16 October 2024

Dear Shareholders,

The board of directors (the "**Board of Directors**") of the Merging UCITS, has decided to merge the Absorbed Sub-Fund into **Manteio (Lux) Liquid Alternative Beta**" (the "**Receiving Sub-Fund**"), a sub-fund of Waystone UCITS Platform (Lux) SICAV, a *société d'investissement à capital variable*, formed and existing under the laws of the Grand Duchy of Luxembourg having its registered office at 19 rue de Bitbourg, L-1273 Luxembourg, Grand Duchy of Luxembourg and registered with the RCS under number B203322 (the "**Receiving UCITS**") in compliance with article 1(20)(a) of the law of 17 December 2010 on undertakings for collective investment as amended (the "**Merger**"). The Merger shall become effective on 22 November 2024 (the "**Merger Effective Date**").

This notice describes the implications of the contemplated Merger. Please contact your financial advisor if you have any questions on the content of this notice. The Merger may impact your tax situation. Shareholders should contact their tax advisor for specific tax advice in relation to the Merger.

Capitalised terms not defined herein have the same meaning as in the prospectus of the Merging UCITS.

1. Background and rationale for the Merger

- 1.1.1. The decision of the respective boards of directors of the Merging and Receiving UCITS (the “**Boards**”) to proceed with the Merger was passed in the shareholders' interest and takes place in the context of the following rationale.

In the context of the acquisition by Manteio Capital LLC of certain legacy business from Credit Suisse Asset Management, LLC, now UBS Asset Management (Americas) LLC, the investment management team in charge of the management of the Absorbed Sub-Fund will be fully employed by and part of Manteio Capital LLC. In order to ensure the efficient continuation of the Absorbed Sub-Fund under the Manteio brand name, a transfer to the existing umbrella fund Waystone UCITS Platform (Lux) SICAV, is necessary. The management of the Absorbed Sub-Fund by the investment management team currently in charge of the management of the Absorbed Sub-Fund, which will operate under the name Manteio Capital LLC once the takeover by Manteio Capital LLC has been completed, will remain unchanged.

The Receiving Sub-Fund has been set up for the purposes of the Merger and, to that effect, replicates, subject to some adjustments, the Absorbed sub-Fund. The reference currencies, investment objectives, principles and policies, investor profiles, main risk factors, exposures, valuation methods and subscriptions and redemptions cut-off times of the Absorbed Sub-Fund and the Receiving Sub-Fund are substantially the same. As further detailed below, the Absorbed Sub-Fund and the Receiving Sub-Fund however differ in some respect notably in terms of management companies and service providers.

- 1.2. The decision to merge the Absorbed Sub-Fund into the Receiving Sub-Fund is taken by the Boards in accordance with the constitutive documents of the Merging and Receiving UCITS. The Merger is subject to the prior authorisation of the CSSF.

2. **Summary of the Merger**

- 2.1. The Merger shall become effective and final between the Absorbed Sub-Fund and the Receiving Sub-Fund and vis-à-vis third parties on the Merger Effective Date.
- 2.2. On the Merger Effective Date, all assets and liabilities of the Absorbed Sub-Fund will be transferred to the Receiving Sub-Fund. The Absorbed Sub-Fund will cease to exist as a result of the Merger and thereby will be dissolved on the Merger Effective Date without going into liquidation.
- 2.3. The Shareholders holding shares of the Absorbed Sub-Fund on the Merger Effective Date will automatically be issued shares of the Receiving Sub-Fund in exchange for their shares of the Absorbed Sub-Fund and participate in the results of the respective Receiving Sub-Fund as from such date. For more detailed information please see section 5 (*Rights of Shareholders in relation to the Merger*) below.
- 2.4. As the Receiving Sub-Fund will not comprise any assets or liabilities on the Merger Effective Date, the Merger exchange ratio for share shall be 1:1. For each share of the relevant share class of the Absorbed Sub-Fund held, shareholders will receive a share of the relevant share class of the Receiving Sub-Fund.
- 2.5. Subscriptions, redemptions and/or conversions of shares of the Absorbed Sub-Fund will be suspended from the Cut-Off Point, as defined below.
- 2.6. The timetable below summarises the key steps of the Merger.

