

# RHS x UBS

## “A day on the nursery: insights into life as a grower”

Welcome to our exhibit, we invite you to journey through the experience of being in a plant nursery.

Our exhibit RHS x UBS “A day on the nursery: insights into life as a grower” is designed by the new generation of horticultural talent Emma Tipping, first time Gold Medal winner at the RHS Chelsea Flower Show 2023 and Honorary Vice President of the RHS, Rosy Hardy, who has won a staggering 24 RHS Chelsea Flower Show Gold Medals to date.

Emma and Rosy will present a feature that showcases the work that goes into growing award-winning horticulture, and our selected nurseries plants and practices will be cohesively brought together on the installation through the theme of edible planting.

Through our role as Great Pavilion Exhibitor Supporter, UBS is thrilled to have partnered with the RHS to offer

financial support to four nurseries and growers to exhibit at the show. These include:

- Caley Bros. Mushrooms
- Kent Wildflower Seeds
- Kitchen Garden Plant Centre
- She Grows Veg

Each selected nursery and grower will feature in our RHS x UBS “A day on the nursery: insights into life as a grower” exhibit, in addition to presenting individual displays within the Great Pavilion. All displays are accessible for visitors to RHS Chelsea Flower Show, 2024 to enjoy, we welcome you to explore and draw inspiration from the sustainable horticultural practices on show.
