Sittercity – Marketplace to Connect with Local Caregivers

What services are included with Sittercity?

Sittercity is an online network that makes it easy for working families to connect with local, in-home babysitters, nannies, and caregivers for the whole family. Sittercity provides a variety of tools to help you connect with and screen caregivers who are uniquely qualified to fulfill your needs. |

How do I access the service?

To create an account on Sittercity, visit your Bright Horizons benefits page and search for “Sittercity.” From there, you will be able to view all of the Sittercity benefits offered to you through your employer. These benefits include access to finding local nannies and babysitters, housekeepers, special needs childcare, pet care, adult companion care, and childcare adventures. Click on the service that resonates with the need you are looking for. You will then be routed to create an account on Sittercity.

You can also go directly to sittercity.com/bh-benefits, enter in your employer and you will be directed to your specific company sign-up page.

How long will it take to find a nanny or a sitter for my family?

Each family need is unique and the time it takes to find a caregiver depends on your screening process and available caregivers in your area.

Creating a job post is the easiest way to find the care you need. Once you post your job it’s then immediately shared with local caregivers who meet your requirements. Families typically start receiving applications within a day—you can then begin to screen and evaluate the caregivers who have applied to your job to see if they’re a good match for your family.

You can also search for local caregivers by using Sittercity’s search tool. Enter in your zip code to find caregivers available in your area and directly reach out to those you feel would be a good fit for your family.

What discounts are available as part of my benefit?

Your employer has sponsored access to Sittercity’s Premium Membership at no cost to you, including free Basic Background Checks and discounts on Enhanced Background Checks and Motor Vehicles Checks.

Premium membership includes:

- Unlimited job postings
- Direct Messaging with caregivers in your area
- Access to caregiver references and reviews
- Interview scheduling
- Real human customer support

How do I find a caregiver on Sittercity?

Posting a job on Sittercity is the fastest way to connect and find caregivers that best fit your family's needs. Once you post a job you will start receiving applications from interested candidates directly to your inbox.

After posting a job, you can also search for caregivers in your area. Use your zip code and search results will automatically show caregivers in your area. You can use search filters to find caregivers who: are available on a specific date and time, have a certain level of experience, are within a certain distance, have access to a car, speak specific languages, and more.

Once you have found a caregiver that meets your needs, you can run a variety of background checks. Sittercity also provides detailed resources and support to help you understand the pricing in your area, how to interview caregivers, and how to set up your new caregiver for success when they start.

How do families hire trustworthy caregivers?

Families can find caregivers on Sittercity who are passionate about providing safe and enriching care for their family. Selecting the right caregiver is a big decision. Sittercity provides tools to help you narrow down your options and hire with confidence.

Screen caregivers by reviewing all applications and messaging directly with interested applicants through Sittercity's secure messaging platform. Review caregiver profiles to better get to know the provider and their level of experience. Caregiver profiles include CPR or First Aid certification, reviews from families they've previously worked with, prior experience caregiving, education, and additional responsibilities they are willing to help with such as meal prep, light housekeeping, homework help, or transporting kids to activities.

Interview caregivers by conducting phone or virtual screenings or arrange to meet in person. Evaluate if they are the right fit by requesting professional references, reading reviews from other families, and running background checks.

What sort of vetting does Sittercity do of caregivers?

Sittercity's dedicated Trust and Safety team champions safety across the platform every day. Caregivers go through an identity verification process with Berbix when registering an account.

Additional safety measures include Family Watchdog screening and fraud prevention.

Background checks can also be processed on caregivers at any point to ensure the most current information, which is why we do not require caregivers to complete background checks during registration. To determine whether a caregiver has recently completed a background check through Sittercity, look for a dated badge displayed on the caregiver's profile under the 'Trust & safety' section. We strongly recommend processing background checks on caregivers prior to hiring them.

Because Sittercity is not an agency, we do not interview caregivers, check references, nor verify reported certifications or credentials. We do, however, empower parents with the tools to make informed decisions.

Nanny Placement & On Call Sitters

What services are included with this benefit?

Jovie works with families to provide fun, well-trained, long-term nannies and on-call sitters who are equipped with the tools and support they need to bring order and joy to homes.

Jovie

How does the nanny placement process work?

