

Sundeep GANTORI
Equity Strategist, Chief Investment Office
UBS Global Wealth Management

Sundeep Gantori is an equity strategist with more than 15 years of experience covering global tech. He is also responsible for managing the Asia ex-Japan Focus 20 list, which features CIO's highest-conviction stocks in the region.

Sundeep joined UBS Global Wealth Management in February 2007. His coverage primarily focuses on global technology, including internet, semiconductors, software and services, and hardware.

Before joining UBS, Sundeep worked as an equity analyst at PCS Securities, an Indian brokerage firm, where he covered the Indian IT and telecom sectors.

Over the past few years, Sundeep has authored many thought-leadership pieces on topics like technology disruption, 5G, artificial intelligence, fintech, health tech, automation, cryptocurrencies, moonshot technologies, and more. His views regularly appear on high-profile media outlets.

Sundeep graduated in commerce from Osmania University, India with a gold medal and is also a CFA and CAIA charter holder.
