can result in substantial disadvantages for them.

A large number of subscription or repurchase orders with the Fund by investors can lead to either an accelerated sale or temporary dilution of assets and higher fees for the remaining investors or "gating" where such orders are only satisfied in part, with others being delayed.

If the final or other redemption amount or interest payable, or Asset Amount deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the fund share(s) or unit(s) on such final or other redemption amount or interest payable, or Asset Amount deliverable, will be magnified.

The price of unit(s) or fund share(s) may be affected by the performance of the fund service providers, and in particular the investment adviser.

Following the existence or occurrence of any Fund Potential Adjustment Event (whether or not such Potential Fund Adjustment Event is continuing), the Calculation Agent will determine whether such Fund Potential Adjustment Event has a diluting, concentrative or other effect on the relevant Fund Interest and, if so, may make a corresponding adjustment, if any, to any one or more of any of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent determines appropriate to account for that diluting, concentrative or other effect and determine the effective date of that adjustment. Any such adjustment may have an adverse effect on the value and liquidity of the affected Fund Linked Notes.

Following the existence or occurrence of a Fund Event (whether or not such Fund Event is continuing), the Fiduciary may:

- (i) require the Calculation Agent to make such determinations and/or adjustments to the Conditions and/or the applicable Pricing Supplement as it determines appropriate to account for the Fund Event (including, if so specified in the applicable Pricing Supplement, replacing any affected Fund Interest with a replacement Fund Interest);
- (ii) redeem the Fund Linked Notes;
- (iii) redeem a portion of the Fund Linked Notes at such amount as the Calculation Agent determines could be realised by a Hypothetical Investor for immediately available cash proceeds at such time, less all unwind costs, taxes and expenses incurred by the Fiduciary or any Affiliate or agent in such realisation; or
- (iv) delay payment of any redemption, settlement or interest amounts.

The application of any such provisions may have an adverse effect on the value and liquidity of the affected Fund Linked Notes. Prospective purchasers should review the relevant Conditions of the Fund Linked Notes and the applicable Pricing Supplement to ascertain whether and how such provisions apply to the Fund Linked Notes.

Subject as may be provided in the applicable Pricing Supplement, the price in respect of a Fund and the related Relevant Holding, will be determined by reference to an amount in the Specified Currency determined by the Calculation Agent to be equal to the redemption proceeds relating to the Relevant Holding that the Calculation Agent determines would be received by a hypothetical investor. A

Relevant Holding, in respect of a Fund, is the holding of such number or amount of Fund Interests per nominal amount of Fund Linked Notes equal to the Calculation Amount, as is specified in the applicable Pricing Supplement which shall be deemed to be acquired by a hypothetical investor. Such Relevant Holding may be subject to adjustment including but without limitation following (i) interest payments, if any, (ii) Fund equalisations or (iii) the redemption of Fund Shares attributed to fee payments. Where any such adjustment has the effect of decreasing the Relevant Holding, this may have an adverse effect on the calculation of the price of the Fund and, consequently, the performance of the Fund Linked Notes.

Funds regularly charge fees (such as management fees) that lower the redemption proceeds used to determine the redemption and/or interim amounts under the Fund Linked Notes. In addition, other fees and expenses can be incurred that are charged by third persons employed by the fund manager to provide services connected to the Fund (such as custodian bank fees, fees for investment advice and auditing). Furthermore, the fund manager, asset manager or investment consultant may charge a performance-related fee.

There may also be fees incurred at the level of the assets held by a Fund that lower the value of these assets, and thereby also indirectly lower the net asset value of the Fund itself. Such fees occur especially if the Fund for its part invests in other funds (a fund of funds) or other investment vehicles or instruments entailing fees.

These fees may lower the net asset value of the fund, and thereby also indirectly lower the redemption and/or interim amounts under the Fund Linked Notes.

Certain conflicts of interest may occur in connection with a Fund's business activities. With a trustee, manager or consultant of the Fund, potential conflicts of interest may arise due to fee refunds or other benefits. In addition, advisers of the Fund and their employees may perform management, trading or consulting services for other accounts. Where investments are lucrative, one of these people might be tempted to initially favour the portfolios yielding the highest fees.

Similarly, fund advisors and their employees or senior officials may provide management, trading or consulting services for their own accounts and those of other customers and make recommendations or adopt positions differing from those issued for or maintained by the Fund or competing with those of the Fund. People entrusted with managing the Fund assets might receive performance fees but not participate in possible losses. This can create an incentive to execute riskier transactions. Furthermore, persons connected with an administrator, manager, trustee or other persons involved in the fund's management might enter into their own transactions with the fund. Besides these, other conflicts of interest may exist.

The market price of Fund Linked Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of fund share(s) or unit(s). The price of fund share(s) or unit(s) may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded.

Risks Relating to the Fiduciary

Enforcement of Legal Liabilities

The Fiduciary is incorporated and exists as a public limited liability company (*société anonyme*) under the laws of the Grand Duchy of Luxembourg and each Fiduciary Contract will be governed by the laws of the Grand Duchy of Luxembourg and in particular the Law. The Fiduciary is a regulated securitisation undertaking (*société de titrisation agréée*) subject to the Securitisation Act 2004 and to the supervision of the CSSF.

Fiduciary Estates

In accordance with article 6 of the Law, the Fiduciary will create a separate fiduciary estate (*patrimoine fiduciaire*) for each Series of Notes.

Resignation and removal of the Fiduciary

Noteholders should be aware that under Condition 18 (*Resignation and Removal of the Fiduciary*), the Fiduciary may resign provided it appoints in its place UBS AG or any Affiliate of UBS AG that is qualified and authorised to act as a fiduciary under the Law. Accordingly, no assurance can be given that UBS (Luxembourg) Issuer SA will remain as the Fiduciary throughout the life of any given series of Notes.

Risks Relating to the Agents and third parties

Failure to act, replacement and resignation

The Fiduciary relies on the Agents to carry out its role in relation to the Notes. It should be noted that there is operational risk for the Fiduciary and Noteholders if an Agent fails to carry out any relevant duties. No assurance can be given that the creditworthiness of the Agents will not deteriorate in the future. This may affect the performance of their obligations in relation to the Notes.

An Agent may also resign or be replaced.

Custodian risk

The Custodian is a branch, in Luxembourg, of UBS Europe SE, a German credit institution with registered head office in Frankfurt.

As Fiduciary Assets in the form of cash or fungible book-entry securities will be held in an account opened by the Fiduciary with the Custodian in Luxembourg, the ability of the Fiduciary to meet its obligations under the Notes will depend on receipt by the Fiduciary of payments from the Custodian or delivery by the Custodian to the Fiduciary of fungible book-entry securities (as applicable). Noteholders are therefore exposed to the creditworthiness of UBS Europe SE and may be affected by its insolvency.

Since the Custodian will hold monies received in respect of the Notes in the form of cash on its own books as a credit institution, such monies (which would in principle be booked on the balance sheet of UBS Europe SE) would not be segregated from the general estate of UBS Europe SE and there is a risk that they would be affected by insolvency proceedings opened in respect of UBS Europe SE. If UBS Europe SE was subject to winding-up proceedings, the cash deposited by the Fiduciary with the Custodian would fall into UBS Europe SE's insolvency estate and the Fiduciary (as a customer of the Custodian) would therefore be an ordinary unsecured creditor of UBS Europe SE in competition with UBS Europe SE's personal creditors.

In relation to Fiduciary Assets represented by fungible book-entry securities and held by the Custodian, these are subject to the provisions of the Luxembourg act dated 1 August 2001 on the circulation of securities and other financial instruments, as amended (the "**Fungible Instruments Act 2001**"). Pursuant to the Fungible Instruments Act 2001, the Custodian (*dépositaire*) has the statutory obligation to keep fungible book-entry securities deposited by its customers segregated from its own assets and off balance sheet (*hors bilan*). Accordingly, the Fiduciary will have a right against the Custodian for delivery of the fungible book-entry securities equivalent to the Fiduciary Assets deposited by the Fiduciary with the Custodian in connection with the Notes. Such right is coupled with the Fiduciary's co-proprietary right (right in rem) in an intangible (notional) pool of fungible book-entry securities,

which right is shared on a pro-rated basis with the other depositors of equivalent (interchangeable) fungible book-entry securities held by the Custodian.

Paying Agent risk

Any payments made to Noteholders in accordance with the terms and conditions of the Notes will be made by the Paying Agent on behalf of the Fiduciary. If the Paying Agent, while holding funds for payment to Noteholders in respect of the Notes, is declared insolvent, the Noteholders may not receive all (or any part) of any amounts due to them in respect of the Notes from the Paying Agent. While the Fiduciary will remain liable to Noteholders in respect of such unpaid amounts, the Fiduciary will have insufficient assets to make such payments (or any part thereof) and Noteholders may not receive all, or any part, of any amounts due to them.

Consequently Noteholders are relying not only on the creditworthiness of the Fiduciary Asset Obligors, but also on the creditworthiness of the Paying Agent in respect of the performance of its obligations under the Agency Agreement to make payments to Noteholders.

Facilitation Agent risk

A Facilitation Agent is responsible for applying the proceeds of each Note issuance in purchasing the Fiduciary Assets and carrying out other duties pursuant to the Facilitation Agency Agreement. Investors should note that the Facilitation Agent has no obligation to monitor the Fiduciary Assets or payments under the Fiduciary Asset Agreements or the creditworthiness of Fiduciary Asset or Fiduciary Asset Obligors on an ongoing basis. The duties of the Facilitation Agent are limited generally to (i) purchasing on behalf of the Fiduciary any Fiduciary Assets as identified in relation to an issue in the relevant Pricing Supplement, and (ii) performing such other tasks as identified in the Pricing Supplement. In each case the Facilitation Agent will have limited discretion and its roles and responsibilities are not as wide as those which would normally be associated with an investment manager.

In addition there is operational risk for the Fiduciary and Noteholders if a Facilitation Agent fails to carry out other duties under the Facilitation Agency Agreement. Noteholders should note that a Facilitation Agent may resign or be replaced pursuant to the Facilitation Agency Agreement.

If so specified in the applicable Pricing Supplement, the Fiduciary may appoint an investment manager (an "**Investment Manager**") in respect of a Series of Notes pursuant to any Investment Management Agreement specified in such Pricing Supplement. The role of the Investment Manager would essentially consist in managing the Fiduciary Assets to the extent necessary for the applicable investment criteria to be observed, subject at all times to the provisions of the Luxembourg act dated 22 March 2004 on securitisation, as amended as well as the relevant guidelines and recommendations of the CSSF for regulated securitisation undertakings in relation to rebalancing of securitised assets.

Calculation Agent Determinations

The terms of the Notes confer on the Calculation Agent certain discretions in making determinations and calculations in relation to, inter alia, Fiduciary Assets and the occurrence of various events. There can be no assurance that the exercise of any such discretion will not affect the value of the Notes or the occurrence of an early redemption or the amount payable or deliverable in connection therewith.

No obligations owing by the Calculation Agent

The Calculation Agent shall have no obligations to the Noteholders, and shall only have the obligations expressed to be binding on it pursuant to the Agency Agreement, unless otherwise specified in the Conditions. All designations and calculations made by the Calculation Agent in respect of any Notes shall be conclusive and binding on the Noteholders.

Delegation and appointment of sub-agents

The Custodian, the Facilitation Agent or any other agent is be entitled to appoint and rely on agents or delegates where permitted. In such circumstances the Fiduciary may not have a direct relationship with such entities and, in the case of any failure to act or other adverse event, may be less able to avoid an adverse effect on the Notes than if such entity were appointed by it directly.

Reliance on third parties

The Fiduciary is party to contracts with a number of third parties who have agreed to perform a number of services in relation to the Notes.

If any such third party fails to perform its obligations under any relevant agreement, Noteholders may be adversely affected.

No assurance can be given that the creditworthiness of parties to these agreements will not deteriorate in the future. This may affect the performance of their obligations under the respective agreements.

Successor Agents or third parties

Any Agent or third party appointed by the Fiduciary in connection with any issue of the Notes may be merged or converted into, or consolidated with, or may sell or otherwise transfer all or substantially all of its assets to, a corporation, which will become the successor to such Agent or third party in relation to the Notes. The Fiduciary has no obligation to give notice to the Noteholders upon becoming aware of any such merger, conversion, consolidation or transfer affecting any Agent or relevant third party.

Conflicts of Interest

Each of UBS AG, London Branch, UBS Europe SE, Luxembourg Branch, UBS (Luxembourg) Issuer SA, UBS Asset Management (UK) Ltd, any other transaction party and any of its Affiliates in its various capacities may enter into business dealings relating to the Notes or the Fiduciary Assets or any asset to which the Notes or Fiduciary Assets are exposed, including the acquisition and/or sale of the Notes, from which they may derive revenues and profits in addition to any fees stated in the various documents, without any duty to account therefor. In particular, the Fiduciary may receive fees or reimbursement of expenses from entity(ies) in the UBS Group.

Any such transaction party and any of its Affiliates may from time to time be in possession of certain information (confidential or otherwise) and/or opinions with regard to the Fiduciary or Fiduciary Asset Obligor which information and/or opinions might, if known by a Noteholder, affect decisions made by it with respect to its investment in the Notes. Notwithstanding this, none of the transaction parties or any of their Affiliates shall have any duty or obligation to notify the Noteholders or the Fiduciary or any other transaction parties (including any directors, officers or employees thereof) of such information and/or opinions.

Any transaction party and any of its Affiliates may deal in any obligation of the Fiduciary or Fiduciary Asset Obligor and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business transactions with, the Fiduciary or Fiduciary Asset Obligor and may act with respect to such transactions in the same manner as if the relevant Swap Agreement and the Notes of the relevant Series did not exist and without regard to whether any such action might have an adverse effect on the Fiduciary or Fiduciary Asset Obligor, or the holders of the Notes of the relevant Series.

Any transaction party and any of its Affiliates may at any time be active and significant participants in or act as market maker in relation to a wide range of markets for currencies, instruments relating to

currencies, securities and derivatives. Activities undertaken by any transaction party and any of its Affiliates may be on such a scale as to affect, temporarily or on a long-term basis, the price of such currencies, instruments relating to currencies, securities and derivatives or securities and derivatives based on, or relating to the Notes or any Fiduciary Assets. Notwithstanding this, none of the transaction parties nor any of their Affiliates shall have any duty or obligation to take into account the interests of any party in relation to any Notes when effecting transactions in such markets.

One or more of the transaction parties and their Affiliates may: (1) have placed or underwritten, or acted as a financial arranger, structuring agent or adviser in connection with the original issuance of, or may act as a broker or dealer with respect to the Fiduciary Assets; (2) be a counterparty to issuers of, or obligors with respect to, certain of the Fiduciary Assets under a swap or other derivative agreements; (3) lend to certain of the issuers of, or obligors with respect to, the Fiduciary Assets or their respective Affiliates or receive guarantees from such issuers, obligors or their respective Affiliates; (4) provide other investment banking, asset management, commercial banking, financing or financial advisory services to the issuers of, or obligors with respect to, the Fiduciary Assets or their respective Affiliates; (5) have an equity interest, which may be a substantial equity interest, in certain obligors with respect to, the Fiduciary Assets or their respective Affiliates; or (6) act as trustee, paying agent and in other capacities in connection with certain of the Fiduciary Assets or other classes of securities issued by an obligor with respect to, the Fiduciary Assets or an Affiliate thereof.

As a counterparty under swaps and other derivative agreements, a transaction party may take actions adverse to the interests of the Fiduciary, including, but not limited to terminating such swaps or agreements in accordance with the terms thereof. In making and administering loans and other obligations, a transaction party may take actions including, but not limited to, restructuring a loan, foreclosing on or exercising other remedies with respect to a loan, requiring additional collateral or other credit enhancement, charging significant fees and interest, placing the issuers of, or obligors with respect to, any Fiduciary Assets in bankruptcy and/or demanding payment on a loan guarantee or under other credit enhancement. The Fiduciary's acquisition, holding and sale of the Fiduciary Assets may enhance the profitability or value of investments made by a transaction party in the obligors in respect thereof. As a result of all such transactions or arrangements between a transaction party and obligors with respect to, the Fiduciary Assets or their respective Affiliates, a transaction party may have interests that are contrary to the interests of the Fiduciary and the Noteholders.

Country and Regional Risk

The price and value of the Fiduciary Assets may be influenced by the political, financial and economic stability of the country and/or region in which a Fiduciary Asset Obligor is incorporated or has its principal place of business or of the country in the currency of which the Fiduciary Assets are denominated or quoted. In certain cases the price and value of assets originating from countries not ordinarily considered to be emerging markets countries may behave in a manner similar to those of assets originating from emerging markets countries. In addition, any Fiduciary Assets or Fiduciary Asset Agreements may be governed by a law which is not standard in the field of international finance. In this case, additional risks may be present, for example, as to enforceability of rights under any such asset or agreement.

Emerging Markets

The assets comprising the Fiduciary Assets or, as the case may be, to which the return on any Series of Notes may be linked, may originate from an emerging markets country. Investing in securities issued by entities in emerging markets countries or in securities, the return on which is linked to such securities, involves certain systemic and other risks and special considerations which include:

- (1) the prices of emerging markets assets may be subject to sharp and sudden fluctuations and declines;

- (2) emerging markets securities and other assets tend to be relatively illiquid. Trading volume may be lower than in debt of higher grade credits. This may result in wide bid/offer spreads prevailing in adverse market conditions. In addition, the sale or purchase price quoted for a portion of the Fiduciary Assets may be better than can actually be obtained on the sale of the entire holding of the Fiduciary Assets;
- (3) published information in or in respect of emerging markets countries and the issuers of or obligors in respect of emerging markets securities or other assets has been proven on occasions to be materially inaccurate;
- (4) in certain cases the holders of Notes may be exposed to the risk of default by a sub-custodian in an emerging markets country; and
- (5) realisation of Fiduciary Assets comprising emerging markets securities or other assets may be subject to restrictions or delays arising under local law.

Liquidation of Fiduciary Assets Paid to Swap Counterparty

The terms of the Notes may provide that the proceeds of redemption of any Fiduciary Assets redeemed prior to the Maturity Date will be paid to the Swap Counterparty and, unless otherwise provided in the applicable Pricing Supplement, the Swap Counterparty will not deliver any eligible securities by way of replacement of such Fiduciary Assets. In the event that the proceeds of redemption of the Fiduciary Assets are applied in this manner then the Noteholders will have no further rights to such proceeds of redemption and their principal credit exposure at any time thereafter will be to the Swap Counterparty pursuant to the Swap Agreement, in each case, unless otherwise provided in the applicable Pricing Supplement.

Delivery of Fiduciary Assets to Noteholders

The terms of the Notes provide that the Noteholders have an option to call for early redemption of the Notes by delivery of the Fiduciary Assets to a nominee, provided a number of conditions are met. In particular this option may only be exercised by 100 % of Noteholders and is subject to a deduction of the Global Unwind Cost. In the event that this option is exercised, the Noteholders will have no further rights against the Fiduciary once the Fiduciary Assets (less certain amounts including the Global Unwind Cost) have been received by the nominee.

Substitution of Fiduciary Assets

The terms of the Notes may provide that the Fiduciary Assets may be substituted in accordance with the Conditions at the direction of the Swap Counterparty. The Swap Counterparty will exercise such rights of substitution acting in its sole and absolute discretion and may act without regard to the interests of the Noteholders or of any other persons other than itself.

Confidential Information

The Arranger or any of its Affiliates or the Fiduciary may have acquired, or may acquire, confidential information or enter into transactions with respect to any Fiduciary Assets and they shall not be under any duty to disclose such confidential information to any Noteholder.

Provision of information

None of the Fiduciary, the Arranger, the Agents, the Dealer(s) or any of their respective Affiliates makes any representation as to the credit quality of any Fiduciary Asset Obligor or any relevant obligor(s) in respect of the Fiduciary Assets and/or Fiduciary Asset Agreements for any class or Series of Notes.

Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to such Fiduciary Asset Obligor or any Fiduciary Assets. None of such persons is under any obligation to make available any information relating to, or keep under review on the Noteholders' behalf, the business, financial conditions, prospects, creditworthiness or status of affairs of any relevant obligor(s) in respect of the Fiduciary Assets or any Fiduciary Asset Agreements or conduct any investigation or due diligence into any such obligor(s) in respect of the Fiduciary Assets or any Fiduciary Asset Agreements.

Risks Relating to the Swap Counterparty and the Swap Agreement

General

If the Fiduciary enters into a Swap Agreement in relation to a Series of Notes, the ability of the Fiduciary to meet its obligations under the Notes will depend on the receipt by it of payments under the Swap Agreement. Consequently, the Fiduciary is exposed to the credit risk of the Swap Counterparty (i.e. the ability of the Swap Counterparty to make payments under the relevant Swap Agreement) as well as any default in relation to any applicable Fiduciary Assets and/or the volatility in the market value of any applicable Fiduciary Assets, and also to the ability of the Swap Counterparty to perform its other obligations under the relevant Swap Agreement. Default by the Swap Counterparty may result in the termination of the Swap Agreement and, in such circumstance, any amount due to the Fiduciary upon such termination may not be paid in full or paid at all. While, for certain Note issuances, such credit risk may be mitigated by the posting of credit support by the Swap Counterparty to the Fiduciary under the terms of a Credit Support Annex, this will only apply if so specified in the applicable Pricing Supplement. Therefore **any such default or failure may result in a reduction in the amounts available to Noteholders and adversely affect the performance of the Notes.**

A Swap Agreement may be entered into by the Fiduciary in connection with the Notes, the Swap Agreement may be terminated early (either in whole or, in certain circumstances, in part only), including the following circumstances (and as specified in such Swap Agreement):

- (i) if at any time the Notes are cancelled in accordance with the Conditions of the Notes prior to the Maturity Date;
- (ii) at the option of either party, if there is a failure by the other party to pay any amounts due under the Swap Agreement;
- (iii) if (subject as provided in the Swap Agreement) withholding taxes are imposed on payment made by the Fiduciary or the Swap Counterparty under the Swap Agreement or it becomes illegal for either party to perform its obligations under the Swap Agreement;
- (iv) if (subject as provided in the Swap Agreement) (x) as a result of the adoption of or change in any applicable law or regulation, or (y) as a result of the promulgation of, or any change in, the interpretation by any court, tribunal, government or regulatory authority (each, a "relevant authority") of any applicable law or regulation, including informal public or private statements or actions by, or responses of, any official or representative of any relevant authority acting in an official capacity, (A) it becomes, or is reasonably likely to become, unlawful, impossible or impracticable for either the Swap Counterparty or the Fiduciary to maintain or carry out the transaction or any activity contemplated by the transaction under the Swap Agreement, or for the Swap Counterparty to hedge its obligations thereunder, or (B) compliance with the foregoing will result in increased costs for either the Swap Counterparty or the Fiduciary; and
- (v) upon the occurrence of certain other events with respect to either party and the Swap Agreement, including insolvency of such party.

Any termination of the transactions under a Swap Agreement in full will result in a redemption in full of the relevant Series of Notes at their redemption amount. Upon any such redemption, the amount paid to Noteholders to redeem such Notes may be significantly less than the Noteholder's original investment in such Notes and may be zero.

Swap Counterparty Discretion

If the Fiduciary enters into a Swap Agreement in connection with the Notes where the Swap Counterparty is entitled to exercise its discretion in such capacity in respect of the Swap Agreement, in respect of the terms and conditions or otherwise in respect of the Notes, then unless specified to the contrary therein, the Swap Counterparty will be entitled to act in its absolute discretion and will be under no obligation to, and will not assume any fiduciary duty or responsibility for, the Noteholders or any other person. In exercising its discretion, the Swap Counterparty is likely to maximise any payments due to it and minimise any payments due from it and will not be liable to account to the Noteholders or any other person for any profit or other benefit to it or any of its Affiliates that may result directly or indirectly from any such exercise of discretion.

Imposition of liquidation or resolution proceedings or protective measures against UBS Group AG or UBS AG

Under the Swiss Banking Act, the Swiss Financial Market Supervisory Authority ("FINMA") is able to exercise broad statutory powers with respect to Swiss banks and Swiss parent companies of financial groups, such as UBS Group AG and UBS AG, if there is justified concern that the entity is over-indebted, has serious liquidity problems or, after the expiration of any relevant deadline, no longer fulfils capital adequacy requirements. Such powers include ordering protective measures, instituting restructuring proceedings (and exercising any Swiss resolution powers in connection therewith) and instituting liquidation proceedings all of which may have a material adverse effect on shareholders and creditors or may prevent these entities from paying dividends or making payments on debt obligations.

UBS would have limited ability to challenge any such protective measures, and creditors and shareholders would have no right under Swiss law or in Swiss courts to reject them, seek their suspension, or challenge their imposition, including measures that require or result in the deferment of payments.

