

Get protected with a flu shot

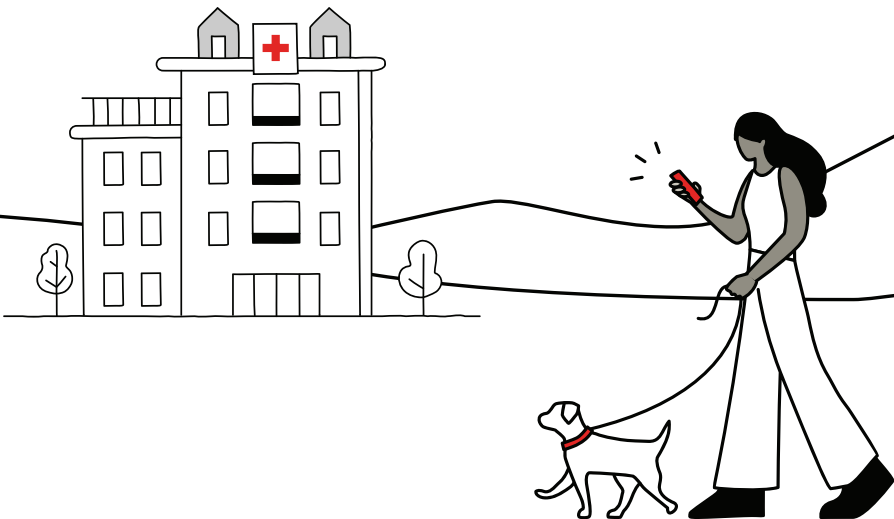

Flu vaccinations are available at no cost to employees, their spouse/partner and covered dependents 18+ years of age (even if you aren't covered by a UBS-sponsored medical plan).

How to get your flu vaccination

Option 1: Visit a participating UBS Employee Health Center

We have arranged for the safe administration of free flu shots at the UBS Employee Health Centers located in Weehawken, Nashville, Raleigh and New York. Visit mypremisehealth.com to make an appointment for a flu shot.

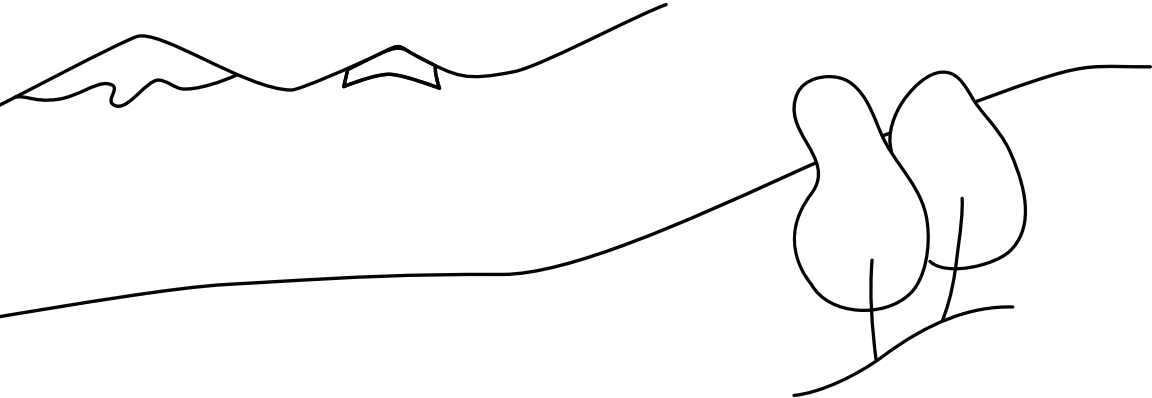

Option 2: Visit a participating pharmacy

UBS is working with TotalWellness to provide flu shot vouchers for the 2025-2026 flu season. The voucher below can be redeemed one time through January 31, 2026, for a no-cost Quadrivalent flu shot at a participating pharmacy.

Access the full pharmacy list by visiting the US Benefits microsite at **ubs.com/usbenefits** (use the pharmacy search link to search for your preferred participating location by name and/or ZIP code) or by calling the TotalWellness Help Desk at **+1-888-434-4358 x127**.

Flu Shot Program Pharmacy Card

Name: _____

ID Number: _____

Person Code: 00 RX BIN: 610011 PCN: IRX
RX Group: TWUBS2025 Expires 1/31/2026

Flu Shot Program Pharmacy Card

Name: _____

ID Number: _____

Person Code: 00 RX BIN: 610011 PCN: IRX
RX Group: TWUBS2025 Expires 1/31/2026

PHARMACY NOTES: Enter the information exactly as it is presented on the cards above. Remember to include the vaccine segment in your claim submission. If you have questions, contact the TotalWellness Help Desk **+1-888-434-4358 x127**.

NOTES:

- Complete the pharmacy card with your name and Employee GPN. If your spouse, domestic partner or dependent aged 18+ would like to participate, they must complete the pharmacy card using the Employee GPN with DP (dependent) numerically sequenced as needed (e.g., 12345678DP, 12345678DP1, 12345678DP2, etc.).
- Verify pharmacy hours and vaccine availability directly with your pharmacy. When redeeming your voucher, the pharmacy may require that you provide personal identifiable information, including but not limited to your name and birth date. For participation purposes, your name/unique ID may be shared with UBS, indicating that you received a flu shot through the voucher program.
- Preservative-free vaccine is subject to availability; excludes intradermal and high-dose vaccinations.