Beginning of Notice Period	16 October 2024
Cut-Off Point for suspension period of subscription, redemptions and conversion of shares of the Absorbed Sub-Fund	15 November 2024
Final NAV Date	21 November 2024
Merger Effective Date	22 November 2024

*or such later time and date as may be determined by the Boards and notified to shareholders in the Absorbed Sub-Fund in writing, upon completion of the thirty (30) calendar days prior notice period and, as applicable, additional five (5) working days. In the event that the Boards approve a later Merger Effective Date, they may also make such consequential adjustments to the other elements in this timetable as they consider appropriate.

3. Impact of the Merger on Shareholders of the Absorbed Sub-Fund

Shareholders of the Absorbed Sub-Fund should carefully read the description of the Receiving Sub-Fund in the prospectus of the Receiving UCITS and in the key information document (the “KID”) of the Receiving Sub-Fund before making any decision in relation to the Merger.

On the Merger Effective Date, all assets of the Absorbed Sub-Fund will be transferred to the Receiving Sub-Fund.

The investment manager of the Absorbed Sub-Fund does not intend to make changes to the Receiving Sub-Fund’s portfolio during the period leading up to the Merger Effective Date for the purpose of the Merger.

3.1. Investment objective and policy

Absorbed Sub-Fund	Receiving Sub-Fund
<p>The investment objective of the Sub-Fund is to manage its assets by implementing a liquid alternative beta strategy through a diversified set of investment strategies typically deployed by hedge funds. In managing the Sub-Fund, the Investment Manager seeks to achieve a risk/return profile broadly consistent with that of the universe of hedge funds.</p> <p>The Sub-Fund is actively managed without reference to a benchmark.</p> <p>The investment strategy primarily consists of three primary hedge fund strategies without having actual exposure to individual hedge fund managers: Long/Short Equity, Event Driven and Global Strategies. In addition, the Sub-Fund may also allocate its assets to further diversifying strategies.</p> <p>Within the individual strategies, the Investment Manager seeks to identify relevant risk factors that drive the strategy return and identifies liquid and tradable securities that capture the investment profile of these risk factors.</p> <p>Long/Short Equity Strategies seek to provide long and short exposure to a diversified portfolio of equities which involves investing in equities (i.e. investing long)</p>	<p>The investment objective of the Sub-Fund is to manage its assets by implementing a liquid alternative beta strategy through a diversified set of investment strategies typically deployed by hedge funds. In addition, the Sub-Fund may also allocate its assets to further diversifying strategies. The Investment Manager may follow some or all of three primary hedge fund strategies further described below, depending on identified market opportunities:</p> <ul style="list-style-type: none"> Long/Short Equity Strategies seek to provide long and short exposure to a diversified portfolio of equities which involves investing in equities (i.e. investing long) that are expected to increase in value and selling equities (i.e.,

that are expected to increase in value and selling equities (i.e., short sales or short selling) that are expected to decrease in value. Long/Short Equity Strategies have the flexibility to shift investment/trading strategies, such as from value to growth, from small to medium to large capitalization stocks, and from net long to net short.

Event Driven Strategies typically invest in various asset classes and seek to benefit from potential mispricing of securities related to a specific corporate or market event. Such events can include: mergers, bankruptcies, financial or operational stress, restructurings, asset sales, recapitalizations, spin-offs, litigation, regulatory and legislative changes as well as other types of corporate events. Event Driven Strategies may include merger arbitrage, in which the Sub-Fund may buy shares of the “target” company in a proposed merger or other reorganization between two companies. If the consideration in the transaction consists of stock of the acquirer, the Sub-Fund may seek to hedge the exposure to the acquirer by shorting the stock of the acquiring company.

Global Strategies may incorporate hedge fund strategies which invest across geographies and asset classes typically in a tactical manner and also incorporate certain arbitrage strategies. Examples of strategies of such types of hedge funds include convertible arbitrage, global macro and managed futures. The investment universe of Global Strategies is broad, often including equity, currency, fixed income and commodity exposures across developed and emerging markets. The exposure to commodities will be gained through excess return swaps on UCITS eligible commodity indices.