If restructuring proceedings are opened with respect to UBS Group AG or UBS AG, the resolution powers that FINMA may exercise include the power to: (i) transfer all or some of the assets, debt and other liabilities, and contracts of the entity subject to proceedings to another entity; (ii) stay for a maximum of two business days (a) the termination of, or the exercise of rights to terminate, netting rights, (b) rights to enforce or dispose of certain types of collateral or (c) rights to transfer claims, liabilities or certain collateral, under contracts to which the entity subject to proceedings is a party; and/or (iii) partially or fully write down the equity capital and, if such equity capital is fully written down, convert into equity or write down the capital and other debt instruments of the entity subject to proceedings. Shareholders and creditors would have no right to reject, or to seek the suspension of, any restructuring plan pursuant to which such resolution powers are exercised. They would have only limited rights to challenge any decision to exercise resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise.

FINMA has significant discretion in the exercise of its powers in connection with restructuring proceedings.

The Fiduciary contractually accepts FINMA's power to impose the stay in relevant Fiduciary Asset Agreements. Exercise by FINMA of any of the foregoing powers may: (A) prevent UBS AG (in its capacity as counterparty to a Fiduciary Asset Agreement) making payments to the Fiduciary under the relevant Fiduciary Asset Agreement and/or (B) delay the Fiduciary's ability to terminate the relevant

Fiduciary Asset Agreement for a maximum of two business days. This may result, in turn, in a delay in the Fiduciary making payments to Noteholders in respect of the Notes and/or a reduction in amounts available for distribution to Noteholders. The Fiduciary would have no right under Swiss law or in the Swiss courts to reject, seek the suspension of, or challenge the imposition of any such measures or any exercise of such powers by FINMA. The Fiduciary would have only limited rights to challenge any decision to exercise the statutory powers or to have that decision reviewed by a judicial or administrative process or otherwise.

DAC 6

The EU has adopted the Council Directive 2018/822 of 25 May 2018 ("**DAC 6**"). DAC 6 provides for mandatory exchange of information in relation to certain reportable 'cross border arrangements' which, broadly and potentially, generate tax avoidance. This reporting obligation is in principle allocated to 'intermediaries' and ultimately to tax payers. DAC 6 has been transposed in the national law of Luxembourg by the law of 25 March 2020 (the "**DAC 6 Law**").

The information reported to any relevant tax authority will, in turn, be exchanged automatically with the tax authorities of other EU Member States. In case of non-compliance with DAC 6 obligations, it is expected that the Member States' relevant authorities may impose penalties to enforce them.

The Fiduciary may be subject to such reporting obligations under DAC 6 as an 'intermediary' if it or its advisors assess that the issuance of the Notes contains a "hallmark" within the meaning of the DAC 6 Law. The Fiduciary may face penalties in case of non-compliance with the DAC 6 Law. The return on the Notes may be affected.

UBS AG as primary Swap Counterparty or as counterparty to any Fiduciary Asset Agreement

Given the scenarios described below, investors should be aware that the Swap Counterparty's financial condition, as well as its ability to perform its obligations as counterparty under any Fiduciary Asset Agreement, may therefore be more affected by political, economic and market developments in these regions and businesses than some other financial service providers.

Performance in the financial services industry is affected by market conditions and the macroeconomic climate and may impact UBS AG counterparty risk for Fiduciary.

The UBS AG Group's businesses are materially affected by market and macroeconomic conditions. A market downturn and weak macroeconomic conditions can be precipitated by a number of factors, including geopolitical events, such as international armed conflicts, the imposition of sanctions, global trade or global supply chain disruptions, changes in monetary or fiscal policy, changes in trade policies or international trade disputes, significant inflationary or deflationary price changes, disruptions in one or more concentrated economic sectors, natural disasters, pandemics, civil unrest, acts of violence, war or terrorism. Such developments can have unpredictable and destabilising effects.

Adverse changes in interest rates, credit spreads, securities prices, market volatility and liquidity, foreign exchange rates, commodity prices, and other market fluctuations, as well as changes in investor sentiment, can affect the UBS AG Group's earnings and ultimately its financial and capital positions. As financial markets are global and highly interconnected, local and regional events can have widespread effects well beyond the countries in which they occur. Any of these developments may adversely affect UBS AG Group's business or financial results.

As a result of significant volatility in the market, the UBS AG Group's businesses may experience a decrease in client activity levels and market volumes, which would adversely affect its ability to generate transaction fees, commissions and margins, particularly in Global Wealth Management and the Investment Bank. A market downturn would likely reduce the volume and valuation of assets that

the UBS AG Group manages on behalf of its clients, which would reduce recurring fee income that is charged based on invested assets, primarily in Global Wealth Management and Asset Management, and performance-based fees in Asset Management. Such a downturn could also cause a decline in the value of assets that the UBS AG Group owns and accounts for as investments or trading positions. In addition, reduced market liquidity or volatility may limit trading opportunities and may therefore reduce transaction-based income and may also impede the UBS AG Group's ability to manage risks.

Geopolitical events: For example, the Russia–Ukraine war has led to one of the largest humanitarian crises in decades, with millions of people displaced, a mass exodus of businesses from Russia, and heightened volatility across global markets. In addition, as a result of the war, several jurisdictions, including the US, the EU, the UK, Switzerland and others, have imposed extensive sanctions on Russia and Belarus and certain Russian and Belarusian entities and nationals, as well as the Russian Central Bank. Among others, the financial sanctions include barring certain Russian banks from using the Society for Worldwide Interbank Financial Telecommunication (SWIFT) messaging system, asset freezes for sanctioned individuals and corporations, limits on financial transactions with sanctioned entities and individuals, and limitation of deposits in the EU and Switzerland from Russian persons not entitled to residency in the European Economic Area (the “EEA”) or Switzerland. The scale of the conflict and the speed and extent of sanctions may produce many of the effects described in the paragraph above, including in ways that cannot now be anticipated. If individual countries impose restrictions on cross-border payments, trade, or other exchange or capital controls, or change their currency (for example, if one or more countries should leave the Eurozone or as a result of the imposition of sanctions on individuals, entities or countries, or escalation of trade restrictions and other actions between the US, or other countries, and China), the UBS AG Group could suffer adverse effects on its business, losses from enforced default by counterparties, be unable to access its own assets, or be unable to effectively manage its risks.

The UBS AG Group could be materially affected if a crisis develops, regionally or globally, as a result of disruptions in markets due to macroeconomic or political developments, trade restrictions, or the failure of a major market participant. Over time, the UBS AG Group's strategic plans have become more heavily dependent on its ability to generate growth and revenue in emerging markets, including China, causing the UBS AG Group to be more exposed to the risks associated with such markets.

Global Wealth Management derives revenues from all the principal regions, but has a greater concentration in Asia than many peers and a substantial presence in the US, unlike many European peers. The Investment Bank's business is more heavily weighted to Europe and Asia than its peers, while its derivatives business is more heavily weighted to structured products for wealth management clients, in particular with European and Asian underlyings. The UBS AG Group's performance may therefore be more affected by political, economic and market developments in these regions and businesses than some other financial service providers.

COVID-19 pandemic: The COVID-19 pandemic, the governmental measures taken to manage it, and related effects, such as labor market displacements, supply chain disruptions, and inflationary pressures, have adversely affected, and may still adversely affect, global and regional economic conditions, resulting in contraction in the global economy, substantial volatility in the financial markets, crises in markets for goods and services, as well as significant disruptions in certain regional real estate markets, increased unemployment, increased credit and counterparty risk, and operational challenges. While in most jurisdictions the pandemic-related governmental measures were reversed, resurgence of the pandemic, ineffectiveness of vaccines and continuance or imposition of new pandemic control measures may result in additional adverse effects on the global economy negatively affecting the UBS AG Group's results of operations and financial condition. Should inflationary pressures or other adverse global market conditions persist, or should the pandemic lead to additional economic or market disruptions, the UBS AG Group may experience reduced levels of client activity and demand for its products and services, increased utilisation of lending commitments, significantly increased client defaults, continued and increasing credit and valuation losses in its loan portfolios, loan commitments and other assets, and impairments of other financial assets. A fall in equity markets and a consequent

decline in invested assets would also reduce recurring fee income in the UBS AG Group's Global Wealth Management and Asset Management businesses, as was experienced in the second quarter of 2022. These factors and other consequences of the COVID-19 pandemic may negatively affect the UBS AG Group's financial condition, including possible constraints on capital and liquidity, as well as a higher cost of capital, and possible downgrades to its credit ratings.

The extent to which the pandemic, the ongoing Russia–Ukraine war, and current inflationary pressures and related adverse economic conditions affect the UBS AG Group's businesses, results of operations and financial condition, as well as its regulatory capital and liquidity ratios, will depend on future developments, including the effects of the current conditions on its clients, counterparties, employees and third-party service providers.

UBS Group AG's acquisition of Credit Suisse Group AG exposes UBS to heightened litigation risk and regulatory scrutiny and entails significant additional costs, liabilities and business integration risks that affect UBS AG

UBS acquired the Credit Suisse Group under exceptional circumstances of volatile financial markets and the continued outflows and deteriorating overall financial position of Credit Suisse, in order to avert a failure of Credit Suisse and thus damage to the Swiss financial center and to global financial stability. The acquisition was effected through a merger of Credit Suisse Group AG with and into UBS Group AG, with UBS Group AG succeeding to all assets and all liabilities of Credit Suisse Group AG, becoming the direct or indirect shareholder of the former Credit Suisse Group AG's direct and indirect subsidiaries (the "Credit Suisse Group"). Therefore, on a consolidated basis, all assets, risks and liabilities of the Credit Suisse Group became a part of UBS. This includes all ongoing and future litigation, regulatory and similar matters arising out of the business of Credit Suisse Group, thereby materially increasing UBS's exposure to litigation and investigation risks, as described in further detail below.

UBS has incurred substantial transaction fees and costs in connection with the transaction and will continue to incur substantial integration and restructurings costs. In addition, UBS may not realize all of the expected cost reductions and other benefits of the transaction. UBS may not be able to successfully execute its strategic plans or to achieve the expected benefits of the acquisition of Credit Suisse Group. The success of the transaction, including anticipated benefits and cost savings, will depend, in part, on the ability to successfully integrate the operations of both firms rapidly and effectively, while maintaining stability of operations and high levels of service to customers of the combined franchise.

UBS's ability to successfully integrate Credit Suisse will depend on a number of factors, some of which are outside of its control, including UBS's ability to:

- Combine the operations of the two firms in a manner that preserves client service, simplifies infrastructure and results in operating cost savings.
- Reverse outflows of deposits and client invested assets at Credit Suisse, particularly in its Wealth Management and Switzerland and to attract additional deposits and other client assets to the combined firm.
- Achieve cost reductions at the levels and in the timeframe it plans.
- Enhance, integrate, and, where necessary, remediate risk management and financial control and other systems and frameworks, including to remediate the material weaknesses in Credit Suisse's internal controls over financial reporting.

- Simplify the legal structure of the combined firm in an expedited manner, including through mergers of UBS Switzerland AG and Credit Suisse Schweiz AG and the planned merger of UBS AG and Credit Suisse AG, as well as other mergers and asset dispositions, including obtaining regulatory approvals and licenses required to implement such changes.
- Retain staff and to reverse attrition of staff in certain of Credit Suisse's business areas.
- Successfully execute the wind-down of the assets and liabilities in its Non-core and legacy unit and release capital and resources for other purposes.
- Resolve outstanding litigation, regulatory and similar matters, including matters relating to Credit Suisse, on terms that are not significantly adverse to UBS Group, as well as to successfully remediate outstanding regulatory and supervisory matters and meet other regulatory commitments.

Further investigation and planning for integration is taking place, and risks that UBS AG does not currently consider to be material, or of which it is not currently aware, could also adversely affect UBS AG.

The level of success in the absorption of the Credit Suisse Group, in the integration of the two groups and their businesses, particularly in the area of the Swiss domestic bank, as well as domestic and international wealth management business, and in the execution of the planned strategy regarding cost reduction and divestment of any non-core assets, and the level of resulting impairments and write-downs, may impact the operational results, share price and credit rating of UBS AG. The past financial performance of each of UBS Group AG and Credit Suisse may not be indicative of their future financial performance. The combined group will be required to devote significant management attention and resources to integrating its business practices and support functions. The diversion of management's attention and any delays or difficulties encountered in connection with the transaction and the coordination of the two companies' operations could have an adverse effect on the business, financial results, financial condition or the share price of the combined group following the transaction. The coordination process may also result in additional and unforeseen expenses.

Developments in sustainability, climate, environmental and social standards and regulations may affect UBS AG's business and impact its ability to fully realise its goals.

The UBS AG Group has set ambitious goals for ESG matters. These goals include its ambitions for environmental sustainability in its operations, including carbon emissions, in the business it does with clients and in products that it offers. They also include goals or ambitions for diversity in the UBS AG Group's workforce and supply chain, and support for the United Nations Sustainable Development Goals. There is substantial uncertainty as to the scope of actions that may be required of the UBS AG Group, governments and others to achieve the goals it has set, and many of such goals and objectives are only achievable with a combination of government and private action. National and international standards and expectations, industry and scientific practices, and regulatory taxonomies and disclosure obligations addressing these matters are relatively immature and are rapidly evolving. In many cases, goals and standards are defined at a high level and can be subject to different interpretations. In addition, there are significant limitations in the data available to measure the UBS AG Group's climate and other goals. Although the UBS AG Group has defined and disclosed its goals based on the standards existing at the time of disclosure, there can be no assurance(i) that the various ESG regulatory and disclosure regimes under which the UBS AG Group operates will not come into conflict with one another, (ii) that the current standards will not be interpreted differently than the UBS AG Group's understanding or change in a manner that substantially increases the cost or effort for the UBS AG Group to achieve such goals or (iii) that additional data or methods, whether voluntary or required by regulation, may substantially change the UBS AG Group's calculation of its goals and aspirations. It is possible that such goals may prove to be considerably more difficult or even impossible to achieve. The evolving

standards may also require the UBS AG Group to substantially change the stated goals and ambitions. If the UBS AG Group is not able to achieve the goals it has set, or can only do so at significant expense to its business, it may fail to meet regulatory expectations, incur damage to its reputation or be exposed to an increased risk of litigation or other adverse action.

While ESG regulatory regimes and international standards are being developed, including to require consideration of ESG risks in investment decisions, some jurisdictions, notably in the US, have developed rules restricting the consideration of ESG factors in investment and business decisions. Under these anti-ESG rules, companies that are perceived as boycotting or discriminating against certain industries may be restricted from doing business with certain governmental entities. The UBS AG Group's businesses may be adversely affected if the firm is considered as discriminating against companies based on ESG considerations, or if further anti-ESG rules are developed or broadened.

In addition, so long as any of the Notes are outstanding, copies of the documents incorporated by reference will be available free of charge for collection, during usual business hours on any week day (Saturdays, Sundays and public holidays excepted), at the specified offices of the Paying Agent in Luxembourg.

The Fiduciary will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement in accordance with the rules and regulations of the Luxembourg Stock Exchange or publish a new base prospectus for use in connection with any subsequent issue of Notes.

FORM OF THE NOTES

The Notes of each Series will be in registered form, without interest coupons attached. Notes will be issued outside the United States in reliance on Regulation S.

The Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons in "offshore transactions" (as defined under Regulation S) outside the United States, will initially be represented by a global note in registered form (a "**Global Note**") or a definitive note in registered form (a "**Definitive Note**"). The Definitive Notes and beneficial interests in a Global Note may not be offered, sold, resold, pledged, delivered or otherwise transferred, directly or indirectly, within the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, pledge, delivery or transfer, directly or indirectly, within the United States or to, or for the account or benefit of, any U.S. person or under circumstances that will require the Fiduciary or the Fiduciary Assets to register as an "investment company" under the Investment Company Act or under circumstances that will require any person to register as a commodity pool operator of the Fiduciary or the Fiduciary Assets under the CEA and CFTC Rules, and may not be held otherwise than through Euroclear or Clearstream, Luxembourg in the cover of Notes represented by a Global Note. Definitive Notes and any Global Note will bear a legend regarding such restrictions on transfer. It should be noted that Definitive Notes and interests in Global Notes will not be treated as fungible, including by any of Euroclear or Clearstream, Luxembourg.

Global Notes will either (i) be deposited with a common depository for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg, or (ii) be deposited with one of Euroclear and Clearstream, Luxembourg as common safekeeper, and registered in the name of a nominee of one of Euroclear and Clearstream, Luxembourg acting as common safekeeper, as specified in the applicable Pricing Supplement. Persons holding beneficial interests in Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Payments of principal, interest and any other amount in respect of the Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 6(c)) as the registered holder of the Global Notes. None of the Fiduciary, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Definitive Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 6(c)) immediately preceding the due date for payment in the manner provided in that Condition.

Noteholders do not have the right to request the conversion of the Global Note into and/or the delivery of Definitive Notes. Interests in a Global Note will be exchangeable (free of charge), in whole but not in part, for Definitive Notes without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Fiduciary has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available or (ii) the Fiduciary has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Global Note in definitive form. The Fiduciary will promptly give notice to Noteholders in accordance with Condition 15 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Global Note) may give notice to the Registrar requesting exchange and, in the event of the

occurrence of an Exchange Event as described in (ii) above, the Fiduciary may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

Transfer of Interests

Interests in a Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Global Note or in the form of a Definitive Note (if available) and Definitive Notes may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such Notes in the form of an interest in a Global Note (if available). No beneficial owner of an interest in a Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. The Notes are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions. See "*Subscription and Sale and Transfer and Selling Restrictions*". It should be noted that Definitive Notes and interests in Global Notes will not be treated as fungible, including by any of Euroclear or Clearstream, Luxembourg.

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN number which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Fiduciary and its agents, unless otherwise ordered by a court having jurisdiction or a public authority, as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the registered holder of the relevant Global Note shall be treated by the Fiduciary and its agents as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Pricing Supplement.

A Note may be accelerated in certain circumstances described in Condition 10. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Fiduciary on the basis of statements of account provided by Euroclear and Clearstream, Luxembourg.

(a public limited liability company (société anonyme) incorporated under the laws of the Grand Duchy of Luxembourg having its registered office situated at 33A avenue J.F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg trade and companies register (Registre de commerce et des sociétés, Luxembourg) under number B.207565, subject, as a regulated securitisation undertaking (société de titrisation agréée), to the provisions of the Luxembourg act dated 22 March 2004 on securitisation, as amended and to the supervision of the Commission de Surveillance du Secteur Financier, as issuer of the Notes on a fiduciary basis)

TAXATION AND LIABILITIES: Potential investors in the Notes are advised to consult their own tax advisers as to the tax consequences of transactions involving the Notes. While the tax consequences for each investor in the Notes may be different, investors should note that under Luxembourg law the Fiduciary is not regarded as the beneficial owner of the Fiduciary Assets. Therefore, it is possible that an investor's tax treatment would depend on the type of income and gains arising from the Fiduciary Assets and the investor's proportionate share of such income and gains. The Fiduciary has no obligation to enquire as to the tax residence or status of any investor in the Notes and/or the tax treatment of such income and gains in the hands of such investors.

Under Condition 8(a), the Fiduciary shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which arises in relation to transactions involving the Notes or any payment due to the Fiduciary under the Fiduciary Assets. All payments made by the Fiduciary shall be made subject to any such tax, duty, withholding or other payment. The Fiduciary will not be obliged to make any application for treaty relief or claim a refund of tax in relation to any tax withheld in relation to any income and gains. Investors should also note the provisions of Condition 13.

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Fiduciary and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Pricing Supplement in relation to any Tranche of Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. The applicable Pricing Supplement (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Form of the Notes" for a description of the content of the applicable Pricing Supplement which will specify which of such terms are to apply in relation to the relevant Notes.

The Additional Terms and Conditions contained in Annex 1 in the case of Index/ETF Linked Notes, Annex 2 in the case of Equity Linked Notes and Annex 3 in the case of Fund Linked Notes (each as defined below) will apply to the Notes if specified in the applicable Pricing Supplement.

This Note is one of a Series (as defined below) of Notes issued on a fiduciary basis by UBS (Luxembourg) Issuer SA as the fiduciary (the "**Fiduciary**", which term shall include any successor fiduciary appointed in accordance with Condition 18) pursuant to the Agency Agreement (as defined below)). The Notes are issued on a fiduciary basis in the name of the Fiduciary but at the sole risk and for the exclusive benefit of the Noteholders (as defined below) in accordance with the Luxembourg act dated 27 July 2003 relating to trust and fiduciary contracts, as amended (the "**Law**").

Each Series of the Notes is issued to fund the acquisition of the Fiduciary Assets (as defined in Condition 4) and/or the entry by the Fiduciary into the Fiduciary Asset Agreements (as defined in

Condition 4) in its own name but at the sole risk and, save as provided in these Conditions, for the exclusive benefit of the Noteholders.

Each Note evidences the existence of a fiduciary contract governed by the Law between the Fiduciary and the Noteholders (the "**Fiduciary Contract**") under which the Fiduciary acquires the Fiduciary Assets (and, if applicable, may arrange for the replacement and/or substitution thereof) and/or enters into the Fiduciary Asset Agreements and has conditional payment obligations to each Noteholder equal to the *pro rata* share of the payments of principal, interest or any other sums received by the Fiduciary under the Fiduciary Assets and/or the Fiduciary Asset Agreements and/or conditional delivery obligations to each Noteholder as described in these Terms and Conditions. The ability of the Fiduciary to meet its obligations to pay principal, interest and any other sums due and perform any other obligation in respect of the Notes will be dependent and be conditional upon the due and timely performance by the Fiduciary Asset Obligor(s) of their obligations in respect of the relevant Fiduciary Assets and Fiduciary Asset Agreement(s) and receipt by the Fiduciary of any monies payable thereunder.

References herein to the "**Notes**" shall be references to the Notes of this Series and shall mean:

The Fiduciary and the Facilitation Agent may from time to time enter into a separate facilitation agency agreement in connection with a particular Series (as defined below) of Notes only.

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Pricing Supplement attached to or endorsed on this Note and supplement these Terms and Conditions (the "**Terms and Conditions**" or the "**Conditions**") and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Terms and Conditions, replace or modify these Terms and Conditions for the purposes of this Note. Words and expressions defined in the Agency Agreement or used in the applicable Pricing Supplement shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Pricing Supplement, the applicable Pricing Supplement will prevail.

3. **Limited Recourse and Status of the Notes**

The Notes do not constitute direct debt obligations of UBS (Luxembourg) Issuer SA or any other entity belonging to the UBS Group, including UBS Europe SE, Luxembourg Branch, i.e. obligations that affect the personal estate of UBS (Luxembourg) Issuer SA, but are solely fiduciary obligations of the Fiduciary in accordance with the Law and may only be satisfied out of the Fiduciary Assets and Fiduciary Asset Agreements of the relevant series. Such obligations are conditional upon the due and timely performance by each Fiduciary Asset Obligor of its obligations, including in respect of payments and deliveries, under the relevant Fiduciary Asset Agreements and/or the relevant Fiduciary Assets.

The Notes rank *pari passu*, without any preference, among themselves. They may be subordinated to payment obligations in relation to the Fiduciary Assets Agreements.

The entitlement of Noteholders to receive payments and/or deliveries under the Notes is entirely dependent upon the receipt by the Fiduciary of payments and/or deliveries, as the case may be, in respect of the Fiduciary Assets and/or the Fiduciary Asset Agreements.

No other assets of the Fiduciary will be available for payments of any amounts not received and/or deliveries of assets not delivered under the relevant Fiduciary Asset Agreements or Fiduciary Assets and any shortfall will be borne exclusively by the Noteholders.

4. **Fiduciary Assets and the Fiduciary Contract**

(a) *The Fiduciary Assets*

The applicable Pricing Supplement may include summaries of, and is subject to, the detailed provisions of the Fiduciary Asset Agreements (the "**Fiduciary Asset Agreements**") and the Fiduciary Asset Disclosure Documents (if any) (the "**Fiduciary Asset Disclosure Documents**"), in each case as specified in the applicable Pricing Supplement. The assets specified as Fiduciary Assets in the applicable Pricing Supplement, together with all related amounts and rights of a holder thereof are referred to as the "**Fiduciary Assets**". The obligors in respect of the Fiduciary Assets and Fiduciary Asset Agreements set out in the applicable Pricing Supplement are referred to as the "**Fiduciary Asset Obligors**" and each a "**Fiduciary Asset Obligor**".

The Fiduciary Assets may comprise securities and/or contractual or other rights and/or any other assets including, without limitation, (a) bonds, commercial paper, notes, debentures, promissory notes, certificates of deposit, bills of exchange or other debt securities or negotiable instruments of any form, denomination and type, and/or (b) shares, stock, fund units or other equity securities of any form and type and/or (c) rights or agreements or arrangements in relation to loans, indebtedness, receivables, assignments, transferable loan certificates, guarantees, participations, sub-participations, documentary or stand-by letters of credit and/or (d) rights or agreements or arrangements in relation to over-the-counter or exchange traded swaps, options, commodities or other derivative transactions of any nature and/or (e) all funds in respect of the Fiduciary Assets and assets, sums and/or property derived therefrom or into which such assets are exchanged or converted and/or (f) agreements in relation to prime brokerage, facilitation agency arrangements or investment management services.

