Credit Suisse Invest Expert

The investment solution for dedicated investors

Thanks to our flexible investment solutions, you choose the scope of advice, portfolio monitoring, and investment proposals according to your personal needs. In all cases, you can count on our global financial expertise.

With our Expert investment solution, you have a finger on the market pulse and receive investment advisory service at the highest level. In addition to a personal advisor as your central point of contact, we provide you with an investment consultant who will stand by your side. This investment expert is your direct link to the global markets. The investment consultant offers in-depth advice on all asset classes from a single source. Moreover, your regional investment consulting team ensures a high level of availability and rapid execution of your orders.

Your investment consultant will develop an investment strategy with you tailored exclusively to your needs. They will proactively contact you on a regular basis to discuss current investment opportunities and potential risks.

A comprehensive report and regular portfolio quality alerts help you to identify opportunities and risks in your portfolio and to make the necessary adjustments at an early stage.

The Expert investment solution includes an annual tax statement. In addition to thorough analysis and long-term optimization of your assets, you have access to financial planning at a preferential price.

Your needs

- Exploit investment opportunities
- Regular dialogue with investment experts
- Dynamically adjust your investment strategy or asset allocation
- Access to global markets and a broad investment universe

How you benefit

- A personal advisor as a central point of contact for all financial queries and a personal investment consultant as your dedicated investment expert
- Tailor-made investment strategy and implementation
- Proactive contact in the event of new investment opportunities and potential risks
- Regular strategy check and suggestions for adjustments
- Portfolio quality reports and alerts for promptly identifying potential portfolio issues

Risks you face

- An advisory agreement provides no guarantee of positive returns.
- According to the advisory agreement, the client retains responsibility for investment decisions.
- For information on the risks of individual investment instruments, please refer to the product documentation.