This service is offered through Jovie and starts with a family consultation to establish your family's unique needs. After signing up with a local Jovie office and paying the one-time registration fee, they will evaluate your schedule, your children's ages, job duties, interests, and desired experience and attributes for your perfect nanny. As candidates are identified, you will receive an electronic profile for review and arrangements will be made for candidate interviews. Jovie will follow up with both your family and the candidate to ensure both parties feel it is a great fit before moving forward. After selection, orientation will be provided for the new nanny, and Jovie is available to help with the process of settling in for an exceptional experience. The nanny placement fee and hourly charges for care will be paid by you directly to the local Jovie office.

Is there a placement fee to hire a Jovie on-call sitter?

A placement fee is only applied to full-time and long-term nanny placements, not for on-call sitters. Families interested in a Jovie sitter will pay the one-time registration fee to their local Jovie office and then only pay the sitter's hourly rate when care is used.

How do I access the service?

To connect with Jovie, visit your Bright Horizons benefits page and navigate to "Nanny Placement." This will bring you to the Jovie website, where you can submit a [short inquiry form](#). Your local Jovie office will make contact within 48 hours to begin the consultation process to learn more about your care need and if a nanny or a sitter would be the right choice for your family.

Do all nannies and sitters have a college education?

Most nannies and sitters have completed some type of post-secondary education. Many are either current college students or recent college graduates.

How are the nannies and sitters screened and trained?

A comprehensive background screen is conducted by an accredited national background screening agency and includes state and federal criminal history, National Sex Offender database check, and address history. This is completed as part of securing a nanny or sitter and comes at no additional fee to families. During initial orientation, all nannies and sitters must take training courses on child safety, security, child development, and age-appropriate fun. For

ongoing training, Jovie offers videos, print resources, resource directories, the most up-to-date tools available, and the ongoing professional guidance of the local Jovie team. You can also elect to be matched with a nanny who is trained as a learning coach to support students with online instruction — see more information below.

How long will it take to find a nanny or a sitter for my family?

This process usually takes 2-6 weeks, depending on your family's unique needs. In the meantime, Jovie takes care of your immediate childcare needs through reliable sitters. Jovie sitters offer a temporary solution for the childcare families need while Jovie finds the right ongoing nanny for your family.

If you are interested in hiring the occasional sitter for a date night, school closing, or temporary arrangement, a call to your local Jovie office can help you get set up with the care you need when you need it.

What discounts are available as part of my benefit?

You will receive 50% off the Jovie one-time registration fee of \$200 for your nanny or sitter.

What happens if our nanny or sitter doesn't work out?

Jovie provides a replacement nanny at no additional charge, if required for any reason, during the first 12 weeks of the placement.

If you are interested in changing sitters, your local office or MyJovie app can help facilitate that search.

How do I contact Jovie for support?

Jovie is a national franchise spanning 125 offices across 28 states. You can find and contact your local Jovie office for support <https://www.jovie.com/bh/>

Center-Based Child Care

What is Preferred Enrollment?

Preferred Enrollment allows you to gain access to available full-time child care spaces in Bright Horizons centers ahead of the general community.

Will discounts be offered at Bright Horizons centers?

Discounts are not offered at Bright Horizons centers.

Do I have to pay a registration fee to enroll?

Your registration fee at Bright Horizons centers is waived through Preferred Enrollment. When selecting a center from your Bright Horizons benefits page, download the available coupon, print it, and bring it with you when you visit.

If I move my child to another Bright Horizons center, will the new registration fee be

waived?

Yes. If you enroll your child at a new Bright Horizons center location that accepts Preferred Enrollment, your registration fee will be waived. This is also true for enrolling multiple children.

Where can I receive tuition discounts?

Your Bright Horizons benefit provides you with a discount of up to 10% off child care tuition at participating centers in our partner network (excludes Bright Horizons centers).

Which age groups are eligible for a tuition discount at participating centers?

Tuition discounts vary by center, and in some cases are available only for children ages 2 and older. Check with your preferred network center for details.

Can I receive the discount if my child is already enrolled in a participating center?

If you are currently enrolled in a participating network center that offers a tuition discount, please reach out to your center director to inquire about your Bright Horizons discount. Some discounts are only available for new enrollments. Please refer to your benefit website to identify the discounts available to you. Discounts cannot be applied retroactively.

How do I find child care centers that offer Preferred Enrollment and Tuition Discounts?

Visit your Bright Horizons benefit page and navigate to the “Secure Full-Time Care in a Quality Child Care Center” or “Child Care Centers” tile. This will bring you to the center search feature, where you will be able to browse and explore center options in your area.

Is care available for family members with special needs?

We make every effort to accommodate care recipients with special needs, which may include physical, emotional, or developmental challenges.