Each Fiduciary Asset Obligor under a Fiduciary Asset Agreement has agreed that its obligations in respect of the relevant Fiduciary Asset Agreements or other Fiduciary Assets rank as specified in this Condition 4 or otherwise in the applicable Pricing Supplement. Certain Fiduciary Asset Obligors may benefit from a security interest granted by the Fiduciary over the Fiduciary Assets or the rights under the Fiduciary Asset Agreements for the purpose of securing

its payment or delivery obligations in connection with the relevant Fiduciary Assets or Fiduciary Asset Agreements.

(b) *The Fiduciary Contract*

The Conditions form part of each Fiduciary Contract and set out the rights of each Noteholder under the Fiduciary Contract and certain duties, powers and discretions of the Fiduciary. The Fiduciary undertakes to exercise any discretions under the Fiduciary Assets in accordance with the instructions of the relevant Facilitation Agent, provided that the Swap Counterparty (if any) has given its prior written consent to such exercise by the Fiduciary (which consent may be given or withheld by the Swap Counterparty (if any) in its absolute discretion). Further the Fiduciary will account to the Noteholders for all payments of principal, interest or any other sums received under the Fiduciary Asset Agreements and Fiduciary Assets, in such manner as to give effect to the Conditions. The Fiduciary is not obliged to account to the Noteholders in respect of any fees or expenses paid in respect of its appointment as Fiduciary (which the Fiduciary will be entitled to retain as a fee for the services it is providing as Fiduciary), unless otherwise provided in the Conditions or applicable Pricing Supplement. The Fiduciary makes no representation or warranty and assumes no liability for, or responsibility or obligation in respect of, the legality, validity or enforceability of the Fiduciary Asset Agreements, the Fiduciary Assets or any of them, the performance and observance by any Fiduciary Asset Obligor of its obligations in respect of the Fiduciary Asset Agreements or the recoverability of any monies due or to become due under the Fiduciary Asset Agreements or the Fiduciary Assets. The Fiduciary is under no obligation to seek or maintain any insurance in respect of any Fiduciary Assets or any part of the Fiduciary Assets.

Unless otherwise specified in the applicable Pricing Supplement, the Fiduciary shall be under no obligation to the Noteholders other than that of faithful performance of its undertakings, duties, rights, powers and discretions under the Fiduciary Contract as set forth above and, in the event of a relevant Tax Event (as defined in Condition 7(b)) or an Illegality/Regulatory Event (as defined in Condition 7(c)) or an Administrator/Benchmark Event (as defined in Condition 7(e)) or Early Extinction of a Fiduciary Contract Event pursuant to Condition 7(d) or on a Fiduciary Asset Settlement pursuant to Condition 7(h) or an Acceleration Event (as defined in Condition 10), shall be under no obligation to apply the proceeds of any rights of set-off, banker's lien or counterclaim arising out of other transactions between the Fiduciary and any Fiduciary Asset Obligor in payment of the Notes. Unless otherwise specified in the applicable Pricing Supplement, the Fiduciary shall have no obligation to monitor the performance of any Fiduciary Asset Obligor and is under no obligation to disclose information relating to the Fiduciary Assets and/or the Fiduciary Asset Agreements. Neither the Fiduciary nor any of its Affiliates will be precluded from making any contracts or entering into any business transaction in the ordinary course of their business with any Fiduciary Asset Obligor or from owning in any capacity any Notes, and neither the Fiduciary nor any of its Affiliates will be accountable to the Noteholders for any profits resulting therefrom. The Fiduciary may consult on any legal matter with any legal advisers selected by it and shall incur no liability for actions taken, or suffered to be taken, with respect to such matter in good faith in reliance upon the opinion of such legal advisers, unless the Fiduciary has been grossly negligent (*faute grave*) or is guilty of wilful misconduct (*dol*).

Consistent with the Law, Noteholders have no direct right of action against any Fiduciary Asset Obligor to enforce their rights under the Notes or to compel any Fiduciary Asset Obligor to comply with its obligations under a Fiduciary Asset Agreement or in relation to a Fiduciary Asset, even in the case of the Fiduciary's failure to act or the insolvency of the Fiduciary. However, if, under the Fiduciary Assets and/or Fiduciary Asset Agreements, the Fiduciary is entitled and, furthermore, has, pursuant to the relevant Fiduciary Contract, become obliged to

take legal action against a Fiduciary Asset Obligor and has failed to take such action within a reasonable time, then (if and to the extent such failure is continuing), each Noteholder is entitled to institute indirect legal action (*action oblique*) in accordance with the relevant provisions of the Luxembourg civil code against the Fiduciary Asset Obligor *in lieu* of the Fiduciary and on its behalf.

The rights of the Fiduciary in respect of the Fiduciary Asset Agreements and other Fiduciary Assets are Fiduciary Assets of the Fiduciary and are held for the exclusive benefit (save as provided in these Conditions) and at the sole risk of the Noteholders. In a liquidation of the Fiduciary, the Fiduciary Assets are not part of the estate of the Fiduciary. They may be attached only by persons whose rights exist as a result of the creation and existence of the Fiduciary Assets.

The Notes do not constitute direct debt obligations of UBS (Luxembourg) Issuer SA or any other entity belonging to the UBS Group, including UBS Europe SE, Luxembourg Branch, i.e. obligations that affect the personal estate of UBS (Luxembourg) Issuer SA. The ability of the Fiduciary to meet its obligations to pay principal, interest and any other sums due and perform any other obligation in respect of the Notes will be dependent and conditional upon the due and timely performance by the Fiduciary Asset Obligors of their obligations in respect of the relevant Fiduciary Assets and receipt by the Fiduciary of any monies payable thereunder.

"Swap Counterparty" is as defined in Condition 4(d).

(ix) Unless otherwise provided in the applicable Pricing Supplement, all rights of the Swap Counterparty to replace or withdraw Eligible Securities under Condition 4(c)(ii) and Condition 4(c)(iii) shall cease forthwith upon the occurrence of an Acceleration Event.

The Agency Agreement provides that, in connection with any delivery, replacement or withdrawal of Eligible Securities under Condition 4(c), the Fiduciary shall receive confirmation from the Swap Counterparty that the relevant provisions of Condition 4(c) and the applicable Pricing Supplement have been complied with, and it may rely absolutely upon such confirmation for all purposes and need make no enquiry of any nature. By subscription for, or acquisition of, any Note, each Noteholder accepts and is bound by this provision.

The Fiduciary shall not be liable to the Swap Counterparty, any Noteholder or any other person for any loss arising from the operation of Condition 4(c), unless

the Fiduciary has been grossly negligent (*faute grave*) or is guilty of wilful misconduct (*dol*).

(d) *Swap Agreement*

If so specified in the applicable Pricing Supplement, the Fiduciary Asset Agreements may comprise an ISDA Master Agreement and Schedule entered into by the Fiduciary and the Swap Counterparty (the "**Swap Counterparty**") specified in the applicable Pricing Supplement and the Confirmation thereto (together the "**Swap Agreement**"). Where not so specified, references to Swap Counterparty and Swap Agreement in the Conditions will be deemed not to apply. The Swap Agreement will terminate on the termination date specified in the Swap Agreement, unless terminated earlier in accordance with its terms. Unless otherwise specified in the applicable Swap Agreement, (i) the Swap Agreement will terminate in full if all the Notes are redeemed prior to the Maturity Date pursuant to any provision of Condition 7 or upon the occurrence of an Illegality/Regulatory Event or an Early Extinction of a Fiduciary Contract Event or an Acceleration Event or pursuant to any of the Additional Terms and Conditions; and (ii) the Swap Agreement will terminate in part (on a *pro rata* basis in a proportion of its nominal amount equal to the proportion that the nominal amount of the relevant Notes being redeemed bears to the aggregate nominal amount of the Notes immediately prior to such redemption) if the Notes are redeemed in part prior to the Maturity Date pursuant to any provision of Condition 7. In the event of an early termination of the Swap Agreement, either party to the Swap Agreement may be liable to pay a termination amount (a "**Termination Amount**") to the other party in an amount determined in accordance with the provisions of the Swap Agreement.

Neither the Fiduciary nor the Swap Counterparty is obliged under the Swap Agreement to gross up payments to be made by it to the other if withholding taxes are imposed on such payments, but the Swap Agreement is terminable in such event.

To the extent that the Swap Counterparty fails to make payments due to the Fiduciary under the Swap Agreement, the Fiduciary will be unable to make payments due in respect of the Notes.

(e) *Liquidation of Fiduciary Assets*

(1) *Liquidation Period*

If "Maturity Liquidation" is specified as applying in the applicable Pricing Supplement (where "**Maturity Liquidation**" means Liquidation (as defined below) carried out for the purpose of the redemption of the Notes on the Maturity Date) or the Notes are to be redeemed pursuant to Condition 7(b) following a relevant Tax Event, Condition 7(c) following an Illegality/Regulatory Event, Condition 7(e) following an Administrator/Benchmark Event, Condition 10 following the occurrence of an Acceleration Event, Condition 7(d) following the occurrence of an Early Extinction of a Fiduciary Contract Event or pursuant to any of the Additional Terms and Conditions then, in each case, the Selling Agent will on behalf of the Fiduciary (which the Noteholders expressly accept) realise the Fiduciary Assets (other than the Swap Agreement (if any)) (a "**Liquidation**") as soon as reasonably practicable following the commencement of the relevant Liquidation Period (as defined below) in accordance with paragraph (2) (*Liquidation Period Procedures*) below.

As used in this Condition 4(e):

"**Liquidation Period**" means (i) in relation to a Maturity Liquidation the period from and including the 30th day immediately preceding the Maturity Date to but excluding the second Business Day immediately preceding the Maturity Date unless otherwise specified in the

applicable Pricing Supplement or (ii) in relation to a Liquidation following a Tax Event, an Illegality/Regulatory Event, an Administrator/Benchmark Event, an Acceleration Event or an Early Extinction of a Fiduciary Contract Event, the period from and including the occurrence of the relevant Tax Event, Illegality/Regulatory Event, Administrator/Benchmark Event, Acceleration Event or Early Extinction of a Fiduciary Contract Event or other relevant event to and including the second Business Day immediately preceding the relevant Early Redemption Date.

(2) *Liquidation Period Procedures*

The Selling Agent may on behalf of the Fiduciary (which by subscription for, or acquisition of, any Note the Noteholders are deemed to expressly accept and be bound by) take such steps as it considers appropriate in order to effect an orderly Liquidation during the Liquidation Period (so far as is reasonably practicable in the circumstances) but may not delay the realisation of all or part of the Fiduciary Assets beyond the Liquidation Period for any reason, including the possibility of achieving a higher price for any Fiduciary Asset, and will not be liable to the Noteholders or any other party in any circumstances, including on the grounds that a higher price could have been obtained had any relevant sale of a Fiduciary Asset been delayed. If the Selling Agent, having used reasonable efforts consistent with the accepted market practices in the international financial market, is unable to liquidate all or part of the Fiduciary Assets within the Liquidation Period, the Fiduciary will seek to deliver such assets to Noteholders on *pro rata* basis and will give notice of details of relevant procedures for this in accordance with the provisions of Condition 15 ("*Notices*"). However, the relevant price of such unrealised Fiduciary Assets shall be deemed to be zero for purposes of determining the Realised Amount.

The Selling Agent shall not be liable (i) to account for anything except actual proceeds of the Fiduciary Assets received by it or (ii) for any costs, charges, losses, damages, liabilities or expenses arising from or connected with the Liquidation or from any act or omission in relation to the Fiduciary Assets or otherwise unless such costs, charges, losses, damages, liabilities or expenses are caused by its gross negligence (*faute grave*) or wilful misconduct (*dol*). In addition, the Selling Agent will not be obliged to pay to the Fiduciary or the Noteholders interest on any proceeds from the Liquidation held by it at any time.

In carrying out a Liquidation, the Selling Agent will act in good faith and subject as provided above will sell to or otherwise realise Fiduciary Assets at a price which it reasonably believes to be representative of the price available in the market for the sale of the Fiduciary Assets in the appropriate size taking into account the length of the Liquidation Period and the Fiduciary Assets to be sold during that Liquidation Period.

In carrying out any Liquidation the Selling Agent may sell to or otherwise realise Fiduciary Assets in transactions with itself, the Swap Counterparty, or any Affiliate of the Selling Agent, Swap Counterparty or Fiduciary.

(3) *Selling Agent*

The Selling Agent may be UBS AG, London Branch, UBS Asset Management (UK) Ltd or the Swap Counterparty or an Affiliate of the Fiduciary or any other entity (and shall be specified in the relevant Pricing Supplement). The Selling Agent and its Affiliates may enter into any contracts or any other transactions or arrangements with the Fiduciary, the Noteholders, any Fiduciary Asset Obligor or any Affiliate thereof (whether in relation to the Notes or otherwise) and may hold or deal in assets or obligations of the same type as the relevant Fiduciary Assets or any other assets or obligations of any Fiduciary Asset Obligor. The Selling Agent or any of its Affiliates may take such action as they determine appropriate to protect their interests in connection with any such contracts, transactions or arrangements without regard to the

consequences thereof for any Noteholder or the Swap Counterparty. The Selling Agent shall not be required to disclose any such contract, transaction or arrangement to the Noteholders and shall be in no way accountable to the Fiduciary or to the Noteholders for any profits or benefits arising in connection therewith.

(f) *Application of Liquidation proceeds following an Illegality/Regulatory Event, an Acceleration Event or other early termination of the Notes*

Unless otherwise provided in the applicable Pricing Supplement, following an Illegality/Regulatory Event or the Notes otherwise becoming subject to early termination under Condition 7 or an Acceleration Event or the Notes becoming subject to termination pursuant to any of the Additional Terms and Conditions, the Fiduciary shall (which by subscription for, or acquisition of, any Note the Noteholders are deemed to expressly accept and be bound by) apply the sum (the "**Realised Amount**") of (a) all monies the Fiduciary receives from the Selling Agent in connection with a Liquidation pursuant to Condition 4(e) and the Termination Amount in respect of the Swap Agreement, if any (if a positive amount is payable to the Fiduciary), in each case after meeting (i) any taxes required to be paid in connection with the Liquidation, (ii) all fees, costs, charges, expenses and liabilities and other amounts incurred by or payable by the Fiduciary (including to any Agent and/or Dealer) other than any amounts owing as provided for in paragraphs (A) – (D) below and (iii) all fees, costs, charges, expenses, remuneration and liabilities incurred by or payable by the Selling Agent as follows:

- (A) If "**Counterparty Priority**" is specified in the applicable Pricing Supplement:
- (i) first, *pro rata* in payment of any Termination Amount owing to the Swap Counterparty under the Swap Agreement and any amount owing to the Principal Paying Agent for reimbursement in respect of payment of principal and interest made to holders of Notes;
 - (ii) secondly, in payment of any amounts owing to the holders of Notes; and
 - (iii) thirdly, *pro rata* in payment of the balance (if any) to the holders of Notes.
- (B) If "**Pari Passu**" is specified in the applicable Pricing Supplement:
- (i) first, *pro rata* in payment of any Termination Amount owing to the Swap Counterparty under the Swap Agreement and any amounts owing to the holders of Notes (which shall include any amount owing to the Principal Paying Agent for reimbursement in respect of payment of principal and interest made to holders of Notes); and
 - (ii) secondly, *pro rata* in payment of the balance (if any) to the holders of Notes.
- (C) If "**Noteholder Priority**" is specified in the applicable Pricing Supplement:
- (i) first, *pro rata* in payment of any amounts owing to the holders of Notes (which shall include any amount owing to the Principal Paying Agent for reimbursement in respect of payment of principal and interest made to holders of Notes);
 - (ii) secondly, in payment of any Termination Amount owing to the Swap Counterparty under the Swap Agreement;
 - (iii) thirdly, *pro rata* in payment of the balance (if any) to the holders of Notes; and

- (D) If **Other Priority** is specified in the applicable Pricing Supplement the Fiduciary shall apply the Realised Amount in the manner set out in the applicable Pricing Supplement.

Claims against the Fiduciary by holders of a particular Series of Notes and, if applicable, the Swap Counterparty, will be limited to the Fiduciary Assets and/or Fiduciary Asset Agreements applicable to that Series. If the net proceeds of the enforcement or liquidation of the Fiduciary Assets and/or Fiduciary Asset Agreements for any Series are not sufficient to make all payments which would otherwise be due in respect of the Notes of that Series and, if applicable, due to the Swap Counterparty, then the Realised Amount will be applied in accordance with the priority of payments set out at paragraphs (A), (B), (C) or (D) above, as applicable, and the amounts due to the Noteholders and Swap Counterparty will be calculated in accordance with the relevant priority of payments (the **Reduced Amounts**). The Fiduciary will then make payment of such Reduced Amounts to each party on the basis payments will first be made to the Swap Counterparty and all other parties excluding the Noteholders and thereafter to Noteholders. No other assets of the Fiduciary will be available to meet any shortfall between the amounts that would otherwise be due but for the application of the relevant priority of payments and the Reduced Amounts and the claims of Noteholders and, if applicable, any such Swap Counterparty, in respect of any such shortfall shall be extinguished and no such party will be able to petition for the winding-up, the liquidation or the bankruptcy of the Fiduciary, or any similar proceedings, as a consequence of any such shortfall.

- (g) After having reasonably tried to liquidate the Fiduciary Assets, the Fiduciary may, at its sole discretion, elect to proceed by way of physical settlement, in accordance with Condition 6(h) below, to the extent possible. In such a case, the Fiduciary shall forthwith give not less than 10 (ten) nor more than 30 (thirty) calendar days' notice to (a) the Noteholders (pursuant to Condition 15), which by subscription for, or acquisition of, any Note are deemed to expressly accept and be bound by, (b) the Swap Counterparty (if applicable) and (c) for as long as the Notes are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange. Upon expiry of such notice the Fiduciary shall proceed with the physical settlement of the Fiduciary Assets. Upon receipt of such notice, the relevant Noteholder shall comply and deliver an Asset Transfer Notice.

5. Interest

- (a) *Interest in connection with Fixed Rate Notes*

Each Fixed Rate Note carries a right to receive periodic distributions out of the assets of the fiduciary estate from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest (such periodic distributions hereinafter referred to as "**interest**"). Interest will be payable in arrears on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Pricing Supplement the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount.

Payments of interest on any Interest Payment Date will, if so specified in the applicable Pricing Supplement, amount to the Broken Amount so specified.

As used in these Conditions, "**Fixed Interest Period**" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Pricing Supplement, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (b) in the case of Fixed Rate Notes in definitive form, the Specified Denomination;

and in each case multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

As used in the Conditions:

"Day Count Fraction" means:

In respect of Fixed Rate Notes:

- (i) if **"Actual/Actual (ICMA)"** is specified in the applicable Pricing Supplement:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **"Accrual Period"**) is equal to or shorter than the Determination Period during which the relevant Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Pricing Supplement) that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if **"30/360"** is specified in the applicable Pricing Supplement, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

"Determination Period" means the period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on

the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

In the case of Floating Rate Notes:

- (i) if "**Actual/Actual (ISDA)**" or "**Actual/Actual**" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (a) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (b) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "**Actual/365 (Fixed)**" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365;
- (iii) if "**Actual/365 (Sterling)**" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if "**Actual/360**" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 360;
- (v) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

Day Count Fraction =

$$\frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Interest Period falls;

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

Day Count Fraction =

$$\frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if "**30E/360 (ISDA)**" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

(b) *Interest in connection with Floating Rate Notes and Reference Item Linked Interest Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note and, subject to the provisions of Condition 5(b)(vii) below and unless otherwise specified in the applicable Pricing Supplement, each Reference Item Linked Interest Note carries a right to receive periodic distributions out of the assets of the fiduciary estate from (and including) the Interest Commencement Date (such periodic distributions hereinafter referred to as "**interest**") and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Pricing Supplement; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an "**Interest Payment Date**") which falls the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, "**Interest Period**" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

As used in the Conditions, "**Business Day**" means a day which is both:

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Reference Item Linked Interest Notes will be determined in the manner specified in the applicable Pricing Supplement.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any). For the purposes of this sub-paragraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and

updated as at the Issue Date of the first Tranche of the Notes, (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- (2) the Designated Maturity is a period specified in the applicable Pricing Supplement; and
- (3) the relevant Reset Date is the day specified in the applicable Pricing Supplement.

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Pricing Supplement, the Minimum Rate of Interest shall be deemed to be zero.

- (B) Screen Rate Determination for Floating Rate Notes – Overnight Rate - Compounded Daily SONIA

This Condition 5(b)(ii)(B) applies where the applicable Pricing Supplement specifies: (1) "*Screen Rate Determination*" and "*Overnight Rate*" to be "Applicable" and (2) "*Compounded Daily SONIA*" as the Reference Rate.

- (1) The Rate of Interest for an Interest Period will, subject to Condition 7(e) (Redemption for an Administrator/Benchmark Event) and as provided below, be Compounded Daily SONIA with respect to such Interest Period plus or minus (as indicated in the applicable Pricing Supplement) the applicable Margin (if any), all as determined by the Calculation Agent .

Compounded Daily SONIA means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) as calculated by the Calculation Agent as at the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_i \times n_i}{D} \right) - 1 \right] \times \frac{D}{d}$$

where:

d is the number of calendar days in:

- (i) where "Lag" is specified as the Observation Method in the applicable Pricing Supplement, the relevant Interest Period; or

- (ii) where “Observation Shift” is specified as the Observation Method in the applicable Pricing Supplement, the relevant SONIA Observation Period;

D is the number specified as such in the applicable Pricing Supplement (or, if no such number is specified, 365);

d_o means:

- (i) where “Lag” is specified as the Observation Method in the applicable Pricing Supplement, the number of London Banking Days in the relevant Interest Period; or

- (ii) where “Observation Shift” is specified as the Observation Method in the applicable Pricing Supplement, the number of London Banking Days in the relevant SONIA Observation Period;

i is a series of whole numbers from one to “*d_o*”, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day to, and including, the last London Banking Day, in:

- (i) where “Lag” is specified as the Observation Method in the applicable Pricing Supplement, the relevant Interest Period; or

- (ii) where “Observation Shift” is specified as the Observation Method in the applicable Pricing Supplement, the relevant SONIA Observation Period;

London Banking Day means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

n_i for any London Banking Day “*i*”, means the number of calendar days from (and including) such London Banking Day “*i*” up to (but excluding) the following London Banking Day;

SONIA Observation Period means the period from (and including) the date falling “*p*” London Banking Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) to (but excluding) the date falling “*p*” London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling in “*p*” London Banking Days prior to such earlier date, if any, on which the relevant payment of interest falls due;

p means:

- (i) where “Lag” is specified as the Observation Method in the applicable Pricing Supplement, the number of London Banking Days specified as the “Lag Period” in the applicable Pricing Supplement (or, if no such number is so specified, five London Banking Days); or

- (ii) where “Observation Shift” is specified as the Observation Method in the applicable Pricing Supplement, the number of London Banking Days specified as the “Observation Shift Period” in the applicable Pricing Supplement (or, if no such number is specified, five London Banking Days);

the **SONIA reference rate**, in respect of any London Banking Day (**LBD_x**), is a reference rate equal to the daily Sterling Overnight Index Average (**SONIA**) rate for such **LBD_x** as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the London Banking Day immediately following **LBD_x**; and

SONIA_i means in respect of any London Banking Day “i”, the SONIA reference rate for:

- (i) where “Lag” is specified as the Observation Method in the Pricing Supplement, the London Banking Day falling “p” London Banking Days prior to the such London Banking Day “i”; or
- (ii) where “Observation Shift” is specified as the Observation Method in the applicable Pricing Supplement, such London Banking Day “i”.

(2) If, where any Rate of Interest is to be calculated pursuant to Condition 5(b)(ii)(B)(1), in respect of any London Banking Day on which an applicable SONIA reference rate is required to be determined, such SONIA reference rate is not made available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors and no Administrator/Benchmark Event has occurred, then the SONIA reference rate in respect of such London Banking Day shall be the rate determined by the Calculation Agent as:

1. the sum of (i) the Bank of England’s Bank Rate (the **Bank Rate**) prevailing at 5.00 p.m. (London time) (or, if earlier, close of business) on such London Banking Day; and (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five London Banking Days in respect of which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads); or
2. if the Bank Rate under 1(i) above is not available at the relevant time, either (A) the SONIA reference rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day in respect of which the SONIA reference rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) or (B) if this is more recent, the latest rate determined under 1 above,

and, in each case, references to “SONIA reference rate” in Condition 5(b)(ii)(B)(1) above shall be construed accordingly.