Subject to conditions set out in this Section, the Sub-Fund may invest in ancillary liquid assets (i.e. bank deposits at sight) up to 20% of the total net assets of the Sub-Fund in order to cover current or exceptional payments, or for the time necessary to reinvest in eligible assets or for a period of time strictly necessary in case of unfavourable market conditions. The Sub-Fund may also invest up to 20% of its net assets (including the bank deposits at sight referred to above) in cash, time deposits, liquidity funds, money market funds and money market instruments. In any case and for the avoidance of doubt, investments in liquidity funds and money market funds is limited to 10% of the total net assets.

In order to achieve its investment objective, the Sub-Fund will invest in financial instruments comprising (list not exhaustive): (i) equities listed on a stock exchange or dealt in on a regulated market and equity-type securities including equity index futures and equity index options; (ii) debt securities listed on a stock exchange or dealt in on a regulated market issued by financial or credit institutions or corporate issuers or sovereign states that are OECD members states and/or supranational; (iii) units/shares of other UCITS and/or in other UCIs (“Target Funds”) up to 10% of the Net Asset Value of the Sub-Fund, including exchange-traded funds (ETF); (iv) cash equivalents; (v)

short sales or short selling) that are expected to decrease in value. Long/Short Equity Strategies have the flexibility to shift investment/trading strategies, such as from value to growth, from small to medium to large capitalization stocks, and from net long to net short.

The exposure to commodities will be gained, up to 20% of the Net Asset Value of the Sub-Fund, through excess return swaps on UCITS eligible commodity indices.

Within the individual strategies, the Investment Manager seeks to identify relevant risk factors that drive the strategy return and identifies liquid and tradable securities that capture the investment profile of these risk factors.

In order to achieve its investment objective, the Sub-Fund may, at any time, invest in some or all of the following: (i) equities listed on a stock exchange or dealt in on a regulated market and equity-type securities including equity index futures, equity index options and, up to 10% of the Net Asset Value of the Sub-Fund, warrants; (ii) debt securities listed on a stock exchange or dealt in on a regulated market issued by financial or credit institutions or corporate issuers or sovereign states that are OECD members states and/or supranational; (iii) units/shares of other UCITS, UCIs up to 10% of the Net Asset Value of the Sub-Fund, including exchange-traded funds (ETF) as well as closed-ended funds, including closed-ended REITs; (iv) cash equivalents; (v) currencies, including currency forwards, options and futures; and (vi) financial derivative instruments which are dealt in on a regulated market or

<p>currencies, including currency forwards and futures; and (vi) financial derivative instruments which are dealt in on a regulated market or over-the-counter including CDX, swaps on equity baskets, swaps on various indices (high yield, bond, equity, and commodity indices), interest rate/bond futures, equity/FX index futures, FX forwards and options on equity indices. All investments will be made and all investment techniques will be used in accordance with the investment restrictions as laid down in Section 4, "INVESTMENT STRATEGY AND RESTRICTIONS" of the Prospectus.</p> <p>It is generally expected that the amount the Sub-Fund's assets that can be subject to such total return swap will remain within the range of 60% to 100% of its Net Asset Value calculated by way of the sum of the notionals of the total return swaps. In certain circumstances this proportion may be higher and up to a maximum of 150% of the Sub-Fund's Net Asset Value calculated by way of the sum of the notionals of the total return swaps.</p> <p>Strategy weights are refined by incorporating informed views on the fundamental drivers of individual strategies. The counterparties to any OTC financial derivative transactions, such as swap contracts are first class financial institutions specialised in this type of transactions.</p>	<p>over-the-counter including CDX, CFD, swaps on equity baskets, swaps on various indices (high yield, bond, equity, and commodity indices), interest rate/bond futures, equity/FX index futures, FX forwards, options on equity and bond indices, interest rates options/swaps. 4. Criteria for valuation of assets and liabilities

For the purpose of calculating the relevant share exchange ratio, the rules laid down in the Articles of Association and the prospectus of the Merging UCITS for the calculation of the net asset value will apply to determine the value of the assets and liabilities of the Absorbed Sub-Fund.

