¹ The receipt of services via Alight Healthcare Navigation or any other benefit outlined herein does not relieve or modify a plan participant's obligation to comply with the terms and conditions set forth in the relevant Plan document or Summary Plan Description (SPD). Claims administration procedures contained in the governing Plan document or SPD for the underlying benefit component shall govern the resolution of any and all claims for benefits and appeals under UBS's Group Health and Welfare Plans.

² You are only eligible to earn up to the maximum wellness contribution (based on your coverage level), no matter how many wellness activities you participate in. You can earn up to \$400 for employee only coverage, and \$800 if you cover any family member. Employees and their covered spouses/ domestic partners may earn UBS contributions to the employee's HSA by completing wellness activities via the MyActiveHealth portal; dependent children cannot earn incentives. If you cover yourself and a child or children, but not a spouse/domestic partner, you will have access to complete more wellness activities via MyActiveHealth in order to earn the maximum \$800 incentive. Although dependent children over the age of 18 are not eligible for the incentive, they can register and use MyActiveHealth. Eligible employees with a Benefits Base Salary (BBS) of less than \$300,000 will get an automatic UBS contribution; this is the annual core contribution. This contribution amount is not subject to increase or decrease as the result of a Qualifying Life Event (QLE) within the plan year. UBS contributions to your Health Savings Account are contingent upon your being employed by UBS on the date the contributions are made to the account.

Telemedicine options vary by provider. Visit the US Benefits microsite for contact information at ubs.com/usbenefits.

³ Eligible compensation is defined as your gross eligible earnings prior to certain pre-tax deductions, as determined by the Plan administrator in its sole discretion. Eligible earnings are (as applicable) your salary and any bonus and commissions. Eligible earnings could also include (as applicable) additional compensation, some types of recurring awards and supplemental payments. Plan limits and IRS limits apply.

If you are eligible, UBS provides you with a Retirement Contribution equal to a percentage of your eligible compensation. Generally, the percentage is based on your years of service with UBS as of the beginning of the applicable Plan year. You do not have to contribute to the Plan in order to receive a Retirement Contribution. You must generally be actively employed by UBS on the last business day of the applicable Plan year in order to receive a Retirement Contribution; subject to certain expectations set forth in the 401(k) Plan provided, however, that no Company Retirement Contribution will be made for any year in which you are credited with contribution credits under the UBS Pension Plan or if you are an "electing grandfathered participant." See the 401(k) Plan SPD for additional details.

⁴ If you are an eligible participant, and your claim for STD benefits is approved, you may receive benefits in accordance with the terms and conditions described in the STD brochure.

⁵ If you are an eligible participant, and your claim for LTD benefits is approved, you may receive benefits in accordance with the terms and conditions of the LTD Plan Summary Plan Description (SPD). Supplemental LTD coverage is available at the employees' cost.

⁶ Additional details are available on the US Benefits microsite at ubs.com/usbenefits > Financial Well-being > Other Financial Benefits.

⁷ Rates are based on your BBS, age, tobacco-user status and the coverage option selected.