- (3) In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 5(b)(ii)(B) and no Administrator/Benchmark Event has occurred, the Rate of Interest shall be:
1. that determined as at the last preceding Interest Determination Date on which the Rate of Interest was so determined (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to the relevant Interest Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as applicable) relating to that last preceding Interest Period); or
 2. if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (applying the Margin and, if applicable, any Maximum Rate of Interest and/or Minimum Rate of Interest, applicable to the first scheduled Interest Period),

in each case as determined by the Calculation Agent.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined and **term rate** is specified as “applicable” or the reference rate is specified as being a rate other than SONIA in the applicable Pricing Supplement, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the relevant screen page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either EURIBOR or other reference rate as specified in the applicable Pricing Supplement) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (Brussels time in the case of EURIBOR or such other time as specified in the applicable Pricing Supplement) on the Interest Determination Date in question plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any), all as determined by the Calculation

Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Pricing Supplement as being other than EURIBOR or SONIA, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Pricing Supplement.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Reference Item Linked Interest Notes, the Calculation Agent will notify the Principal Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes or Reference Item Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Floating Rate Notes in definitive form, the Specified Denomination;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency,

half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(v) *Notification of Rate of Interest and Interest Amounts*

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Fiduciary and any stock exchange on which the relevant Floating Rate Notes or Reference Item Linked Interest Notes are for the time being listed and notice thereof to be published in accordance with Condition 15 as soon as possible after their determination, but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Reference Item Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition 15. For the purposes of these Conditions, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(vi) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(b), whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful misconduct (*dol*), bad faith or manifest error) be binding on the Fiduciary, the Principal Paying Agent, the Calculation Agent (if applicable), the other Agents, the Swap Counterparty and all Noteholders and (in the absence as aforesaid) no liability to the Fiduciary, the Noteholders or the Swap Counterparty shall attach to the Principal Paying Agent or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(vii) *Interest on Reference Item Linked Interest Notes*

In the case of Reference Item Linked Interest Notes, where the Rate of Interest and/or the Interest Amount (whether on any Interest Payment Date, early redemption or maturity or otherwise) falls to be determined by reference to one or more indices, exchange-traded funds, shares, fund shares, units or interests, fund indices or other synthetic indices (or any combination thereof) and/or otherwise, the Rate of Interest and/or the Interest Amount shall be determined in the manner specified in the applicable Pricing Supplement.

(c) *Interest in connection with Dual Currency Interest Notes*

The rate or amount of interest applicable in relation to amounts of interest payable in connection with Dual Currency Interest Notes shall be determined in the manner specified in the applicable Pricing Supplement.

(d) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will be calculated as aforesaid by reference to the paid up nominal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

(e) *Accrual of interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid and/or all assets deliverable in respect of such Note have been delivered; and
- (2) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Registrar and/or all assets in respect of such Note have been received by any agent appointed by the Fiduciary to deliver such assets to Noteholders and notice to that effect has been given to the Noteholders in accordance with Condition 15.

6. Payments and Physical Delivery

(a) *General*

Following the relevant Issue Date of the Series of Notes and payment of the relevant Issue Price(s) by Noteholders neither the Fiduciary nor any Paying Agent shall exercise any lien, right of set off or similar claim (including, for the avoidance of doubt, legal set-off) against any Noteholder to whom it makes any payment of principal, interest or any other sums due or any delivery to be performed in respect of the Notes. No commission or expense shall be charged by the Fiduciary or any Paying Agent to any Noteholder in connection with any such payment or delivery; and, save as may be taken into account in amounts which Noteholders may pay for the purchase of Notes, none of the Fiduciary, the Principal Paying Agent or any Paying Agent shall be entitled to receive any remuneration directly from any Noteholder in respect of the performance of their obligations in relation to the Notes, the Fiduciary Asset Agreements or any other Fiduciary Assets.

For the avoidance of doubt, the Fiduciary shall, on any date on which an amount of interest, principal or other sum becomes due, be obliged to make the physical delivery or payment of the relevant amounts due in respect of the Notes if, and only to the extent of, the Fiduciary's due and timely receipt of corresponding amounts in respect of the relevant Fiduciary Asset Agreements or Fiduciary Assets, and the Fiduciary shall be discharged of its obligation to make payments of interest and/or principal (as the case may be) to the extent of the payments so made.

Unless otherwise specifically provided in the applicable Pricing Supplement, no amount of interest will be payable in respect of the Notes on any early termination of the Notes prior to the Maturity Date. For such purposes interest will be deemed not to have accrued since the previous Interest Payment Date, or, if none, the Issue Date.

(b) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to (i) any fiscal or other laws, regulations and directives and any arrangements reasonably considered necessary by the Fiduciary in order to ensure compliance with all laws applicable thereto in the place of payment, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code ("**871(m) Withholding**"). Other than as provided herein, no commission or expenses shall be charged to the Noteholders in respect of such payments. In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Notes, the Fiduciary shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, such payment will reflect the gross dividend payment paid by the issuer of the referenced securities less applicable withholding tax amounts in respect of such gross dividends, which in the case of U.S. source dividends, will be paid by or on behalf of the Fiduciary, in its capacity as a withholding agent, to the U.S. Internal Revenue Service (the "**IRS**") in accordance with section 871(m) of the Code and applicable guidance ("**Section 871(m) Regulations**"). The Fiduciary will not pay any additional amounts to the holder on account of the Section 871(m) amount withheld.

(c) *Payments in respect of Notes*

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Note appearing in the Register at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the nominal amount of the Notes held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**"

means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register, and "**Designated Bank**" means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the "**Record Date**") at his address shown in the Register on the Record Date and at his risk. Notwithstanding the foregoing, for as long as the Notes are represented by a Global Note, the Record Date will be the Business Day immediately before the relevant due date. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Note on redemption and the final instalment of principal will be made in the same manner as payment of the nominal amount of such Note.

Holders of Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Notes.

None of the Fiduciary or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(d) *General provisions applicable to payments*

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note, and the Fiduciary will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Fiduciary to, or to the order of, the holder of such Global Note.

(e) *Payment Day*

If the date for payment of any amount in respect of any Note is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant

place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 9) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation;
 - (B) London and Luxembourg;
 - (C) each Additional Financial Centre specified in the applicable Pricing Supplement; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London and any Additional Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET System is open.

(f) *Interpretation of principal and interest*

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) the Final Redemption Amount of the Notes;
- (ii) the Call Optional Redemption Amount(s) (if any) of the Notes;
- (iii) the Put Optional Redemption Amount(s) (if any) of the Notes;
- (iv) in relation to Notes redeemable in instalments, the Instalment Amounts; and
- (v) any premium and any other amounts (other than interest) which may be payable by the Fiduciary under or in respect of the Notes.

(g) *Residual Amounts*

If any amount due to be paid to a Noteholder in respect of a Note is lower than the sub-unit (as defined in Condition 5(a) above) of the relevant Specified Currency or if the transactional costs that would be incurred in order to make the relevant payment to a Noteholder exceed the amount available for distribution, such amount shall not be paid to the relevant Noteholder but will instead be kept by the Fiduciary. After the redemption of all the Notes of the relevant Series, any such residual amounts will become part of the personal estate of UBS (Luxembourg) Issuer SA.

(h) *Physical Delivery*

If any Notes are to be redeemed by delivery of the Fiduciary Assets (the "**Asset Amount**"), in order to obtain delivery of the Asset Amount(s) in respect of any Note:

- (A) if such Note is represented by a Global Note, the relevant Noteholder must deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Fiduciary not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice substantially in the form set out in the Agency Agreement (the "**Asset Transfer Notice**"); and
- (B) if such Note is in definitive form, the relevant Noteholder must deliver to the Registrar or any Paying Agent with a copy to the Fiduciary not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice.

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

If this Note is in definitive form, this Note must be delivered together with the duly completed Asset Transfer Notice.

An Asset Transfer Notice may only be delivered (i) if such Note is represented by a Global Note, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be or (ii) if such Note is in definitive form, in writing.

The delivery of the Asset Amount shall be made in the manner specified in the applicable Pricing Supplement or in such other commercially reasonable manner as the Fiduciary shall, in its sole discretion, determine to be appropriate for such delivery and shall notify to the Noteholders in accordance with Condition 15.

All expenses including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax and/or other taxes or duties (together "**Delivery Expenses**") arising from the delivery and/or transfer of any Asset Amount or the delivery and/or transfer of any related amounts in respect of the Fiduciary Assets shall be for the account of the relevant Noteholder and no delivery and/or transfer of any Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Fiduciary by the relevant Noteholder.

An Asset Transfer Notice must:

- (1) specify the name and address of the relevant Noteholder, any details required for delivery as set out in the applicable Pricing Supplement, any nominee to which delivery is to be made and the person from whom the Fiduciary may obtain details for the delivery of the Asset Amount if such delivery is to be made otherwise than in the manner specified in the applicable Pricing Supplement;
- (2) specify the series number of the Notes and the number of Notes which are the subject of such notice;
- (3) in the case of Notes represented by a Global Note, specify the nominal amount of Notes which are the subject of such notice and the number of the Noteholder's account at Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such Notes and irrevocably instruct and authorise Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Noteholder's account with such Notes on or before the Maturity Date;

- (4) include an undertaking to pay all Delivery Expenses and, in the case of Notes represented by a Global Note, an authority to debit a specified account of the Noteholder at Euroclear or Clearstream, Luxembourg, as the case may be, in respect thereof and to pay such Delivery Expenses;
- (5) specify an account to which any interest, dividends or other distributions payable pursuant to the Conditions or any other cash amounts specified in the applicable Pricing Supplement as being payable are to be paid;
- (6) certify that the beneficial owner of each Note is not a U.S. Person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States nor on behalf of a U.S. Person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. Person in connection with any redemption thereof. For these purposes, a "U.S. Person" means a person that is one or more of the following: (1) a "U.S. person" as defined in Regulation S, (2) a "U.S. person" as defined in the final rules promulgated pursuant to Section 15G of the Securities Exchange Act of 1934, as amended or (3) a person who comes within any definition of "U.S. person" for the purposes of the CEA or any rule, guidance or order proposed or issued by the CFTC thereunder (including but not limited to any person who is not a "Non-United States person" under CFTC Rule 4.7(a)(1)(iv) (excluding for purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons")); and
- (7) authorise the production of such notice in any applicable administrative or legal proceedings.

No Asset Transfer Notice may be withdrawn after receipt thereof by Euroclear, Clearstream, Luxembourg, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

In the case of Notes represented by a Global Note, upon receipt of such notice, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the Noteholder is the holder of the specified nominal amount of Notes according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in the Conditions shall be made, in the case of Notes represented by a Global Note, by Euroclear or Clearstream, Luxembourg, as the case may be, after consultation with the Fiduciary, and shall be conclusive and binding on the Fiduciary and the relevant Noteholder and, in the case of Notes in definitive form, by the relevant Paying Agent or Registrar, as the case may be, after consultation with the Fiduciary, and shall be conclusive and binding on the Fiduciary and the relevant Noteholder.

Subject as provided in this Condition 6, in relation to each Note which is to be redeemed by delivery of the Asset Amount, the Asset Amount will be delivered at the risk of the relevant Noteholder, in the manner provided above on the Maturity Date or relevant Fiduciary Asset Delivery/Payment Date if Condition 7(h) applies (such date, subject to adjustment in accordance with this Condition 6 or as provided in Condition 7(h) the "**Delivery Date**"), provided that the Asset Transfer Notice is duly delivered to Euroclear, Clearstream, Luxembourg, the Registrar or a Paying Agent, as the case may be, with a copy to the Fiduciary, as provided above, not later than the close of business in each place of receipt on the Cut-Off Date.

If an Asset Transfer Notice is delivered to Euroclear, Clearstream, Luxembourg, the Registrar or a Paying Agent, as the case may be, with a copy to the Fiduciary, later than the close of business in each place of receipt on the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of such Noteholder in the manner provided above. For the avoidance of doubt, in such circumstances such Noteholder shall not be entitled to any payment, whether of interest or otherwise, in the event of such Delivery Date falling after the originally designated Delivery Date and no liability in respect thereof shall attach to the Fiduciary.

If, prior to the delivery of the Asset Amount in accordance with this Condition 6, a Settlement Disruption Event is subsisting, then the Delivery Date in respect of such Note shall be postponed until the date on which no Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Noteholder, in accordance with Condition 15. Such Noteholder shall not be entitled to any payment, whether of interest or otherwise, on such Note in the event of any delay in the delivery of the Asset Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Fiduciary.

For so long as delivery of the Asset Amount in respect of any Note is not practicable by reason of a Settlement Disruption Event, or because compliance with any laws or regulations applying to the delivery of the Asset Amount is not practicable then in lieu of physical settlement and notwithstanding any other provision hereof, the Fiduciary may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election (the "**Election Notice**") is given to the Noteholders in accordance with Condition 15. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 15.

For such period of time after the Maturity Date or relevant Fiduciary Asset Delivery/Payment Date if Condition 7(h) applies as the Fiduciary or any person on behalf of the Fiduciary shall continue to be the legal owner of the securities comprising the Asset Amount (the "**Intervening Period**"), neither the Fiduciary nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Noteholder or any subsequent beneficial owner of such Note any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Note, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such securities during the Intervening Period or (iii) be under any liability to the relevant Noteholder or any subsequent beneficial owner of such Note in respect of any loss or damage which the relevant Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner of such Notes during such Intervening Period.

Where the Asset Amount is, in the determination of the Fiduciary, an amount other than an amount of relevant Assets capable of being delivered, the Noteholders will receive an Asset Amount comprising of the nearest number (rounded down) of relevant Assets capable of being delivered by the Fiduciary (taking into account that a Noteholder's entire holding of Notes may be aggregated at the Fiduciary's discretion for the purpose of delivering the Asset Amounts) and an amount in the Specified Currency which shall be the value of the amount of the Relevant Assets so rounded down, as calculated by the Calculation Agent in its sole discretion from such source(s) as it may select (converted if necessary into the Specified Currency by reference to such exchange rate as the Calculation Agent deems appropriate). Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 15.

For the purposes of this Condition 6(h):

"Disruption Cash Settlement Price" means an amount equal to the fair market value of the relevant Note (taking into account all amounts paid or delivered in respect of the Notes) on such day as shall be selected by the Fiduciary in its sole and absolute discretion provided that such day is not more than 15 Business Days before the date that the Election Notice is given as provided above adjusted to take account fully for any losses, expenses and costs to the Fiduciary and/or any Affiliate of the Fiduciary of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any options or selling or otherwise realising any Relevant Asset or other instruments of any type whatsoever which the Fiduciary and/or any of its Affiliates may hold as part of such hedging arrangements), all as calculated by the Calculation Agent in its sole and absolute discretion; and

"Settlement Disruption Event" means an event beyond the control of the Fiduciary as a result of which, in the opinion of the Calculation Agent, delivery of the Asset Amount by or on behalf of the Fiduciary, in accordance with the Conditions and/or the applicable Pricing Supplement is not practicable.

(i) *Noteholder Option to Vary Settlement*

If "Physical Settlement" is specified as Not Applicable and "Noteholder Option to vary Settlement" is specified as Applicable in the applicable Pricing Supplement, 100 % of Noteholders (acting together) have an option to vary settlement in respect of the Notes. Provided that all Noteholders give notice to the Fiduciary requesting this, the Noteholders may, in respect of each such Note, elect not to receive the Final Redemption Amount from the Fiduciary but, in lieu thereof to receive physical delivery of the Asset Amount on the Maturity Date from the Fiduciary. Any notification of such election must be given by 100 % of Noteholders to the Fiduciary in accordance with Condition 15 in such case no later than the 10th Business Day prior to the Maturity Date. In addition Noteholders will be required to observe the requirements of Condition 6(h).

7. **Redemption and Purchase**

(a) *Redemption at maturity and other cases*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Fiduciary at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Pricing Supplement in the relevant Specified Currency on the Maturity Date. Each Noteholder will also be entitled to receive its *pro rata* share of the residue (if any) of the Fiduciary Assets and sums due to the Fiduciary under the Fiduciary Asset Agreements (if any) after payment of all Final Redemption Amount(s) or other amounts due on any redemption or early redemption of the Notes and all sums owing by the Fiduciary under each Fiduciary Asset Agreement or any other arrangement in respect of the Notes has been made in full.

(b) *Redemption for taxation reasons (Tax Event)*

(i) A **"Tax Event"** will be deemed to occur if (1) the Fiduciary, on the occasion of the next payment due in respect of the Notes, would be required by law to withhold or account for tax, duty, withholding or other payment amount in respect of such payment or (2) the Fiduciary would suffer tax in respect of its income or receipt of payments under any Fiduciary Asset Agreement or Fiduciary Asset or (3) on the occasion of the next payment due in respect of any Fiduciary Asset Agreement, the Fiduciary would be required by law to withhold or account for tax in respect of such payment, which in the case of (1), (2) or (3) may include the deduction of tax from such payments or, include any withholding or deduction required (a) pursuant to an agreement described

in Section 1471(b) of the Code or any withholding or deduction otherwise imposed pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof ("**FATCA Withholding Tax**") or (b) pursuant to Section 871(m) of the Code.

- (ii) If a Tax Event occurs, the Fiduciary shall so inform the Principal Paying Agent, the Calculation Agent and the Swap Counterparty. In such case, where paragraph (i)(1) above applies or, provided that Fiduciary Asset/Agreement Tax Event is specified as Applicable in the applicable Pricing Supplement, where paragraph (i)(2) or (i)(3) above applies, the Fiduciary has the right, at its sole option, to elect to redeem the Notes in accordance with (iii) below.
- (iii) Where the Fiduciary elects to redeem the Notes in accordance with (ii) above, the Fiduciary having given not less than 10 (ten) nor more than 30 (thirty) calendar days' notice to Noteholders in accordance with Condition 15 ("*Notices*"), the Swap Counterparty (if applicable) and, for as long as the Notes are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange (which notice shall be irrevocable), will, on expiry of such notice redeem all, but not some only, of the Notes on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or such other amount as may be specified in the applicable Pricing Supplement. In such circumstances, the provisions of Condition 4(e) shall apply.

(c) *Redemption for Illegality/Regulatory Event*

In the event that the Calculation Agent determines (which by subscription for, or acquisition of, any Note the Noteholders are deemed to expressly accept and be bound by) in good faith that:

- (i) the performance of the Fiduciary's obligations under the Notes or in respect of any Fiduciary Asset or any arrangement made in relation to the Fiduciary Assets has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive, guidance or similar of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof and/or the Fiduciary is no longer qualified and authorised to act as a fiduciary under the Law, as determined by the Calculation Agent, and/or;
- (ii) the application, publication, announcement, implementation, enforcement or interpretation of any applicable present or future law, rule, regulation, judgment, order or directive, guidance or similar (whether applied, published, announced, implemented, brought into force or interpreted prior to, or following, the issuance of the Notes), is such that (in the determination of the Calculation Agent based on an assumption that none of the Fiduciary, the Arranger or any of their Affiliates or any Agent will be required to incur any expense or suffer any loss) the Fiduciary, the Arranger or any of their respective Affiliates and/or any Agent in each case acting in any capacity is unable or could reasonably be expected to be unable to comply with such law, rule, regulation, judgment, order or directive, guidance or similar, to the extent applicable to or related to the Notes or arrangements in respect of the Notes;

the Calculation Agent shall promptly notify the Fiduciary (where the Calculation Agent and the Fiduciary are different legal entities) and the Fiduciary having given not less than 10 (ten) nor more than 30 (thirty) calendar days' notice to Noteholders in accordance with Condition 15

("Notices"), the Swap Counterparty (if applicable) and, for as long as the Notes are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange (which notice shall be irrevocable), may (at its option), on expiry of such notice redeem all, but not some only, of the Notes on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or such other amount as may be specified in the applicable Pricing Supplement. In such circumstances, the provisions of Condition 4(e) shall apply. (i) and (ii) above are each an "**Illegality/Regulatory Event**".

(d) *Redemption for an Early Extinction of a Fiduciary Contract Event*

In the event that the Calculation Agent determines (which by subscription for, or acquisition of, any Note the Noteholders are deemed to expressly accept and be bound by) in good faith, that an Early Extinction of a Fiduciary Contract Event has occurred, the Calculation Agent shall promptly notify the Fiduciary (where the Calculation Agent and the Fiduciary are different legal entities) and the Fiduciary having given not less than 10 (ten) nor more than 30 (thirty) calendar days' notice to Noteholders in accordance with Condition 15 ("Notices"), the Swap Counterparty (if applicable) and, for as long as the Notes are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange (which notice shall be irrevocable), may (at its option), on expiry of such notice redeem all, but not some only, of the Notes on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or such other amount as may be specified in the applicable Pricing Supplement.

For the purposes of this condition (d):

"**Early Extinction of a Fiduciary Contract Event**" means that an early extinction of the Fiduciary Contract has been ordered by a court on serious grounds on the application of the Noteholder, the Fiduciary or any third party.

(e) *Redemption for an Administrator/Benchmark Event*

In the event that an Administrator/Benchmark Event occurs, the Fiduciary may (at its option):

- (i) instruct the Calculation Agent to make such adjustment to the conditions of the Notes as it may determine appropriate to account for the relevant event or circumstance; or
- (ii) having given not less than 10 (ten) nor more than 30 (thirty) calendar days' notice to Noteholders in accordance with Condition 15 ("Notices"), the Swap Counterparty (if applicable) and, for as long as the Notes are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange (which notice shall be irrevocable), on expiry of such notice redeem all, but not some only, of the Notes on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or such other amount as may be specified in the applicable Pricing Supplement. In such circumstances, the provisions of Condition 4(e) shall apply.

For the purposes of this Condition 7(e):

"**Administrator/Benchmark Event**" means, in relation to any Regulated Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event, (unless specified as being not applicable in the Pricing Supplement) a Pre-Cessation Event or, in each case if specified as being

applicable in the Pricing Supplement, a Pre-Cessation (Prohibition of Use) Event, a Pre-Cessation (Non-Representative Benchmark) Event or a Pre-Cessation (Illegality) Event.

"Benchmark Modification" or **"Cessation Event"** means, in respect of the Regulated Benchmark:

- (i) any material change in such Regulated Benchmark; or
- (ii) the permanent cancellation or cessation in the provision of such Regulated Benchmark.

"BMR" means the EU Benchmark Regulation (Regulation (EU) 2016/1011).

"Non-Approval Event" means, in respect of the Regulated Benchmark:

- (i) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Regulated Benchmark or the administrator of the Regulated Benchmark is not obtained;
- (ii) the Regulated Benchmark or the administrator of the Regulated Benchmark is not included in an official register; or
- (iii) the Regulated Benchmark or the administrator of the Regulated Benchmark does not fulfil any legal or regulatory requirement applicable to the Fiduciary, the Calculation Agent or the Regulated Benchmark;

in each case, as required under any applicable law or regulation in order for any of the Fiduciary, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Regulated Benchmark or the administrator of the Regulated Benchmark is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Regulated Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

"Pre-Cessation Event" means:

- (i) a public statement by the administrator of the Regulated Benchmark that (in circumstances where no successor administrator has been or will be appointed that will continue publication of such Regulated Benchmark) it has ceased publishing such Regulated Benchmark permanently or indefinitely or that it will cease to do so by a specified future date (the **"Specified Future Date"**); or
- (ii) a public statement by the supervisor of the administrator of the relevant Regulated Benchmark that such Regulated Benchmark has been or will, by a specified future date (the **"Specified Future Date"**), be permanently or indefinitely discontinued,

provided that, in each case, Pre-Cessation Postponement shall apply unless specified otherwise in the Pricing Supplement.

"Pre-Cessation (Illegality) Event" means it has or will, by a specified date within the following six months, become unlawful for the Calculation Agent or the Fiduciary to calculate any payments due to be made to any Noteholder using the relevant Regulated Benchmark (including, without limitation, under the BMR, if applicable).

“Pre-Cessation (Non-Representative Benchmark) Event” means a public statement by the supervisor of the administrator of the relevant Regulated Benchmark that, in the view of such supervisor, such Regulated Benchmark is or will, by a specified future date (the "Specified Future Date"), be no longer representative of an underlying market or the methodology to calculate such Regulated Benchmark has materially changed, provided that Pre-Cessation Postponement shall apply unless specified otherwise in the Pricing Supplement.

“Pre-Cessation (Prohibition of Use) Event” means a public statement by the supervisor of the administrator of the relevant Regulated Benchmark as a consequence of which the Regulated Benchmark will, by a specified future date (the "Specified Future Date"), be prohibited from being used, or that its use will be subject to restrictions or adverse consequences, either generally, or in respect of the Notes, provided that Pre-Cessation Postponement shall apply unless specified otherwise in the Pricing Supplement.

“Pre-Cessation Postponement” means, in relation to any Pre-Cessation Event, a Pre-Cessation (Prohibition of Use) Event, a Pre-Cessation (Non-Representative Benchmark) Event or a Pre-Cessation (Illegality) Event, where the Specified Future Date in the relevant public statement is more than six months after the date of that public statement, the Pre-Cessation Event shall not be deemed to occur until the date falling six months prior to such Specified Future Date.

"Regulated Benchmark" means any figure which is a benchmark as defined in BMR (and for the avoidance of doubt, irrespective of whether the relevant Notes are financial instruments as defined in BMR) and where any amount payable under the Notes, or the value of the Notes, is determined by reference to such figure, all as determined by the Calculation Agent.

"Rejection Event" means, in respect of the Regulated Benchmark, the relevant competent authority or other relevant official body rejects or refuses any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Regulated Benchmark or the administrator of the Regulated Benchmark under any applicable law or regulation for any of the Fiduciary, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

"Suspension/Withdrawal Event" means, in respect of the Regulated Benchmark:

- (i) the relevant competent authority or other relevant official body suspends or withdraws any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Regulated Benchmark or the administrator of the Regulated Benchmark which is required under any applicable law or regulation in order for any of the Fiduciary, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or
- (ii) the Regulated Benchmark or the administrator of the Regulated Benchmark is removed from any official register where inclusion in such register is required under any applicable law in order for any of the Fiduciary, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Regulated Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal.