As the Receiving Sub-Fund will not comprise any assets or liabilities on the Merger Effective Date, the Merger exchange ratio for share shall be 1:1.

The net asset value of the Absorbed Sub-Fund will be reviewed by the auditor of the Merging UCITS.

5. Rights of Shareholders in relation to the Merger

Receiving Sub-Fund share classes will be specifically activated to effect the exchange with the corresponding share class of the Absorbed Sub-Fund. For each share of the relevant share class of the Absorbed Sub-Fund held, shareholders will receive a share of the relevant share class of the Receiving Sub-Fund.

Shareholders of the Absorbed Sub-Fund will acquire rights as Shareholders of the Receiving Sub-Fund from the Merger Effective Date and will thus participate in any increase or decrease in the net asset value of the corresponding Receiving Sub-Fund.

Shareholders of the Absorbed Sub-Fund not agreeing with the Merger are given the possibility to request the redemption of their shares of the Absorbed Sub-Fund at the applicable net asset value, without any redemption charges from the date of this notice until the Cut-Off Point as defined above.

6. Procedural aspects

6.1. No shareholder vote required

No shareholder vote is required to carry out the Merger. Shareholders of the Absorbed Sub-Fund not agreeing with the Merger may request the redemption of their shares as stated under section 5 (*Rights of Shareholders in relation to the Merger*) above.

6.2. Suspensions in dealings

In order to implement the procedures needed for the Merger in an orderly and timely manner, the Board of Directors has decided that subscriptions for, redemptions and conversions of shares of the Absorbed Sub-Fund will no longer be accepted or processed from the Cut-Off Point, as defined above.

6.3. UCITS Sub-Fund registrations

In accordance with article 60 of the 2010 Law, the CSSF shall authorise the Merger only if the Receiving Sub-Fund has been notified to market its shares in Luxembourg and in all the Member States where the Absorbed Sub-Fund have been notified to market its shares.

7. Costs of the Merger

Manteio Capital LLC will bear the legal, advisory and administrative costs and expenses associated with the preparation and completion of the Merger.

8. Taxation

The Merger of the Absorbed Sub-Fund into the Receiving Sub-Fund may have tax consequences for Shareholders. Shareholders should consult their professional advisers about the consequences of this Merger on their individual tax position.

9. Additional information

9.1. Merger reports

PricewaterhouseCoopers, *Société cooperative*, 2, rue Gerhard Mercator, L-2182 Luxembourg, Grand Duchy of Luxembourg, the authorised auditor of the Merging UCITS in respect of the Merger, will prepare reports on the Merger including the criteria adopted for valuation of the assets and/or liabilities for the purposes of calculating the share exchange ratio.

The merger report shall be made available at the registered office of the Merging UCITS on request and free of charge to the Shareholders of the Absorbed Sub-Fund and the CSSF.

9.2. Additional documents available

The following documents are available to the Shareholders of the Absorbed Sub-Fund at the registered office of the Merging UCITS on request and free of charge as from the date of this notice:

- a) the common draft terms of the merger drawn-up by the Boards containing detailed information on the Merger, including the calculation method of the share exchange ratio (the "Common Draft Terms of Merger");
- b) a statement by the depositary bank of the Merging UCITS confirming that they have verified compliance of the Common Draft Terms of Merger with the terms of the law of 17 December 2010 on undertakings for collective investment as amended and the Articles of Association;
- c) the prospectus of the Receiving UCITS; and
- d) the KID of the Absorbed Sub-Fund and the Receiving Sub-Fund. The Board of Directors draws the attention of the Shareholders of the Absorbed Sub-Fund to the importance of reading the KID of the Receiving Sub-Fund before making any decision in relation to the Merger.

Please contact your financial adviser or the registered office of the Merging UCITS if you have questions regarding this matter.

Yours faithfully,

The Board of Directors
