HERO[®]

Launched in 2015, HERO[®] works with global retailers to transform billions of sq. ft. of analogue retail space into smart stores of the future.

Now everyday across the world, stores and associates are no longer standing idle, but are proactively assisting millions of online shoppers - transforming the role of the store for 21st century retail and creating a formidable advantage against pure-play online retailers.

Adam and Alistair previously launched Europe's largest app commerce business, with studios in London and San Francisco. For clients including Visa, Virgin, Adidas and Samsung, they created m-commerce platforms that transacted hundreds of millions in revenue annually.

Our team of designers, engineers, retail specialists and data scientists are based in London and New York. Hero is backed by private investors from across technology and retail.

HERO[®] 在 2015 年與全球零售商合作，將數十億平方英尺的傳統零售店面，打造成充滿未來色彩的智慧型商店。

在世界各地，商店的服務人員現在不再枯立等候，而是每天都忙於協助數以百萬計的網上購物人士，這不僅改變了商店在 21 世紀零售業中扮演的角色，也建立起相對純網上零售商的強大優勢。

Adam 和 Alistair 之前推出了歐洲最大規模的應用程式商務項目，並在倫敦和三藩市設立工作室。兩人為 Visa、維珍、Adidas 和三星等客戶建立了流動商務平台。這些平台每年透過交易取得的營業收入高達數億元。

我們的服務團隊以倫敦和紐約為基地，其中包括設計師、工程師、零售專家及數據研究人員等。Hero 獲得來自科技和零售業的私人投資者支持。