(f) *Redemption at the option of the Fiduciary (Fiduciary Call)*

If Fiduciary Call is specified as applicable in the applicable Pricing Supplement, the Fiduciary may, having given not less than 10 days' notice, or such other notice period as may be specified, to the Principal Paying Agent and the Registrar, the Swap Counterparty and the Noteholders in accordance with Condition 15 ("*Notices*") (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Call Optional Redemption Date at the amounts specified in, or determined in the manner specified in, the applicable Pricing Supplement. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and/or not more than the Higher Redemption Amount in each case as may be specified in the applicable Pricing Supplement. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, in the case of Redeemed Notes represented by a Global Note, not more than 30 (thirty) calendar days prior to the date fixed for redemption (such date of selection, the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 15 ("*Notices*") not less than 5 calendar days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 7 ("*Redemption and Purchase*").

(g) *Redemption at the option of the Noteholders (Investor Put)*

If Investor Put is specified as applicable in the applicable Pricing Supplement, upon the holder of any Note giving to the Fiduciary in accordance with Condition 15 ("*Notices*") not less than 45 (forty-five) calendar days' notice (subject to the Fiduciary having received the relevant amount) the Fiduciary will, upon the expiry of such notice and subject to realisation of the Fiduciary Assets or delivery thereof and subject to the terms of the Fiduciary Asset Agreement(s), redeem, subject to, and in accordance with, the terms specified in the applicable Pricing Supplement, in whole (but not in part), such Note on the Put Optional Redemption Date and at the amount specified in, or determined in the manner specified in, the Pricing Supplement. Notes may be redeemed under this Condition 7(g) ("*Redemption and Purchase*") in any multiple of their lowest Specified Denomination provided that the total number of Notes being redeemed is greater than or equal to the Minimum Redemption Amount. At the request of a Noteholder, the Fiduciary may, but is not required to, at its sole and unfettered option and without incurring any obligation to any other Noteholder, redeem an amount or number of Notes which is less than the Minimum Redemption Amount. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Pricing Supplement.

To exercise the right to require redemption of any Note the holder of such Note must deliver, at the specified office of the Registrar at any time during normal business hours of the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by

cheque, an address) to which payment is to be made under this Condition and the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Notes so surrendered is to be redeemed, an address to which a new Note in respect of the balance of such Notes is to be sent subject to, and in accordance with, the provisions of Condition 2(b) ("*Transfers of Notes*"). If this Note is in definitive form, the Put Notice must be accompanied by this Note or evidence satisfactory to the Registrar concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a Global Note or is in definitive form and in each case is held through Euroclear and Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg, from time to time and, if this Note is represented by a Global Note held through Euroclear and Clearstream, Luxembourg, at the same time present or procure the presentation of the relevant Global Note to the Principal Paying Agent for notation accordingly.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption a Tax Event, an Illegality/Regulatory Event, an Administrator/Benchmark Event, an Acceleration Event or an Early Extinction of a Fiduciary Contract Event shall have occurred in relation to the relevant Note and be continuing in which event such holder, at its option, may elect by notice to the Fiduciary to withdraw the notice given pursuant to this paragraph and instead to declare that such Note shall be redeemed pursuant to Condition 7(b), Condition 7(c), Condition 7(d), Condition 7(e) or Condition 10, as the case may be.

(h) *Fiduciary Asset Settlement*

Upon holders of all but not some only of the Notes delivering an Asset Transfer Notice(s) in accordance with Condition 6(h) not less than 90 (ninety) calendar days (the "**Cut-off Date**") prior to a single Fiduciary Asset Delivery/Payment Date (as specified in the relevant Asset Transfer Notice(s) and fulfilling the description thereof in the applicable Pricing Supplement, the "**Fiduciary Asset Delivery/Payment Date**"), no further amounts will be payable or deliverable under the Notes other than pursuant to this Condition 7(h) and the Fiduciary will redeem the Notes in full in accordance with the following provisions:

- (i) following valid notice being given as provided above, the Fiduciary, if required by the Selling Agent in accordance with the terms of the Agency Agreement, will direct the Selling Agent to arrange for the sale of the Fiduciary Assets to one of the Affiliates of the Fiduciary or the Investment Manager (if any) or otherwise to arrange for the liquidation of the Fiduciary Assets and termination of the Fiduciary Asset Agreements on or prior to the fifth Business Day prior to the Fiduciary Asset Delivery/Payment Date;
- (ii) to the extent that proceeds are realised by the Selling Agent in accordance with (i) above, these will first be applied as soon as reasonably practicable following their realisation, to meeting on a *pari passu* basis (x) the Global Unwind Cost (as described below) (y) amounts (if any) payable by the Fiduciary pursuant to each Fiduciary Asset Agreement including, where applicable, in connection with any termination of the Swap Agreement or otherwise in connection with any arrangement related to the Notes and (z) the Selling Agent Settlement Fee. The balance of realisation proceeds (if any) including any amount(s) due to the Fiduciary on termination of the Fiduciary Asset

Agreement(s) (the "**Aggregate Cash Settlement Amount**") will be payable to Noteholders as provided in (iii) below;

- (iii) the Aggregate Cash Settlement Amount, if any, following application of monies as provided in (ii) above will be payable to the nominee specified by the Noteholder(s) in their Asset Transfer Notice(s) (the "**Nominee**") on the Fiduciary Asset Delivery/Payment Date or, if (iv) below applies, the Delivery Date as defined in Condition 6(h) for onward payment to Noteholders;
- (iv) if any Fiduciary Assets remain unrealised by the Selling Agent following the process described in (i) above which may include where any Swap Agreement Disruption exists or occurs, or if the Selling Agent does not require a realisation of Fiduciary Assets in accordance with (i) above, redemption will be made by physical delivery of those Fiduciary Assets in accordance with Condition 6(h) provided that if a Fiduciary Asset Settlement Disruption Event occurs or exists at or about the Delivery Date the Fiduciary will delay settlement until the Fiduciary Asset Settlement Disruption Event no longer exists. For so long as a Fiduciary Asset Settlement Disruption Event continues no further payment will be due in respect of the Notes, notwithstanding that this may continue for a significant period of time. In particular the cash settlement provisions of Condition 6(h) will not apply in this case;
- (v) each Asset Transfer Notice must specify the same Nominee for delivery of the Fiduciary Assets;
- (vi) prior to settlement on the Delivery Date the Fiduciary must first reduce the aggregate Fiduciary Assets on a *pari passu* basis by such amount as is at least equal to the remaining balance (if any) of (x) the Global Unwind Cost (y) the remaining balance (if any) of amounts (if any) payable by the Fiduciary pursuant to each Fiduciary Asset Agreement or otherwise in connection with any arrangement related to the Notes and (z) if the Selling Agent acts as provided in (i) above the Selling Agent Settlement Fee (such reduction rounded up to the nearest relevant unit of the Fiduciary Assets) and the Fiduciary will transfer such Fiduciary Assets to the Selling Agent which will realise and apply such Fiduciary Assets to meeting the Global Unwind Cost and such other amounts;
- (vii) the Asset Amount in respect of each Note will equal a Note's *pro rata* share of (x) the remaining Fiduciary Assets (following reduction as provided in (i), (ii) and/or (iv) above as applicable), plus (y) the remaining balance following application as provided in (i), (ii) and/or (iv) above, as applicable, of any amount(s) due to the Fiduciary on termination of the Fiduciary Asset Agreement(s) plus (z) any Aggregate Cash Settlement Amount, if applicable; and
- (viii) following settlement as provided above the Fiduciary will have no further obligation in respect of the Notes.

Following the delivery by Noteholders of Asset Transfer Notice(s) as described above no further payments of interest or principal will be made in respect of the Notes save for payment and delivery pursuant to this Condition 7(h).

For these purposes:

"Fiduciary Asset Settlement Disruption Event" means (A) an event beyond the control of the Fiduciary as a result of which, in the opinion of the Calculation Agent, (i) delivery of all or part of the Fiduciary Assets by or on behalf of the Fiduciary in accordance with this Condition

7(h) is not practicable and/or (ii) any Fiduciary Asset Agreement cannot be reasonably terminated at the relevant time and/or (B) a Swap Agreement Disruption exists or occurs;

"Global Unwind Cost" means, in respect of a Series of Notes, an amount in the Specified Currency of the relevant Series of Notes (which may not be less than zero) equal to the total amount of any and all costs and losses associated with or incurred by the Fiduciary and/or any of its Affiliates in connection with such early redemption, including, without limitation, any costs and losses associated with or incurred by the Fiduciary and/or any of its Affiliates in connection with unwinding, substituting, re-establishing and/or adjusting any funding arrangement relating to the Notes and/or any hedge positions relating to or entered into in connection with the Notes, all as determined by the Calculation Agent in its sole discretion;

"Selling Agent Settlement Fee" means an amount in the Specified Currency equal to 0.25% of the Aggregate Cash Settlement Amount calculated prior to taking into account the deduction of this Selling Agent Settlement Fee plus any value added or sales tax, subject to a minimum of EUR50,000 or its equivalent in the Specified Currency, as determined by the Calculation Agent plus any value added or sales tax; and

"Swap Agreement Disruption" means the Swap Counterparty determines (acting in good faith and a commercially reasonable manner), that (i) it is unable to unwind, terminate, liquidate or re-establish any hedging arrangements for the Swap Agreement on commercially reasonable terms and/or (ii) realisation proceeds of other Fiduciary Assets are or may be insufficient to allow the Swap Counterparty to receive in full all payments to which it is entitled (whether by way of a final termination payment under the Swap Agreement and/or by receipt of its share of the Global Unwind Cost) in connection with termination of the Swap Agreement and early termination of the Notes. The Swap Counterparty will notify the Fiduciary of any such determination.

(i) *Purchase*

Unless otherwise provided in the applicable Pricing Supplement, the Fiduciary or any of its Affiliates may at any time purchase Notes in the open market or otherwise at any price provided that, in the case of a purchase of Notes by the Fiduciary, the Fiduciary shall have received an amount (whether by sale of the Relevant Proportion of the Fiduciary Assets or otherwise) which, plus or minus any Termination Amount in respect of the Swap Agreement (if any) following termination (or as the case may be partial termination) of the Relevant Proportion of the Swap Agreement, is sufficient to fund the purchase price payable by the Fiduciary.

If purchases are made by tender, tenders must be available to all Noteholders alike.

All Notes which are purchased by the Fiduciary will forthwith be cancelled in accordance with paragraph (j) below and accordingly may not be reissued or resold.

As used herein, **"Relevant Proportion"** means, a proportion of the Fiduciary Assets (including, where a Swap Agreement comprises the Fiduciary Assets, the outstanding rights and obligations under such Swap Agreement) (rounded down to the nearest denomination, unit or other relevant adjustment amount), as the Notes to be purchased pursuant to this paragraph bear to the then outstanding aggregate nominal amount of the Notes.

(j) *Cancellation*

All Notes which are redeemed will forthwith be cancelled. All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (h) above shall be forwarded to the Principal Paying Agent and cannot be reissued or resold. For so long as the Notes are listed on the any

stock exchange, the Fiduciary will promptly inform such stock exchange of any such cancellation.

8. **Taxation and liabilities**

(a) *Taxation*

Without prejudice to Condition 7(b) the Fiduciary shall not be liable for or otherwise obliged to pay (a) any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note or (b) any tax, duty, withholding or other payment which arises in respect of any payment due to the Fiduciary under any Fiduciary Assets and all payments made by the Fiduciary shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. In the event any tax, duty, withholding or other payment may be required (a) by an agreement described in Section 1471(b) of the Code, as amended or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto, or (b) pursuant to Section 871(m) of the Code, the Fiduciary will not pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes after such tax, duty, withholding or other payment shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes in the absence of such withholding or other payment.

The tax consequences for each investor in the Notes can be different and therefore investors are advised to consult with their tax advisers as to their specific consequences. However investors should note that under Luxembourg law the Fiduciary is not regarded as the beneficial owner of the Fiduciary Assets. Therefore it is possible that the Noteholders' tax treatment will depend on the type of income and gains arising from the Fiduciary Assets and the Noteholders' proportionate share of such income and gains. The Fiduciary has no obligation to enquire as to the tax residence or status of the holder of any of the Notes or the tax treatment of such income and gains in the hands of such holders. In particular the Fiduciary will not be obliged to make any application for treaty relief or claim a refund of tax in relation to tax withheld at source in relation to such income and gains or to record or report the type of income and gains arising on Fiduciary Assets.

(b) *Liabilities*

Without limitation to any other provision of these Terms and Conditions or the Fiduciary Contract, the Fiduciary may deduct from any payments made by it to Noteholder(s) or, in the case of a redemption of a Note by physical delivery, from the amount used to calculate the Asset Amount, pursuant to Conditions 5 or 6 or otherwise pursuant to these Conditions, a *pro rata* share of an amount which is necessary to indemnify and reimburse the Fiduciary against any charge, loss, liability, cost, claim, action, damage, expense, demand or any withholding tax (including, without limitation, legal fees, costs, commissions payable, any stamp, documentary, registration or similar duty or tax and expenses) which the Fiduciary may incur or which may be made against any of the Fiduciary, its Affiliates, or any of the Fiduciary's or its Affiliates' directors, officers, employees or agents as a result of, or arising out of, or in connection with the Notes or the relevant Fiduciary Contract and the transactions contemplated thereunder, including entry into the Fiduciary Asset Agreements (if any). Expenses may include, without limitation, the costs of investigating, disputing, defending or pursuing any action, claim, regulatory investigation, legal proceedings or arbitration, whether contemplated or actual.

9. **Prescription**

The Notes will become void unless presented for payment within a period of 10 (ten) years (in the case of payments relating to principal) and five years (in the case of payments relating to interest) after the Relevant Date (as defined below) therefor.

As used herein, the "**Relevant Date**" in relation to any Note means whichever is the later of:

- (i) the date on which the payment in respect of such Note first becomes due; or
- (ii) if the full amount payable has not been received by the Fiduciary before such due date, the date on which, the full amount having been so received, notice to that effect shall have been given to the Noteholders in accordance with Condition 15.

No Noteholder may start proceedings against the Fiduciary which are based on article 470-21 of the Companies Act 1915.

10. **Acceleration Events**

Any of the following events shall be an "**Acceleration Event**":

- (a) default is made for a period of 30 Business Days or more in the payment of any amount due or the performance of any other relevant obligation in respect of any Fiduciary Asset or any Fiduciary Asset Agreement, without regard to any applicable grace period in relation thereto;
- (b) a Termination Event or Event of Default (each as defined in the Swap Agreement) occurs in respect of a Swap Agreement;
- (c) one or more Fiduciary Assets have become capable of being declared due and payable before they would otherwise have become due and payable due to the occurrence of a default, event of default or other similar condition or event (howsoever described) on or prior to the Maturity Date; or
- (d) any Additional Acceleration Event (as specified in the applicable Pricing Supplement) occurs.

Following the occurrence of an Acceleration Event, each nominal amount of the Notes equal to the Specified Denomination will forthwith become due and repayable at such nominal amount or such other amount as may be specified in the applicable Pricing Supplement on the thirtieth day immediately following the occurrence of the relevant Acceleration Event (the "Early Redemption Date") and the provisions of Condition 4(e) shall apply.

The Fiduciary shall not incur any liability, except for gross negligence (*faute grave*) or wilful misconduct (*dol*), to any person, Noteholder or otherwise as a result of any actions taken, suffered or omitted to be taken under this Condition 10 ("*Acceleration Events*").

11. **Enforcement**

Consistent with the Law, Noteholders have no direct right of action against any Fiduciary Asset Obligor to enforce their rights under the Notes or the obligations of any Fiduciary Asset Obligor under any relevant Fiduciary Asset Agreement or Fiduciary Asset, even in the case of the Fiduciary's failure to act or the insolvency of the Fiduciary. However, if under the Fiduciary Assets or the Fiduciary Asset Agreements the Fiduciary is entitled and, in addition, has in

accordance with the Fiduciary Contract, become obliged to take legal action against any Fiduciary Asset Obligor and has failed to take such action within a reasonable time, then (if and to the extent such failure is continuing) the Noteholders shall be entitled, subject to the prior approval of such action by an Ordinary Resolution (as defined in Condition 16(a) below) of the Noteholders, to institute indirect legal action (*action oblique*) under and subject to the conditions set out in the Luxembourg civil code against the relevant Fiduciary Asset Obligor in lieu of the Fiduciary and on its behalf.

Upon the occurrence of an Acceleration Event, the Fiduciary may in its discretion (without incurring any liability for any action taken or omitted to be taken except for gross negligence (*faute grave*) or wilful misconduct (*dol*)) and without further notice institute such proceedings as it sees fit against the relevant Fiduciary Asset Obligor to assert the Fiduciary's rights under the relevant Fiduciary Asset Agreement or Fiduciary Asset. The Fiduciary will not be obliged to take such action unless it will have been directed to do so by an Extraordinary Resolution of Noteholders or so requested in writing by the holders of not less than 66²/₃ % in aggregate nominal amount of the Notes then outstanding and arrangements for the indemnification of the Fiduciary (including payment of its expenses) have been made to its satisfaction.

The Fiduciary has no obligation to, and will not, investigate, monitor or assess, either on its own behalf or on behalf of the Noteholders, the financial condition, affairs or status of any Fiduciary Asset Obligor or the validity or enforceability of any of the Fiduciary Asset Agreements. In the event of any enforcement by the Fiduciary of its rights against any Fiduciary Asset Obligor, the Fiduciary will be entitled to be paid, out of the proceeds of such enforcement, all fees, costs, charges, expenses, liabilities and other amounts incurred or payable to it in connection with such enforcement in priority to any claims of the Noteholders.

These Conditions form part of each Fiduciary Contract. They set out the rights of a Noteholder under the relevant Fiduciary Contract and certain duties, powers and discretions of the Fiduciary. Although the Fiduciary does not represent the Noteholders, the Fiduciary performs such duties and exercises such powers and discretions in the best interest of the Noteholders.

The Noteholders expressly waive, to the extent legally possible, the right to request the early termination of the Fiduciary Contract in accordance with article 7 (6) of the Law.

12. **Replacement of Notes**

Should any Note be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Registrar upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Fiduciary may reasonably require. Mutilated or defaced Notes must be surrendered before replacements will be issued.

13. **Agents**

The Fiduciary is entitled to vary or terminate the appointment of any Agent, and/or appoint additional or other Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (i) there will at all times be a Principal Paying Agent and a Registrar; and
- (ii) so long as the Notes are listed on any stock exchange, there will at all times be a Transfer Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange.

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 15.

In acting under the Agency Agreement or, as the case may be, the Facilitation Agency Agreement, the Agents act solely as agents of the Fiduciary and do not assume any obligation to, or relationship of agency or trust with, any of the Noteholders. The Agency Agreement and the Facilitation Agency Agreement contain provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the relevant successor Agent.

14. **Calculations and Determinations**

The Calculation Agent will make the calculations and determinations described in the Index/ETF Linked Conditions, Equity Linked Conditions and Fund Linked Conditions in such a manner as the Calculation Agent determines is appropriate acting in good faith and in a commercially reasonable manner (having regard in each case to the criteria stipulated in the Index/ETF Linked Conditions, Equity Linked Conditions, Fund Linked Conditions and the hedging arrangements in respect of the Notes).

Notwithstanding that certain calculations, determinations and adjustments in the Index/ETF Linked Conditions, Equity Linked Conditions and Fund Linked Conditions may be expressed to be on a certain date, the Calculation Agent may make such calculations, determinations and adjustments in respect of that date on a date after that date determined by it in its discretion.

Pursuant to the Index/ETF Linked Conditions, Equity Linked Condition and Fund Linked Conditions, the Calculation Agent has a number of discretions. These are necessary since in certain circumstances it is not reasonably practicable or otherwise not appropriate for certain valuations to be carried out in relation to relevant reference assets and in these circumstances the Calculation Agent also may exercise certain discretions.

Any discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest error) shall be binding on the Fiduciary and all holders of the Index/ETF Linked Notes, Equity Linked Notes or Fund Linked Notes as applicable.

Any reference to the Calculation Agent in these Conditions will be deemed to include, where applicable, any delegate or agent appointed by the Calculation Agent to act for it in such capacity.

15. **Notices**

(a) *Notices given by or on behalf of the Fiduciary*

Any notice convening a meeting in accordance with the provisions of Condition 16 ("*Meetings of Noteholders, Modification and Waiver*") shall contain the agenda and shall be sent to the Noteholders by registered mail at least eight days prior to the meeting. Notwithstanding the foregoing, if the Fiduciary proposes that an Extraordinary Resolution or an Ordinary Resolution of the Noteholders be effected by way of a resolution in writing, it shall send a relevant notice to the Noteholders in accordance with this Condition 15 ("*Notices*"). Such notice shall notify the Noteholders that the Fiduciary proposes that an Extraordinary Resolution or an Ordinary Resolution, as the case may be, of the Noteholders be effected by way of a resolution in writing, and in the sole and absolute discretion of the Fiduciary, either (a) request Noteholders to contact

the Fiduciary for details of such Extraordinary Resolution or an Ordinary Resolution, or (b) include the form of such Extraordinary Resolution or an Ordinary Resolution.

All notices regarding the Fiduciary and/or the Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the Noteholders (or the first named of joint Noteholders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing or, alternatively, by publication of a notice in a daily newspaper of general circulation in Luxembourg and, in addition, for so long as any Notes are listed on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules or on the relevant website of the relevant stock exchange (which in the case of the Notes listed on the Official List of the Luxembourg Stock Exchange shall be the website of the Luxembourg Stock Exchange (www.luxse.com) as long as the rules of such stock exchange so require).

Until such time as any definitive Notes are issued and for as long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, the publication of a notice in a daily newspaper of general circulation in Luxembourg may be substituted by the delivery of the relevant notice (including any notice convening a meeting in accordance with the provisions of Condition 16 ("*Meetings of Noteholders, Modification and Waiver*")) to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange and the rules of that stock exchange so require, such notice will be published in a daily newspaper of general circulation in the place or places required by the rules of that stock exchange or on the relevant website of the relevant stock exchange (which in the case of Notes listed on the Official List of the Luxembourg Stock Exchange shall be the website of the Luxembourg Stock Exchange (www.luxse.com) as long as the rules of such stock exchange so require). Any such notice shall be deemed to have been given to the holders of the Notes on the day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

(b) *Notices given by Noteholders*

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Registrar. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Registrar through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

16. **Meetings of Noteholders, Modification and Waiver**

(a) *Meetings of Noteholders*

The Agency Agreement contains detailed provisions for convening meetings of Noteholders to consider any matter affecting their interests. Modification of the Conditions (i) to change the maturity of the Notes or the date on which interest (if any) is payable in connection with the Notes, (ii) to reduce the nominal amount of or reduce the rate of interest (if any) payable in connection with the Notes, (iii) to amend the redemption conditions, (iv) to extend the amortisation period (if any), suspend the same and consent to changes in the conditions thereof, (v) to change the currency of payment of the Notes, (vi) to vary the quorum provisions or the majority required to pass a resolution or (vii) to make any other change or amendment to the Conditions (other than any modification, authorisation or waiver pursuant to Condition 16(b)) may only be made by a resolution approved by two-thirds of votes cast (an "**Extraordinary**

Resolution"). A resolution in writing signed by or on behalf of the holders of not less than two-thirds in principal amount of the Notes for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of Noteholders.

Notwithstanding anything to the contrary in these Conditions or any agreement entered into in connection with the Notes, but subject to the provisions of Condition 16(b) below, no change can be made by the Noteholders and/or the Fiduciary to the Conditions without the prior written consent of the Swap Counterparty (if any).

All other resolutions will be taken by a resolution approved by a simple majority of votes cast (an "**Ordinary Resolution**"). A resolution in writing signed by or on behalf of the holders of a simple majority in principal amount of the Notes for the time being outstanding shall for all purposes be as valid and effectual as an Ordinary Resolution passed at a meeting of Noteholders.

The quorum at any meeting for passing an Extraordinary Resolution or an Ordinary Resolution will be one or more persons holding or representing not less than 50 (fifty) %, or at any adjourned meeting one or more persons holding or representing Notes whatever the nominal amount of such Notes for the time being outstanding. Any resolution passed at any meeting of the Noteholders will be binding on all the Noteholders (whether or not they were present at the meeting at which such resolution was passed). The Fiduciary may make any such modification subject to it having received a legal opinion confirming to its satisfaction that the modification has been validly approved by the meeting of Noteholders and that it will be binding on all the Noteholders as provided herein.

It should be noted that articles 470-3 to 470-19 of the Companies Act 1915 shall not apply to the Notes.

(b) *Modification, Authorisation and Waiver*

The Fiduciary may agree with the Principal Paying Agent, without the consent of the Noteholders and without liability to any person therefore, (i) any modification of the Conditions or the Agency Agreement or any of the provisions of the Fiduciary Asset Agreements or Fiduciary Assets and any corresponding provisions of the Conditions or the Agency Agreement which is, in the opinion of the Fiduciary, of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of law, and (ii) any other modification, and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Fiduciary Asset Agreements and any corresponding provisions of the Conditions which is in the opinion of the Fiduciary not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver will be binding on the Noteholders and such modification will be notified to the Noteholders as soon as practicable in accordance with Condition 15.

