# Introduction

These reports with Top 5 execution venues and Top 5 brokers refer to the obligations set out in art. 27.6 of Directive 2014/65/EU ("MiFID II") and art. 3 of Commission Delegated Regulation (EU) 2017/576 ("RTS 28"), and outline the identity of the main execution venues, in terms of volume, where Credit Suisse AG & Credit Suisse (Switzerland) Ltd. (hereafter "Credit Suisse") have actively executed clients' orders, and the main brokers, in terms of volume, where Credit Suisse has routed its clients' orders for further execution both for retail and professional clients, in the preceding year.

This report is intended to cover the period from 1/1/2019 to 31/12/2019 inclusive. As outlined in ESMA's Q&A on MiFID II and MiFIR investor protection topics, certain aspects of the RTS28 requirements are tied to new provisions from MiFID II or MiFIR. Given that Credit Suisse is not a firm directly subject to MiFID II provisions, it is not directly obliged to comply with the best execution requirements, but endeavours to do so in order to provide the best service to its clients.

These reports should be read in conjunction with the Credit Suisse Best Execution Policy, the current version of which is available at <https://www.credit-suisse.com/mifid>.

For clients serviced by Credit Suisse legal entities or branches other than Credit Suisse, Zurich, note that there may be separate Best Execution Policies and reports with information on execution quality obtained by those entities. Please, contact your relationship manager for further information.