17. **Further Issues**

The Fiduciary shall be at liberty from time to time without the consent of the Noteholders to create and issue further notes ("**Further Notes**") having terms and conditions the same as any existing Series of Notes (an "**Existing Series**") or the same in all respects save for the amount and date of the first payment of interest in connection therewith and so that the same shall be consolidated and form a single Series with the Existing Series, provided that:

- (i) the Fiduciary Assets for the Further Notes (other than any Swap Agreement) (the "**Further Fiduciary Assets**") are identical to the Fiduciary Assets for the Existing Series (the "**Original Fiduciary Assets**") in every material respect and the nominal

amount or other relevant unit of the Further Fiduciary Assets in respect of such Further Notes shall be determined in accordance with the Further Fiduciary Asset Formula set out in the applicable Pricing Supplement or, if no such Further Fiduciary Asset Formula is set out in the applicable Pricing Supplement, in good faith by the Calculation Agent in its sole and absolute determination; and

- (ii) if the Fiduciary has entered into a Swap Agreement in respect of the Existing Series, the Fiduciary enters into an agreement extending the terms of such Swap Agreement to the Further Notes on terms no less favourable to Noteholders than the Swap Agreement prior to such extension.

18. **Resignation and Removal of the Fiduciary**

(a) *Resignation by Fiduciary*

The Fiduciary may resign as fiduciary in relation to a Series of Notes by giving at least 30 days' notice to the Noteholders in accordance with Condition 15 ("*Notices*"). Such resignation will take effect on the date specified in such notice (which by subscription for, or acquisition of, any Note the Noteholders are deemed to expressly accept and be bound by), provided that no such resignation will take effect until (1) each of (a) the appointment by the Fiduciary of a successor fiduciary (which will be a Qualified Entity, as defined below); (b) the approval of such appointment by the *Commission de Surveillance du Secteur Financier*; (c) the acceptance of such appointment by such successor; and (d) the assumption by such successor of the rights and obligations of the Fiduciary under the Fiduciary Asset Agreements and each Fiduciary Asset, and under each Fiduciary Contract relating to the Notes has become effective and (2) each stock exchange or listing authority on which the Notes are listed and admitted to trading shall have confirmed that following such resignation and appointment of a successor fiduciary the Notes would continue to be listed and admitted to trading on such stock exchange or listing authority. The Fiduciary will procure the appointment of a successor fiduciary as soon as possible following notice of its resignation. As soon as practicable, but in no event later than 10 calendar days, after such appointment being made, the Fiduciary will give due notice thereof to the Noteholders in accordance with Condition 15 (the "**Appointment Notice**").

(b) *Removal by Noteholders*

The Fiduciary may at any time be removed as fiduciary in relation to a Series of Notes by an Extraordinary Resolution of the relevant Noteholders in general meeting, provided that no such removal will take effect until (1) each of (a) the appointment by such Noteholders by Extraordinary Resolution of a successor fiduciary (which will be a Qualified Entity); (b) the approval of such appointment by the *Commission de Surveillance du Secteur Financier*; (c) the acceptance of such appointment by such successor; and (d) the assumption by such successor of the rights and obligations of the Fiduciary under the Fiduciary Asset Agreements and each Fiduciary Asset, and under each Fiduciary Contract relating to the Notes has become effective and (2) each stock exchange or listing authority on which the Notes are listed and admitted to trading shall have confirmed that following such removal and appointment of a successor fiduciary the Notes would continue to be listed and admitted to trading on such stock exchange or listing authority.

Each Fiduciary Contract and the Notes are governed by, and will be interpreted in accordance with, the laws of Luxembourg and the Fiduciary Contracts constituted by the Notes are governed in particular by the Law. Actions or proceedings against the Fiduciary may be brought only in a court of Luxembourg having jurisdiction.

ANNEX 1

ADDITIONAL TERMS AND CONDITIONS FOR INDEX/ETF LINKED NOTES

1. Interpretation

If specified as applicable in the applicable Pricing Supplement, the Terms and Conditions applicable to Index/ETF Linked Notes will comprise the Terms and Conditions of the Notes (the "**Conditions**") and the Terms and Conditions for index and/or exchange traded fund linked Notes as set out in this annex (the "**Index/ETF Linked Conditions**"), in each case together with any other additional Terms and Conditions which are specified to apply in the applicable Pricing Supplement and subject to amendment and completion in the applicable Pricing Supplement. In the event of any inconsistency between the Conditions and the Index/ETF Linked Conditions, the Index/ETF Linked Conditions shall prevail. In the event of any inconsistency between (i) the Conditions and/or the Index/ETF Linked Conditions and (ii) the provisions of the applicable Pricing Supplement, the applicable Pricing Supplement shall prevail.

Terms not otherwise defined in these Index/ETF Linked Conditions will have the meaning given in the Conditions.

2. Definitions

For the purposes of these Index/ETF Linked Conditions:

"**Averaging Date**" means each date specified as an Averaging Date in the applicable Pricing Supplement or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day:

- (a) if "**Omission**" is specified as applying in the applicable Pricing Supplement, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant level or price provided that, if through the operation of this provision there would not be an Averaging Date, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant level or price on the final Averaging Date, as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if "**Postponement**" is specified as applying in the applicable Pricing Supplement, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (c) if "**Modified Postponement**" is specified as applying in the applicable Pricing Supplement then:
 - (i) where the Index/ETF Linked Notes relate to a single Index or ETF, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the originally designated

Averaging Date (the "**Scheduled Averaging Date**"), then (A) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (a) of the definition of "Valuation Date" below; and

- (ii) where the Index/ETF Linked Notes relate to a Basket of Reference Items and/or ETFs, the Averaging Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date and the Averaging Date for each Index or ETF affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Index or ETF. If the first succeeding Valid Date in relation to such Index or ETF has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in relation to such Index or ETF, and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (b) of the definition of "Valuation Date" below,

for the purposes of these Index/ETF Linked Conditions "**Valid Date**" means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date does not or is deemed not to occur.

If an Averaging Date is deemed to fall after the Scheduled Averaging Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Averaging Date would thereby fall before the second Business Day immediately following that delayed Averaging Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Averaging Date.

In that case, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant level or price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, determine the relevant level or price by determining (a) the relevant price of the ETF in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Observation Cut-off Date or, as applicable, (b) the level of the Index as of the Valuation Time on the Observation Cut-Off Date by reference to such source(s) and/or methodology(ies) as it deems appropriate in its sole discretion which may include, without limitation, applying (subject to paragraph 4 of these Index/ETF Linked Conditions below) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Observation Cut-Off Date of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the Observation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Observation Cut-Off Date); or

- (b) where the Index/ETF Linked Notes relate to a Basket of Reference Items, that Observation Date for each Index or ETF not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date and that Observation Date for each Index or ETF affected (each an "**Affected Item**") by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item, unless each of the Scheduled Trading Days immediately following the Scheduled Observation Date up to and including the Observation Cut-Off Date is a Disrupted Day relating to the Affected Item. If an Observation Date is deemed to fall after the Scheduled Observation Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Observation Date would thereby fall before the second Business Day immediately following that delayed Observation Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Observation Date.

"Scheduled Trading Day (Single Reference Item Basis)" means any day on which (i) in respect of (a) an Index other than a Multi-Exchange Index or (b) an ETF, the Exchange and each Related Exchange, if any, are scheduled to be open for trading during their respective regular trading session(s), or (ii) in respect of a Multi-Exchange Index (a) the Index Sponsor is scheduled to publish the level of such Multi-Exchange Index and (b) each Related Exchange, if any, is scheduled to be open for trading during its regular trading session.

"Scheduled Valuation Date" means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Valuation Date.

"Trading Disruption" means:

- (a) in relation to an ETF or an Index which is not specified in the applicable Pricing Supplement as being a Multi-Exchange Index, any suspension of or limitation imposed

on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (i) relating to the ETF on such Exchange or (ii) on any relevant Exchange(s) relating to securities that comprise 20 % or more of the level of the relevant Index or ETF Underlying Index or any relevant successor index, or (iii) in futures or options contracts relating to the Index or ETF or ETF Underlying Index or any relevant successor index (as the case may be) on any relevant Related Exchange; or

"Valuation Cut-Off Date" means the eighth Scheduled Trading Day immediately following the Scheduled Valuation Date.

"Valuation Date" means each Valuation Date (including any Initial Valuation Date or Final Valuation Date) specified in the applicable Pricing Supplement, or if such date is not a Scheduled Trading Day the first Scheduled Trading Day thereafter, unless, in the opinion of the Calculation Agent such day is a Disrupted Day. If such day is a Disrupted Day, then:

- (a) where the Index/ETF Linked Notes relate to a single Index or a single ETF, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant level or price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, determine the relevant level or price by determining the relevant price of the ETF in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Valuation Cut-Off Date or, as applicable, the level of the Index as of the Valuation Time on the Valuation Cut-Off Date by reference to such source(s) and/or methodology(ies) as it deems appropriate in its sole discretion which may include, without limitation, applying (subject to paragraph 4 of these Index/ETF Linked Conditions below) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Valuation Cut-Off Date of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Valuation Cut-Off Date); or

In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date for the Affected Item (notwithstanding the fact that

such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant level or price using, in relation to the Affected Item, the level or price of that Index or ETF determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, using its good faith estimate of the price for that ETF as of the Valuation Time on the Valuation Cut-off Date or, as applicable, the level of that Index as of the Valuation Time on the Valuation Cut-Off Date as determined by the Calculation Agent by reference to such source(s) and/or methodology(ies) as it deems appropriate in its sole discretion which may include, without limitation, applying (subject to paragraph 4 of these Index/ETF Linked Conditions) the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Valuation Cut-Off Date of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Valuation Cut-Off Date).

If a Valuation Date is deemed to fall after the Scheduled Valuation Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Valuation Date would thereby fall before the second Business Day immediately following that delayed Valuation Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Valuation Date.

"Valuation Time" means:

- (a) in relation to an ETF or an Index which is not specified in the applicable Pricing Supplement to be a Multi-Exchange Index, the Valuation Time specified in the applicable Pricing Supplement or, if no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date, Observation Date or Averaging Date, as the case may be, in relation to each Index or ETF to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time;
- (b) where the relevant Index is specified in the applicable Pricing Supplement to be a Multi-Exchange Index, the Valuation Time specified in the applicable Pricing Supplement or if no Valuation Time is specified (i) for the purposes of determining whether a Market Disruption Event has occurred: (x) in respect of any Component Security, the Scheduled Closing Time on the relevant Exchange and (y) in respect of any options contracts or futures contracts on the Index, the close of trading on the relevant Related Exchange, and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor; or
- (c) where a level or price for an ETF or Index is to be determined during any period on any Scheduled Trading Day, each relevant time at which such level or price is so determined.

3. Market Disruption

"Market Disruption Event" means:

- (a) in respect of an Index other than a Multi-Exchange Index or an ETF the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period

that ends at the relevant Valuation Time, Knock-in Valuation Time, Knock-out Valuation Time, Trigger Event Valuation Time or Mandatory Early Redemption Valuation Time, as the case may be, or (iii) an Early Closure; or

- (b) in respect of an Index which is a Multi-Exchange Index either:
 - (i) (A) the occurrence or existence, in respect of any Component Security, of:
 - I. a Trading Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time, Knock-in Valuation Time, Knock-out Valuation Time, Trigger Event Valuation Time or Mandatory Early Redemption Valuation Time, as the case may be, in respect of the Exchange on which such Component Security is principally traded;
 - II. an Exchange Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time, Knock-in Valuation Time, Knock-out Valuation Time, Trigger Event Valuation Time or Mandatory Early Redemption Valuation Time, as the case may be, in respect of the Exchange on which such Component Security is principally traded; or
 - III. an Early Closure; and
 - (B) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists, comprises 20 % or more of the level of the Index; or
- (ii) the occurrence or existence, in respect of futures or options contracts relating to the Index, of (A) a Trading Disruption, (B) an Exchange Disruption which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time, the Knock-in Valuation Time, the Knock-out Valuation Time, the Trigger Event Valuation Time or the Mandatory Early Redemption Valuation Time, as the case may be, in respect of any Related Exchange or (C) an Early Closure.

For the purposes of determining whether a Market Disruption Event in respect of an Index or ETF Underlying Index exists at any time, if a Market Disruption Event occurs in respect of a security included in the Index or ETF Underlying Index or such Component Security at any time, then the relevant percentage contribution of that security or Component Security, as the case may be, to the level of the Index or ETF Underlying Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that security or Component Security, as the case may be, and (ii) the overall level of the Index or ETF Underlying Index, in each case either (a) except where the Index is not a Multi-Exchange Index, immediately before the occurrence of such Market Disruption Event or (b) where that Index or ETF Underlying Index is a Multi-Exchange Index, using the official opening weightings as published by the Index Sponsor as part of the market "opening data".

4. Adjustments and Corrections to an Index or ETF Share price

(a) Successor Index Sponsor Calculates and Reports an Index

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the "**Successor Index Sponsor**") acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

(b) Modification and Cessation of Calculation of an Index

If in the determination of the Calculation Agent (i) on or prior to any date on which any Index valuation or obligation is scheduled to occur the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or contracts and other routine events) (an "**Index Modification**"), (ii) the relevant Index Sponsor permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (iii) on any date on which any Index valuation or obligation is scheduled to occur the Index Sponsor or, if applicable, the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then the Fiduciary may take the action described in (A) or (B) below:

(A) require the Calculation Agent to determine if such Index Adjustment Event has a material effect on the Index/ETF Linked Notes and, if so, calculate the relevant level or price using, in lieu of a published level for that Index, the level for that Index as at the relevant time as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event; or

(B) on giving notice to the Noteholders in accordance with Condition 15, redeem all (but not some only) of the Index/ETF Linked Notes on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or other such amount as may be specified in the applicable Pricing Supplement. In such circumstances the provisions of Condition 4(e) shall apply.

Upon the occurrence of an Index Adjustment Event, the Fiduciary shall give notice as soon as reasonably practicable to the Noteholders in accordance with Condition 15, as applicable giving details of the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of such action. The Fiduciary shall make available for inspection by Noteholders copies of any such determinations.

(c) Corrections to an Index

If the level of a relevant Index published on any Valuation Date, Observation Date, Averaging Date, or any other date for Index valuation or observation, as the case may be, by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor and which is utilised for any calculation or determination made for the purposes of the Index/ETF Linked Notes (a "**Relevant Calculation**") is subsequently corrected and the correction (the "**Corrected Index**")

Level") published by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor no later than two Business Days prior to the date of payment of any amount to be calculated by reference to the Relevant Calculation then such Corrected Index Level shall be deemed to be the relevant level for such Index on such Averaging Date, Observation Date, Valuation Date, or other relevant date, as the case may be, and the Calculation Agent shall use such Corrected Index Level in determining the relevant level or price.

(d) Corrections to ETF Share prices

If the price of an ETF Share published on any Valuation Date, Observation Date or any other date for ETF Share valuation or observation, as the case may be, by the relevant Exchange and which is utilised for any calculation or determination made for the purposes of the Index/ETF Linked Notes (a "**Relevant Calculation**") is subsequently corrected and the correction (the "**Corrected ETF Share Price**") published by the relevant Exchange no later than two Business Days prior to the date of payment of any amount to be calculated by reference to the Relevant Calculation then such Corrected ETF Share Price shall be deemed to be the relevant price for such ETF Share on such Observation Date, Valuation Date or other relevant date, as the case may be, and the Calculation Agent shall use such Corrected ETF Share Price in determining the Relevant Calculation.

(e) Potential Adjustment Events, Merger Event, Material Underlying Event, Tender Offer, De-listing, Nationalisation and Insolvency

(A) "**Potential Adjustment Event**" means any of the following:

- (i) a subdivision, consolidation or reclassification of relevant ETF Shares (unless resulting in a Merger Event or, if Tender Offer is specified as applying in the applicable Pricing Supplement, a Tender Offer) or a free distribution or dividend of any such ETF Shares to existing holders by way of bonus, capitalisation or similar issue;
- (ii) a distribution, issue or dividend to existing holders of the relevant ETF Shares of (A) such ETF Shares or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the ETF equally or proportionately with such payments to holders of such ETF Shares or (C) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the ETF as a result of a spin-off or other similar transaction or (D) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Calculation Agent;

- (iv) a call by the ETF in respect of relevant ETF Shares that are not fully paid;
- (v) a repurchase by the ETF or any of its subsidiaries, as the case may be, of relevant ETF Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or

instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or

- (vii) any other event that may have a diluting or concentrative effect on the theoretical value of the relevant ETF Shares.
- (B) Following a Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of any relevant ETF Shares and, if so, will make the corresponding adjustment, if any, to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends stock loan rate or liquidity relative to the relevant ETF Share) and determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the ETF Shares traded on that options exchange.
- (C) Upon the making of any such adjustment, the Fiduciary shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 stating the adjustment to the terms of the Conditions and/or the applicable Pricing Supplement and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.
- (D) Extraordinary Events

"De-listing" means, in respect of an ETF Share, the relevant Exchange announces that pursuant to the rules of such Exchange, such ETF Share ceases (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or, if Tender Offer is specified as applying in the applicable Pricing Supplement, a Tender Offer) and is not immediately re-listed, re-traded or re-quoted on (A) where the Exchange is located in the United States, any of the New York Stock Exchange, the American Stock Exchange or the NASDAQ National Market System (or their respective successors) or (B) an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in a member state of the European Union).

- (e) the Fiduciary is the beneficial owner of 25% or more of the relevant class of ETF Shares;
- (f) other than where the following constitutes an Additional Disruption Event, there is a change in any relevant jurisdiction in respect of any payments made by the ETF in respect of any ETF Share as a result of which the amounts paid or to be paid by the Fiduciary in connection with hedging arrangements relating to the Notes are materially reduced or otherwise adversely affected;
- (g) other than where the following constitutes an Additional Disruption Event, any other event occurs in relation to the ETF and/or the ETF Shares which is materially prejudicial to the Fiduciary in connection with the issue of the Securities or any hedging arrangements relating to the Notes; and/or
- (h) any other event or circumstance, which causes the terms of the Notes to no longer reflect the original commercial terms agreed by the Fiduciary and/or Dealer and the initial Noteholder(s) or adversely affects the economic basis on which the Fiduciary issued the Notes,

all as determined by the Calculation Agent.

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means, in respect of any relevant ETF Shares, any (A) reclassification or change of such ETF Shares that results in a transfer of or an irrevocable commitment to transfer all of such ETF Shares outstanding to another entity or person, (B) consolidation, amalgamation, merger or binding share exchange of the ETF with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such ETF is the continuing entity and which does not result in a reclassification or change of all of such ETF Shares outstanding), (C) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 % of the outstanding ETF Shares of the relevant ETF that results in a transfer of or an irrevocable commitment to transfer all such ETF Shares (other than such ETF Shares owned or controlled by such other entity or person), or (D) consolidation, amalgamation, merger or binding share exchange of the ETF or its subsidiaries with or into another entity in which the ETF is the continuing entity and which does not result in a reclassification or change of all such ETF Shares outstanding but results in the outstanding ETF Shares (other than ETF Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 % of the outstanding ETF Shares immediately following such event, in each case if the Merger Date is on or before the Maturity Date or any earlier date on which the Index/ETF Linked Notes are due to be redeemed in full.

"Nationalisation" means that all the ETF Shares or all or substantially all the assets of an ETF are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

"Tender Offer Date" means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold are actually purchased or otherwise obtained (as determined by the Calculation Agent).

If (x) a Merger Event, Material Underlying Event, De-listing, Nationalisation or Insolvency occurs in relation to an ETF and/or (y) if Tender Offer is specified as applicable in the applicable Pricing Supplement, a Tender Offer occurs in relation to any ETF Share, the Fiduciary in its sole and absolute discretion may take the action described in (i), (ii), (iii), (iv) or (v) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any terms of the Conditions and/or the applicable Pricing Supplement to account for the De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, and determine the effective date of that adjustment. For these purposes (a) the Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event made by any options exchange to options on the relevant ETF Share traded on that options exchange and the relevant adjustments may in the case of adjustments following a Merger Event or Tender Offer include, without limitation, adjustments to account for changes in volatility, stock loan rate or liquidity relevant to the ETF Shares and/or (b) in the case of a Basket of Reference Items, the Calculation Agent may remove the affected ETF Share from the Basket of Reference Items and make such adjustments to the Index/ETF Linked Notes as it determines appropriate (which may, without limitation, include any value or weighting of the remaining ETF Shares) in order to account for the price or value of the affected ETF Share at the time of its removal as well as the cost to the Fiduciary and/or any of its Affiliates or agents of adjusting any associated hedging arrangements (and this may mean that the economic benefit of the Index/ETF Linked Notes for the Noteholder is reduced or that the removal of the ETF Share has a material adverse effect on the Index/ETF Linked Notes); or
- (ii) where the Index/ETF Linked Notes relate to a Basket of Reference Items on giving notice to the Noteholders in accordance with Condition 15, redeem or cancel, as the case may be, each Index/ETF Linked Note in part on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or other such amount as may be specified in the applicable Pricing Supplement. In such circumstances the provisions of Condition 4(e) shall apply. If an Index/ETF Linked Note is so redeemed or cancelled in part the portion (the "**Partial Amount**") of each such Index/ETF Linked Note representing the affected ETF Share(s) shall be redeemed or cancelled, as the case may be. The Fiduciary will require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the terms of the Conditions and/or the applicable Pricing Supplement to account for such redemption or cancellation in part. For the avoidance of doubt the remaining part of each such Index/ETF Linked Note after redemption or cancellation and adjustment shall remain outstanding with full force and effect. Payments will be

made in such manner as shall be notified to the Noteholders in accordance with Condition 15; or

- (iii) give notice to the Noteholders in accordance with Condition 15 and redeem all, but not some only, of the Index/ETF Linked Notes on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or other such amount as may be specified in the applicable Pricing Supplement. In such circumstances the provisions of Condition 4(e) shall apply;
- (iv) following such adjustment to the settlement terms of options on the ETF Shares traded on such exchange(s) or quotation system(s) as the Fiduciary in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the ETF Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or
- (v) if "ETF Share Substitution" is specified as applicable in the applicable Pricing Supplement, then on or after the relevant Merger Date, De-listing, Nationalisation, Insolvency, Tender Offer Date or Material Underlying Event, as the case may be, the Calculation Agent may adjust the Conditions and/or the applicable Pricing Supplement to include exchange traded fund shares (the "**Substitute ETF Shares**") selected by it in accordance with the criteria for exchange traded fund share selection ("**ETF Share Substitution Criteria**"), if any, set out in the applicable Pricing Supplement, or otherwise as provided below, in place of the ETF Share(s) (for the purposes of this Index/ETF Linked Condition 4, the Affected ETF Share(s)) which are affected by such Merger Event, De-listing, Nationalisation, Insolvency, Tender Offer or Material Underlying Event and the Substitute ETF Shares will, from the date so determined by the Calculation Agent (the "**ETF Share Substitution Date**") be deemed to be "ETF Shares" and the relevant ETF (the "**Substitute ETF**"), an "ETF" for the purposes of the Index/ETF Linked Notes, and the Calculation Agent will make such adjustment, if any, to any of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent determines appropriate and the provisions of Index/ETF Linked Condition 4(f) below shall apply. If "ETF Share Substitution" is specified as applicable in the applicable Pricing Supplement but no ETF Share Substitution Criteria are set out in the Pricing Supplement, the Calculation Agent will use reasonable endeavours to ensure that, to the extent practicable, any Substitute ETF will (i) have ETF shares quoted in the same currency and (ii) be traded on the same exchange as the ETF in respect of the Affected ETF Shares, in each case at the time of substitution.

Upon the occurrence of a Merger Event, De-listing, Nationalisation, Insolvency, Material Underlying Event or, if applicable, Tender Offer, the Fiduciary shall give notice as soon as practicable to the Noteholders in accordance with Condition 15, stating the occurrence of the Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the

validity of any such Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, as the case may be.

For the avoidance of doubt nothing in these Index/ETF Linked Conditions shall require the Calculation Agent or the Fiduciary to monitor any ETF or ETF Share on an on-going basis and no representation (express or implied) is made that there will be any such monitoring).

- (f) For the purposes of any adjustments to account for an ETF Share substitution as referred to in Index/ETF Linked Condition (v) above, the Calculation Agent shall adjust the relevant values, levels, variables or terms for the valuation or observation of the Substitute ETF Shares in the terms of the Index/ETF Linked Notes in order to account for the price or value of the Affected ETF Shares at the time of their removal as well as the cost to the Fiduciary and/or any Affiliate or agent of adjusting any associated hedging arrangements. This may mean that the economic benefit, if any, of the ETF Share substitution for the Noteholder is reduced or that the ETF Share substitution has a material adverse effect on the Index/ETF Linked Notes. For example, and without limitation, the value of the Substitute ETF Shares may be adjusted by the same proportion as any fall in value of the Affected ETF Share at the time of its removal relative to the Trade Date and may be further reduced to account for the cost to the Fiduciary and/or any Affiliate or agent of adjusting any associated hedging arrangements.

5. Additional Disruption Events

- (a) **"Additional Disruption Event"** means any of Change in Law, Exchange-traded Contract Event, Hedging Disruption, FX Disruption and/or Increased Cost of Hedging, in each case if specified in the applicable Pricing Supplement.

"Change in Law" means that, on or after the Trade Date (as specified in the applicable Pricing Supplement) (1)(i) due to the adoption of or any change (including a future change) in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change (including a future change) in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (A) it has become illegal to hold, acquire or dispose of any relevant security comprised in an Index or any ETF Shares or any transaction(s) or other asset(s) that the Fiduciary and/or any of its Affiliates or agents deems necessary or desirable to hedge the equity or other price risk of the Fiduciary in connection with the Index/ETF Linked Notes; and/or (B) the Fiduciary and/or any of its Affiliates or agents will incur a materially increased cost in performing its obligations in relation to the Index/ETF Linked Notes and/or, as applicable, in acquiring, entering into and/or maintaining any transaction(s) that the Fiduciary and/or any of its Affiliates or agents deems necessary or desirable to hedge the equity or other price risk of the Fiduciary in connection with the Index/ETF Linked Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Fiduciary and/or any of its Affiliates); and/or (2) the Fiduciary and/or any of its Affiliates or agents carrying out relevant hedging arrangements in respect of the Index/ETF Linked Notes is or will be required to be regulated by any additional jurisdiction or regulatory authority, or is or will be subject to any additional legal requirement or regulation considered by the Calculation Agent to be materially onerous.

"Exchange-traded Contract Event" means, in relation to an Index, (i) the official settlement price of any Exchange-traded Contract does not reflect the Index Level or Index Closing Level in a way that is necessary or desirable for the purposes of the Fiduciary and/or any of its Affiliates hedging the Fiduciary's exposure under the Index/ETF Linked Notes; (ii) the official settlement price of any relevant Exchange-traded Contract is unavailable for any reason or is amended or corrected; (iii) the terms of any Exchange-traded Contract are changed or modified

in any way; and/or (iv) any Valuation Date, Averaging Date or any other date for valuation of an Index in respect of the Index/ETF Linked Notes is not a day on which an official settlement price is published in respect of any relevant Exchange-traded Contract.

"Exchange-traded Contract" means, in relation to any Index, any futures or options contract(s) relating to that Index as selected by the Calculation Agent from time to time.

"FX Disruption" means the occurrence or existence of any event or circumstance, as determined by the Calculation Agent in its sole and absolute discretion, with respect to any currency in which any ETF Share or any of the securities comprising an Index is traded, quoted or settled (each an **"Event Currency"**) that has the effect of preventing or delaying the Fiduciary and/or any of its Affiliates or agents directly or indirectly from: (i) converting the Event Currency into the Specified Currency through customary legal channels; (ii) converting the Event Currency into the Specified Currency at a rate at least as favourable as the rate for domestic institutions located in any jurisdiction which uses the Event Currency as its primary currency (an **"Event Currency Jurisdiction"**); (iii) delivering the Specified Currency from accounts inside the Event Currency Jurisdiction to accounts outside the Event Currency Jurisdiction; (iv) delivering the Event Currency between accounts inside the Event Currency Jurisdiction or to an entity that is a non-resident of the Event Currency Jurisdiction; (v) effectively realising in the Specified Currency the value of any hedging arrangement in respect of the Index/ETF Linked Notes at any time; or (vi) the government or other regulatory authority with jurisdiction in a relevant Event Currency Jurisdiction giving public notice of its intention to impose any capital controls which the Calculation Agent determines likely (a) to have a material effect on the ability of any of the Fiduciary and/or its Affiliates or agents to hedge its foreign exchange risk in respect of the relevant Event Currency(ies) or unwind any such hedging transaction or (b) to reduce the value of any such hedging transaction.

"Hedging Disruption" means that the Fiduciary and/or any of its Affiliates or agents is unable or it is impracticable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Fiduciary issuing and performing its obligations with respect to the Index/ETF Linked Notes, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s) including, without limitation, where such inability or impracticability has arisen by reason of (x) any restriction on making new or additional investments in any ETF Shares, or (y) any mandatory redemption of a ETF Share imposed by the related ETF. Without limitation such transaction(s) or assets may include any Exchange-traded Contract(s).

"Increased Cost of Hedging" means that the Fiduciary and/or any of its Affiliates or agents acting on its behalf would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Fiduciary issuing and performing its obligations with respect to the Index/ETF Linked Notes, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Fiduciary and/or any of its Affiliates or agents shall not be deemed an Increased Cost of Hedging.

- (b) If Additional Disruption Events are specified as applicable in the applicable Pricing Supplement, then if an Additional Disruption Event occurs, the Fiduciary in its sole and absolute discretion may take the action described in (i) or (ii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of the terms of the

Conditions and/or the applicable Pricing Supplement to account for the Additional Disruption Event and determine the effective date of that adjustment; or

- (ii) give notice to Noteholders in accordance with Condition 15 and redeem all, but not some only, of the Index/ETF Linked Notes on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or other such amount as may be specified in the applicable Pricing Supplement. In such circumstances the provisions of Condition 4(e) shall apply.
- (c) Upon the occurrence of an Additional Disruption Event, the Fiduciary shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

6. **Knock-in Event, Knock-out Event**

If "Knock-in Event" is specified as applicable in the Pricing Supplement, then the payment and/or delivery obligations under the Index/ETF Linked Notes relating to the occurrence of a Knock-in Event shall be as set out in the applicable Pricing Supplement.

If "Knock-out Event" is specified as applicable in the Pricing Supplement, then the payment and/or delivery obligations under the Index/ETF Linked Notes relating to the occurrence of a Knock-out Event shall be as set out in the applicable Pricing Supplement.

- (a) if the Knock-in Valuation Time or the Knock-out Valuation Time is a single time on each relevant day and any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day then, if "Knock-in/Knock-out Determination Day consequences of a Disrupted Day" is specified in the applicable Pricing Supplement as:
 - (i) "**Omission**", then such date will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining whether a Knock-in Event or a Knock-out Event has occurred, as applicable; provided that if the Knock-in Period Ending Date or the Knock-out Period Ending Date is a Disrupted Day and no Knock-in Event or Knock-out Event has occurred in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, shall be treated as a Valuation Date and the provisions of the definition of

"Valuation Date" will apply for the purposes of determining the relevant level or price on the Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, as if such Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, were a Valuation Date that was a Disrupted Day and the Calculation Agent shall determine the relevant level or price of the relevant Reference Item(s) in respect of such day in accordance with such provisions (as such provisions may be amended for these purposes in the applicable Pricing Supplement, for example but without limitation, in respect of the time at which any subsequent valuation(s) is/are made) for the purpose of determining whether a Knock-in Event or Knock-out Event shall occur; or

- (i) **"Omission"**, then such Knock-in Valuation Time or the Knock-out Valuation Time, as the case may be, shall be ignored for purposes of determining whether a Knock-in Event or a Knock-out Event has occurred, provided that if no Knock-in Event or Knock-out Event has occurred in the Knock-in Determination Period or Knock-out Determination Period and the conditions for a Disrupted Day are satisfied as of the last occurring Knock-in Valuation Time or Knock-out Valuation Time on the Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, then such day shall be treated as a Valuation Date and the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant level or price on the Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, as if such Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, were a Valuation Date that was a Disrupted Day and the Calculation Agent shall determine the relevant level or price of the relevant Reference Item(s) in respect of such day in accordance with such provisions (as such provisions may be amended for these purposes in the applicable Pricing Supplement, for example but without limitation, in respect of the time at which any subsequent valuation(s) is/are made) for the purpose of determining whether a Knock-in Event or Knock-out Event shall occur; or
 - (ii) **"Materiality"**, then (i) where the Calculation Agent determines that the relevant event or occurrence giving rise to such Disrupted Day is not material for the purposes of determining the Index Level or ETF Share Price as of such time, the Knock-in Event or Knock-out Event, as applicable, may occur

notwithstanding such event or occurrence, or (ii) where the Calculation Agent determines that the relevant event or occurrence giving rise to such Disrupted Day is material for the purposes of determining the Index Level as of such time, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred at such time provided that if no Knock-in Event or Knock-out Event has occurred in the Knock-in Determination Period or Knock-out Determination Period and the conditions for a Disrupted Day are satisfied as of the last occurring Knock-in Valuation Time or Knock-out Valuation Time on the Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, then such day shall be treated as a Valuation Date and the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant level or price on the Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, as if such Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, were a Valuation Date that was a Disrupted Day and the Calculation Agent shall determine the relevant level or price of the relevant Reference Item(s) in respect of such day in accordance with such provisions (as such provisions may be amended for these purposes in the applicable Pricing Supplement, for example but without limitation, in respect of the time at which any subsequent valuation(s) is/are made) for the purpose of determining whether a Knock-in Event or Knock-out Event shall occur.

With respect to each of (a) and (b) above, if a Knock-in Determination Day, Knock-out Determination Day, Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, is deemed to fall after the scheduled Knock-in Determination Day, Knock-out Determination Day, Knock-in Period Ending Date or Knock-out Period Ending Date, as applicable, and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Knock-in Determination Day, Knock-out Determination Day, Knock-in Period Ending Date or Knock-out Period Ending Date would thereby fall before the second Business Day immediately following such delayed Knock-in Determination Day, Knock-out Determination Day, Knock-in Period Ending Date or Knock-out Period Ending Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Knock-in Determination Day, Knock-out Determination Day, Knock-in Period Ending Date or Knock-out Period Ending Date.

if "Trigger Event Observation Date consequences of a Disrupted Day" is specified in the applicable Pricing Supplement as:

8. **Mandatory Early Redemption**

Unless the Index/ETF Linked Notes have been previously redeemed, exercised terminated or cancelled, if on any Mandatory Early Redemption Valuation Date a Mandatory Early Redemption Event occurs, then the Index/ETF Linked Notes will be automatically redeemed or cancelled, as applicable, in whole, but not in part, on the Mandatory Early Redemption Date immediately following such Mandatory Early Redemption Valuation Date and the redemption or cancellation amount payable by the Fiduciary on such date upon redemption or cancellation of each Index/ETF Linked Note shall be an amount in the Specified Currency equal to the relevant Mandatory Early Redemption Amount.

As used herein:

"Mandatory Early Redemption Amount" means, unless otherwise provided in the applicable Pricing Supplement, in respect of a Mandatory Early Redemption Date, an amount equal to the product of (i) the Mandatory Early Redemption Calculation Amount and (ii) the relevant Mandatory Early Redemption Rate relating to that Mandatory Early Redemption Date.

If any such day is a Disrupted Day, then:

- (a) where the Index/ETF Linked Notes relate to a single Index or ETF, that Mandatory Early Redemption Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days immediately following the Scheduled Mandatory Early Redemption Valuation Date up to and including the Mandatory Early Redemption Valuation Cut-Off Date is a Disrupted Day. In that case, (i) the Mandatory Early Redemption Valuation Cut-Off Date shall be deemed to be that Mandatory Early Redemption Valuation Date (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine

the relevant level or price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, determine the relevant level or price by determining the level of the Index or ETF as of the Mandatory Early Redemption Valuation Time on the Mandatory Early Redemption Valuation Cut-Off Date in accordance with its good faith estimate of the relevant ETF price or, as applicable, by reference to such source(s) and/or methodology(ies) as it deems appropriate in its sole discretion which may include, without limitation, applying (subject to paragraph 4 of these Index/ETF Linked Conditions above) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Mandatory Early Redemption Valuation Time on the Mandatory Early Redemption Valuation Cut-Off Date of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the Mandatory Early Redemption Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Mandatory Early Redemption Valuation Time on the Mandatory Early Redemption Valuation Cut-Off Date); or

- (b) where the Index/ETF Linked Notes relate to a Basket of Reference Items, that Mandatory Early Redemption Valuation Date for each Index or ETF not affected by the occurrence of a Disrupted Day shall be the Scheduled Mandatory Early Redemption Valuation Date and that Mandatory Early Redemption Valuation Date for each Index or ETF affected (each an "**Affected Item**") by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item, unless each of the Scheduled Trading Days immediately following the Scheduled Mandatory Early Redemption Valuation Date up to and including the Mandatory Early Redemption Valuation Cut-Off Date is a Disrupted Day relating to the Affected Item. In that case, (i) the Mandatory Early Redemption Valuation Cut-Off Date shall be deemed to be that Mandatory Early Redemption Valuation Date for the Affected Item (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant level or price using, in relation to the Affected Item, the level of that Index or ETF determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, using its good faith estimate of the price of the affected ETF or, as applicable, using the level of that Index or ETF as of the Mandatory Early Redemption Valuation Time on the Mandatory Early Redemption Valuation Cut-Off Date as determined by the Calculation Agent by reference to such source(s) and/or methodology(ies) as it deems appropriate in its sole discretion which may include, without limitation, applying (subject to paragraph 4 of these Index/ETF Linked Conditions) the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Mandatory Early Redemption Valuation Time on the Mandatory Early Redemption Valuation Cut-Off Date of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the Mandatory Early Redemption Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Mandatory Early Redemption Valuation Time on the Mandatory Early Redemption Valuation Cut-Off Date).

If a Mandatory Early Redemption Valuation Date is deemed to fall after the Scheduled Mandatory Early Redemption Valuation Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Mandatory Early Redemption Valuation Date would thereby fall before the second Business Day immediately following that delayed Mandatory Early Redemption Valuation Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Mandatory Early Redemption Valuation Date.

"Mandatory Early Redemption Valuation Time" means in respect of any Index the time on any Mandatory Early Redemption Valuation Date as specified in the applicable Pricing Supplement or, if no such time is so specified, the Valuation Time, for which purposes, references in the definition of Valuation Time to "Valuation Date", shall be deemed to be to "Mandatory Early Redemption Valuation Date".

"Scheduled Mandatory Early Redemption Valuation Date" means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Mandatory Early Redemption Valuation Date.

ANNEX 2

ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

1. Interpretation

1.1 If specified as applicable in the applicable Pricing Supplement, the Terms and Conditions applicable to Equity Linked Notes will comprise the Terms and Conditions of the Notes (the "**Conditions**") and the Terms and Conditions for Equity Linked Notes as set out in this annex (the **Equity Linked Conditions**), in each case together with any other additional Terms and Conditions which are specified to apply in the applicable Pricing Supplement and subject to amendment and completion in the applicable Pricing Supplement. In the event of any inconsistency between the Conditions of the Equity Linked Notes and the Equity Linked Conditions, the Equity Linked Conditions shall prevail. In the event of any inconsistency between (i) the Conditions and/or the Equity Linked Conditions and (ii) the other provisions of the applicable Pricing Supplement, the applicable Pricing Supplement shall prevail.

1.2 Terms not otherwise defined in these Equity Linked Conditions will have the meaning given in the Conditions.

2. Definitions

For the purposes of these Equity Linked Conditions:

"Averaging Date" means each date specified as an Averaging Date in the applicable Pricing Supplement or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day:

- (a) if "**Omission**" is specified as applying in the applicable Pricing Supplement, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant price; provided that, if through the operation of this provision there would not be an Averaging Date, then the provisions of the definition of "Valuation Date" will apply for purposes of determining the relevant price on the final Averaging Date, as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if "**Postponement**" is specified as applying in the applicable Pricing Supplement, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant price on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (c) if "**Modified Postponement**" is specified as applying in the applicable Pricing Supplement then:
 - (i) where the Equity Linked Notes relate to a single Share, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the originally designated Averaging Date (the "**Scheduled Averaging Date**"), then (A) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that

eighth Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (a) of the definition of "Valuation Date" below; and

- (ii) where the Equity Linked Notes relate to a Basket of Shares, the Averaging Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date and the Averaging Date for each Share affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Share. If the first succeeding Valid Date in relation to such Share has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in relation to such Share, and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (b) of the definition of "Valuation Date" below,

for the purposes of these Equity Linked Conditions "**Valid Date**" means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date does not or is deemed not to occur.

If an Averaging Date is deemed to fall after the Scheduled Averaging Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Averaging Date would thereby fall before the second Business Day immediately following that delayed Averaging Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Averaging Date.

"**Basket of Shares**" means, subject to adjustment in accordance with these Equity Linked Conditions, the shares specified in the applicable Pricing Supplement.

"**Exchange**" means, in relation to a Share, each exchange or quotation system specified as such for such Share in the applicable Pricing Supplement or, where not so specified, the primary exchange(s) or quotation system(s) on which the Shares are listed any successor to any such exchange or quotation system or any substitute exchange or quotation system to which trading in the Share has temporarily relocated (provided that the Calculation Agent has determined that

In that case, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, determine the relevant price in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Observation Cut-Off Date; or

- (b) where the Equity Linked Notes relate to a Basket of Shares, that Observation Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date and that Observation Date for each Share affected (each an "**Affected Share**") by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Share, unless each of the Scheduled Trading Days immediately following the Scheduled Observation Date up to and including the Observation Cut-Off Date is a Disrupted Day relating to the Affected Share. In that case, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date for the Affected Share (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price using, in relation to the Affected Share, a price determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, using its good faith estimate of the price for the Affected Share as of the Valuation Time on the Observation Cut-Off Date, and otherwise in accordance with the above provisions.

If an Observation Date is deemed to fall after the Scheduled Observation Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Observation Date would thereby fall before the second Business Day immediately following that delayed Observation Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Observation Date.

"Related Exchange" means, in relation to a Share, each exchange or quotation system specified as such for such Share in the applicable Pricing Supplement, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Share has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Share on such temporary substitute exchange or quotation system as on the original Related Exchange), provided, however, that where "All Exchanges" is specified as the Related Exchange in the applicable Pricing Supplement, **"Related Exchange"** shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Share.

"Scheduled Trading Day (Single Share Basis)" means any day on which the relevant Exchange and each relevant Related Exchange are scheduled to be open for trading during their respective regular trading session(s).

"Scheduled Valuation Date" means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Valuation Date.

"Shares" and **"Share"** mean, subject to adjustment in accordance with these Equity Linked Conditions, the shares or a share or other securities specified in the applicable Pricing Supplement and related expressions shall be construed accordingly.

"Share Closing Price" means, in respect of a Share and subject to these Equity Linked Conditions and to "Valuation Date", "Knock-in Determination Day", "Knock-out Determination Day", "Trigger Event Observation Date" and "Mandatory Early Redemption Valuation Date" below and "Averaging Date" or "Observation Date" above, as the case may be, an amount equal to the official closing price of such Share quoted on the relevant Exchange as determined by the Calculation Agent on (A) if Averaging is not specified in the applicable Pricing Supplement, the Valuation Date, a Knock-in Determination Day, a Knock-out Determination Day, a Trigger Event Observation Date or a Mandatory Early Redemption Valuation Date, or an Observation Date, as the case may be, or (B) if Averaging is specified in the applicable Pricing Supplement, an Averaging Date.

"Share Company" means, in respect of a Share, the company that has issued such Share.

"Share Price" means, in respect of a Share and a time on a Scheduled Trading Day and subject to these Equity Linked Conditions, the price of such Share at such time on such day as determined by the Calculation Agent.

"Trading Disruption" means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (i) relating to the Share on the Exchange or (ii) in futures or options contracts relating to the Share on any relevant Related Exchange.

"Valuation Cut-Off Date" means, in respect of a Scheduled Valuation Date, the eighth Scheduled Trading Day immediately following the relevant Scheduled Valuation Date.

"Valuation Date" means each Valuation Date (including any Initial Valuation Date or Final Valuation Date) specified in the applicable Pricing Supplement or if that is not a Scheduled Trading Day the first Scheduled Trading Day thereafter unless, in the opinion of the Calculation Agent such day is a Disrupted Day. If such day is a Disrupted Day, then:

- (a) where the Equity Linked Notes relate to a single Share, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, determine the relevant price in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Valuation Cut-Off Date; or
- (b) where the Equity Linked Notes relate to a Basket of Shares, the Valuation Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Share affected (each an "**Affected Share**") by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Share, unless each of the Scheduled Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day relating to the Affected Share. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date for the Affected Share (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price using, in relation to the Affected Share, a price determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, using its good faith estimate of the price for the Affected Share as of the Valuation Time on the Valuation Cut-Off Date, and otherwise in accordance with the above provisions.

If a Valuation Date is deemed to fall after the Scheduled Valuation Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Valuation Date would thereby fall before the second Business Day immediately following that delayed Valuation Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Valuation Date.

5. Potential Adjustment Events, Merger Event, Tender Offer, De-listing, Nationalisation and Insolvency

- (vii) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

(b) Following the declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such

Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will make the corresponding adjustment, if any, to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends stock loan rate or liquidity relative to the relevant Share) and determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.

- (c) Upon the making of any such adjustment, the Fiduciary shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 stating the adjustment to the terms of the Conditions and/or the applicable Pricing Supplement and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.

- (d) Extraordinary Events

"De-listing" means, in respect of any relevant Shares, the Exchange announces that pursuant to the rules of such Exchange, such Shares cease (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or, if Tender Offer is specified as applying in the applicable Pricing Supplement, a Tender Offer) and are not immediately re-listed, re-traded or re-quoted on (A) where the Exchange is located in the United States, any of the New York Stock Exchange, the American Stock Exchange or the NASDAQ National Market System (or their respective successors) or (B) an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in a member state of the European Union).

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting the Share Company (A) all the Shares of that Share Company are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Shares of that Share Company become legally prohibited from transferring them.

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means, in respect of any relevant Shares, any (A) reclassification or change of such Shares that results in a transfer of or an irrevocable commitment to transfer all of such Shares outstanding to another entity or person, (B) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding), (C) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 % of the outstanding Shares of the Share Company that results in a transfer of or an irrevocable commitment to transfer all such Shares (other than such Shares owned or controlled by such other entity or person), or (D) consolidation, amalgamation, merger or binding share exchange of the Share Company or its subsidiaries with or into another entity in which the Share Company is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 % of the outstanding Shares immediately following such event, in each case if the Merger Date is on

or before the Maturity Date or any earlier date on which the Equity Linked Notes are due to be redeemed in full.

"**Nationalisation**" means that all the Shares or all or substantially all the assets of the Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

"**Tender Offer**" means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 % and less than 100 % of the outstanding voting shares of the Share Company as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

"**Tender Offer Date**" means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold are actually purchased or otherwise obtained (as determined by the Calculation Agent).

If (x) a Merger Event, De-listing, Nationalisation or Insolvency occurs in relation to a Share and/or (y) if Tender Offer is specified as applicable in the applicable Pricing Supplement, a Tender Offer occurs, the Fiduciary in its sole and absolute discretion may take the action described in (i), (ii), (iii) or (iv) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any terms of the Conditions and/or the applicable Pricing Supplement to account for the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency made by any options exchange to options on the Shares traded on that options exchange and the relevant adjustments may in the case of adjustments following a Merger Event or Tender Offer include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares; or
- (ii) where the Equity Linked Notes relate to a Basket of Shares on giving notice to the Noteholders in accordance with Condition 15, redeem or cancel, as the case may be, each Equity Linked Note in part on the Early Redemption Date (the "**Early Redemption Date**") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or other such amount as may be specified in the applicable Pricing Supplement. In such circumstances the provisions of Condition 4(e) shall apply. If an Equity Linked Note is so redeemed or cancelled in part the portion (the "**Partial Amount**") of each such Equity Linked Note representing the affected Share(s) shall be redeemed or cancelled, as the case may be, and the Fiduciary will require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the terms of the Conditions and/or the applicable Pricing Supplement to account for such redemption or cancellation in part. For the avoidance of doubt the remaining part of each such Equity Linked Note after redemption or cancellation and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 15; or
- (iii) give notice to the Noteholders in accordance with Condition 15 and redeem all, but not some only, of the Equity Linked Notes, on the Early Redemption Date (the "**Early**

Redemption Date") specified in such notice, each Note of a nominal amount equal to the Specified Denomination being redeemed at such nominal amount or other such amount as may be specified in the applicable Pricing Supplement. In such circumstances the provisions of Condition 4(e) shall apply; or

- (iv) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Fiduciary in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. Where amounts are to be determined by reference to a Relevant Holding which is less than any

FIDUCIARY CONTRACT

The following is a description of the Fiduciary Contract (as defined below) which, subject to amendment or modification, will be incorporated into each Note and will appear on any Note.

Each Note is one of a series of Notes issued on a fiduciary basis, each of which evidences the existence of a fiduciary contract on the terms and subject to the conditions described below (the "**Fiduciary Contract**") between the holder of such Note and UBS (Luxembourg) Issuer SA as fiduciary. The Fiduciary Contract is a *contrat fiduciaire* governed by the Luxembourg act dated 27 July 2003 relating to trust and fiduciary contracts, as amended (the "**Law**"). By subscribing to, or otherwise acquiring, the Notes, each Noteholder will be deemed to have accepted, acknowledged and agreed to all the provisions of the Fiduciary Contract.

The Conditions form part of the Fiduciary Contract and set out the rights of each Noteholder under the Fiduciary Contract and certain duties, powers and discretions of the Fiduciary. In connection with the exercise by the Fiduciary of its powers and discretions (including, without limitation, any modification, authorisation or waiver), the Fiduciary shall have regard to the best interests of the Noteholders as a class and, in particular, shall not consider the consequences of the exercise of its powers and discretions for individual Noteholders. No Noteholder shall be entitled to claim, from the Fiduciary or any other person, any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders except to the extent already provided for in Condition 11. Further the Fiduciary will account to the Noteholders for all payments of principal, interest or any other sums received under the Fiduciary Asset Agreements and Fiduciary Assets, in such manner as to give effect to the Conditions. The Fiduciary is not obliged to account to the Noteholders in respect of any fees or expenses paid in respect of its appointment as Fiduciary (which the Fiduciary will be entitled to retain as a fee for the services it is providing as Fiduciary), unless otherwise provided in the Conditions or applicable Pricing Supplement. The Fiduciary makes no representation or warranty and assumes no liability for, or responsibility or obligation in respect of, the legality, validity or enforceability of the Fiduciary Asset Agreements, the Fiduciary Assets or any of them, the performance and observance by any Fiduciary Asset Obligor of their obligations in respect of the Fiduciary Asset Agreements or the recoverability of any monies due or to become due under the Fiduciary Asset Agreements or the Fiduciary Assets. The Fiduciary is under no obligation to seek or maintain any insurance in respect of any Fiduciary Assets or any part of the Fiduciary Assets.

The Fiduciary does not represent the Noteholders and shall be under no obligation to the Noteholders other than that of faithful performance of its undertakings, duties, rights, powers and discretions under the relevant Fiduciary Contract as set forth above and, in the event of a relevant Tax Event (as defined in Condition 7(b)) or an Illegality/Regulatory Event (as defined in Condition 7(c)) or an Administrator/Benchmark Event (as defined in Condition 7(e)) or on a Fiduciary Asset settlement pursuant to Condition 7(h) or an Early Extinction of a Fiduciary Contract Event in accordance with Condition 7(d) or an Acceleration Event (as defined in Condition 10) or an early redemption of Notes pursuant to any Additional Terms and Conditions, shall be under no obligation to apply the proceeds of any rights of set-off, banker's lien or counterclaim arising out of other transactions between the Fiduciary and any Fiduciary Asset Obligor in payment of the Notes. The Fiduciary shall have no obligation to monitor the performance of any Fiduciary Asset Obligor and is further under no obligation to disclose information relating to the Fiduciary.

Neither the Fiduciary nor any of its Affiliates will be precluded from making any contracts or entering into any business transaction in the ordinary course of their business with any Fiduciary Asset Obligor or from owning in any capacity any Notes and neither the Fiduciary nor any of its Affiliates will be accountable to the Noteholders for any profits resulting therefrom. The Fiduciary may consult on any legal matter with any legal advisers selected by it and shall incur no liability for actions taken, or suffered to be taken, with respect to such matter in good faith in reliance upon the opinion of such legal advisers, unless the Fiduciary has been grossly negligent (*faute grave*) or is guilty of wilful misconduct (*dol*).

Consistent with the Law, Noteholders have no direct right of action against any Fiduciary Asset Obligor to enforce their rights under the Notes or to compel any Fiduciary Asset Obligor to comply with its obligations under a Fiduciary Asset Agreement or in relation to a Fiduciary Asset, even in the case of the Fiduciary's failure to act or the insolvency of the Fiduciary. However, if, under the Fiduciary Assets and/or Fiduciary Asset Agreements, the Fiduciary is entitled and, furthermore, has, pursuant to the relevant Fiduciary Contracts, become obliged to take legal action against a Fiduciary Asset Obligor and has failed to take such action within a reasonable time, then (if and to the extent such failure is continuing), the Noteholders are entitled to institute indirect legal action (*action oblique*) in accordance with the relevant provisions of the Luxembourg civil code against the Fiduciary Asset Obligor *in lieu* of the Fiduciary and on its behalf.

The rights of the Fiduciary in respect of the Fiduciary Asset Agreements and other Fiduciary Assets are Fiduciary Assets of the Fiduciary and are held for the exclusive benefit and at the sole risk of the Noteholders. Pursuant to the Law, the Fiduciary Assets are segregated from all other assets of the Fiduciary (including from all other fiduciary assets the Fiduciary may hold pursuant to fiduciary contracts with third parties) and are not available to meet the claims of creditors of the Fiduciary other than creditors (including the Noteholders) whose rights derive from the Fiduciary Assets. In a liquidation of the Fiduciary, the Fiduciary Assets are, in principle, not part of the estate of the Fiduciary. They may be attached only by persons whose rights exist as a result of the creation and existence of the Fiduciary Assets.

The Notes do not constitute direct debt obligations of UBS (Luxembourg) Issuer SA or any other entity belonging to the UBS Group, including UBS Europe SE, Luxembourg Branch, i.e. obligations that affect the personal estate of UBS (Luxembourg) Issuer SA. The ability of the Fiduciary to meet its obligations to pay principal, interest and any other sums due and perform any other obligation in respect of the Notes will be dependent and conditional upon the due and timely performance by the Fiduciary Asset Obligors of their obligations in respect of the relevant Fiduciary Assets and/or Fiduciary Asset Agreements and receipt by the Fiduciary of any monies payable or assets deliverable thereunder.

TAXATION

General Taxation Information

The following information provided below does not purport to be a complete summary of the tax law and practice currently available. Potential purchasers of Notes are advised to consult their own tax advisers as to the tax consequences of transactions involving Notes.

Purchasers and/or sellers of Notes may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of transfer, in addition to the issue price or purchase price (if different) of the Notes.

Transactions involving Notes (including purchases, transfers or redemptions), the accrual or receipt of any interest payable on the Notes and the death of a holder of any Note may have tax consequences for potential purchasers which may depend, amongst other things, upon the tax status of the potential purchaser and may relate to stamp duty, stamp duty reserve tax, income tax, corporation tax, capital gains tax and inheritance tax.

Under Condition 8(a), the Fiduciary shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which arises in relation to transactions involving the Notes or any payment due to the Fiduciary under the Fiduciary Assets. All payments made by the Fiduciary shall be made subject to any such tax, duty, withholding or other payment. The Fiduciary will not be obliged to make any application for treaty relief or claim a refund of tax in relation to any tax withheld in relation to any income and gains. Investors should also note the provisions of Condition 13.

The provisions relating to payment of Delivery Expenses by the relevant Noteholder on physical delivery of the Asset Amount(s) set out in Condition 6(h) on pages 125-128 should be considered carefully by all potential purchasers of Notes which may be redeemed by delivery of Asset Amount(s).

Luxembourg Taxation

The following information is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should consult their professional advisers with respect to particular circumstances and the effects of state, local or foreign laws to which they may be subject. Holders of Notes who are in doubt as to their tax positions should consult their professional advisers.

*Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) and personal income tax (*impôt sur le revenu*). Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax, net wealth tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax, and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.*

Taxation of the Holders of the Notes

Investors should note that under Luxembourg law the Fiduciary is not regarded as the beneficial owner of the Fiduciary Assets. Therefore it is possible that the Noteholders' tax treatment will depend on the type of income and gains arising from the Fiduciary Assets and the Noteholders' proportionate share of such income and gains. The Fiduciary has no obligation to inquire as to tax residence or status of the holder of any of the Notes or the tax treatment of such income and gains in the hands of such holders. In particular, the Fiduciary will not be obliged to make any application for treaty relief or claim a refund of tax in relation to tax withheld at source in relation to such income and gains.

1. Withholding Tax

(i) Non-resident Noteholders

Under Luxembourg general tax laws currently in force, there is in principle no withholding tax on payments of principal, premium or interest made to non-resident Noteholders, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident Noteholders.

However, withholding tax may further be due on the income paid or accrued in respect of the Fiduciary Assets issued by an issuer, which is a Luxembourg resident for tax purposes. Under Luxembourg domestic tax law, a 15 % withholding tax will be applied on the gross amount of dividends paid by a Luxembourg resident issuer in respect of shares and interest in respect of bonds carrying an interest depending on the dividend distributions of the issuer, and similar instruments. A reduction of this withholding tax may be available under tax treaties entered into by Luxembourg with the jurisdiction of residence of the Noteholder, and an exemption of withholding tax may be available under the Luxembourg participation exemption.

(ii) Resident Noteholders

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

However, under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 %. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes/Fiduciary Assets coming within the scope of the Relibi Law would be subject to withholding tax of 20 %.

Withholding tax may further be due on the income paid or accrued in respect of the Fiduciary Assets issued by an issuer, which is a Luxembourg resident for tax purposes. Under Luxembourg domestic tax law, a 15 % withholding tax will be applied on the gross amount of dividends paid by a Luxembourg resident issuer in respect of shares and interest in respect of bonds carrying an interest depending on the dividend distributions of the issuer, and similar instruments. An exemption of withholding tax may be available under the Luxembourg participation exemption or under certain circumstances a tax credit may be available.

2. Income Taxation

(i) Non-resident Noteholders

A non-resident Noteholder, not having a permanent establishment or permanent representative in Luxembourg to which such Notes/Fiduciary Assets are attributable, is not subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes/Fiduciary Assets.

A gain realised by such non-resident Noteholder on the sale or disposal, in any form whatsoever, of the Notes is further not subject to Luxembourg income tax.

However, a gain realised by such non-resident Noteholder on the sale or disposal, in any form whatsoever, of Fiduciary Assets which correspond to shares in an ordinary Luxembourg company ("**LuxCo**") is in principle (subject to the provisions of tax treaties) taxable in Luxembourg if (a) the Noteholder holds or has held (either solely or together with his spouse or partner and minor children) directly or indirectly more than 10% of the share capital of LuxCo at any time during a period of 5 years before the realisation of the capital gain (the "**Substantial Participation**") and the disposal of the shares takes place less than six months after the date on which the shares were acquired or (b) the Noteholder has been a former Luxembourg resident for more than fifteen years and has become a non-resident, less than five years before the time of the realisation of the capital gain.

A non-resident corporate Noteholder or an individual Noteholder acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which or to whom such Notes/Fiduciary Assets are attributable, is subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, or any other kind of income under the Notes/Fiduciary Assets and on any gains realised upon the sale or disposal, in any form whatsoever, of the Notes/Fiduciary Assets.

(ii) Resident Noteholders

A corporate Noteholder and an individual Noteholder, acting in the course of the management of a professional or business undertaking must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the Notes/Fiduciary Assets, in their taxable income for Luxembourg income tax assessment purposes.

If the Fiduciary Assets of a corporate Noteholder correspond to shares in LuxCo, an exemption may be available under the Luxembourg participation exemption for dividend income and capital gains. In the case where the Luxembourg participation exemption on dividend income would not apply, 50% of the amount of such dividend income may still be tax exempt at the level of corporate Noteholders.

A Noteholder that is governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 23 July 2016 on reserved alternative investment funds, as amended and which does not fall under the special tax regime set out in article 48 thereof, is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium or issue discount, nor on gains realised on the sale or disposal, in any form whatsoever, of the Notes/Fiduciary Assets.

The tax exemption of 50% of the amount of dividend income would also be available for individual Noteholders, acting in the course of the management of a professional or business undertaking.

An individual Noteholder, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, redemption premiums or issue discounts, under the Notes/Fiduciary Assets, except if (i) withholding tax has been levied on such payments in accordance with the Relibi Law, or (ii) the individual Noteholder has opted for the application of a 20% tax in full discharge of income tax in accordance with the Relibi Law, which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than a EU Member State). A gain realised by an individual Noteholder, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Notes/Fiduciary Assets is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Notes/Fiduciary Assets were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the Relibi Law.

If the Fiduciary Assets correspond to shares in a LuxCo, 50% of the amount of dividend income realised by an individual Noteholder, acting in the course of the management of his/her private wealth may be tax exempt. Furthermore, a gain realised by an individual Noteholder, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Fiduciary Assets is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Fiduciary Assets were acquired and that if the Fiduciary Assets are shares in a LuxCo the Noteholder does not hold a Substantial Participation in the LuxCo.

3. Net Wealth Taxation

A corporate Noteholder, whether it is resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Notes/Fiduciary Assets are attributable, is subject to Luxembourg net wealth tax on such Notes/Fiduciary Assets, except if the Noteholder is governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended or by the law of 23 July 2016 on reserved alternative investment funds, as amended, or is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or is a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended⁷.

An individual Noteholder, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on such Notes/Fiduciary Assets.

4. Inheritance tax

Where a Noteholder is a resident of Luxembourg for tax purposes at the time of his death, the Notes/Fiduciary Assets are included in his taxable estate for inheritance tax assessment purposes.

⁷ Please however note that securitisation companies governed by the law of 22 March 2004 on securitisation, as amended, or capital companies governed by the law of 15 June 2004 on venture capital vehicles, as amended, or reserved alternative investment funds governed by the law of 23 July 2016, as amended and which fall under the special tax regime set out under article 48 thereof may, under certain conditions, be subject to minimum net wealth tax.

5. Gift Tax

Gift tax may be due on a gift or donation of Notes/Fiduciary Assets if embodied in a Luxembourg deed passed in front of a Luxembourg notary or recorded in Luxembourg.

6. Other taxes

In principle, neither the issuance nor the transfer, repurchase or redemption of Notes will give rise to any Luxembourg registration tax.

However, a fixed or *ad valorem* registration duty may be due upon the registration of the Notes in Luxembourg, in the case where the Notes are physically attached to a public deed or to any other document subject to mandatory registration, as well as in the case of a registration of the Notes on a voluntary basis.

Swiss Taxation

The following is a summary only of the Fiduciary's understanding of current (as per the date of this Base Prospectus) law and practice in Switzerland relating to certain tax aspects of the Notes issued under the Base Prospectus. Because this summary does not address all tax considerations under Swiss law and as the specific tax situation of an investor cannot be considered in this context, prospective investors are recommended to consult their personal tax advisers as to the tax consequences of the purchase, ownership, sale or redemption of and the income derived from the Notes issued under the Base Prospectus including, in particular, the effect of tax laws of any other jurisdiction.

The Swiss Federal Tax Administration has issued on 3 October 2017 the amended version of the Circular Letter No. 15 regarding Certificates and Derivative Financial Instruments subject to Direct Federal Tax, Withholding Tax and Stamp Duty. The Notes issued under the Base Prospectus will be taxed in accordance with this Circular Letter No. 15 and its appendices, as updated from time to time. Depending on the qualification of the relevant Note by the competent Swiss tax authorities the taxation of each Note may be different.

1. Income Tax

Notes are held as private assets (Privatvermögen) by investors resident in Switzerland

Pursuant to the principles of Swiss income taxation, capital gains are in principle Swiss personal income tax exempt for (i) federal direct tax purposes if realised upon a disposal or exchange of movable and immovable private assets and for (ii) cantonal/municipal direct tax purposes if realised upon a disposal or exchange of movable private assets whereas investment income (such as, in particular but not limited to, interest, dividends, including deemed or calculatory income etc.) deriving from private assets is subject to Swiss personal income tax. As a corollary, any capital losses sustained in relation to private assets are not tax deductible. Hence, (i) capital gains realised upon a sale of the Notes or (ii) income of any kind including deemed or calculatory income derived from the Notes stemming from capital gains are in principle Swiss personal income tax exempt for an investor resident in Switzerland holding the Notes as private assets whereas investment income deriving from the Notes is in principle subject to Swiss personal income tax.

Notes are held as business assets (Geschäftsvermögen) by investors resident in Switzerland

Pursuant to the principles of Swiss income taxation, capital gains realised upon disposal, exchange or re-evaluation of business assets are in general subject to (i) either Swiss personal income tax with respect to individuals or (ii) to Swiss corporate income tax with respect to corporations in the same manner as any other commercial or investment income. As capital gains in relation to business assets

are in principle fully taxable, it follows that capital losses in relation to business assets are tax deductible. Hence, (i) capital gains realised upon a sale, exchange, redemption or re-evaluation of the Notes or (ii) income derived from the Notes, irrespective of whether such income stems from investment income or capital gains, are in principle subject to either Swiss personal income tax with respect to an individual investor resident in Switzerland holding the Notes as business assets or subject to Swiss corporate income tax with respect to a corporate investor resident in Switzerland.

This taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as "professional securities dealers" for reasons of, inter alia, frequent dealing and leveraged investments in securities.

2. Withholding Tax

The Swiss federal withholding tax (of currently 35%) is in principle levied on income (such as, but not limited to, interest, pensions, profit distributions etc.) from, amongst others, bonds and other similar negotiable debt instruments issued by a Swiss tax resident (*Inländer*), from tax resident corporations, interest on deposits with Swiss banks as well as distributions of or in connection with Swiss tax resident collective investment schemes. For Swiss federal withholding tax purposes, an individual or corporation qualifies as a Swiss tax resident (*Inländer*) being subject to withholding taxation if it (i) is resident in Switzerland, (ii) has its permanent abode in Switzerland, (iii) is a company incorporated under Swiss law having its statutory seat in Switzerland, (iv) is a company incorporated under foreign law but with a registered office in Switzerland, or (v) is a company incorporated under foreign law but is managed and conducts business activities in Switzerland. Hence, as long as the Securities are not issued by an issuer qualifying as a Swiss tax resident for the purposes of the Swiss federal withholding tax, income derived from the Securities is in principle not subject to Swiss federal withholding tax.

3. Securities transfer tax

Swiss securities transfer tax (0.3% in relation to foreign securities) is levied on the transfer of ownership against consideration of certain taxable Swiss and non-Swiss securities. The term taxable security includes but is not limited to, bonds, equity instruments and other participation rights and units in collective investment schemes issued by a Swiss or Liechtenstein resident issuer, securities issued by an issuer resident outside Switzerland resp. Liechtenstein which have the same economic function as the securities mentioned before, and sub-participations on all these securities. The tax is due by the securities dealer if a Swiss or a Liechtenstein bank or securities dealer as defined in the Swiss Federal Stamp Tax Act is involved as a party or an intermediary in the transaction and no exemption applies. The Swiss securities transfer tax is calculated on the purchase price or sales proceeds, if the Notes are qualified as taxable securities. Exemptions may be available in relation to specific parties (e.g. a half exemption applies in relation to a party qualifying as an exempt investor, e.g. collective investment schemes or foreign pension funds) or in relation to specific transactions (e.g. full exemption applies in case of redemptions, or in relation to specific types of securities).

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, withholding may be required on, among other things, certain payments made by "foreign financial institutions" ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Fiduciary may be a foreign financial institution for these purposes. A number of jurisdictions (including Luxembourg) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. If withholding would be required pursuant to FATCA or an IGA with respect to foreign passthru payments, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or before the relevant grandfathering date would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date. The grandfathering date for Notes that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register. If additional instruments that are not distinguishable from such previously issued grandfathered Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

U.S. Dividend Equivalent Withholding

A 30% withholding tax is imposed on certain "dividend equivalents" paid or deemed paid to a non-U.S. holder with respect to a "specified equity-linked instrument" that references one or more dividend-paying U.S. equity securities. The withholding tax can apply even if the instrument does not provide for payments that reference dividends. Treasury regulations provide that the withholding tax applies to all dividend equivalents paid or deemed paid on specified equity-linked instruments that have a delta of one ("delta one specified equity-linked instruments") issued after 2016 and to all dividend equivalents paid or deemed paid on all other specified equity-linked instruments issued after 2024.

The Fiduciary will determine whether dividend equivalents on the Notes are subject to withholding as of the close of the relevant market(s) on the pricing date and the relevant Pricing Supplement will indicate whether the Notes are specified equity-linked instruments (as of the date of the Pricing Supplement) that are subject to withholding on dividend equivalents. If withholding is required, the Fiduciary (or the applicable paying agent) will withhold 30% in respect of dividend equivalents paid or deemed paid on the Notes and will not pay any additional amounts with respect to any such taxes withheld. The Fiduciary will withhold this amount regardless of whether an investor is a U.S. person for U.S. federal income tax purposes or a non U.S. person that may otherwise be entitled to an exemption of reduction of tax on U.S. source dividend payments pursuant to an income tax treaty.

Even if the Fiduciary determines that the Notes are not specified equity-linked instruments that are subject to withholding on dividend equivalents, it is possible that the Notes could be deemed to be reissued for tax purposes upon the occurrence of certain events affecting the U.S. securities underlying the Notes or the Notes themselves, and following such occurrence the Notes could be treated as specified equity-linked instruments that are subject to withholding on dividend equivalent payments. It is also possible that withholding tax or other tax related to Treasury regulations issued under Section 871(m) and applicable guidance ("**Section 871(m) Regulations**") could apply to the Notes under these rules if a non U.S. holder enters, or has entered, into certain other transactions in respect of the U.S. securities underlying the Notes. As described above, if withholding is required, the Fiduciary will withhold 30% in respect of dividend equivalents paid or deemed paid on the Notes and will not pay any additional amounts with respect to any such taxes withheld.

Additionally, in the event that withholding is required, the Fiduciary hereby notifies each holder that for purposes of Section 871(m) Regulations, the Fiduciary will withhold in respect of dividend equivalents paid or deemed paid on the Notes on the dividend payment date as described in Treasury

regulations section 1.1441-2(e)(4) and section 3.03(B) of the form of Qualified Intermediary Agreement contained in Revenue Procedure 2017-15, as applicable, regardless of whether such investor would otherwise be entitled to an exemption from or reduction of withholding on such payments (e.g., a U.S. person for U.S. federal income tax purposes or a non U.S. person eligible for an exemption from or reduction in withholding pursuant to an income tax treaty). **No assurance can be given that an investor will be able to successfully claim a refund of the tax withheld in excess of the tax rate that would otherwise apply to such payments.**

The Fiduciary and the Noteholders acknowledge that in the event the Notes reference one or more U.S. equity securities, or an index which includes U.S. equity securities, then payments made by the Fiduciary pursuant to the Notes (including any amounts deemed reinvested in the Notes) will reflect the gross dividend payments paid by the issuers of such U.S. equity securities less applicable withholding tax amounts in respect of such gross dividends, which in the case of U.S. source dividends, will be paid by or on behalf of the Fiduciary (or any withholding agent) in their capacity as a withholding agent, to the IRS in accordance with Section 871(m) Regulations.

Holders should consult with their tax advisors regarding the application of Section 871(m) Regulations in respect of their acquisition and ownership of the Notes, including a non-U.S. holder that enters, or has entered, into other transactions in respect of the U.S. equity securities underlying the Notes.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

The Fiduciary has entered into an amended and restated programme agreement with UBS AG acting through its London Branch ("**UBS AG**") dated 22 November 2023 (the "**Programme Agreement**", as the same may be amended and/or supplemented and/or restated from time to time) and has agreed the basis upon which UBS AG or any other dealer appointed under the Programme Agreement (collectively, the "**Dealers**" and each, a "**Dealer**") may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Terms and Conditions of the Notes*" and "*Form of the Notes*".

Transfer Restrictions

United States

The Notes and, in certain cases, the securities (if any) to be delivered when the Notes are redeemed, have not been and will not be registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction of the United States. Further, no person has registered nor will register as a commodity pool operator of the Fiduciary or the Fiduciary Assets under the CEA and CFTC Rules, and neither the Fiduciary nor any of the Fiduciary Assets have been registered nor will be registered as an investment company under the Investment Company Act nor under any other United States federal laws.

The Notes are being offered and sold in reliance on an exemption from the registration requirements of the Securities Act pursuant to Regulation S. Accordingly, no Notes, or interests therein, may at any time be offered, sold, resold, pledged, delivered or otherwise transferred, directly or indirectly, within the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, pledge, delivery or transfer, directly or indirectly, within the United States or to, or for the account or benefit of, any U.S. person or under circumstances that will require the Fiduciary or the Fiduciary Assets to register as an "investment company" under the Investment Company Act or under circumstances that will require any person to register as a commodity pool operator of the Fiduciary or the Fiduciary Assets under the CEA and CFTC Rules. Terms used in this paragraph and not otherwise defined herein have the meaning given to them by Regulation S.

The Notes have not been approved or disapproved by the SEC or any other regulatory agency in the United States, nor has the SEC or any other regulatory agency in the United States passed upon the accuracy or adequacy of this document or the merits of the Notes. Any representation to the contrary is a criminal offence. Furthermore, the Notes do not constitute, and have not been marketed as, contracts for the sale of a commodity for future delivery (or options thereon) subject to the CEA, and neither trading in the Notes nor this document has been approved by the CFTC under the CEA.

Each prospective purchaser of Notes, by accepting delivery of this Base Prospectus and the Notes, will be deemed to have represented and agreed as follows:

- (e) it understands and acknowledges that the Fiduciary has the right to refuse to honour the transfer of an interest in the Notes in violation of the transfer restrictions applicable to such Notes;
- (f) it understands and acknowledges that the Fiduciary has the right to compel any beneficial owner who is a U.S. person to (i) sell its interests in the Notes to a person who is not a U.S. person in an offshore transaction pursuant to Regulation S, (ii) sell its interests in the Notes to a person who is not a U.S. person as defined in the final rules promulgated pursuant to Section 15G of the Securities Exchange Act of 1934, as amended or (iii) transfer its interests in the Notes to the Fiduciary or an Affiliate of the Fiduciary or redeem the Notes in whole or in part;
- (g) it understands that the Notes will bear a legend to the following effect:
